2018 CAST Annual Meeting agenda_highlights_Aug 29.docx
CAST Visit to UC Davis - Agenda.pdf

Dear Phil,

The Council for Agricultural Science and Technology (CAST) is pleased to invite you to join us for its annual meeting to be held in Sacramento, CA, October 23-25, 2018. The annual meeting provides a wonderful opportunity for CAST Board Members to socialize, exchange ideas, accomplish business, and be inspired to continue the important work toward fulfilling CAST's mission.

As a past president who has been instrumental in this organization's success as an agricultural resource, the CAST Boards and staff would appreciate your renewed involvement and input. To that end, CAST is interested in reuniting past presidents with current leadership through a "Past Presidents' Advisory Council." As part of this effort, we are encouraging past presidents to attend the 2018 annual meeting to kick off this council and to meet with the Board of Trustees members to discuss future key initiatives. While CAST is unable to cover travel expenses, there is no meeting registration fee, and all meals and transportation provided during the meeting are covered.

Please let me know your interest by registering for the meeting or replying to this email by **Monday, October 8** (msly@cast-science.org). If you are unable to attend this meeting, but would be interested in future participation in the Past Presidents Advisory Council, please let me know. I look forward to hearing from you, and hope to meet you in Sacramento.

Best regards,
Melissa

Meeting Highlights (see attached draft agenda):

Tuesday, October 23

- 1:00 p.m. – 5:00 p.m. Our University of California-Davis hosts have arranged three tours in tracks covering interests in animal, plant, and food sciences on the UC-Davis campus. Box lunches will be provided. Click here to [learn more about the tour options](#).
- 5:00 p.m. – 7:00 p.m. Welcome reception at the Robert Mondavi Institute at the University of California-Davis ~ network and enjoy time with your CAST friends
5:30 p.m. - Welcome remarks by Dr. David Campbell, Associate Dean of CAES at UC-Davis, and short program

Wednesday, October 24

- 8:00 a.m. – 10:30 a.m. General Session
10:30 a.m. – 1:00 p.m. Program: *Smart Farm: Creating the Farm and Farm Workers of the Future*, Featuring David Slaughter, Professor of Biological and Agricultural Engineering at UC Davis, and additional panelists followed by a lunch.
Location: California Farm Bureau Federation in Sacramento
1:15 p.m. – 4:30 p.m. Work Group Breakout Sessions
Location: California Farm Bureau Federation

Hi Melissa---

Thank you for the invitation to attend the meeting of CAST in California next month. I regret to respond that I will not be able to attend. However, I write to extend my best wishes for a successful meeting. The Advisory Council is an interesting idea and I hope it will be useful.

The tours of the Davis Campus would be especially enjoyable for me as I received my PhD from UC-Davis in 1953.

CAST was a special focus for me 1975-2000 and I devoted a great deal of time to numerous projects. It was all enjoyable and productive. These efforts have been captured in a special CAST Chapter in my memoir "From City Shadows-An American Story". A draft digital version of the chapter is available. Physical supporting documents are to found in the Upchurch Collection at N.C. State University.

Cast is vital to the well-being of America and I express my hopes for it to continue to grow and prosper in fulfilling its destiny.

Sending All Best Wishes~

Robert Phillip "Phil" Upchurch, CAST Past President.

Hi Phil,

I hope you all had a nice drive to New Bern.

I enjoyed meeting you and your family. Howard enjoyed your deviled eggs. And we will share the sandwich. Thank you for lunch. It was very good and yummy rolls.

Our thoughts and prayers are with you, Sallaine and Deb over the next difficult days.

Warm regards,
Sarah Jane

Hi,

I thought it was Cary's O Charlies since it's right off Tryon Rd...almost home territory for you. . .right?

I do well with last minute plans and look forward to seeing you all tomorrow. My cell number is 919-270-7565.

Sarah Jane

Hi Sarah----

I had so much looked forward to seeing you on our July 19-21-2018 trip to NC but there has been a change in plans. Our trip was mainly for my wife and her three sisters to have lunch in Newbern with the seriously ill sister Joyce Griffin. We returned from our two week Baltic Sea trip last night only to learn today that Joyce passed away on last Saturday. So our trip has been cancelled and replaced with one tomorrow, Tue and Wed to attend memorial services. We will arrive at 11:15 am tomorrow at RDU and will be at O'Charley's near Wake Med at 12:15 pm for lunch. If you are free to join us

Hi Carla.

On July 8, 2018 ~~I had~~ while in Carz
I ~~had~~ met Sarah Watson and we had
a nice chat over lunch. She seems to
be making good progress in becoming
familiar with our Allied Families application.
She and I agree she will continue as a
volunteer helper to add data for her
line. The first two such activities
are transcribing Profiles and medals
on the Richard Upchurch Legacy Tree.

I am ready to start paying her
for four hours per week to take on
some other projects. I would like to
discuss this with you by phone at
your convenience. Would you please
give me a call at (636) 898-8516.

