A. Drove to Advance, NC & visited with Alan & Nancy McGee 9:20 - 11:20 AM. Gave Alan census records showing his Uncle Tommy's wife on 1930 Census in her FAT home in FLAT without Tommy. Alan has no explanation. Alan says she came to Raeford, NC to look & then Tommy met & married her. Showed Alan my High Ground map for Pagan Church in Chatham Co, NC to Lillington, NC and then gave him census records showing Bennett A. U family in Bushy TSP in Harnett Co, NC in 1870. Discussed movement of Bennett A. U <sup>son</sup> from Holly Springs, NC to Raeford, NC - based on timber/ingestive industry. Son - Thomas Benton U, Sr b 1864, [GF of Alan]. Alan was a teenager when his GF died in 1940's. Alan tells the story of his GF encouraging Alan to sell peanut & to split the profit with him 50/50. He discussed T. B. U, Sr business sagacity - risk, etc. He was keen to start new businesses - textile mill, fed mill, power plant, ice plant, etc. Alan worked in most of these. The sons of T. B. U, Sr were also great risk-takers - & lost large sums of money. Alan's mother tells story of how T. B. U, Sr put up a fence & planted trees between plots to account for the time when the plots would rot. Alan says T. B. U, Sr & brother presently Carter U owned NC & GA land together but decided to split the operation & flipped a coin to see who would go to GA. Alan would win GA census. Alan reports brother's sister in Upchurch/Johnson families and so they were double cousins. Alan grew up in Winston-Salem area & a neighbor took him to the moravian church. Alan's son is a lawyer in the Advance area & help with the Bermuda Run Project here the name of Alan from Raleigh to Advance 4 yrs ago.

- ② BPAU called Alan & Nancy on 15 OCT 2006 - (336) 940-3552 and arranged to visit with them for a couple of hrs starting between 9:00 & 10:00 AM on WED 18 OCT 2006.
- Directions - Going EAST on I-40 - Take 801 SOUTH (Tanglewood - Advance Exit - Exit 180) - Go south to a Traffic Circle & turn right - still on 801.

Stay on 801 South through next stop light  
Then 1/2 mile to Bermuda Run Entrance on left  
Stop at Security Gate - then proceed 1/2 mile  
on King Cosby Boulevard - until you come to  
an entrance to Bermuda Village on Right. Turn  
right - shortly thereafter turn right on an S-CURVE  
through a parking lot - There are 3 new free  
standing homes on the right - continue on  
Hollybrook Drive (NO SIGN) - There are 3 driveways  
into Villas - There is NO 3 - 347 Hollybrook Drive

- ⑦ 18 OCT 2006 (WED)

Departed Hampton Inn Asheville 7:00 AM - Arrived at  
the Alan McGee home in Advance at 9:30 AM and  
stayed until 11:30 AM. Alan gave me a portrait  
of his family. Also he showed me a picture of  
the house in Raeford where he lived as a youth  
for several years. It was a twin house for 2  
brothers. He will send me a picture and an  
article. Alan has found another scrap book which  
he had reproduced & has given the only two  
copies to the historical society in Raeford. They  
have a house operated by volunteers. I told Alan  
of my deal with NCSU Libraries. I impressed Alan  
of some deeds to land involving his family in  
the 1930-1950 era in Wake Co, NC. He did not seem  
to want copies. Alan & Nancy invited us to spend  
the night on a future trip.

- ④ Report of RPH conversation with Alan on 1 DEC 2006

I called Alan to clarify details on the two experiences names that burned in Raeford, N.C. Page 3 of the article he provided lends some confusion as to who owned which home. Alan clarifies by reporting that the home without the tower was indeed built, owned & lived in by T. B. U, Sr. It burned in 1910. The home with the tower which burned in 2003 was originally the home of W. J. U, a brother of T. B. U, Sr. After W. J. U moved to GA the W. J. U home was bought by Mary Florence U, a daughter of T. B. U, Sr. Thus the name of T. B. U, Sr became associated with both homes.

- ⑤ 1 FEB 2007 Called & had a chat with Alan  
Thanked him for his \$10 + \$100 which covered Dday  
Told him I would match his \$100. I proposed a trip  
to Raeford last 1/2 of April 07 and invited him to  
be my guide. He agreed. Raeford is 2 hrs from Advance.  
He will drive down & pick me up at the motel. He will  
invite a few to lunch in Raeford & I will give a  
short talk. He will invite Wayne & Gene U's brother.  
Alan says they identified ~~with~~ my item on marriage.  
We will stay in touch to finalize the Raeford event?

Hi Alan-

Yes, Ham Upchurch is a Cousin. I have never met him but corresponded extensively with his late father Frank in the 1980's when he was in his 90's. Frank was the son of John Jones U. Sr who created all the wealth in the Florida Upchurch family. John was the son of Nathaniel Smith U who was a son of Gilbert U, a first cousin of your ancestor Whitney U.

When we moved to AZ in 1975 a real coincidence happened. Another transplant to AZ, Les Aufmuth, came from Florida and joined the same church we did. While in Florida he had used Ham U as an attorney and had Ham's card in his billfold!

Your email reaches me in Florida where we are spending the month of January to escape the MO winter. Have just today got my computer operational.

Dear Nancy,

I write to express my condolences for the passing of your dear husband and my dear friend Alan McGee on February 1, 2017. A friend has sent me a copy of his extensive obituary which I have placed in his Biopic.

You and Alan had many wonderful years together and I know you will miss him greatly. He was such a kind, thoughtful, gentle person. He was a friend to a great many people and I am fortunate to have counted myself among them. I know he was both husband and friend to you.

I am grateful not only for the memory of Alan but for how we shared in our efforts to document our Upchurch heritage. This was a subject which interested us both deeply. My files are full of records on the family he shared. I enclose a copy of a report on the progress of Ached Families which Alan generously supported. This report reflects a great step forward and I know Alan would be pleased.

I close by recalling the pleasant visits Sallarine and I had with you and Alan in your home in Adwaco - and especially the trip we made to Raeford where he hosted a meeting and I gave an Upchurch Talk.

Sending All Best Wishes and knowing that you will increasingly focus on the many, many good days you and Alan had together

Fondly

Phil Upchurch

Alan M. McGee, Jr.

July 13, 1928 - February 1, 2017

**Advance**

Alan Marshall McGee, Jr., 88, of Advance, NC passed away on February 1, 2017 at Trinity Elms in Clemmons, NC. He was born in Winston-Salem, NC on July 13, 1928 to the late Alan Marshall McGee and the late Bennie Lee Upchurch McGee. Alan graduated from R.J. Reynolds High School in 1945 and from North Carolina State University in 1949, earning a bachelors degree in Chemical Engineering with honors. After graduation, he joined Hercules Incorporated where he enjoyed a 30 year career in marketing, research and development and production management. After his retirement, Alan and his wife Nancy moved to Raleigh, NC and worked in several family businesses. He was an active member of Asbury Methodist Church in Raleigh for 20 years and taught Sunday School and served on numerous committees. After moving to Bermuda Village in Advance, NC in 2000, Alan became an active member of Clemmons United Methodist Church and the Upper Room Sunday School Class.

Alan's life was marked by his devotion to God, his wife and family. Alan was a loving husband, father, grandfather and great-grandfather. He was a life-long learner, a fierce competitor in any sport he participated in and a voracious reader. He never missed an opportunity to teach or impart some lesson to his children and grandchildren. He instilled in his children an abiding appreciation for nature through walks in the woods and visits to parks. He derived the greatest joy in his later years from his great grandchildren and loved hearing about their growth and development.

Alan was an avid tennis player from his early 20s until 6 months prior to his death. While living in Raleigh, he joined the Raleigh Racquet Club and became active in senior tennis, winning State Championships in both singles and doubles. He was selected for two consecutive years to play on the United States team in the Osuna Cup, an annual tennis competition between Mexico and the United States. Later in life, he loved playing doubles and enjoying the fellowship of his tennis buddies at Vision Tennis Center.

Alan was an Eagle Scout and a member of the Order of the Arrow. He was also a lifelong member of the NC State Alumni Association and a member of its R. Stanhope Pullen Society.

In addition to his parents, he was preceded in death by his daughters Janice Marshall McGee and Susan Elizabeth Smith, and his brother, Lawrence B. McGee. He is survived by his wife of 66 years, Nancy Duckworth McGee, his son and daughter in law, Larry and Sandra McGee of Winston-Salem, his daughter and son in law, Nanci and Chris Robinson of Swansboro, grandchildren Marshall McGee and his wife Melissa of Ashburn, VA, Sarah McGee Girard and her husband Richard of Key Largo, FL, and Shannon and Christopher Robinson of Swansboro and five great grandchildren, Davis, Carys, Conner and Emma Kate McGee and Richard Girard, Jr., his sister in law, Dot McGee of Raleigh and his nephews, David and Greg McGee.

The family extends its appreciation to the staff at Trinity Elms for their loving care of Alan. A celebration of life will be held at Clemmons Methodist Church on Saturday, February 4, 2017 at 11 AM followed by visitation with the family.

In lieu of flowers, memorials may be made to the Hospice and Palliative Care Center, 101 Hospice Lane, Winston-Salem, NC 27103 or to the Clemmons Food Pantry, PO Box 871, Clemmons, NC 27012

I've included a summary of what you have helped us do so far and what we hope for 2017. Of our 200 participants the burden to support our 2017 Budget of \$25,000 falls largely on 50 of us. Whatever encouragement you can provide will be appreciated.

I will be in NC March 30 - April 1 at our Cary Facility - would be great to see you both there.

Dear Cousin Alan + Nancy,

I write to thank you for your \$200 check in support of our Allied Families history effort I received on 3 SEP 2015. You have long encouraged our Upchurch history project for which I am deeply grateful. In Allied Families we have taken on the goal of long-term preservation and sharing.

Enclosed is a report card on our progress for enrollment of 22 families now enrolled or projected to be enrolled. I rarely share this but because of our long-standing association I thought it OK. Here is some interpretation -

Any money contributed beyond the

\$20 for an annual membership in assigned  
 to one or more enrolled families. Up to  
 \$1,000 of such assigned money is used for  
 office expense including paid staff (we now  
 have 20 hrs of staff time - very productive)  
 Beyond \$1,000 for a given family the  
 contributions are put in a long-term  
 support fund. Three families have reached  
 & exceeded the \$1,000 target as shown by  
 the red notations. Our momentum  
 continues to build.

I will be in Raleigh October 7-22.  
 It would be great to see you at  
 the scheduled meetings on the 8th  
 and/or the 10th but I know distance  
 is a problem. Maybe you can encourage  
 some of your kin in Wake County to  
 attend.

In Appreciation and with fond  
 memories.

Advance NC 27006

Dear Alan & Nancy-

Sallaine and I were saddened when today we got an email from Sandra that your dear daughter Jamie had passed away at the early age of 54. It was kind of Sandra to include me in the list of those contacted. I am sending her a note of appreciation and condolence.

