REC'D
8 SEP 2001

Sept. 5, 2001

Dear Mr. Upchurch,

Enclosed is the information for the 1900, 1910, and 1920 censuses for Wake County, NC. The 1900 census cards for Wake County are faint, and at times it was impossible to read the ages of the people. All this work took 5 hours which used the money you sent in your last letter.

For various personal reasons, I will now have to retire from this work. I hope you find the enclosed information useful.

NOTE: The originals of this Report dated 5 SEP 2001 are attached. Copies have been made & labeled A (1900), B (1910) and C (1920). They have been further divided according to race {BLACK & WHITE} and placed in the census file.

Sincerely,
Bruce Pruitt

Dear Bruce -

It was nice to talk with you by phone tonight and I thank you again for your letter report of 6 AUG 2001.

Enclosed is my check for \$50.00 which we agreed I should send.

I will note here that you indicated the 1890 census for Wake Co, NC is not available.

My highest priority now is to get an extract for all households having Upchurch family members present for WAKE CO, NC for 1900, 1910, 1920. Thanks for agreeing to proceed. Phil Upchurch

Dear Mr. Upchurch,

Enclosed is the information from the following censuses for Wake County, NC; 1800, 1830, 1840, 1850, 1860, 1870, and 1880. There is no census for Wake County for 1810 and 1820 (due to fire, I think).

Including the work on the enclosed, we have now used up the \$50 you sent in May. I hope this information is helpful to you.

Sincerely,

REC'D
11 JUN 2001

June 1, 2001

Dear Mr. Upchurch,

You asked for copies from the land grant files in Wake County for Nathan, Charles, and Benjamin Upchurch. I found no files for Nathan Upchurch. There is one for Charles Upchurch for 200 acres on Mockason Creek (shuck #235). There are two for Benjamin Upchurch (a) for 300 acres on branches of Turkey Creek (shuck #366) and (b) 200 acres on Mockason Creek (shuck #536). You can see from the dates that the last of these was actually granted first, so the lowest shuck numbers don't always indicate the earliest grant. While these tracts may be near one another, you can see from the description that they don't actually join each other.

The originals of the 3 Land Grants provided with this letter are being preserved with this letter. Annotated working copies are being placed as follows:

- Individual Profiles
- N C Land Records File
- Mockason Creek Area Land Projects

Identifications:

- #A - 200 Acres - Benjamin U - Wake Co, NC Issued 9 AUG 1779
- #B - 200 Acres - Charles U - Wake Co, NC Issued 29 MAR 1780
- #C - 300 Acres - Benjamin U - Wake Co, NC Issued 12 APR 1780

REC'D

July 11, 2001

□ Dear Mr. Upchurch,

□ You requested the Upchurches that appear on the census for Nash and Wilson Counties.

△ Please remember Wilson County was created in 1855. So it appears on the census beginning in
— 1860.

I went through the published census indexes for 1790 through 1870 for North Carolina. I found Upchurches mentioned in each census. There were Upchurches in Nash County beginning in 1830. There were no Upchurches in Wilson County. There are more Upchurches in Nash County in 1870, but you can see only the last family was white.

I then went through the 1880 soundex which includes families with children age 10 and under and people living in a different household. There were only 2 families in Nash County. There are 74 Upchurch families listed in the 1880 soundex for all of North Carolina. Most of these are in Wake, Granville, Franklin, and Chatham Counties. There are a few in Wilkes and Alleghany County. 19 of these families are black.

Next, I looked through the soundex index for 1900. There was only one family in Nash County. I didn't count the number of Upchurch families in the entire state, but there are quite a few. If you have used the 1910 soundex, you know that index is very faint and hard to read.

Enclosed are forms with the information for Upchurches in Nash County from 1830 to 1900. No families were found in Wilson County for this period.

At this point, I decided to pause and report so you would know there aren't very many Upchurch families in Nash and Wilson Counties. I feel like I'm spending lots of time looking through the index to find only a few people. Also I wasn't sure if you were interested in the black Upchurch families.

Please let me know if you want to continue (in 1910 and 1920) for Nash County, if you are interested in black families too, or if you want to try another county.

then I had a quick look around. Just inside the door I found what I recall on the Land Patent Records. A quick look under UPCHURCH revealed 3 entries - As I recall for NATHAN, CHARLES & BENJAMIN - all for Wake County. Could you double check these entries for me and then copy whatever is in the backup files on them in the Archive. This would be very helpful to me.

As a start on our working together I provide on account an advance of \$50.00 herewith. Please deduct from this year's hourly rate of \$12.50 for time spent on the above and deduct any other expenses such as postage, copying, etc. Give me a report on deductions and I will send you more money on account as we get into other projects.

I enjoyed meeting you and appreciate your willingness to help.

Sincerely yours

 Phil Upchurch
 [ROBERT PHILIP UPCHURCH]

Enclosed is a set of Census forms except for 1920 which I am sure you can find. Feel free to make copies of these for use in the extracting work described above. You probably have access to these but to be safe I am sending them along. I know we talked about not extracting some of the items on the right hand side of some of these pages. However, for now lets record everything and we can decide later about excluding some details.

I'll look to hear from you whenever it is convenient for you. Please give me an accounting as we go along so I can tell when to send more money.

with Appreciation.

Sincerely yours

Phil Upchurch

Dec. 17, 1993

Dear Mr. Upchurch,

Enclosed is the list of books you requested.

Please note - land entries (or claims) were the initial step by people seeking to obtain a grant from the state (sort of a downpayment or very brief statement to describe the land). Everyone who made an entry didn't get a grant because some didn't pay the required fees for survey and price of the grant itself.

Sincerely,
Bruce Pruitt