To: Allied- Families Executive Committee---

Hi All---

It is imperative that we develop a cadre of people in our Cary Facility to undertake tasks which we must eventually transfer from Chesterfield. The key person to guide our Plan is Carla Michaels. She is willing to tackle this Project within the confines of her regular two-hour Thursday afternoon sessions. Her heavy obligations otherwise preclude her allocating more time to this effort. She and I reviewed the concept by phone on July 30, 2018.

Th Plan has been reviewed and approved by President Tom Upchurch. It contemplates having 1-4 part-time paid workers to become very familiar with various aspects of our Allied Families operation ASAP. Carla will decide which aspects fit each worker.

We have on board Sarah Watson and have prospects of recruiting Brenda Pickett. Carla will see if Judy Rysdon and Nancy Saul can fit into the paid group as we earlier anticipated. Carla will advise as to whether Judy is ready to be designated as an Assistant Manager. If so this could relieve the burden on Carla.

I have allocated 10 hours per week at \$10 per hour for Carla to assign as she sees fit. This commitment is essential if we are to prepare ourselves for the time at which we must make serious transfers of duties from Chesterfield to Cary.

Our current Cary Team is making a huge contribution to our family history effort. The proposed Plan will add momentum to what is already a significant effort.

Your comments and suggestions will be welcomed.
Respectfully submitted~

Hi everyone. As far as I know, there has been no further movement on the creation of a new SIG. I was a little surprised that the idea seemed to see some activity after we took a very informal poll of the WCGS membership. I did not expect that. We have a WCGS board meeting this week, I'll put the idea to the board and let you know if there is relevant discussion. It will be a board decision if we want to sanction a new SIG.

We have a WCGS board meeting this week, I'll put the idea to the board and let you know if there is relevant discussion. It will be a board decision if we want to sanction a new SIG.

On Sun, Jun 10, 2018 at 12:19 PM, carla michaels <cjm400@gmail.com> wrote:

Hi, Phil,
 Judy spoke with me at our last Thursday work day to bring me up to speed on the SIG. Although I don't know all the details or have specific suggestions to offer, I do think it is a good idea. When Allied is able to partner with local organizations to further our objectives of sharing historical research and deepening our knowledge of Wake County history, that is a great step forward.
 Blessings,

Hi,

There was a mystery around my grandfather, Hubert Hubbard's (died 1956) father. My Grandfather's parents were divorced and we lost the connection with his father due to our great grandmother, Myrtle Belvin, not sharing and no one talking about it since she lived with her son and later, with my grandmother, her daughter in law. We have recently discovered my great grandfather was William Williford Upchurch from Ancestry and following some of the Upchurch Stories, it appears he's from the Richard II clan or branch.

We discovered Kearney Upchurch born in 1802 (my fourth great grandfather) who's home still stands abandoned about ten miles from my house in Raleigh, NC and a family cemetery across the street from that house. They are both on Forestville Rd. near the Buffalo Rd intersection. Approximately 5017 Forestville Rd per Google maps.

I have been watching Phil Upchurch's videos on U Tube. I appreciate all the time and attention he has devoted to his and our heritage.

I am retired and on a tight budget so I can't offer much if any donations but I am soaking in all of this information. My first cousin, Dan Upchurch actually made this connection to our great grandfather.

Warm regards,
Sarah Jane

Hi Cousin Sarah---

I am doing some follow up work on the exchanges you have had with our Webmaster Jay Buck and am pleased to note that we have you firmly placed in our system as a member of the Richard Upchurch, II/James Upchurch, VII Subclan. I show you as nee Sarah Jane Knott XID-6192. I hope you will study both of our websites closely and if you need any help navigating them just let me or Jay know. You and I share a heritage tracing back to the Upchurch Enclave established in Franklin County, NC about 1770 by our common ancestor Richard Upchurch, II. You descend from his son Richard Upchurch, III

CONTINUED

⑨

2 APR

SARAH JANE KNOTT PES

XID-6192

2018 - CONTINUED

and I descend from another son Nathan Upchurch, I. I have visited this Enclave many times and we have accumulated huge amounts of data. Our big challenge now is to get this on-line. We have several projects underway and I wonder if you have small amount of time to help on one or the other aspects.

We have a Facility in Cary, NC and I hope you will be able to visit and to chat with our volunteer workers there. They meet 2-4 on Thursdays which is the best time to visit but arrangements can be made to visit at other time if necessary. Our Volunteer Coordinator there is Carla Michaels.

We would like to learn if you have organized information on you part of the family. This could be put to use as we get to an Active Allied Families Ancestry.com tree for Richard Upchurch, III.

I hope this opens the door to more exchanges and to cooperation. We have done a lot but have much more to do. Progress depends on descendants helping.

Hoping to hear from you~

Phil Upchurch, Founder, Allied Families.

Hi Cousin Phil, Carla and Jay,

I'm so excited to hear from you. I have watched many of your videos. Until very recently, we didn't even know the name of my great grandfather, William Williford Upchurch who seemed to be a scoundrel or at least his memory was not discussed. My cousin Dan Upchurch has spearheaded this discovery and we have searched out some family property and family cemetery. I think he would be interested in learning more too but is younger, still working and has limited availability. I will share this information with him.

