The passage below refers to John U (Head of the Abel U, Sr / John U Subclass) and his family as mentioned in

UB Vol 25 No 1 JAN-JUN 2004.

Beginning on page 47, you outlined the descendants of Abel Upchurch, Sr. You stated [and my research agrees] that Abel's son John moved from Greene County, Alabama to North Carolina. Since he would have been about 11 or 12, I have always surmised that he must have known Jane Wilder before he moved to Alabama; consequently, he returned to North Carolina to marry and settled near her family. Several years later, he returned to Alabama with Jane and their two children. I also noted that Jane died in the same year [1840] that their son John was born. Obviously, she did not die in childbirth, since I show he was born in NC and she died in AL, but it may have been a complicating factor. And that would also mean John was a single father for about 3 years until he married Armenia Jane Hicks.
