This probably won't help, but my GGG-Grandfather was named Allen Upchurch and he was born abt 1779 in Norwood, Montgomery Co., N.C. His wife was Mary Dudley. His children were all born in Montgomery Co. They were William Allen U. b. abt 1810, my GG-grandfather Patrick Bogan U. b. 1816, Benjamin U. b. abt 1819, John Dudley U. b. 7-31-1824, and James U. b. abt 1828. This part of Montgomery Co. later became Stanly Co. Good luck!

Dear Cousin Kevin,

Many thanks for your letter of 29 NOV 00
and for its contents which I have now
finished processing. It would be great if
you and Virginia could get together at
a family reunion.

Thanks for the death date / place for
Melvin Lewis U. I have SS death records
for all Upshur - but only up to about
1988. You should be able to locate a
biographical sketch for Lewis as he had
good professional credentials. This should
tell you how he moved about during
his career.

It has been at least 15 years since I was in Cornwallis.

Re the UB's (Sorry about my writing)

VOL 2 #2 WESLEY U = CHARLES WESLEY U. ^{XID} 4965

He is a brother of your Strickland Ashbury U

VOL 9 #2 ROBERT A. U = XID-4438. He is

the son of JOHN DOONEY U who is a
brother of your PATRICK BOGAN U

The pictures you sent are great. I have
fully processed them with notes or copies
being placed in the biofile of each individual
involved. It would be nice to complete
the identifications on the one of Strickland
Ashbury U & Family. I have also placed a
note in my "future UB" file that some of
these photos may be suitable for publications.
I like to have a backlog of photos for
publication. In general I only publish photos
of people born before the Civil War. Strickland
fits this "requirement".

The Land Records you sent are quite useful
and I appreciate the effort you spent in
getting them and in sending them to me
embossed in a cover sheet I made for the
records you sent. Also enclosed is a

3-

(3)

sheet marked XID 1146. This will show that I processed a version of the AR records back in 1997. However the greater detail you provided on the AR records was new to me. Also the records outside of AR were all new to my files.

Re DON U in Lebanon, OR - I can't spot him in my files. I have many dozen U's named DON/DONALD - some of whom I can place in the family and some I have not yet placed. If you can find out more about the Lebanon "Don" I'll be glad to dig more in my records.

We are getting ready for a Christmas celebration with our two "St Louis" children & their families at our home on the 17th. Then I hope we can run away from home and drive down to New Orleans for a little R & R. - But we will wait & see if the trip comes about.

Hope to hear from you again soon.
Merry Christmas!

Sincerely yours

29 November, 2000

Dear Phil,

Got your 22 Nov. letter. Thanks so much for everything you included. It's good to have my G-Aunt Alma's letters. I just recently sent a letter to her daughter in Redding, but haven't received a reply yet. My Aunt Ann Barnes (mom's sister) and I have been corresponding for the last couple of months, which is fantastic considering the last time I saw her was about 35 years ago. My mom and her kept up with each other, so she knows about my family and I. We are both really enjoying the letters we receive from each other. She told me that Alma's daughter, Virginia Butler, tried to get a group of their 1st cousins to start righting to her and she would compile the letters and send them all to each of them. I don't know how that turned out. She also mentioned that they had a reunion in June of 1998. Missed that one, darn it. Hopefully Virginia can tell me of any future reunions.

As before I'll start with the beginning of your letter and answer questions and make comments. As for the web site for finding land features, when you get hooked up to the Internet you will find many helpful sites such as that one. All it takes is a little curiosity, which you have an abundance of or you wouldn't be doing this. Most genealogical web sites will have what are called "links" to other helpful sites. With the exception of two more sites, which I will talk about later, I won't clutter up your mind with more web site addresses. If, when you get hooked up and you want to know which web sites I use, let me know and I'll e-mail you the list.