I don't have concise data on our heritage since we have recently started researching and got a lot of our info from your Upchurch Story. We do have current descendants to add though.

I would be very excited to meet with Carla and talk about what I can do to help. I'm retired and Thursday afternoons will work for me. I can be reached at:

919-828-0777
1908 Carroll Drive
Raleigh, NC. 27608

Warm regards,
Sarah Jane Watson

Hi, Sarah,
Phil has copied me into the most recent conversation between the two of you. It's exciting to discover family roots. Family research can be quite captivating!

As Phil might have detailed, our volunteers meet on Thursdays from 2 to 4pm. We would be happy to have you come any Thursday to see in person the various projects we are working on. Once you have an overall feel for our efforts in Cary, you can decide which project might work well for you.

The office is located at 1130 Kildaire Farm Rd Suite 12- (ground floor) Cary NC 27513. If you need further details about our location, please feel free to ask.
Hope to see you soon!

Blessings,
Carla

Hi Sarah---

Already it looks like you and I will enjoy getting to know each other. Let me ask you for some inputs in order to set the stage for what I hope will lead to some productive collaboration. I was born and raised in Swift Creek Township in Wake County and had a close relationship with N.C. State University. About 1970 I became serious about family history and learned about my roots in Franklin County.

Your ancestor Kearney Upchurch moved from Franklin County to the Cross Roads District about 1840. I know about his house and grave site. Do I correctly assume you know a lot about the Cross Roads District and you relatives there? Are you familiar at all with Franklin County and especially with the Dunn Township (Pearces Area) where our folks lived? When I come maybe we can go there.

We hope you can find a little time to volunteer. Our major need is to enter details in family trees on Ancestry.com. It would be great if that would be a fit for you. Otherwise, I would suggest that you transcribe some Biofiles for us.

I am delighted to note that you will be visiting our Cary Facility this Thursday. Perhaps after that visit you could give me a call on Saturday for a chat. My phone number is (636) 898-8516.

Looking forward to working with you~

Phil Upchurch, Founder, Allied Families.

Hi,

I don't know how I missed your email. I plan to be in Cary at 2:00 this afternoon.

I'm sorry to say that until very recently we didn't even have my great grandfathers name. He and my great grandmother were divorced in 1909 (Jay shared some documents) and no one ever mentioned his name. So I'm just beginning to unlock the past. Until recently all I knew was I was born in Raleigh and my great grandparents were married in Raleigh. I was thrilled when my cousin discovered Kearney and his residence in Wake County near Raleigh. He has been researching via Ancestry so he has names back to Michael Upchurch. We are on a strict budget so haven't been on Ancestry in years. So, essentially, I'm at the very beginning. I'm grateful for all of your work.

I will give you a call Saturday after visiting the facility in Cary. I'll probably have a better idea how I can help after that.

Warm regards,
Sarah Jane

Hi Carla---

Thanks for reaching out to Sarah Watson who we hope will visit the Cary Facility today. We are very anxious to have more participants in the Cary Facility and I hope her visit will give you the opportunity to gently probe her as a prospect. You can decide if you want to go so far as learning about the possibility that we could broker off a section of the Richard Upchurch, III Master Outline on which you are working for her to process. We would prefer for her to become one of our local volunteers working on projects we have in mind or on projects of her choice. Without mentioning our desire to hire a person you might get an idea of whether she would fit this need. Of course we prefer free help.

Perhaps you could send me an email about your reaction after you have talked or if you prefer give me a call. I have asked her to call me on Saturday.

By prompts that reach my computer I note you are making steady progress on the Richard Upchurch Legacy tree for which many thanks. Trust you got the Omnibus newsletter we just sent our re the Tree Project. The chart Jay keeps is helping us to get on top of this complex project.

Have a good session today~

Phil Upchurch, Founder, Allied Families.

Subject: Sarah's visit

From: carla michaels <cjm400@gmail.com>

Date: Fri, Apr 06, 2018 10:01 am

To: Phil Upchurch <phil@upchurchstory.com>, Jay Buck <jaycbuck@gmail.com>

Hi, Phil,

Sarah Watson did come to Allied yesterday, and we had a great visit with her. I showed her around the office, explained all our projects and showed her how I was working on the Master Outline. After I completed a page of inputs while I explained how it worked, I let her take the reins and give it a try.

She doesn't have a subscription to Ancestry.com, so wasn't familiar with the way the inputs work on Ancestry. However, she is a good typist and was able to figure out the way it works as we went along. She was using a good thought process to figure out which generation we were working on and how you had organized the MO.

She seems to be willing to volunteer on a regular basis, so I encouraged her to come next week with an Ipad to see if she could use that device to do the inputs. She has an ancient laptop with Vista OS, so that might hold her back from doing biofiles since she said using the laptop wasn't reliable for data entry. I'll see next week how her device works with our wireless and with Ancestry data entry.