I know this will reach you with a heavy heart. As parents we go through life doing the best job we can in raising <sup>(our children)</sup> them and then being anxious for every turn in their lives as long as we and they live. This brings to us joys and concerns. The burdens, such as they are, we bear as we know that this is what a family does. We help them all along the way in whatever way we

Can. Sometimes the help needed is beyond our abilities and it is then that we must have faith in the power that is greater than we all. There is something noble and right about a family sticking together. It is how the family of man was supposed to be. All of this has been played out in a special way with you and Janice. It is uplifting to know that she enjoyed many things in her life. I know you will miss her greatly.

I was touched by the poem that Nancy wrote in 1972 and that Sandra sent with her email. The last line provides some perspective and comfort -- "Always in His arms I rest". I have added the poem to Nancy's Biopic.

As the time goes by I trust that with the comfort of family and friends you will come to grips with your grief and begin to return in your thoughts to memories of Janice that give weight to her good nature and to how many lives she touched in a positive way.

Kindly

Phil Upchurch

24 OCT 2012

Dear Alan & Nancy

In your email of 21 OCT 2012 you expressed an interest in having a copy of the "sketch" I mentioned. I'll send several items and will, below, reference the "sketch".

It seemed best to send you several items so you can see from the projects of a "PROJECT" unfolded and how I have tried to promote it.

Pocket [A] shows how I came to know about the existence of the Joel Lane Museum House, Inc. and the curator Belle P. Long. I always knew about the house but not about the effort Belle now leads. You can see I am trying her (with volunteers) to do more work on all of the Lane relatives/descendants - of which you are one.

Pocket [B] is my letter transmitting material to Belle. Her response is in [A] Pg 3 Item 6

Pocket [C] is my 9-page 11-Item profile on your ancestor Barnabas Jones, Sr.. The "sketch" is Item 4 on Page 3.

2.

You can see I have made good use of the book "Concerning Our Ancestors" you mentioned. It is a real treasure and a great item for the Upchurch collection (in due course).

I am hopeful that Belle and her colleagues will mount a meaningful effort to create good outlines/narratives covering all of the people I have referenced. They all relate to each other in one way or another. Naturally, I hope the Upchurch component will be well treated in the process.

Descendants of Barnabas Jones, Sr eventually found their way to Supt Creek Township in Wake County and I knew them growing up. This component of people will be played up in my work on the Supt Creek Community.

It will take you several cups of coffee and more than one morning on your lonely patio to digest all of this. So let me know if you have questions - and thank you for your interest and support.

Dear Cousin Alan

Many thanks for your renewal on the  
 UP for 2012 and for your generous donation  
 to the Upchurch Collection Endowment. As you  
 can see your check with my matching amount  
 has been sent to NCSA. Increment<sup>s</sup> do add up.  
 Total contributions now stand at 42,595.  
 I hope we can soon reach \$50,000

During 2012 I hope we can make a start  
 on digitizing part of the collection and putting  
 it on line - starting with the Upchurch Bulletins.  
 This would be a huge step.

Wishing the best to you and Nancy  
 for a Merry Christmas and a Great  
 New Year.

Phil Upchurch

so as to fill up pages. This is done without paying attention to duplications or to the order in which things may have happened. Also, you will note my handwriting is not the best.

This Profile System has been highly effective for me as I can quickly go to a profile for an interested Cooperator and easily see what I have. In some cases my interest or that of a Cooperator leads me to seek and enter new bits of information for a profile. These days the Internet provides a lot of new sources.

I spent several enjoyable hours shaping up these profiles to send to you. So when the next person asks about one of them they will be in shape to study or share or whatever.

I was amazed at how much had been accumulated on your ancestor Moses U. Even with the jumbled up entries you can readily see that we can follow his tracks, note his interaction with his family, place him in time at certain locations, know of his neighbors, etc. Belle West obviously had a special interest in Moses U but

we could now do a much better job of writing a narrative for his life. Perhaps you will have a close relative that would become interested enough to take on this task. My experience is that it is hard to find such people. One could hire it done but one would be looking at several hundred of dollars and perhaps 2-3 thousand. It is actually on my list to do an abbreviated narrative for Moses & but my list is very long.

Please do have a look at these Peoples and let me know any questions, conditions or additions.

I do feel good about the fact that all of these Peoples and my other records will be preserved in the Upchurch Collection at N. C. State University. Fifty or a hundred years from now they will still be available for some family historian to discover.

Sincerely I send our very best to you and Nancy and trust that you are enjoying the fall weather as we are.

2 DEC 2006

Dear Alan & Nancy -

Thanks for your input yesterday re the two Upchurch  
houses in Raeford. Enclosed is a copy of my recap sheet, <sup>of which</sup>  
a copy now resides in the profile of each person named.

Sallaine & I enjoyed our brief visit in your home  
in October. We were pleased for time as we had 3 engage-  
ments that day. I believe Nancy & I connected on some  
mutual connections in the discussion. As mentioned above  
find enclosed hereunder a "think piece" which may be  
of interest. I hope nothing in the "TWIN CONCEPTS" article  
will not be unsettling.

The outline for the Tam Upchurch Family you gave  
me has now been fully processed (except for filing,  
about 150 sheets). In the process I added 65 new XIDs  
(55225 → 55289). Many existing profiles were updated.  
The end result is a much improved Master outline.

Enclosed please find a portion of the Master outline  
for the Bennett A. U. Line in the Mose U / Whitney  
U Subclan. The first 8 pages (before the pink sheet)  
cover all of the children & grandchildren of Bennett A. U  
to the extent that I have records. The descendants  
of his grandchildren (if any/ if known) are covered  
in Continuation sections as shown on the left hand  
side of the page. Enclosed after the pink sheet

are the 6 Continuation sections that apply to the children of T. B. U, Sr (6, 8, 7, 9, 10, 11). Let me know if you want the Continuation sections pertaining to the children of the siblings of T. B. U, Sr. The C shows someone was a cooperater. Note that for the Wilkins Joseph & Family I have had a lot of cooperaters. (10 by count).

I am most appreciative of the considerable amount of effort you made to upgrade the documentation of the T. B. U, Sr Family - and your willingness to share it.

There is no expectation that you will do more under the Master Outline I have included. However, if you spot errors or have readily available additions, I would welcome them.

Our discussion over the phone about Bennett/Benton U stimulated me to look for & find the 1872 will, copy enclosed along with <sup>copy with</sup> my 12 NOV 1977 processing date. To add confusion I note a number of references to this person as Thomas B. Upchurch. Both the names BENTON and BENNETT are so well used among the descendants of WHITNEY U that I am confident that there is a solid basis in the 1800's for the existence of both names in the family. We are yet to learn how each of the names got started in the family and just what logic was used to adopt one name or the other in later generations. The puzzle is ongoing.

We made great progress yesterday on UB Vol 27 No 2 and with any luck will get it to the Post office today. The storm hit us very hard and at one point 300,000 people were without power in the St. Louis Area - including our daughter & her family. They live about 6 miles from us. Fortunately neither our house nor our son's was impacted. Fortunately our daughter & her family had their electricity restored about 6 P.M. yesterday. Several stretches of the Interstate Roads were closed most or all of yesterday. Fortunately, our local streets are now easily traveled. We hope the storm had spent itself by the time it reached Bermuda Village.

With Appreciation and All Best Wishes  
to you & Nancy and to your loved ones  
for a joyful Christmas.

Sincerely yours

Phil Upchurch

Hi Alan--

Thanks for your check for the UB and for extra support and for the addresses. Earlier this week I completed the task of sending UB Vol 28 No 1 to all the people on your list. You never know when one of them might become interested. There is always so much more that needs to be done. I am almost but not quite caught up with processing all that I collected on the NC trip.

Based on the recent exchanges you and I had about mules we need to plan more time in the future to recall other experiences from our distant past.

All Best Wishes to you and Nancy. Phil Upchurch

A Raeford residential landmark is ruined, but no loss of life occurred. The Victorian-style home of James and Florence Weaver on North Main Street was destroyed after an early morning fire swept through it at around 9:15 a.m. today. Towering billows of smoke and flickering flames rapidly engulfed the stately, two-story home with its Victorian tower at one end of the wraparound veranda. Only a shell of the wood-frame structure remained.

The Weavers were rescued by firefighters from Raeford and North Raeford fire departments and Raeford police. Initial reports indicated a loss of life was possible, but tragedy was averted by a quick response from fire fighting teams.

The Weavers escaped from the home along with another household member who was shaken. It is unknown if there were any other occupants at this time. The status on injuries is also unknown. The couple, who were alert, were placed on stretchers and treated at the scene by medical technicians prior to being transported to an area hospital.

The intense blaze produced clouds of smoke seen throughout town. As firemen entered the residence, flames crackled loudly as electrical wires in contact with the fire popped overhead. Firefighters climbed ladders, entering the second-story balcony to fight the fire.

A black Labrador retriever dog dashed around the yard with a twig in his mouth as Raeford residents gathered around the block to witness the spectacle.

The Weavers reside next door to Raeford Attorney Gregory Thompson, but his home did not appear to be in the path of the fire.

Among assisting agencies, were the Raeford Police Department, the N.C. Highway Patrol, the Sheriff's Office, EMSFirst Health of the Carolinas and the Fire Marshal's office.

### **History**

<01>Raeford historian Luke McNeill said the home is one of the earliest built in Raeford. "I was born in 1927 and it existed then," he said.

McNeill remembers the dwelling when it was the home of Hugh Archie and Florrie Upchurch Cameron. "As we grew up, there were five children in that family. They had built a summer room outside. We were forever having get-togethers for young people out there."

McNeill said youngsters played football in the large front yard when he was growing up.

Unknown are where the Weavers clan of approximately 15 Manx cats could be, or if they perished in the home and were unable to escape. Their tiny Chihuahua-mix dog attempted to scamper back into the burning home, but was rescued by a fireman.

John Harrell, tenant of James and Florence Weaver whose home was destroyed by fire, cannot grow accustomed to being homeless or being a hero after saving the couple and their son Jimmy. Family and Raeford residents also regret losing a local, historic landmark filled with priceless antiques and memorabilia.

The Weavers - the husband on fire and the wife completely dazed - and Jimmy narrowly escaped from the fire last Wednesday morning because of Harrell's quick-thinking actions.

"I did what I had to do to save them because they would have died in the fire," Harrell said. "They are like my second parents. I did not think of the danger to myself. I was just concerned with getting everybody out of the house safely."

During his morning routine, Harrell prepared breakfast for Mr. Weaver. He went back upstairs to sit for awhile. Mrs. Weaver was resting in the room adjacent to her husband's.

"Jimmy was still sleeping in his bedroom upstairs," Harrell said. "All of a sudden my feet started getting real hot. I looked down and saw smoke pouring up through the floor - lots of it."

Harrell said he quickly ran and woke up Jimmy. Otherwise, he said, Jimmy would probably never have escaped. The smoke was so thick they were barely able to go downstairs. At this point, Mr. Weaver began screaming repeatedly. Harrell said Mr. Weaver told him he thought that he had dropped a cigarette next to him.

