Ms. Debra:

My Father, Jackie Ray and myself Meg, both Upchurch-es and the last of our line here in the South--we really appreciate what your dad has done for our name and heritage. As Mr. Phil's daughter, I know you are so proud of your daddy for his efforts, because my dad also did a lot for our family genealogy, and I know how much I appreciate his work.

The reason I know about your dad is because my own dad has sent me several emails about Mr. Phil and has told me more than once to make sure I study him and his work and his resources. As well, I have tried to do what I can to help people who I have met w/ my last name also know about their past and their heritage and I have always pointed them to your father's work.

When I look at your dad, I see family....I just want you to know, I want Mr. Phil to know that we join so many others in thanking him for his kindness and dedication to this mission....he will be talked about for centuries as a valuable contribution to all that we know about our Upchurch history. I thank God for him-and your side of our family and wish him another strong 50 years!!! LOL.

Meg Upchurch, daughter of Jackie Ray Upchurch, from Bowden Georgia.  
Now in San Antonio, Texas

Hi Meg---

I am just now beginning to work through the good wishes that came for my 90th birthday including the surprise one from you. Your Father and I connected many years ago and he helped provide significant family details from others who are no longer with us. How fortunate we were to collaborate way back then. In recent years we have reconnected. I am impressed that he has imbued you with a sense of you Upchurch heritage. Under Allied Families we have a great prospect for keeping our family history publicly available for the long-term

For now I just need to get back to responding to those who were so kind as to remember me. I would like to send you a photo that captures the spirit of the birthday gathering for which I would need your surface mailing address. If you are in a position provide this I would be most grateful.

Sending All Best Wishes~

Phil Upchurch, Manager, Allied Families.