I will give you an update next week. We didn't get as far as discussing other work. I would like to see how she gets along with a Master Outline first. If she gets the hang of it next week, we can give her a MO to work on and see how she progresses. I think having her there in person to collaborate with Nancy and me as she learns is very helpful. I know that's been a good way for Marilyn to develop confidence in her MO entry. Most of the data is straightforward, but occasionally we run across an item that we discuss between us to determine the best way to capture the information. Having more than one brain to think things through is helpful!

Sarah is a lovely person, enthusiastic, and seemed to fit in with Woody, Marilyn, Nancy and me yesterday. We were low on attendance as it was the public school Spring break and we had several absences as a result.

More later.

Carla

Hi Carla---

Sarah Watson and I had a nice phone chat yesterday. She was impressed with the Cary Facility and looks forward to returning each Thursday. Our plan should be to get her comfortable working with you on the Richard Upchurch, III Legacy Tree. After that we can refine our relationship. She has considerable interest in her line and our work and could fit into our activities in a variety of ways. Please keep me informed as to your opinion as you get to know her better.

It appears her computer situation and her link to Ancestry.com is not the best. This next week Jay and I will confer about possible corrections. Looking forward to our phone Board Meeting on Thursday. Monk says he will try to come to the Cary Facility to participate .

In Appreciation~

Phil Upchurch, Manager, Allied Families.

Hi Sarah---

Thank you for the wonderful phone chat we had yesterday. It seems there is an excellent fit between emerging interests on your heritage and what we have already accumulated on your line. We are happy to share.

It is great that you have some time to share and we welcome you as a Volunteer in our Cary Facility Group on Thursdays. Your continued work with Carla on the Richard Upchurch, III Legacy Tree on Ancestry.com will serve your purposes and ours well. Later we can look into other options. I have talked with Miley Albert Perry "Monk" about you and he would be pleased to have you visit him. His phone number is (919) 828-8101. His back, lung, and heart issues restrict his movements but he is comfortable sitting in his chair and talking. You will find him a Prince of a fellow with a deep knowledge of local and family history

Delighted To Have You Aboard~

Hi Tom---

My phone conversation with Sarah Watson yesterday reveals she has a substantial potential to help in our Cary operation. Right away she will become a Cary Volunteer on Thursdays and work with Carla on creating the Richard Upchurch, III legacy Tree which is her line. She also may be able to volunteer from home. Later on she would be willing to to work for \$10/hour while still volunteering. For a few weeks we need to firm up her association with the Cary Facility and then to see what is next. Sarah is a retired administrative assistant. I assume she has organizational skills and a habit of getting things done. She has not managed people but says she gets along well with people. She is outgoing. I can visualize Sarah moving beyond tree work and taking on specific projects in the Cary Facility as a part-time paid worker. At some point she could become an Associate Manager for the Cary Facility reporting to Jay. Even if we decide she is not right to be the Manager replacing Jay she could be an Interim in 2021 a pinch.

Finding Sarah is a huge step forward and sets the stage for more movement on the Cary scene.
The Future Looks Bright~

Phil Upchurch, Manager, Allied Families.

Hi Sarah---

Thank you for your commitment to support Allied Families at the rate of \$10 per month based on a message from PayPal. I am grateful for your support and welcome you as a 2018 member in good standing. It was nice of you to take this action following our lovely visit by phone yesterday. I have continued to think of ways in which our shared heritage can be brought to light. A first step will be for you to become familiar with what is in the Upchurch Bulletin and on our two websites that is of special interest to you. Then we can focus on other details in our files. As you work with Carla you will gradually become familiar with our Platform and be able to negotiate it

Allied Families made great progress in 2017 and I have attached a Recap which will give you some details.