"I searched for Mrs. Weaver and finally found her," Harrell said. "She was having a severe anxiety attack and could barely breathe. I bet she did not weigh more than a hundred pounds when I picked her up."

"Jimmy got hold of his daddy. Mr. Weaver was in his pajamas, and the fabric was on fire. By this time, the entire ceiling had caught on fire, and we got disoriented," he said.

"We managed somehow to finally get out on the porch. I put Mrs. Weaver down while Jimmy tried to help his dad."

Harrell said he realized some of the dogs and a kitten were still inside. He plunged back in, searching every room downstairs to find the pets, unable to locate them. Then Jimmy went inside and called 911, he said.

In Jimmy's successful attempt to save his dad, the hair on the back of his head was singed by fire.

"Just as I got my daddy out the front door, we heard the loud explosion of an oxygen tank behind us," Jimmy said. "We made it out just in time."

The Weavers were treated by medical technicians after a Raeford police officer helped them off the smoldering porch. Harrell, in a state of shock, stood on the lawn severely shaking with tears streaming down his cheeks.

Mrs. Weaver stayed temporarily with cousin Betty Hasty in Maxton after she was released from the hospital. She is currently residing in Open Arms Retirement Center. She had difficulty breathing when she describes what occurred during the fire.

"I could not wake up," she said. "It must have been all the smoke I breathed. Then I heard my husband screaming and screaming. There was fire everywhere."

"I could not see because I did not have my glasses on, and they got left behind. I did not have my teeth in either."

Mrs. Weaver said all she remembers is that Harrell and Jimmy helped them to get out on the porch.

"I could not walk," Mrs. Weaver said. "A policeman picked me up and carried me to an ambulance." Jimmy's brother, Mark, is out of town. He was not residing at home at the time of the fire. Candace Groom of Wilmington, girlfriend of Jimmy, has been helping him temporarily until he can get settled somewhere. They have been feeding the family cats left stranded at the burned-out home.

Two of the cats, both very friendly, are being boarded at Raeford Animal Clinic. Groom is urging someone to please adopt them by contacting the veterinary hospital. She said the cats have their rabies shots and have been checked by the vet.

The Weavers are not recovering well from their ordeal, according to Groom and their son.

"We are asking every one to pray for Mr. Weaver's recovering," Groom said. "He is going to have to have surgery for his burns because some of them are really bad. They are going to have to graft skin, and the doctors are also worried about his circulation.

"Mrs. Weaver is also severely depressed and being kept on oxygen for her breathing. I know she would appreciate anyone from the community who might go to visit with her."

Groom said a few collectibles have been recovered from the rubble. A pile of Jimmy's clothes were found undamaged but waterlogged from the fire hoses. Several antique photographs and a photograph of the Weavers on their wedding day have been found, she added.

A solemn Jimmy is profoundly quiet since losing his heirloom home and worrying about his parents. "My parents are not well," he said. "I am just taking it a day at a time. This is really a shock for us to get through."

Rocky, a 12-year-old Chihuahua, was saved by a fireman as he attempted to re-enter the burning home. Dino, the black Lab was also rescued outdoors by Stephanie Overby, owner of Friendly Reminders sign firm. She found a home for Dino.

"The Lord works in mysterious ways," Overby said. "I heard about the fire on the scanner and something just told me to go up there.

"The Lab was wandering around the yard in shock. I was able to rescue him.

"I was on my way to the Hoke animal shelter, but he leaned his head against my face and it was so sad.

"I did not have the heart to do that. I found a good home for him."

The American Red Cross accommodated Jimmy with a motel room for several days. Raeford resident David Dombkowski, a 1972 graduate of Hoke High, opened his home temporarily to Harrell, an out-of-work painter.

"I am trying to help him out," Dombkowski said. "John can stay here temporarily as long as possible, but the house is very crowded.

"If anyone in the community might have a place where John can stay, I know he would appreciate it." Anyone wishing to be of financial assistance, donate food or clothing to Harrell or family members, or inquire about the family, may call Dombkowski at (910) 875-8825.

#### Home history

Dombkowski spent a great deal of time with the Weavers. He would watch Nascar races with Mr.

Weaver and frequently drove the couple to their doctors' appointments. He admired the architectural style of the Victorian-inspired home that featured double interior staircases, one in the front of the home and another in the rear. *the T. B. UPCHURCH, SR \* \* W. J. UPCHURCH and another in the rear. - IT IS THE HOME THAT BURNED IN 2003 \**

Known formerly as the T.B. Upchurch home, the home rested on four-and-a-half acres. It was a replica of the home next door that burned years ago. It belonged to W.J. Upchurch, brother of T.B. Mrs. Weaver inherited the home in 1986 from her mother Florie Cameron, daughter of T.B.

"I recall a large postcard dating back to the early 1900s kept by Mrs. Weaver," Groom said. "It showed the twin homes, the Upchurch homes. The card printing said, 'Welcome to Raeford.' Unfortunately, the postcard was burned up."

Jimmy Weaver reminisced how his home always looked like a museum.

"Some of our antiques had been in the house since it was first built in 1903," Jimmy said. "They were very valuable."

Cathy Brown, wife of Cameron Brown, a nephew of Mrs. Weaver's, rushed to the fire.

"It was so sad," Cathy Brown said. "I cried and cried."

Her husband fondly recalled good times in the Weaver household.

"I hated to see it go," Brown, an employee of Upchurch Milling Co., said. "I lived there with my mother Marie Brown from the time I was in the second grade until I went to college.

"Eating was my favorite past-time and my grandmother, Flora Upchurch Cameron, was a good cook.

We stayed upstairs. Growing up, it was an impressive house to me with six bedrooms."

Cameron said the turret was never finished. It was a "bump-out" design, but you had to crawl through a trapdoor in order to get inside the tower, he said.

Raeford historian Luke McNeill remembered when the home was owned by Hugh Archie and Florie Upchurch Cameron. He recalled a summer room outside where the Camerons were forever having get-togethers for young people. Football was another favorite activity for him at the Camerons, he added.

○ THE STORY OF TWO GRAND UPCHURCH HOMES IN RAEFORD, N.C.

This story including a picture of the two homes is described in a str 24 OCT 2006 Alan Marshall McGehee, Jr. DRPU see - his profile for details. An extract follows.

The homes appear to have been built about 1900 and probably before. They were the homes of brothers WJH & FBH, Sr.

I. Moses U - Head of class

A. Whitney U

1. Bennett A. U

a. Thomas Herbert U, Sr - home burned about 1917

b. William Joseph U - home burned about 2003 was on a 4 1/2 acre site

WJH moved to GA in the early 1900's and the home was purchased by MARY FLORENCE U, a daughter of FBH, Sr. "FLORIE"

Florie and 3 JUN 1914 NUGIT ARCHIE CAMERON and the WJH home remained in Florie's family. Florie bequeathed the home to her dau FLORENCE LOUISE CAMERON who 1986 and JAMES ROBERT WEAVER, SR. This couple lived in the WJH home at the time it burned in 2003. Their son JRW, Jr. "Jimmy" lived with them. The telling of the 2003 fire revolves around three other individuals. Some details cited:

GREGORY THOMPSON - lived next door

LUKE MCNEILL - Raeford, NC Minister - quoted - He played with the five children in the family (I show 6 Cameron children - RPU) → "an out of work painter"

JOHN HARRILL, a "tenant" of the Weavers - appears to have been a house servant. He said the residents included Jimmy who was upstairs asleep. The article quotes Jimmy & his girl friend CANDACE GROOMER [Jimmy & Candace, at some point, had a child, and after the 2003 fire they named - RPU] → [JAMES ROBERT GROOMER]

CAMERON LEE BROWN (Nephew of Florence Louise Cameron) & wife

CATHERINE VAUGHN ANGLE are quoted. CAM is employed by UPCHURCH MILLING CO. CAM lived with his mother SARAH MARIE CAMERON from the 2nd grade (April 1966) until he went to college.

William + his family have become quite well off but they continue to live a low profile life style.

We are making good progress in redefining our farm assets to trucks & motor, we now have 3 rental houses & a contract to buy 5 units in a business condominium. It all takes a lot of time but less as we learn how to go through the steps. Our son is being very helpful through his BARRY UPENORCH REALTY COMPANY.

In mid March we fly to Seattle to celebrate the marriage of our oldest grandchild - Heather Schuber. I tell Sallaine I don't want to go.

Thanks for the invitation to drop by. I am anxious to pay more visits to NC. There is so much more family history there for me that needs to be uncovered.

Our very best to you & Nancy.

