It is difficult to get the full information that you like for your records. My cousins either don't know (birthdates & places of young spouses) or they forget to include it in Round Robin. However, I'll do my best to keep more Upchurches from getting lost!

Hope your farming operation went well this year. Heavy rain and floods in the news, but I didn't hear much about Missouri.

This was a big year for travel. I went to Seattle/Ocean Island in Feb. and visited McCullough cousins (some Upchurch, others not) and Purdy cousins. Then ~~in~~ spent April in NZ/Australia & learned many new things. Guests May-Aug., & a long Indian Summer to harvest, have some landscaping done, and clean-up the yard.

Good wishes for the holiday season and for 1999, the last year of this century. Wow! Martha

Dear Cousin Martha,

Thank you for your letter of 6 NOV 1998 and for sending me the results of the family Reun Rebin. All of what you sent was new to me and all has been extracted and recoded on the Master Outline and in the various Biopiles. Nine new XID's were assigned. It is great to have people like you helping to keep up the documentation on our extended Upchurch Family.

As the months have gone by more and more information has been accumulated on the John U, III clan to which you belong. [He was the GGF of your Eliza Jane (Upchurch) Smith] Much of this has appeared in the various issues of the U.B. Information surfaces more readily where the name Upchurch is involved.

The female lines are harder to follow. However, I am working on a lead that my GGF Gilbert Upchurch's 1st wife, Elizabeth Upchurch, may have been one of the daughters of John U. III. They were of different Upchurch clans but lived near each other as of 1818 when the marriage took place.

Your travels sound stimulating and then too you found interesting projects at home. We hope for a more active travel schedule but somehow we seem to be tied to home. In part this is because of the parrots. They can be demanding. Still, I enjoy getting out on the land.

You mentioned landscaping. After 4 years in our new home our landscaping is nearly complete. We have some rather showy plants and are proud of them. Our lot is only  $\frac{1}{3}$ rd of an acre and, envious, I split the mowing of the grass into 2 days. It gives me just the right amount of exercise. I cut the front part yesterday. It really looks nice and shows the fertilizer application I made in September.

The winter is almost upon us. We have just had gas fireplace logs installed and will enjoy this over the winter.

At one point you mentioned that you did have reason to visit the St Louis Area from time-to-time. We hope you will keep us in mind and allow some time for a visit with us on your future travels. It would be a pleasure to have you as our guest.

With appreciation for your interest in our shared heritage and with All Best Wishes.

Sincerely yours

(C) Phil Upchurch