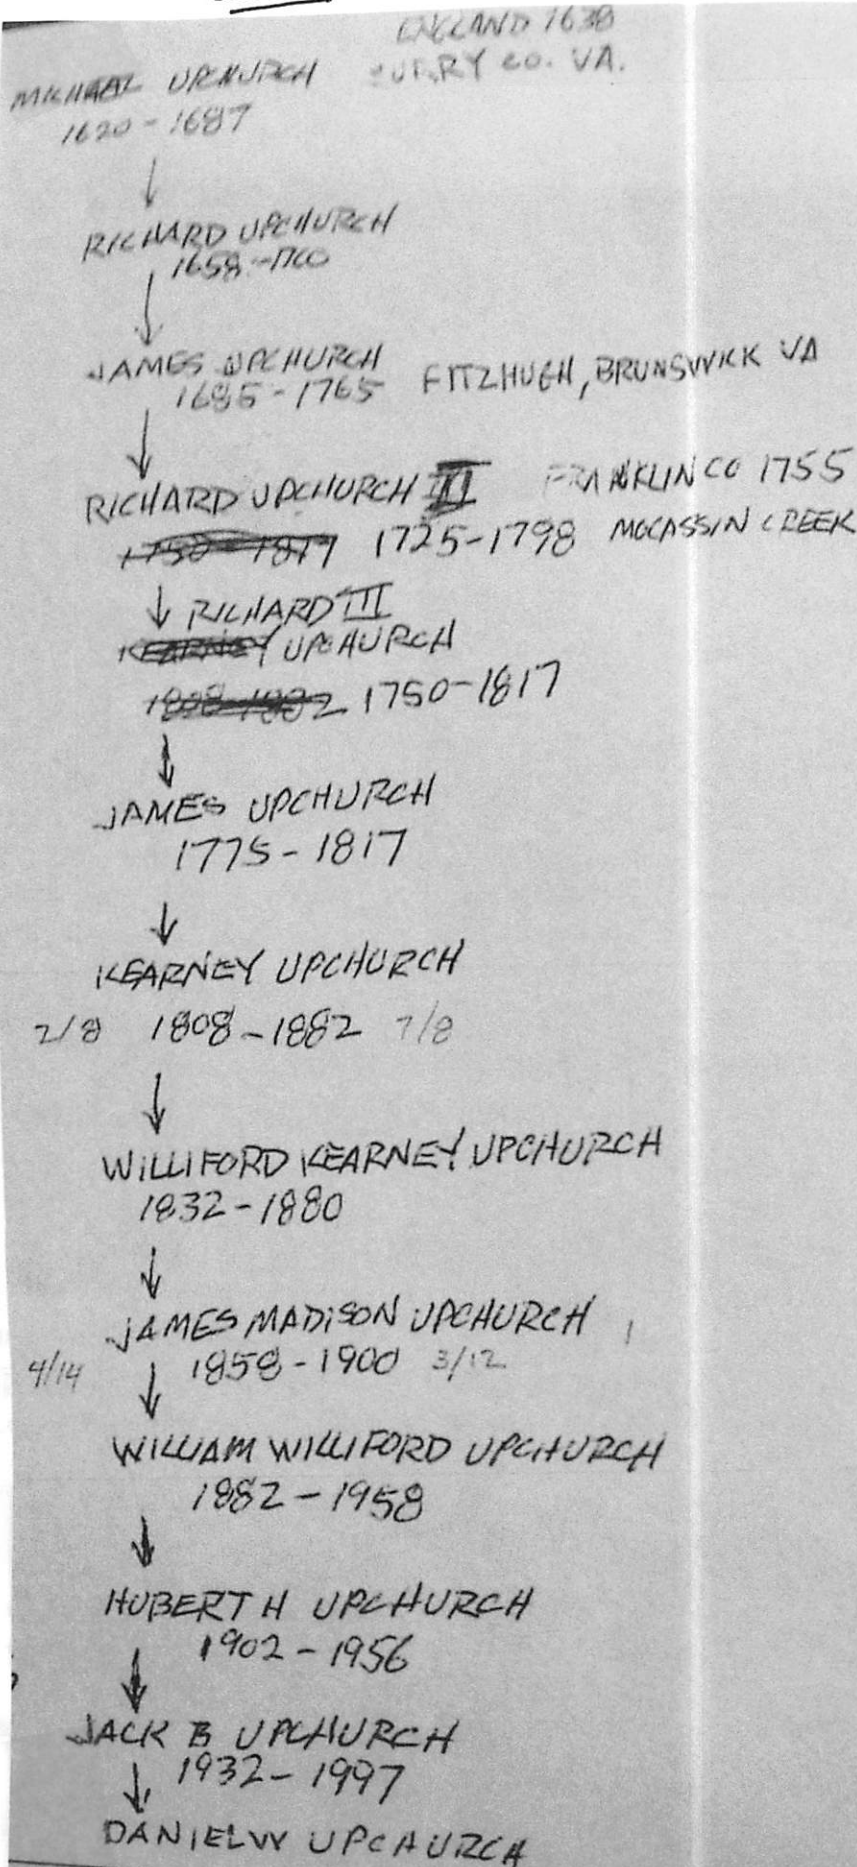

Good to have you as a member~

Phil Upchurch, Manager, Allied Families.

Hi Carla---

As a follow-up to us getting to know Sarah Watson it would be helpful if you would learn a little more about her computer skills. Even if they are not the best we can still have a place for her in our operation. Perhaps you could give me your thoughts on this matter in due course.

In a related matter Jay and I have on occasions discussed the prospect that we might need to acquire for Cary one to several laptops either new or of recent vintage with proper applications. These could be used by visitors or loaned out. A related issue would be about having such computers linked to Ancestry.com. Having such equipment seems logical for our Cary Facility and my thought is that it is just a matter of when. Perhaps you and Mike could muse about the matter and let us have any thoughts that come to mind. Jay will follow through as needed.

Thanks~

Phil Upchurch, Manager, Allied Families.

CARLA
SARAH KNOTT 4

Hi Carla---

Thanks for your inputs which are very helpful. Jay will continue to work on having some extra computers with programs and linkages as needed.