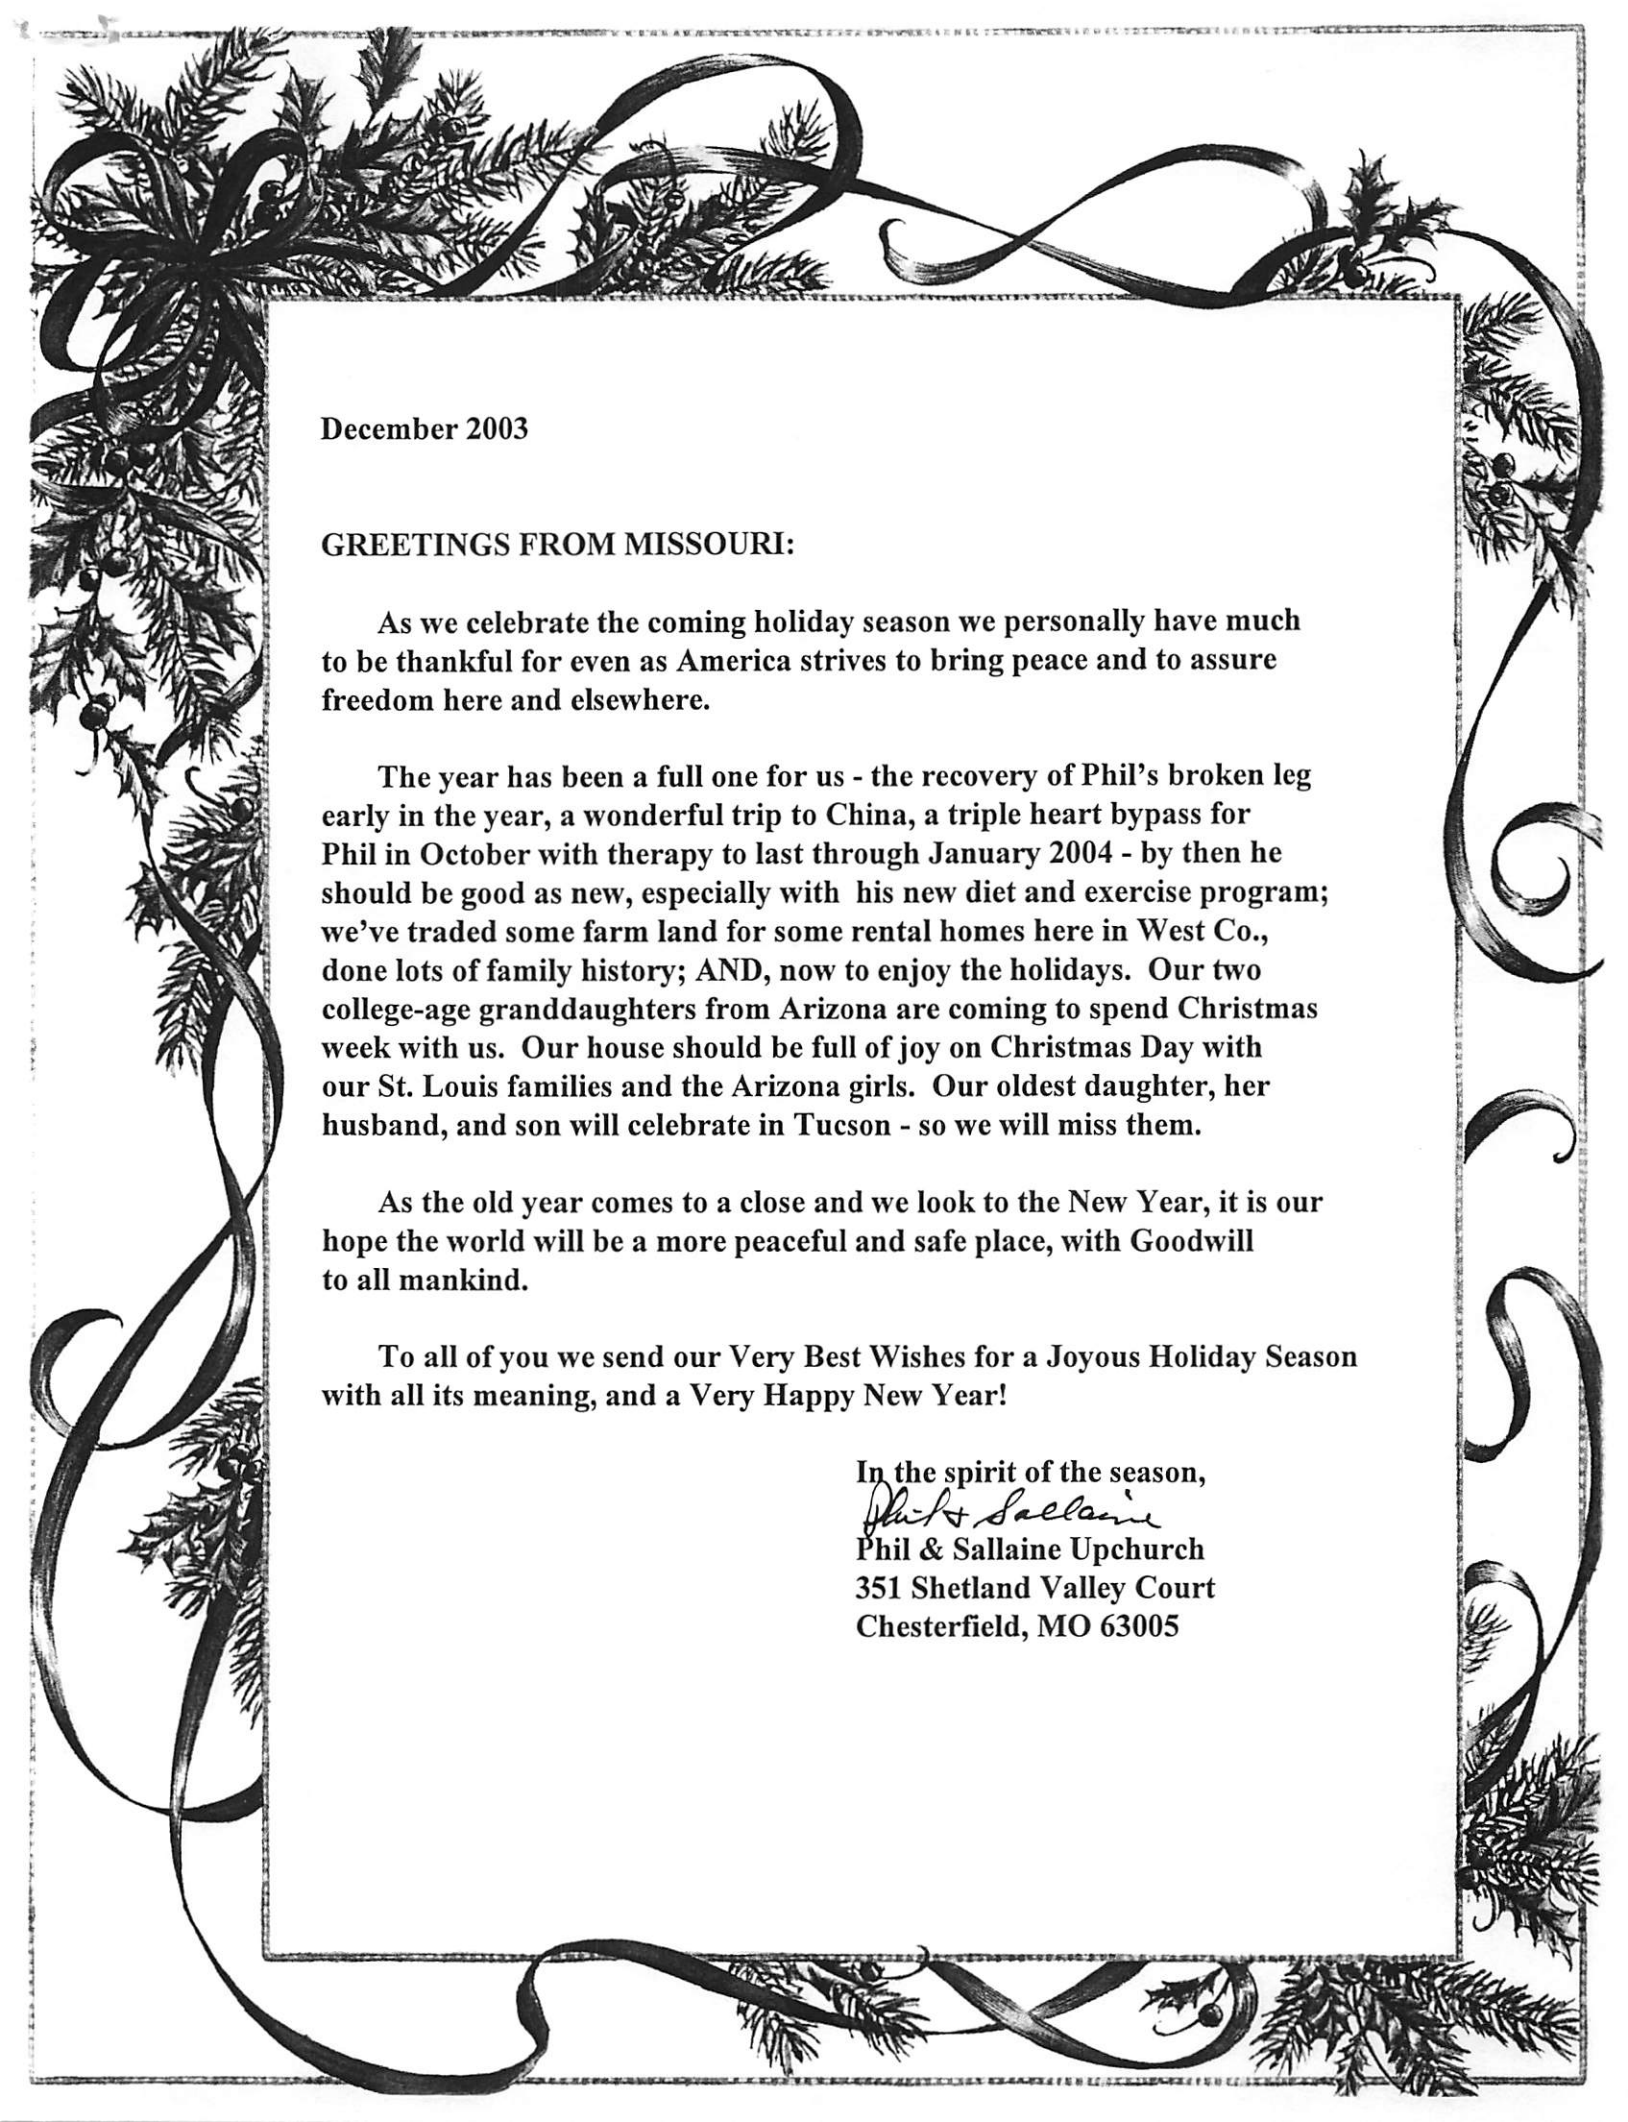

Sincerely yours

**GREETINGS FROM MISSOURI:**

As we celebrate the coming holiday season we personally have much to be thankful for even as America strives to bring peace and to assure freedom here and elsewhere.

The year has been a full one for us - the recovery of Phil's broken leg early in the year, a wonderful trip to China, a triple heart bypass for Phil in October with therapy to last through January 2004 - by then he should be good as new, especially with his new diet and exercise program; we've traded some farm land for some rental homes here in West Co., done lots of family history; AND, now to enjoy the holidays. Our two college-age granddaughters from Arizona are coming to spend Christmas week with us. Our house should be full of joy on Christmas Day with our St. Louis families and the Arizona girls. Our oldest daughter, her husband, and son will celebrate in Tucson - so we will miss them.

As the old year comes to a close and we look to the New Year, it is our hope the world will be a more peaceful and safe place, with Goodwill to all mankind.

To all of you we send our Very Best Wishes for a Joyous Holiday Season with all its meaning, and a Very Happy New Year!

In the spirit of the season,

Thomas Benson A, Sr. [Coincidentally, Sue's son T. W. Brine, Jr. married Sallaine nee Sheila Cralk]. Sue's family stayed in the Holly Springs area and she was able to point out many features of the area to me. Sue was born & raised on her father's farm less than one mile south of Holly Springs lying on both sides of Highway 55. The original grave site of Bennett A. U was on their farm. Sue pointed out the spot which is now lost as the grave have been moved to allow for the widening of HW 55. The exact spot is reached by going south on <sup>old</sup> 55 out of Holly Springs. It soon joins the Bypass and the site is a short distance along the way at Shadow Valley Road which runs off to the left. The grave site is on the south side of Shadow Valley Road just as it touches the expanding HIWAY 55. It will be on the right of way but not in the expanded 55. I had visited this site many years ago but unless Sue had pointed it out could not have located it so precisely. To reach the relocated monument of Bennett A. U enter Holly Springs on

Old HIGHWAY 55 (not the Bypass), you will reach the Fire Station on the right before you enter the main part of town. There turn right on EARP Street which runs beside the Fire Station. Go about 2-blocks and you run right into Holly Springs Cemetery. Turn left and proceed down hill in the Cemetery. The monument of Bennett A. U. stands out clearly.