△+△+△ Cousin Melvin L.U. sounded like an interesting person. Unfortunately he is no longer with us. I used
□+△ one of those useful web sites I mentioned above and found that he passed away on 6 Jan. 1998 in
△ Spring, Montgomery Co., TX. The web site I used was the Social Security Death Index. It should
□+△ list everyone who has had a SSN and has died. I would really like to know why he was in Corvallis,
△ OR when he got married. Considering his profession, I wonder if he was doing something with the University? He probably would have been too old to be stationed at nearby Camp Adair, unless he was an officer. Hmmmm? As for his question about blacks with the Upchurch name, Strickland's brothers and cousins fought for the North, so I don't think the slaveholders came from my branch of the tree. I don't think I can say the same for my Burton ancestors. G-grandpa William Franklin Burton was in the 1st Kentucky Mounted Infantry and was captured while protecting Atlanta. I his daughter's write-up she makes reference to a slave, but I don't know if he was their slave, or from a neighbors farm. I'll have to do some more investigating when I get to the Burton's.

Well, lunch break is over, so I need to get back to work. I'll pick this up again later.

30 Nov. 2000

Back again. I agree with you about FTM. There is no way that I would try to enter all of the Upchurch info that you have into it at this point. If in the future you decide to do it, yourself or hire someone, you can put a call out to people like me and have us e-mail you our FTM files. Then all you would have to do is merge them into one file. The problem you could have is duplicating individuals and having discrepancies. FTM does a pretty good job of walking you through merging.

Thanks for the info about your background. It's good to know a little about whom you are talking to. When were you last in Corvallis? I looked in the phone book and Appleby and Cowan appear to still be living here.

Regarding photos, what you said sounds fine. I can spring for some of the past U.B.'s especially if there is an article accompanying the photos. I'm not sure yet which ones I may want. I'm afraid I can't read your writing for the Upchurch in Vol.2, #2. How is he related to me? Also, how is Robert A. in Vol. 9, #2 related to me? I will definitely want the 2 about Patrick, but I'll wait until you let me

2

know about those other 2 before ordering. I'm also interested in the ones that just have text, but there again I'll wait until you get back to me on those other 2.

I can't remember if I have sent you any copies of pictures or not. I have been scanning every photo I can find into a computer file for 2 reasons. First, if we were to have a fire at home they would all go up in smoke, so I keep the files on my computer at work. Second, I wanted some way of organizing them and printing them out any time I want. I have a couple that I would like you to see. Perhaps you would like to include them in the U.B. Unfortunately, for one of them, the Strickland U. family with all 10 children, I can't ID everyone. I know the names, I just don't know who is who. I know the oldest son (Melvin L.U.'s dad, Walter), my grandmother and the 2 youngest daughters, but the rest of them are hard for me to ID. Perhaps Alma's daughter or one of the other cousins can help me. It's a great photo taken on their porch with the whole crew lined up and hardly a blemish on it. I also have one taken the same day indoors, but it isn't quite as nice. Just for the sake of curiosity I'll enclose it, but it won't do you much good with the names. Someday I'll figure them out. Another of my favorites is of Strickland. My brother looks a lot like him. I actually used a graphics software called Paint Shop Pro to clean up some of the stains in this one. My pride and joy are 2 tintypes of Strickland at age 17 and his future bride Roxie at age 14. I don't know if they were capable of creating multiple copies of tintypes, but if not, these are one of a kind photos which makes them even more special. The one of Strickland is in a small frame and has a piece of paper explaining the photo, which I presume, was written by his mother Eunice McSwain Upchurch. She apparently wrote on the back of a used piece of paper with writing on it which she crossed out and wrote between the lines to explain where the piece of paper came from. The tintype of Roxie only has a written message from my grandma to my mom explaining who they were. They were later married at age 22 and 16.

I got to get back to work for now. I'll print out the photos tomorrow and hopefully get this in the mail tomorrow P.M.

1 Dec. 2000

I'm back again. I just don't seem to have time at home to write letters anymore. I printed out the photos before work this morning and put yellow post-its on the backs to explain anything needing explaining.

In the last letter I received from my Aunt Ann on 11/27/00 she said that she received a letter out of the blue from a 1st cousin of hers, Ernestine Morrison. Apparently her letter was part of the "round robin" of letters started by cousin Virginia as I mentioned in the first paragraph. The cousin is one of Ernest Upchurch's daughters, so she would be a 1st cousin once removed to me. She said that her granddaughter was into genealogy. This rung a bell and after thinking a little about it I realized that I have already had some correspondence with her granddaughter, Laura Marbut. She and her husband have a homepage through the Family Tree Maker web site and she has our mutual lineage from Michael to the present included in it. She wasn't real good about responding to my e-mails, but they had a baby earlier this year, so she has probably been a little busy.