We are working on just how to integrate Sarah Watson into our Cary operations. She will meet with Monk next Monday. She is agreeable to a two-part arrangement. In Part One she would work with the Thursday Group and possibly at home as a Volunteer helping to populate the Legacy Tree for Richard Upchurch, III, her ancestor. Thanks Carla for getting her started. Later on she can add to our website other aspects of her heritage such as Biofiles, photos, cemeteries, etc.

As Part Two we would like for Sarah working at four hours/week at \$10 per hour to take on some special projects to be determined.

Please do keep us informed as to how Sarah is fitting in.

We are most grateful for what the Cary group is doing to help with our high priority project of populating Legacy Trees. If there is a greater good served by diverting from this effort such diversions can be reluctantly considered,

Carla, I know you like to have Biofiles to transcribe as a project more relaxing than always working on Ancestry.com entries. That is fine and Jay and I will work to get you some Biofiles. As you say they will also be great for Sarah.

As a further comment, I want you, Woody, and Mike to know that your highest value to Allied Families is the advice you can offer. Over the months ahead we must evolve a plan for Allied Families to mature in the next three years. I will soon have a draft of a plan re Critical Challenges for Tom to review and to decide if it is ready for broader review. Within the next week I will try to talk with Sarah about moving ahead a notch on our arrangement.

For The Cause~

Phil Upchurch, Founder Allied Families

I think the addition of one laptop or desk top would be helpful right away. Sarah's laptop isn't the best. We couldn't get her Vista OS to connect to Ancestry, even though it was able to connect to the wireless system. She worked on the desk top, which is generally fine, unless someone else needs it for a particular reason.

I think Woody, Mike and I are in agreement at this point that Sarah is super personable and excited to be a part of the group, but that it will take time to assess if she has skills that may be of value in a more managerial position. Ideally, someone who is an early retiree, late 50s or so, who has time, experience, and a knack for genealogy would be ideal. Sarah has not worked with Ancestry before, so I'm not only needing to train her on how to use Ancestry, but also how to apply that knowledge to your Master Outlines. It's a lot to take in for a novice. We are making progress, but slowly.

Jay, it would be helpful to have some biofiles to access so that I can also let Sarah try her hand at transcription. That seems to be a good gateway to learning the "Allied System" with the added advantage of Sarah being a very good typist.

Will continue to keep you all informed of my opinions!

Hi Carla---

It appears we are ready to take another step with Sarah Watson and I want to get your reaction to a plan. She and Monk visited for two hours on the 23rd and he gave me a favorable report. The plan has two parts.

For Part I Sarah would work as a Volunteer attending the Thursday afternoon sessions and working with you on populating the Richard Upchurch, III Legacy Tree. We are working to get 1-3 computers for the Cary Facility and she could take one of these home and continue to work as a Volunteer on the Legacy tree. There are other things she could do as a Volunteer on her Line. For example, Jay and I could work with her on annotating the Kearney Upchurch cemetery to be put on our website. Thus Sarah would gradually become knowledgeable about our system so as in Par II to be able to explain it to others

For Part II she would work 4 hours/week (for now) at \$10/hour. As a prime activity I propose that Sarah preside over a second work session for the Cary Facility--possibly on a Saturday. This would be billed as an Open House event and we would recruit people to come and participate. One activity might be to get copies of photos that people would be willing to share. As another avenue I would explore whether WCGS might be willing to cosponsor with our Association a Special Interest Group (SIG) to do research on Wake County local and family history. This could take place in the second work session. Perhaps others could provide backup for Sarah in the second work session. Kim Wrenn would be an option for some days as would Monk.

Later on we could explore the prospect that Sarah could take on some duties we now perform in Chesterfield.

After I hear from you I will have a chat with Sarah about a way forward. Thoughts from Woody and Mike will be welcome also.

Thank you for your help~

Phil Upchurch, Founder Allied Families .

Hi Carla,

Today I contacted Sarah Watson to review progress she is making on her participation in our family history collaboration. We had a very productive phone conversation. While she needs more time to become acclimated, our original game plan continues to look feasible. Basically this involves her working on several aspects of her Richard Upchurch, III Family as a volunteer and, at some point, becoming additionally a part-time paid worker for Allied Families.

We are grateful to you for helping Sarah get oriented and will appreciate your suggestions on steps to be taken. Her present work on the Richard Upchurch, III RPU Legacy Tree is a good step. Now with access to one of the Cary loaner computers this can proceed more rapidly. Working on a Biofile is another good step. She had studied the heritage chart on the Cary Office wall and could use a little more help in negotiating this. It would also be helpful if she understands more fully how this chart leads to enrolled families, videos, and Biofiles on our websites. At some point, I would like to work with Sarah on annotating the Kearney Upchurch Cemetery and capturing photos for the 1840's Kearney Upchurch home.

We need not wait until Sarah is fully acclimated to begin to chart tasks for her to perform as a paid worker. Sarah is already on board with the idea of her helping with a second work-session for the Cary Facility. It seems that a Saturday afternoon slot would work well. I hope this can be initiated prior to July 1. Work to be done could be open ended, but I suggest having Sarah up to speed on capturing photos could be included as a project. Jay and I will work on a protocol for this.