To me there are several issues concerning Bennett A. U. that need to be resolved. There is the long standing issue of the spelling of his name Bennett vs Bentzen U. The records seem to show that as of 1870 he was in Buchanan TSP which is just south of Friday-Varina. A question is did he own land there and if so where. The records also show that he bought a farm in Wake Co, NC shortly after 1870. We presume that it is on this farm when he died & was buried. Then there is the question of how this property was passed down in the family such that his grandson Henry Albertus Collier (Sue's father) owned the property in recent years. None of this is critical but it is nice to have the story complete.

Our trip to NC was all too short and I had many more things on my list to do. on the other hand it is a sufficient challenge to process what I brought back. I hope to return for another solid week of research before 2004 ends but will probably fly back to some time & wear & tear on the old body.

I did visit UNC and there was able to purchase a copy of the N.C. Gazetteer you showed to me. It should be very useful. It turns out that UNC wants a full set of the UB but it seems that N.C. State is the most likely place for my records in due course. I need to visit NC State about time again.

Thanks again for the opportunity of writing with you and for your ongoing interest in our shared family heritage.

Sincerely yours  
 Phil Upchurch

year gets pushed around a lot as all sorts of priorities get in the way.

Sallaine and I appreciate your kind invitation to visit and we hope this will be possible.

Since we last met with you I have made two trips to the Holly Springs - Foyers Springs area and have fully extracted the Johnsons Book. This was a big undertaking but a huge amount of detail has been added to my family history files as a result. I would enjoy visiting with you about some of the high lights of this venture.

Sallaine and I send our very best to you and Nancy.

## What is NC ECHO?

ECHO is an acronym for "Exploring Cultural Heritage Online." North Carolina ECHO helps the state's cultural institutions collaborate using digital technologies. North Carolina's unique cultural and historical resources are thereby more accessible to all people.

"When a community loses its memory, its members no longer know one another. How can they know one another, if they have forgotten or never learned one another's stories? If they do not know one another's stories, how can they know whether or not to trust one another? People who do not trust one another do not help one another, and moreover they fear one another ..."

— Wendell Berry

- ») Surveys North Carolina's cultural repositories regarding their collections, preservation, staffing, and support
- ») Maintains a web portal to North Carolina cultural resources
- ») Provides continuing education opportunities
- ») Disseminates information on standards and guidelines for metadata, scanning, and preservation of digital masters
- ») Awards grants to support collaborative digitization initiatives

There are treasures in North Carolina—letters, tape-recorded reminiscences of old veterans, family quilts pieced together with loving hands, photographs of main streets long vanished, paintings by old masters, and diaries of young dreamers. Over the years, the state's libraries, museums, archives, and other cultural institutions have diligently collected, preserved, and shared these special materials.

New technologies can now provide greater access to these treasures, in essence opening the closed stacks, storage rooms, and locked cases of the state's cultural repositories. They are tools which can be used to link geographically dispersed collections, to make previously unrecognized connections between collections, and to bring images of original materials to users everywhere.

There are treasures in North Carolina, and those cultural caretakers who collect, preserve, and present them to the public have joined together to create "North Carolina ECHO." Using this resource, today's authors, schoolchildren, artists, hobbyists, historians and dreamers will be better able to create raw materials for our future authors, schoolchildren, artists, hobbyists, historians, and dreamers. And so it ECHOs ...

## NC ECHO Background Information

NC ECHO is a program sponsored by the State Library of North Carolina in partnership with Duke University Libraries and the cultural organizations throughout the State. An advisory group of librarians, historians, and educators provide the leadership and vision for the project.

The project employs a staff librarian and staff archivist who work county by county conducting on-site surveys and providing advice to the state's cultural institutions. NC ECHO awards grants to libraries and their partner institutions for digitization and collaborative projects to make their holdings available online. In addition, the project offers continuing education programs for special collections professionals.

objects to any such attention being drawn to her. However, in the end she was gracious and pleased to learn how she has influenced the lives of so many people. We presented her with a book of memories. Enclosed is a copy of the article "MY WIFE REMEMBERED" which I prepared for the book. I thought you might get a crumple out of it.

My intent over the last several years to focus family history work on North Carolina aspects is bearing fruit. A rather large amount of material is available and it is being worked into usable form. For this and other reasons the year 2006 promises to be a banner year for family history projects.

We trust this finds both of you well and looking forward to what 2006 has to offer.

Sincerely yours

Phil Upchurch

getting on the internet is a challenge for

me. I know it would take time and I am

reluctant to give up any activity I now

have. Still maybe someday.

We hope to do some more traveling in the

We are restricted. I have hope with the end

of May. I am President of our congregation

then you and many more have come up

- need passage, Pastor return, Treasurer Board,  
- Debt reduction campaign, accessibility issues, etc.

I am actually enjoying all the challenges and  
Salary is a great help. In February I will  
give a lay sermon on why members should  
help reduce our \$270,000 debt. I plan to tell  
the story of how our family has benefited  
from having church buildings in which our  
family life has unfolded. My goal is not  
to have a dry eye in the audience.

Later this year we may take a cruise  
as Salary has really earned one. And  
we are falling behind in visiting North  
Carolina.

We trust this finds you and Nancy well  
and enjoying your retirement setting. We  
hope you are having a merry Christmas  
and that the year 2003 will bring to  
you great joy and satisfaction.

Sincerely yours

Phil Upchurch

continues to be excellent.

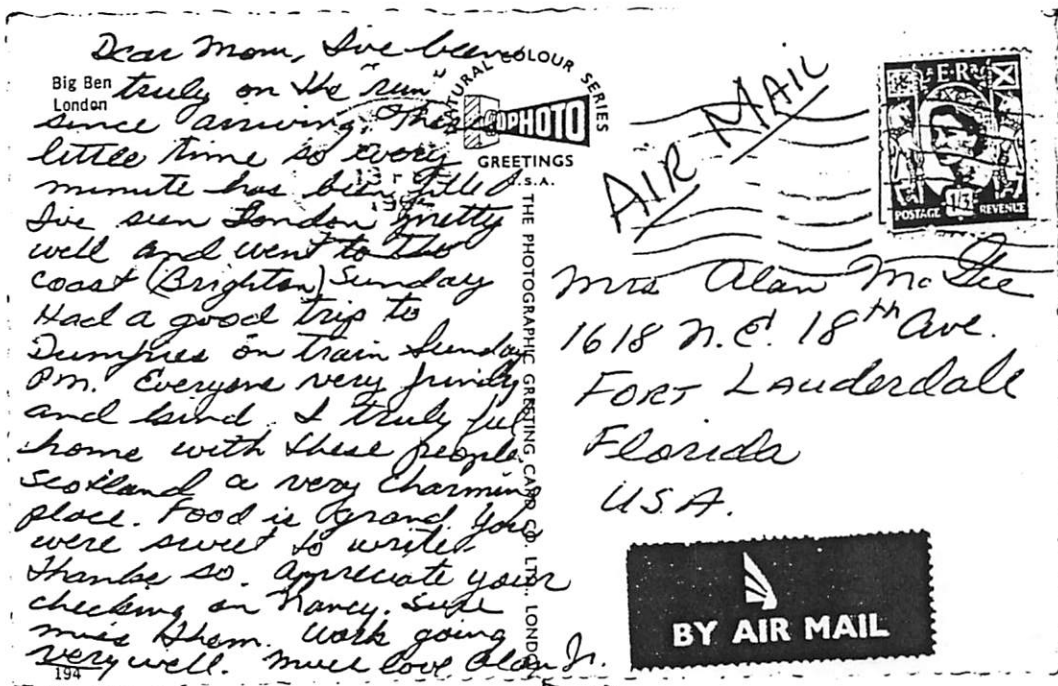

Our family history trip to NC 29 NOV -  
17 DEC was very productive. The weather was  
great and I made quite a few contacts that  
should continue to provide input. We  
are sorry we missed you and hope we  
can get together on the next round.

My Johnson book has arrived and has  
already been used to help a correspondent.

Our very best to you and Nancy for  
a Great 2002.

Sincerely yours

④ From Notes of RPA/SSU Sojourn 19-22 MAY 1999 @ NC

Arrived at the Alan McGee home at 5:00 PM. Had a chat for about 1 1/2 hrs. Alan loaned me 2 albums of newspaper clippings prepared by his mother - mostly from a Raeford paper but a few items from other papers. Alan showed me pictures of his family back to his GF Thomas Benton U, Sr. Alan recalls his GF giving him means to sell in Winston Salem - profits to be shared with his GF.

I related Alan re the proposed locality of the land of his ancestor Whitney U in western Wake Co, NC. He was not negative but showed no signs of real interest other than to say the lady who lived with him is an expert on land records. He did say his main interest was to identify his several lines back in a direct fashion so his descendants could pursue if they so desired.

I discussed inheritance with Alan. He has just put into place a Family LLC [I need to check availability in NC]. The Raeford Whitely holdings are now into 3rd & 4th generations. He thinks the predominant desire is to liquidate.

Had dinner at Lady 32. Alan & Nancy are off soon to a 2 week trip to France then 50th in in AUG

⑤ 15 APR 2001 AM McGee Jr called from his home (336) 940-3552 & left a message that he & Nancy would be happy to see us on our trip to NC in APR 2001

⑥ 15 OCT 2001 AM McGee Jr called to say his UB had arrived and also to invite us to spend the night with them on our next trip to NC. His phone no is still (336) 940-3552

① 25 NOV 2001 - Called Alan [336] 940-3552. A explore prospects of a field trip in NC next month. He is unavailable as they have 9 days scheduled for snorkeling in the Bahamas (a yearly trip) & some Christmas obligations. He would we'd stop by for lunch on our return leg to MO. I declined as we are trying to reach Paducah, KY on that day of travel. He has looked up the Clegg book I mentioned to him. We had a cordial chat.

Our next big event is a small surprise birthday party for Sallaine I have arranged to celebrate her 75th. She will bill me! It will be at a local cruise restaurant we now claim as our own.

We will be in AZ 23-30 JAN 01 and then in February Sallaine has invited me should visit her ~~in~~ in Florida. If it comes about that will take up about two weeks as we will lolley-gog along the way. This trip will not take us through NC.

As plans stand we hope to spend two weeks in Raleigh sometime during April or May. This will be strictly for family history research and will be one of several two-week visits I hope to make for this purpose in the next year or so. It is time I gave more attention to the NC Upchurches. You and I had talked about visiting the area in southwestern Wake County where

there is Upchurch history of mutual interest.  
If our respective schedules would allow,  
would it be possible for you and  
Nancy to drive down to Raleigh  
while we are there so we could go  
for the ride through rural Wake County?  
If not convenient this spring perhaps  
we could do it in the Fall when we  
hope to return again.

We trust this finds you and Nancy  
well and looking forward to a  
great 2001!

THINK YOU ARE WISE TO "RESET AGENDA!"

our challenge in setting the new agenda is to make several changes. We have already made the change in publication schedule. Next I have to negotiate in the next two weeks a new farming arrangement with my ~~two~~ farm operators. I want them to handle practically all the details and leave me with the joy of an occasional visit. One option would be to sell the farm but I don't want to. The third change is to move from our present home to a gated community in an attached villa with all outside maintenance (yard, snow removal, roof maintenance, etc) taken care of by the homeowners association. Last week we actually made a deposit on such a home but now Sullaine is getting cold feet and we may back out and wait 6-36 months for the money. At least we found what we want - maybe not just now.