I have enclosed all the land patents listed in the Bureau of Land Management's web site for Arkansas. It was a little time consuming, so I didn't do all states, but if there are any individuals you would like for me to look up, just ask. The web address for the BLM is <http://www.glorerecords.blm.gov/>. These are interesting documents and kind of fun to have.

Well, I can't think of anything else worth mentioning, so I'll let you go.

Sincerely,

Kevin Burton

Dear Cousin Kevin,

Thanks for your letter of 15 NOV 2000 and for your detailed comments on my letter. I will look forward to any new details for my records you identify as you go over the master outline for the Patrick Hogan II Family. Also, any other upchurch material you have will be appreciated as well. Let me know if you need any additional continuation sections.

I was pleased to get your reference to a computer program that helps locate land features. A note on this has been placed in my computer reference file for that future date when I get on line.

You asked for copies from my Biopic
on Alma Inez U. I have selected several items
to send to you which are enclosed. They
include the base 3-Page 7-item document for

her as well as copies or partial copies of a number of letters she wrote to me as follows:

1. 28 FEB 80 - Pg 1 only
2. 9 APR 80 - All
3. 20 APR 80 - Pg 1 only
4. 19 JUL 80 - Pg 1 + 2 only
5. 28 NOV 80 - Pg 1 only
6. 31 JAN 81 - All
7. 11 MAY 81 - Pg 1 only
8. 14 SEP 81 - All
9. 15 OCT 81 - All
10. 21 DEC 81 - All
11. 12 JAN 82 - All
12. 5 OCT 82 - All
13. 7 APR 83 - All
14. 6 MAY 83 - All
15. 13 JAN 84 - Pg 1 only
16. 25 MAR 87 - All
17. 17 APR 89 - All

In those cases where only 1 or 2 pages were copied the material not copied included details such as dates, names, places all of which have been included in the Hanson Biopic and on master outline.

Let me know if you have questions on this material. Cousin Alma was a great cooperator.

Copies of letters from Cousin Melvin L. U dated 28 JAN 1979 & 23 MAR 1979 are enclosed and they make interesting reading. He was a subscriber to the UB for several years but did not have a deep interest in family history. We should therefore be even more appreciative for his letters. My impression is that he was quite successful in his career. My records do not show he is deceased. However, he was b. 18 AUG 1914. I have had no contact in the last several years.

The Upchurch land patents you mentioned would be useful to me.

I have played with my copy of FTM a little. It would be unthinkable for me to connect all my Upchurch records to the system. However, it is attractive to me to use the system for my non-Upchurch lines and for my upper lines where the volume of data is much more manageable. In these cases I can stick more to direct lines of ascent & descent or go more as far anticipated for your Upchurch interests.

my problem with Upchurch information is that I have tried to serve all parts of the Upchurch Family. This is an ever growing task. Actually my next big step should be to complete my Upchurch book.

I'd sure like to learn more about your background. Sallaine and I have been wanderers living in NC - CA - NC - FL - NC - MO - AZ - MO. We were at the Univ of California - Davis where I got my PhD 1951 & 1952. Then in the early 60's I traveled often to Modesto where I was a consultant for Shell Development Co. My agricultural profession has made me acquainted with all of the Land Grant Universities - including OSU at Corvallis. I have visited there a number of times and over the years had close associations with individuals there - Bill Furtick, Arnold Appleby, Sidney Cowan, to mention some.

I am not a real collector of antiques but do have a few family type items of which I am very proud. Now I wish we had kept our first car - a 1950 Ford which we bought new for \$1782.²⁰ when we

were getting ready to go to CA for graduate studies.

As regards the photos - lets work on that over time. My system on photos is not great in that I do not have many negatives and copies sent to me are often in poor shape and copy poorly. My best technique has been to go to KINKO's and have them produce a single copy on their color copier. From this I can usually get a half-way acceptable copy. In the early years I had screen prints made for copies going into the UB.