In order to increase the productivity of a Saturday work session, I propose that we work to provide some back-up for Sarah. Monk Perry has agreed to help some, his health permitting. Kim Wrenn has agreed to attend some sessions and otherwise to be available to consult by phone. I am wondering if one or more of our Thursday volunteers might be willing to lend some support to our Saturday venture, especially in the beginning.

As Sarah continues to fit into our Cary operations, I visualize this as opening the door to more functions being transferred from Chesterfield to Cary in the next three years. We need to continue to engage Judy Rysdon and Nancy Saul in our discussions and can now add Sarah to the mix. In the meantime, I am pleased to learn the Terri Burns and Jay Buck are collaborating on a Facebook venture.

Tom and I have been working on a Critical Functions document relating to what needs to be done in the next three years. The momentum now building for our Cary operation should increasingly provide us options on just who might fill specific roles as more functions are put in place in Cary.

Carla, you have the best group of our Cary operation, so your help in evaluating options going forward will be most welcome.
Still anticipating a trip to Cary when it can be scheduled later this year.
Sending all best wishes,
Phil Upchurch, Founder, Allied Families

Thank you for the update. I hope Jay can find a really small Master Outline. I do need to sit with Sarah and watch each entry she makes. She is totally unfamiliar with Ancestry.com entries and hasn't had experience in genealogy research. Thought processes that we have developed in working with this type of data is completely new to her. I hope she will catch on quickly!
Carla

On Fri, Aug 24, 2018 at 7:52 AM <phil@upchurchstory.com> wrote:

Hi Carla---

Jay is away until Tuesday. Let us say Sarah is now certified in Biofile Transcription and that it will be good to move on to certify her in Ancestry.com entries. I am sure Jay can find a Master Outline on which she can work. After certification in Ancestry we can move on to other certifications to fully bring her into our operational program.

I have printed the two completed Biofiles and Jay and I will proceed to process.

Thanks for the great progress~

Phil Upchurch, Founder, Allied Families.

Hi, Jay,

It was indeed girl's day in today! Sarah finished the two biofiles which I am attaching and have vetted. Just a few items in yellow to decipher on your end.

I gave her the short 2 page Cynthia Upchurch biofile to work on. She will have that one done by next week, I'm sure!

Is there a teeny tiny Master Outline that we could assign to her to see if she can get the hang of it? We tried one before, and it was a bit of a challenge for her. If there isn't one of that nature, she is happy to continue with biofiles!

Hi Sarah---

Thank you for the wonderful phone chat we had yesterday. It seems there is an excellent fit between emerging interests on your heritage and what we have already accumulated on your line. We are happy to share.

It is great that you have some time to share and we welcome you as a Volunteer in our Cary Facility Group on Thursdays. Your continued work with Carla on the Richard Upchurch, III Legacy Tree on Ancestry.com will serve your purposes and ours well. Later we can look into other options. I have talked with Miley Albert Perry "Monk" about you and he would be pleased to have you visit him. His phone number is (919) 828-8101. His back, lung, and heart issues restrict his movements but he is comfortable sitting in his chair and talking. You will find him a Prince of a fellow with a deep knowledge of local and family history

Delighted To Have You Aboard~

Phil Upchurch, Manager, Allied Families.

Hi,

I don't know how I missed your email. I plan to be in Cary at 2:00 this afternoon.

I'm sorry to say that until very recently we didn't even have my great grandfathers name. He and my great grandmother were divorced in 1909 (Jay shared some documents) and no one ever mentioned his name. So I'm just beginning to unlock the past. Until recently all I knew was I was born in Raleigh and my great grandparents were married in Raleigh. I was thrilled when my cousin discovered Kearney and his residence in Wake County near Raleigh. He has been researching via Ancestry so he has names back to Michael Upchurch. We are on a strict budget so haven't been on Ancestry in years. So, essentially, I'm at the very beginning. I'm grateful for all of your work.

I will give you a call Saturday after visiting the facility in Cary. I'll probably have a better idea how I can help after that.

Warm regards,
Sarah Jane

On Apr 3, 2018, at 7:27 AM, phil@upchurchstory.com wrote:

Hi Sarah---

Already it looks like you and I will enjoy getting to know each other. Let me ask you for some inputs in order to set the stage for what I hope will lead to some productive collaboration. I was born and raised in Swift Creek Township in Wake County and had a close relationship with N.C. State University. About 1970 I became serious about family history and learned about my roots in Franklin County.

Your ancestor Kearney Upchurch moved from Franklin County to the Cross Roads District about 1840. I know about his house and grave site. Do I correctly assume you know a lot about the Cross Roads District and you relatives there? Are you familiar at all with Franklin County and especially with the Dunn Township (Pearces Area) where our folks lived? When I come maybe we can go there.

We hope you can find a little time to volunteer. Our major need is to enter details in family trees on [Ancestry.com](https://www.ancestry.com). It would be great if that would be a fit for you. Otherwise, I would suggest that you transcribe some Biofiles for us.