We recall with much pleasure the visit we had with you and Nancy and look forward to our continued friendship.

Dear Cousin Alan,

Thanks for your letter of 15 AUG 1999 in which you provided supplementary information on the scrapbook kept by your mother. This is a valuable set of mementos. Thanks also for the items on your parents. They were exceptional people. All you provided has been properly extracted and recorded.

Yes, I did get a copy of the "Concerning our Ancestors" book. This will replace the machine copy I made a decade ago. I spent some time yesterday going over it and made some extractions. Besides your own line in the book there are several others that interest me because they tie into major families in the area of central N.C. It will take me a while to work through this but I now have a plan.

It was great that you and Nancy had an enjoyable trip to Europe. We should go again.

your suggestion that we might visit the Holly Spruce - Fryway Area together is most welcome. This is an important area for the heritage of Upchurch and related families and I have never had the chance to get a good feel for the area. When we come to Raleigh I will make this joint visit to Holly Spruce - Fryway a priority. We still hope to come for 10-14 days in November but our plans are not yet firm. I'll get in touch with you in advance and hope to set up a schedule. I am overdue for doing some family history work in NC and it's to get on with it.

We have just finished a nice 3 acre grazed meadow on one of our farms and hope for a nice slow rain to get the seeds to germinate. Harvest of corn/beans should start in a week or so. I have to monitor the press. We may steal away for a short visit to Mainsor Island in Lake Huron.

Sincerely yours  
Sallaine sends her regards - ☺ Phil Upchurch

ALAN was "tapped" for Golden Fleece as being the representative "all-round man" of the Junior, now Senior Class. This expresses about as well as possible Alan's career at the University. He is to be found among all scenes of action from a Carolina-Virginia controversy upon Emerson Field to a meeting of the Y M. C. A. Cabinet in the "Y" Building. And he has been instrumental in bringing about good results whenever associated in any such endeavors.

Those men who were parties to the recent defeat of the Central Allies upon the famous European battlefields do not like to recount their experiences. We are slipping one over on Alan when we say that a statement of the truth would result in displaying him to the world as one of the youngest captains in the American forces engaged. He has the stuff in him from which true fighters are made and he will assert himself wherever he chooses to locate.

FROM Gastonia, famed for textiles and baseball teams, comes "Mac" who started out his first year as an enthusiastic member of the Freshmen Debating Society. He soon abandoned the forensic art, however, to pass time on Coach Bob Fetzer's cinder path, where he has been a valuable member of the squad during several seasons, but on account of various kinds of hard luck has failed to win the letter.

Although a student of parts, "Mac" is very skeptical about the necessity of the modern language requirement for a degree in the school of liberal arts.

Next year he will go to fair Harvard to enter upon the study of law, and with his gift of "gab" and analytical mind and legal cast of countenance, it is evident that the spirits of Webster, Coke and Blackstone have marked him for an illustrious disciple of their tenets.

The class sends him on his way with its blessings, knowing that he will learn the law and hoping that he learns the tongue of Madame de Stael.

Dear Cousin Alan,

At long last I have completed (?) processing  
the Scrapbook you loaned me. This involved  
many enjoyable hours - some spent rereading  
related items collected over many years. Let  
me explain the process I used which was  
as follows:

- Machine copied all entries.
- Cut/trimmed all entries and taped onto  
8 1/2" x 11" sheets and numbered same  
1 → 108 (includes both scrapbooks) to  
make a new MASTER COPY
- For each article on each of the 108 pages  
entered a key name or two on the  
Master Copy
- Made Four Copies of the Master Copy (A, B,  
C, D)  
and used as follows:
  - A. This copy provided to you here.
  - B. Labeled as WORKING COPY and I  
used it to enter notes, comments,  
questions, clarifications, etc.

C. Held in reserve in case anyone wants me to make a copy for them

D. Cut up paper so as to have copies of specific articles to enter into my Biograph system.

- Next I went over the working copy and extracted any new information for my Master outline and placed notes as appropriate in the Biographies of the various individuals.

Much of the information in the scrapbook was already in my system. However, quite a few new details were added and the various Biographies have been enhanced with photos, stories about events, etc, etc.

I was surprised that I could understand just about every entry in the scrapbook. However, here are a few items where questions remain:

- #1 - Pg 81 - Duncan Cameron - How do we link the Raeford Upchurch back to him?
- #2 Pg 82 - Camp Tom U - which Upchurch is this camp named for?
- #3 Pg 91 - who is the lady pictured alone?

#4 Pg 97 - How does Marnie Johnson fit in?

#5 Pg 44 - Re Jackson Springs - Does it have any special significance for the Upchurch Family and who is NANCY BLUE?

#6 Pg 16 - of what significance is the football item.

#7 Pg 21 - Significance?

#8 Pg 25 - Significance?

These are all minor points but if you happen to be able to shed any light on the questions raised I would appreciate your input. Also, if you could scan the 108 page and see if any of the names I have entered in are incorrect. If you spot any errors, I would like to correct my records.

Your mother made a very nice contribution to our Upchurch heritage when she created these scrapbooks. She obviously had great pride in her ancestor and in her family.

I am returning the two scrapbooks and copy A for you along with a copy of this letter all by surface U.S. Postal Mail.

The original of this letter only is being sent by separate mail.

I have written for a copy of the Johnson Book and look forward to its arrival.

It now appears that we may be able to spend a couple of weeks in Raleigh in November. This is specifically to provide time for some in-depth family research. I would like to have a closer look at the part of Wake Co, NC where Thomas Benton U, Sr was born. Are you at all familiar with the area? I re-read the article your Aunt Florence wrote many years ago and it gives some clues and the Johnson Book does also. I have only been to the Fuquay-Varina Area one or twice in my life.

We have often thought of you & Nancy and of your trip overseas. Perhaps you are getting back about

now. We trust you had an enjoyable visit. you set a good example for us and we must somehow work in more travel.

Thanks again for the loan of the scrapbooks. I have made a note to comment on this matter in a future U.B.

Sincerely yours

Local Article

The 13-page lead article of the November issue, written by Manager of Public Relations Ashwood Burslem, is entitled: "Research Equals Two New Products—700 New Jobs in the Thriving Community of Covington, Virginia." Numerous additional black and white pictures of Hercules executives, and employees at work and community leaders visiting the plants, some of them taking a full page, are also featured with the article.

The article notes that when Hercules acquired the old Rayon Plant from Industrial Rayon Corporation in January, 1961 more than 1,100 men and women had been left jobless by Industrial Rayon's decision to end operations at its Covington plant. Hercules had cautiously predicted it would employ 200 at the end of 2 years, but the actual figure at the end of this time proved to be 400. Hercules now has 700 employees.

Fiber Production Doubled

The article notes that initial plant capacity for polypropylene fiber has been doubled and a new plant for production of polypropylene film was completed in 1963 and is now in operation. The article says: "A significant fact at Covington is that these new products and new jobs were created by Hercules research and the decision of the company to invest profits from its other ventures in a new and challenging field."

The article also takes note of the fact that many Hercules employes are active in church, school, civic, and social organizations of the community. The article particularly mentions Howard Humphries, plant project engineer, two term city councilman, and former Mayor of Covington, A. L. Blankenship, assistant office manager, former chairman of the Covington School Board; Bervie Faudree, a forman in the staple-twist department, assistant fire chief, and chairman of the Red Cross Bloodmobile program.

Other Hercules Community Leaders

Also, Paul O'Conner, maintenance mechanic, captain of the Covington First Aid Squad; T. H. Sibold, foreman in the bulk continuous filament department, member of the board of directors, United Fund; O. F. Reid, personnel manager, member of the board of directors of the

United Fund, Red Cross, and Jackson River Valley Mental Health Association; and Fred L. Shugart, technical service representative; (recently transferred to the Charlotte, N. C. office) past president and one of the founders of the Alleghany Association for Retarded Children.

Also, M. B. Bridgman, research group leader, candidate for city council, although he had lived in Covington only two years; Miss Beryl M. Kuhn, research group leader, in charge of membership for Symphony Guild of Covington; Lou Karman production superintendent, board member of the Chamber of Commerce and Country Club; and Ross O. Watson, plant manager, member of the board of directors of the United Fund.

Covington Praised

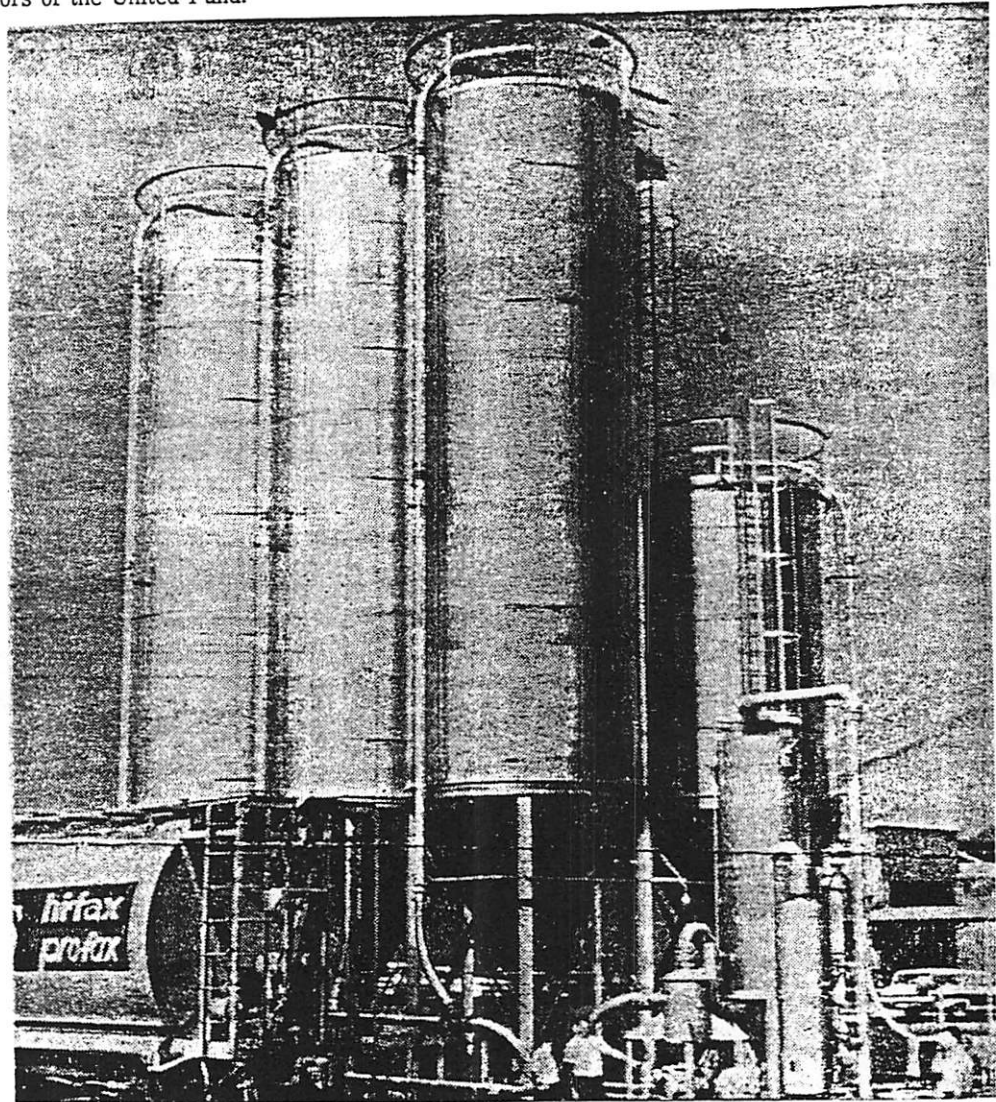

The article also says: "From the beginning of Hercules' move into Covington, the community did not confine itself to a handshake and expressions of best wished. Through its leaders and its public-spirited citizens, the community has cooperated to the fullest. Without that cooperation Hercules would have had far greater difficulty in achieving its present degree of progress."