Here is my suggestion on the photos for now. - I have scanned the UB issues and identified 5 issues that have photos of one or more individuals in the Harmon U / Allen U Subclass to which you belong. They are:

Vol 2 #2 - Westey U & family

Vol 3 #1 - Patrick Bogart U & wife

Vol 4 #4 - Patrick Bogart U & Family

Vol 9 #2 - Robert A. U & Family

Vol 12 #2 - James Allen U, I.

These 5 issues are available at \$5/issue.

Perhaps you will wish to order 1 or more issues

and we can go from there. I usually mean
a story around each photo. (6)

Also I have identified the following issue
of the UB that contain text about the
Harmon U case that may or may not
be of interest to you:

Vol 3 #3 Allen U will

Vol 6 #2 Howell U will

Vol 9 #4 A poem by Robert H. U

Vol 14 #4 Re the Harmon U / James
U, VII Subclass.

Kenn, I am delighted that we are
now in an active collaboration mode
and look forward to exchanges that
will be mutually helpful.

Sincerely yours

(7) Phil Upchurch

REC'D
20 NOV 2000

Nov. 15, 2000

Dear Phil,

It was good to hear from you. I always feel like a kid at Christmas when I get something in the mail regarding genealogy. I'm very glad to get the info you sent and will have to sit down in front of my computer and add it to my family tree files. I'll address everything in your letter, hopefully in the order it appears.

First I'd like to address my Family Tree Maker printout, pages 1 & 2, that you sent back to me. Almost all that you see in the printouts, with the exception of my Grandparents down to me, was gleaned from the internet. I was just checking the Mormon's Family Search site and I think most of what I got from the older generations was from that site. Unfortunately it's no better than what people have submitted to the Mormons. We certainly can't blame them, they are just gathering what people submit to them. A number of the submittals to the Mormons say Michael was born in Little Gidding, Huntingdon, England. Some say he was married to Francis Delke. So, what I did was put down what made the most sense to me, and I wouldn't be at all surprised if it were all wrong. I assume those who have submitted info were just repeating what they have heard and the wrong info has just been perpetuated. I figure if anyone should know what is right or wrong, it would be you. But, for now I'm just going to leave what I have in my file knowing that it is probably wrong. There will be a lot of happy genealogists if you ever do find out the correct info. I will change Michael's birth date to read "ABT 1620". I'll also add "ABT" to the other two dates you mentioned. I'll also fix the Chatham County misspelling in my file. I use a USGS web site that helps you find locations of features (populated place, cemeteries, etc) and it gives the county, state, and I think the coordinates of the feature. It has come in handy when trying to determine a county.

* / placed
in
computer
file

As far as Michael being associated with the Delke family, according to the "America's First Tax Strike" story I sent you, Roger Delke, Jr. and Michael were at least partners in crime when the old rascals decided they didn't want to pay their taxes. I don't know if I broke any copyright laws by retyping and passing that story on to you, but you may want to consider that before you pass it on to others or reprint it in anything that you publish.

As for your 10 page master outline for the Patrick Bogan U. line, I assume this is info you already had before I sent you my info, so I'll check it with mine and let you know if I see anything I don't agree with or if I have any questions. You mentioned that you could send additional continuation sections for the Patrick B.U. line, and this is tempting, but where do I stop? I think I will stay fairly close to my straight line from Michael down to me. I'll try to get as many siblings as can be found and also first cousins. If I don't get Patrick's first cousins once removed, I'm not going to get too upset. If I find that I have a hole in my tree (or my head) I'll write to you to see if you can fill it. Thanks for the offer! I have had some distant cousins (not as distant as you) send me their files and I have entered that info in my file. So, if it falls into my lap I'll enter it, but I'm not going to go looking for 2nd, 3rd or 4th cousins.

Now, on to Strickland's biofile. This is very interesting stuff, especially the items about the horse ranch and the Chapel Hill Church. It appears that you have some letters and other documents from my G-aunt Alma and others. Is there a chance that I could get copies of

these? I would be very willing to pay for the copying and your time. In item no. 8 you seem to have a photo of Strickland on his 21st birthday. I would be very interested in this. Do you have a photo, negative or just a xerox copy? Did it come from Aunt Alma? I have a tintype of him at age 17. It is in a frame with a piece of paper written at that time which states his name, age, the photographer and the location. At present it is the highlight of my collection. I also have a tintype of his wife Roxie at age 14. I haven't made negatives of any of my photos yet, but I have scanned them into a computer file and can get a reasonably good color copy of them. If you want copies of some of the scanned photos I have for your records just let me know. No charge, I print them out on our color lazer printer at work and nobody cares if I print a few personal things. I will be getting negatives made eventually since my siblings will want copies also, but that could be years from now at the rate I'm going.