I am delighted to note that you will be visiting our Cary Facility this Thursday. Perhaps after that visit you could give me a call on Saturday for a chat. My phone number is (636) 898-8516.

Looking forward to working with you~
Phil Upchurch, Founder, Allied Families.

Hi Cousin Phil, Carla and Jay,

I'm so excited to hear from you. I have watched many of your videos. Until very recently, we didn't even know the name of my great grandfather, William Williford Upchurch who seemed to be a scoundrel or at least his memory was not discussed. My cousin Dan Upchurch has spearheaded this discovery and we have searched out some family property and family cemetery. I think he would be interested in learning more too but is younger, still working and has limited

To: Jay Buck <jaycbuck@gmail.com>, Phil Upchurch <phil@upchurchstory.com>

Attach: Mathilda Williams transcribed by S. Watson.docx

Nancy Upchurch transcribed by S. Watson.docx

Hope you have been able to skirt the rain! We have had it for a number of days, and on the positive side, the roof leak at my dad's has become apparent and we have a plan for replacing the roof! How's that for spin!

Attached are the two biofiles that Sarah did. Although she is a good typist, her lack of genealogical experience does tend to show up in not thinking properly about what she is typing. I have made corrections, but in time I hope she will get a feel for biofiles.

She is willing to move on to a Master Outline. I suggested a small one for Jay to make her editor on. Because she doesn't have research experience, someone will need to vet her inputs to make sure the people are in the right place/generation, etc. I will work with her on Thursdays and answer any questions she has at any time, but careful review of her work will be necessary until she gets the hang of it.

She is a very enthusiastic worker and seems to enjoy being a part of the group!

Blessings,

Carla

From: carla michaels <cjm400@gmail.com>

Date: Fri, Jun 01, 2018 6:34 am

To: Phil Upchurch <phil@upchurchstory.com>, Jay Buck <jaycbuck@gmail.com>

Just a note to let you know how things are going in Cary! Our volunteers continue to come on Thursday, or if they can't, they work from home, ensuring steady progress. I had started an email earlier in the week to you, and discovered it in my drafts file. It's been a little hectic with my step mother's situation recently.

I spoke at the American Legion Memorial Day Service this past Monday, representing our DAR chapter. I think that's the last big thing on my list (until the next thing comes up)! Anyway, Sarah is willing to continue learning how to work on a Master Outline. I'm working my way through Richard III 9th generation/Claburn Sub-clan and beyond right now.

My Dropbox has the Britton sub-clan in it and it's not too big. If that one isn't taken, that might be a good one to give her, so she can see it completed without taking too long, even though she isn't adept yet at Ancestry.

I spent yesterday at the office with Sarah, working on the Master Outline assigned to me. I had her observe me doing the inputs for awhile to refresh her memory of the process, talking her through it and answering questions and then had her take over to do them herself while I was observing. She does seem to have a long way to go before she is comfortable with working on it by herself. Her lack of research experience keeps her from intuitively knowing which generation she is working on, and without monitoring, I think she might make input errors. I'm hoping that will clear up with practice and over time. In the meantime, a short Master Outline, as suggested above will be helpful so that she can see progress.

I also recommend sending some shorter, less complicated biofiles for her to continue with. I do not recommend having her work on Master Outlines at home right now, but she is eager to contribute, so working on biofiles outside of the office would be a solution. I was engaged in conversation with someone else as Sarah was leaving and only later realized that she ended up taking Sion to work on this week. Its complexity is a drawback for her. I will have her trade it for a shorter one next week when we are all back in the office.

I also wrote Brenda Sue Upchurch Pickett and await her reply.

Blessings,
Carla

Hi Phil,

That is great news and I'm excited to meet you, help with your open house and visit the Dunn Township area. Lots to learn about.

Warm regards,
Sarah Jane

Hi Sarah (and others)---

In the past I have led several field trips to Dunn Township in Franklin County, NC where a huge part of our Allied Families heritage started to unfold about 1770. The experiences seemed meaningful and on Saturday July 21, 2018 I will offer this opportunity again. We will meet at 8:30 am at the Allied Families Cary Facility. Let me know if you are interested.

Prior to the trip there will be an Open House at our Cary Facility 2-4 pm on Thursday July 19, 2018. I will give an update on progress and plans for Allied Families .

Hope to see you soon~

Phil Upchurch, Founder Allied Families.

Hi Sarah---

Delighted you will participate in our visit on July 19-21, 2018. On our field trip I will show you the land your ancestor Richard Upchurch, III owned when he died in 1817 and other key sites as well. During our visit I hope you and I can have 30 minutes private time together to discuss your role in Allied Families. On the visit my daughter, Deb Heck, will be with us at all times and you can reach us via her cell (314) 368-2881.

Looking forward to meeting you~

Phil Upchurch, Founder, Allied Families

Hi Sarah!

Thanks for responding to Nancy's email. This survey is a way for Allied Families to make sure we don not lose any of our great volunteers.

Merry Christmas!

Phil