According to the article, Forest B. Evans, who has been manager of the Fiber Development Department since its beginning, summed up the department's future program in this manner: "Much still remains to

be done. There are product improvements, cost reductions, and new end uses to be found for both film and fiber. If the performance of Hercules men and women at Covington to date is a forecast of things to come, then the success of this venture is assured."

The caption explains that these silos contain the polypropylene polymer used in the manufacture of film. Shown are, left to right, Allen McGee, production supervisor; Robert Henderson, shift supervisor and Gary Kelly, foreman. In another part of the plant area a similar raw material is used for the manufacture of Herculon fibre.

Dear Cousin Alan,

Thank for your note of 2 APR 1999 and  
congratulations on the upcoming marriage of  
your daughter. This will be an exciting time  
for you. I recall the wedding of our 3 children  
with fond memories and continue to relive  
the special stories which get better with each  
telling.

My hopes of attending the 50th cannot be  
realized. It would no doubt be a memorable  
occasion but other events have come to the  
fore. I have made great progress on several  
family history projects but its hard to get all  
the "old" stuff cleared away. In the meantime  
the spring planting season is here and some  
attention must be given to that. Also, I have  
now programmed a family history visit to  
Wayne Co, KY for 1-4 JUL 99 and will give  
an Upchurch lecture there. It is the family

Center for the George W. Clark. He arrived there about 1814 and we have documented about 10,000 descendants. He was a 1st cousin of your Moses W & my Nathan W, I. I have always wanted to go to Wayne Co, KY and a cousin who is a native has offered to spearhead the effort. It's an area where Frontier justice is practiced as a virtue. I hope they will tolerate me.

We are also on the verge of bidding on a 160 acre tract that is up for grabs. I want it badly but Sallaine says it's just my ego.

We do hope to get to Raleigh for a two-week family history research effort in due course. Don't know when but we will desperately hope for a nice chat with you.

Thanks for remembering.

I'M SURE SALLAINE'S BROTHER ENJOYES BONITA BAY. WE DRIVE DOWN THE COAST SOMETIME WHILE ON SANIBEL.

MY HERCULES CAREER GOT ME ONLY INTO TOXAPRENE MANUFACTURING AT BRUNSWICK, GA - NO OTHER AG BUSINESS. I WAS FOR 20 YEARS INVOLVED IN DEVELOPING A NEW ORIENTED POLY-PROPYLENE FILM BUSINESS FROM PRODUCTION MGT END.

THE REUNION WEEKEND SOUNDS EXCITING. ONE OF MY CLASSMATES AND HERCULES CO-WORKERS IS COMING DOWN FROM DELAWARE FOR THE WEEKEND WITH HIS WIFE (JON THIGPEN - KNOW HIM?) IF YOU AND SALLAINE DO MAKE IT PLEASE CALL AND PERHAPS WE COULD ALL GET TOGETHER.

OUR NEW DELL COMPUTER (A FIRST) JUST ARRIVED. NANCY AND I ARE SIGNED UP FOR AN 8 WEEK SR COMPUTER COURSE STARTING MARCH 15<sup>TH</sup>! INTER NET HERE WE COME!

Dear Cousin Alan,

Thanks for your renewal for 1999 and for including us as an EXPLORER underwriter for Englandia. Let's hope for a lot of family history progress on Upchurch lines in 1999.

I have waited until now to comment on your letter of 23 NOV 1998 which was in response to mine of 27 OCT 1998. We have long anticipated a trip to NC/FL but have been frustrated because of other obligations and because we really had more in mind to do on this NC/FL trip than could possibly be accomplished. Finally we decided to make a trip limited to visiting our siblings and niece & nephews. We did this from 18 DEC - 3 JAN and had a grand trip. The idea is that we must now make a second trip on which I will concentrate on

family history. I need a full week in Raleigh and time to visit Brunswick Co; VA. However, on this trip I did sneak three calls to family history cousins including you. Unfortunately, I only reached one of the three - Cousin Gene U in Charleston, SC. Sallaine is so nice to me that I feel it advisable to follow her plan from time to time. This trip was such a cone. We enjoyed attending her family reunion in Charlotte on 20 DEC, seeing my sister in Crossboro on 21 DEC, seeing her sister & my brother-in-law [James Allen Arnold, Jr. has an MS in Civil Engineering from N.C. State] in Raleigh on 22 DEC, seeing my med Aunt House in Ayden on 23 DEC [Her hus is Mayor of Ayden], seeing her sister in Newbern on 24 DEC & seeing her brother & her sister in their winter home in Bonita Bay near Naples, FL. While in FL we attended the N.C. State/Miami Game. While there I met M/M Dewey Carr. He is a 1949 N.C. State Graduate and this was his 300<sup>th</sup> consecutive state football game - must set a record.

you mentioned your career with Hercules. I cooperated with numerous individuals in their Ag business over the year. The name that comes most easily to mind is RALPH HANSEN.

We just got a mailing from N.C. State indicating that the 1999 reunion weekend will be 15-17 APRIL. We will keep this in mind. It would be nice to attend and combine this with my 2 weeks of family research in the area. I am not sure this can work out. I'll have to think about the farming operation & other matters. Maybe we can do it.

So far 1999 is starting off good from a family history standpoint. The internet is bringing some nice participants. I am not on the internet but some of our cousins are and they get me plugged in by snail mail.

With All Best wishes.

Sincerely yours

Phil Upchurch

Dear Cousin Phil,

Thanks so much for your  
October 27 letter. So good  
to hear from you about our  
NCSU connection!

I was on campus from  
46-49, having spent my  
first year at The Citadel.  
My transfer <sup>was</sup> in order to  
major in chemical engineering.  
After graduation in '49, I  
joined Hercules Incorporated  
for a very happy 30 year  
career in marketing, research,  
and manufacturing. During  
my transfers and promotions  
(Delaware 2X, Mass, Oregon, Ca,  
Va, Indiana) only the '49

Agromark survives!  
It's nice to be back in  
Raleigh and connected with  
NCSU! Some change since  
we were on campus!

Dear Cousin Alan,

My copy of the NC State Alumni Magazine arrived yesterday and in scanning the pages I noted your name on the honor list and as a member of the Class of 1949. I am more-or-less a member of the same class. It was a surprise to me to learn that we were both at N.C. State at the same time. Perhaps I knew then at one time and it slipped my mind - but I don't think so. In checking the file of letters we have exchanged I did not find a reference to our being at N.C. State together.

My Agromech's are kept at hand for experience like the (1945-1948). In the 1948 copy I note your picture with the Junior Class. My picture appears only on page 240 [Back Row - second from left]. There is a peculiar reason my picture does not appear in a regular fashion. I am sure we will enjoy exchanging experiences about our days at N.C. State when we

next get together.

Our plans for travel to Ruler's continue to be uncertain. I had hoped for a trip this fall but the weeks are slipping away. Sooner or later we will get there.

We are in the final stages of preparing U<sub>2</sub> Vol 19 No 4. It includes a section on Upchurch Organization and covers the added information you sent in about T. B. Upchurch.

With All best wishes to you and Nancy

Sincerely yours

# NC STATE UNIVERSITY 1997/1998 ANNUAL REPORT OF DONORS

## The Chancellor's Circle

The NC State Chancellor's Circle is the highest level of recognition for individuals who make annual gifts to NC State University. The following donors made unrestricted gifts or supported a variety of restricted projects or scholarships. All gifts received during the fiscal year that began July 1, 1997, and ended June 30, 1998, count towards Chancellor's Circle recognition. This year, a new recognition level has been added to the Chancellor's Circle: the *Visionary* level. This addition marks exceptional growth in annual gifts of \$25,000 or more — another impressive milestone in this record-breaking year for NC State University.

### • VISIONARY

*Donors at the Visionary level belong to the highest annual giving club recognized at NC State. These donors gave \$25,000 or more during the 1997-98 fiscal year.*

Dear Cousin Alan,

Thanks for your letter of 2 OCT 1998 and for the information for the UB. A copy of your letter has been placed in my "Future UB's" folder. Some other items have surfaced concerning the UPCHURCH ORGANIZATIONS - I just have to keep stirring the pot to get interest and reactions. Your kind comments about the UB and your offer of hospitality when we next visit Raleigh are greatly appreciated. I do long for a visit and hope we can come soon - but as of today we have no definite plans. Sallaine says "why don't we just get up one morning and go"!!

The two names for our granddaughters Jenna came from both sides of the family - moe-or-len. On the Upchurch side we do have the name LANE/LAINE used several

2-  
times but with no linkage back to the  
farm or Wake to Laner.

Alan, as the months & years go by  
I hope to be spending more time on  
my heritage in Wake and surrounding  
counties. We are now approaching 4 years  
in retirement and we are still adjusting  
our sites. We are giving our primary  
attention to the farm and family  
history (with time out for ourselves and  
our nuclear family). Even these two items  
provide a lot of scope and we still  
need to sharpen the focus on both.  
I am working on that and making  
some progress. I enjoy the farm and  
family history both so much that it  
is hard to let go of any aspect of  
either. Such is life!

Come to see us in Norwich!

Dear Cousin Alan,

Thanks for your packet which arrived today - your renewal on the 15 for 1991 and your lovely Christmas card and the 1988 reunion booklet. They are all appreciated. I am most impressed with the way the booklet is organized (chronologically) and the amount of information in it (especially addresses). This is an excellent model for others to follow. Now, I have to check and see if all in the booklet are on my master outline. Also, I hope to make use of the address. It was most thoughtful of you to send this to me.

Dear Cousin Alan,

Thank you for your letters of 4 JAN 1990 and for the pictures. I was unable to return a part of my permanent record. The last of attendance at the lecture has been completed and a copy is enclosed. Please let me know of any corrections, addresses, etc. Also enclosed is a note about the tape work of the lecture.

