Hello Phil,

Thank you so much for responding, I will definitely enroll so that I may continue with the learning of the families history.

It is was sad news that bothy Grandmum and Mum have passed away, Helen Francis Renn (4 Jan 2013) was cremated in remains in Tyler Texas with Janet Alison (daughter). Judith Ann (Lawson, Renn)Rickman (19 July 2013) was cremated and remains with me; my mother's 2nd husband Bruce Clavin Rickman passed on 31 May 2012 he was cremated and interned in Arizona .

I had been stationed in England for my last military assignment, and with the information that both my Grandmother and Mother had given me, took the time to visit and search out any family relations. I am currently in Texas though applying to attend University in the UK to complete my Masters program in Forensic Psychology. While there will continue with looking for family members to meet and explore our families history in England, so any information will be greatly appreciated. I did one on occasion meet a possible family member (Renn) back on 2000; he and his wife lived in Kent both were school teachers. I will have to locate his information and send it to you to see if there are any family connections.

Kind regards,
Karen C Stoffle (Lawson)

Hi Cousin Karen---

The data you sent has been placed in the proper files. Thanks for the updates. I am sorry you lost so much family in recent years.

I am impressed with your program of study. The field of forensics is a very special one. Hopefully, you will complete your studies and find a good paying job. You can always become a writer as many mysteries deal with forensics.

If you want to look up your Upchurch heritage in England you will find proper background in the UB issues and Englandia posted on my website. The key sites in Cambridgeshire will be Little Gidding and Brampton.

I really enjoyed my interactions with your mother and grandmother. Helen was especially interested in family history and we had many exchanges. I hope your interest will pick up where hers left off. I do recognize that your studies and work world activities may limit the time you have for family history. Becoming a member of Allied Families would keep you in the loop. As you show evidence of your interest we can figure out just what might be shared that would be of special interest to you. Just drop me a line now or later or along the way. I think you will find that under Allied Families we will be bringing forth several families for western Wake county, that will be of special importance to you.

Best~

Phil Upchurch