I am still confused about Susan A Alexander and her dau see upchurch Collins (No 494 50 on the list). My records show James Maxwell A. Sr (his wife Mary Susan Spell) had a dau Mary Susan A who had passed down Collins, 34 and had three children - William Bruce, James Earl Raymond Davis, Jr. Is this Mary Susan A the same one who came to the lecture (If so she must have had 2nd Alexander). Did she have a 3rd child see upchurch Collins? Can you get me an address or phone number for Susan A Alexander. Hope we can get the straightened out.

I am delighted to know the address of Henry  
A Collins and to know of his Upshunks  
heritage and his possible interest in  
same. I have written to him and hope  
to respond. My records on his great  
great grand (W) Moore and his descendants  
are really sparse and he can help out  
a lot with what he has in his memory.

The grounds of Bennett A Upshunks  
is of interest as that it touches upon  
some early history of the Upshunks in  
Wake Co, NC. I wonder who holds title to  
the grave yard. Perhaps I will ask  
Henry Collins in a future letter if he  
wishes to correspond. It would be nice  
to have that little piece of Upshunks  
land preserved. I am glad you got good  
direction on where it is located. They  
have been made a part of the Bennett  
A. U. People to make it easy to show  
these details with others.

My best to you and Nancy

Dear Cousin Alan,

Thanks for the review of the U.S. for 89 and  
for your contribution to the Upstream Study  
Fund. I have spent most of the morning working  
over your letter of 7/1/88 which I appreciated very  
much.

Enclosed is a copy of the dated outline for  
Thomas Benton U.S. and the follow-on sections  
6, 7, 8, 9 & 10. These are for your files. I hope  
you will go over them and let me have any  
comments or additions that you have or can  
get. If you can figure out how to get some  
more copies helping us it would be great.  
Perhaps it would be convenient for you  
to visit or call some of these relatives. Mary  
Evelyn Cameron would seem like a good bet since  
she worked on the Flone Cameron Memoir.  
The Flone U. Cameron Memoir is just  
great. I have cross-referenced quite a few of

the names involved and how connected  
my copy with full names, etc. If you  
ever have the opportunity and the inclination  
it would be nice to learn more about  
the location of the property held by your  
ancestors in the Fagway area - maps,  
boundaries, deeds, names of people involved.  
This is a special part of genealogy which  
brings satisfaction and often new insights.

Thanks for the outline on William David  
Avera. I searched my Wake Heritage Book (Do you  
have access to that) and found five Avera  
family histories. Included was reference to  
Michael Elizabeth Avera who is on the William  
David Avera outline you sent. On page 59 of  
the Heritage Book there is special reference to  
Dr T. N. Avera of Eagle Rock Community. This Thomas  
Avera was born 5 MAR - 1832 and is the one  
who married an Aqueduct descendant named  
Catherine (Purtham?) Smith. I have not been able  
to link him to the Avera group you sent  
but feel sure there is a relation. T. N. Avera  
was the son of William W Avera who was one  
of five brothers. Their family originated in Johnston  
Co, NC and subsequently lived in Wake Co, NC.  
I'd be happy to work with someone in pursuing

the family of there is interest.

About a month from now my wife and I will be leaving for a three week trip to Europe. As a part of this travel we plan to go to Little Gidding. This will be my second trip to this hallowed spot and the first for my wife. I know you enjoyed your trip to England.

Alan, I appreciate your continued interest in our Upchurch history project. There is a lot of effort involved but a lot of satisfaction also. It will be a pleasure to hear from you at any time. There are always changes and new lists of information here and there.

All the Best.

Sincerely yours

DEAR COUSIN PHIL,

THANKS SO MUCH FOR YOUR INTERESTING LETTER OF 2 APRIL, 1988.

I DO HAVE CONTACT WITH MY UPCHURCH AUNTS + COUSINS AND WILL TRY TO GET SOME OF THE MISSING INFORMATION SOON AND WILL PASS IT ALONG.

Δ MY AUNT MAUDE IS NOW IN A RETIREMENT HOME IN WINSTON-SALEM AND I WILL ASK HER ABOUT THE GREAT AUNTS. WE PLAN TO VISIT HER NEXT WEEK.

I DO HAVE A COPY OF MY GRAND-FATHERS BOOK. OUR CHILDREN HAVE REALLY ENJOYED IT.

I AM NOT FAMILIAR WITH THE CONFUSION ABOUT MY GRANDFATHERS NAME IN HIS WILL. WOULD LIKE TO LEARN MORE. WOULD YOU BE ABLE TO FILL ME IN?

I WOULD REALLY APPRECIATE YOUR OUTLINES AND A SKETCH SHOWING HOW WE ARE RELATED.

ENCLOSED IS THE HISTORY OF THE UPCHURCH CHURCH - IT'S A LITTLE RAGGED BUT THE INFORMATION IS INTERESTING. WE WERE SORRY TO HEAR FROM EVELYN THAT MR WATTS, VERBER, PASSED AWAY SUDDENLY.

PHIL UPCHURCH

MR. WATTS WAS THE FIRST PERSON WE MET IN UPCHURCH AND WAS SO FRIENDLY AND HELPFUL.

PHIL I AM ATTACHING SOME OF THE INFORMATION WHICH WAS MISSING. I WILL WORK TO FILL IN THE REMAINING BLANKS.

I WILL WRITE YOU AS MORE DATA IS AVAILABLE.

WOULD APPRECIATE ANY INFO ON MY GRANDFATHERS WITH WHICH YOU MIGHT HAVE.

Dear Cousin Alan,

Thanks for the details provided with your letter of 6 NOV 1988. They have now been incorporated into my biopiler and Master Outline. Here is the sketch showing how we are related:

Michael U, I (Original Immigrant)  
↓  
Richard U, I  
↓  
James U, I  
↓  
Richard U, II

Walter U ← BROTHERS → Nathan U, I

Whitney U ← 1ST COUSINS → Gilbert U

Bessie A. U ← 2ND " → Bartley Jefferson U

Thomas Benton U, Sr ← 3RD " → Robert Jefferson U

Bennie Lee U ← 4TH " → Robert Shelby U, ME

→ Alan Marshall McGee, Jr ← 5TH " → My children (3)

So your mother and I are 4th cousins, you and my children are 5th cousins while you and I are 4th cousins and removed.

The comparison shows your GCF name is illustrated by the enclosed documents. He sometimes went by Bennett A. U. and sometimes by Benton A. U. Note the latter for her will which is enclosed in both the original and my transcript. Note also the 6 page profile on him. Hope you will enjoy this. Have you visited his grave? Can you figure any way to sort out the Bennett vs Benton?

Also provided is a set of outlines for Thomas Benton U, Sr (XID-2828) and his descendants. You have already been very helpful in developing this outline as have many others.

For Thomas Benton U, Sr and wife we have a complete set of details (Full name, birth, death & marriage place & date + burial place). I show that he has one daughter and two son-in-laws still living, with the rest deceased. Is this correct? There are only a few missing details on his children & their spouses as follows:

1. For Thomas Benton U, Jr
  - a. It was he (and not his wife) that died 7 SE 1989, right? where is he buried?
  - b) what is the full maiden name of Anne Heyle and when was she born? still living?
2. Is Mary Susan (spell) U still living?

For the family of Bennie Lee (U) McCee we also have only a few <sup>(birth)</sup> missing details as follows:

3. When was John Patrick Cannon born?
4. Myriam Elizabeth Vera was dau of Charles Allen Averis b27 OCT 1931. Who was the father of Charles Allen Averis? (I am trying to see if this leads back to a Dr Averis)

you can see what is missing on the other outlines.

I enjoyed reading the church at Uplunds in England. Thanks for sending it to me. Someday I would like to go back there again.

It is very nice to have your interest in the Uplunds genealogy project and to have your cooperation. Please feel free to ask me any additional questions. In that a possibility I could enlist you as a subscriber to the Uplunds Bulletin? A form is enclosed.

Do you have access to the Johnson book which include your grandmother Mary Ann "Molly" (Johnson) and her sister who was your Great Uncle? Your Uncle T. B. U. Jr. loaned me copy to me and I copied some. It is still for sale I think but as I recall, expensive. The book was some of my milk folks in it and it is quite interesting.

Hope to hear from you soon.

Sincerely yours  
Phil Uplund

Dear Cousin Alan,

I have just spent a most enjoyable Saturday morning extracting the details provided in your letter of 3 MAR 1988 and want to thank you for them. The outline for the family of Thomas Benton U, Sr (your GF) is in very good shape but there are always things to add. on separate sheets I have listed the missing items for the family of Bennie Lee U and for the children of Thomas Benton U, Sr. I hope you will be able to help with ~~these~~ items.

Do you have contacts among the descendants of your Upchurch Aunts & Uncles whom you or I could contact to get an update on these families? The records on them are very good but efforts at improvement are always in order.

Alan, have you seen or do you have a copy of the book written by your GF Thomas Benton U, Sr.

I found it most interesting. Are you familiar with the confusion about your GG Father's name (Bennett A. U) in his last will & testament? This is one of those puzzles that make a study of family history interesting.

In due course I will plan to send you a copy of the outline you have helped to generate. Also, if you desire I'll be glad to send a sketch of your line and mine showing how we are related.

Can you suggest how we might best approach your Aunt Maude U Lewis for details she may remember? Should you or I write or phone or visit in person? There are 2 or 3 of her Great Aunts whose names we do not have. She just might happen to remember them. She could be a very valuable source of information and it would be nice to utilize her knowledge.

Thanks again for your most useful contributions. I hope to hear from you soon. Let me know if you have questions.

P.S. yes I would like a copy of the history of St Mary's church

Sincerely yours  
Phil W. Hurch

Dear Cousin Alan,

It was certainly nice of you to send me a report on your trip to the village of Upchurch in England. A copy of your letter has already been sent to another cousin who will be traveling to England in a few weeks.

Your kind comments on the Upchurch Bulletin are much appreciated. The system seems to be working in that the idea is to promote interest in the extended Upchurch Family. How did you become acquainted with the UB? I would love to have you as a subscriber. Also back issues are available. Order blanks are enclosed in case you know anyone who is interested.

I am anxious to upgrade my records on the Bennie Lee Upchurch family and hope you can help. Let me list what is missing in hopes that you have or can get the needed details. Here goes:

1) For Lawrence Lee

- a) ~~is~~ she still living?
- b) where did Alan Marshall M'Lee, Sr die and where is he buried?
- c) Did she have just two children?

2) For yourself

- a) when was Nancy Elizabeth Bushworth born? (one of our most promising graduates of recent years is a Elin Bushworth - now Miller!)
- b) do you have just two children?
- c) where were your children born?
- d) Are your children still single? if married, details?

3) For Lawrence Bennett Marshall M'Lee

- a) where married?
- b) when was Dorothy Faye Fisher born?
- c) Did he have any children? if so, details?

I would welcome anything on the above you can supply.

The details on the Mores & Whitney & Suldan have been coming in very nicely. Someday I would like to know more about where both Mores & and Whitney & lived in Cratham County. The details are probably available

It is always good to hear from another cousin.

Sincerely yours