Strickland's Biofile:

Item 1 - this is good to know. One of my tasks that I would like to do is map when and where my ancestors, on down to my parents, moved.

Item 2 - you have a letter from Melvin Louis U. Do you know if he is still living? I'm curious about him because in my G-aunt Alma's write-up she says he was married in Corvallis, OR. which is where we moved to when we came to Oregon and I still work there. Do you have his address? Around the same time that my son was born there was a notice in the paper of the birth of a boy Upchurch. I never worked up the guts to call them and now they are gone from the area. Could they be Melvin's grandkids?

Item 3 - Aunt Alma states that her mom Roxie was ½ Cherokee. In her write-up that I have she also states this and that Roxie's mom, Mary Ann Hamilton Brigham, and her grandmother, Fanny Hamilton, were Cherokee and walked the Trail of Tears. I have no evidence of this and it just doesn't seem possible that they had Indian blood because all of their ancestors seemed so "white". But, the Cherokees were known as one of the "civilized" tribes and used English names back then, so it could be possible. I haven't given up on that yet. I personally would be very proud to have Cherokee blood in me.

Item 5 - my Aunt Alma mentions Chapel Hill Church, cemetery and school. About a year ago I tried every resource I could find on the internet to locate Chapel Hill with no luck. I finally left a query in the Custer Co., Oklahoma USGenWeb site and bingo! A woman named Vonda McPhearson answered my query. She had done the survey of the cemetery and sent me a listing of all of it's inhabitants. She also said that the Church is still in use. Now I find from you that Strickland actually gave the land for the Church, cemetery and school. As for the deed and will, I'm going to write to Alma's daughter to see if I can get copies (thanks for her address!!). The horse breeding business was new to me also. Good stuff to know.

Item 6 - you have that Flora recalled moving with her father and his brothers to Okla. In the Custer Co., Oklahoma USGenWeb site I found a listing of Custer Co. Pioneers which actually lists the pioneers name, section, township and range. It has David H., Elliott, Patrick G., Strickland A. and Vernon. David Harmon U. had a son named Elliott Vernon, so Elliot and Vernon may be the same person. Strickland's brother-in-law, Melvin Brigham, is also listed. I have a copy of the 1900 Custer Co. census page that Strickland is on and it also

has Melvin Brigham and Elliott (only one "L"?) Upchurch. That web site also has a page with the first 3 editions of the Arapaho Arrow newspaper and in it I found David Harmon U. listed as a county commissioner. This was apparently just after Arapaho was founded in 1892. I also know that Strickland's brother Charles Wesley and their mother Eunice U. settled in the Norman, OK area. I have been communicating with a descendent of Charles' named Phyllis Davenport, and we have exchanged info. I also know that their sister, Mary Katherine U. Skinner settled in that area.

Item 8 - again, I would like a copy of this picture and any others of Patrick's family if that is possible.

Item 9 - I can confirm this. As I stated above, I have a copy of the survey for Chapel Hill Cemetery. I also have a copy of the survey for the Cleveland Co. Mt. Zion Cemetery where Charles W. U., Eunice U. and Mary Kathrine U. Skinner and families are buried. If you want copies, just let me know.

Item 10 - listing of lands held by Upchurch people. I found in the Bureau of Land Management web site that you can look up land patents. So, I tried it for Upchurch's in Arkansas and found listings for each of these individuals. They also have scanned the patents and I was able to download and print them. Here again, I can send you copies of these if you want them, or you can get them yourself if you have access to the internet at <http://www.glorerecords.blm.gov/>. There are many other Upchurch people listed in other states, but none of them are in my direct line.

Item 11 - I have had a little contact with her (Laura Caldwell). She is the closest cousin I have interested in genealogy. She is the G-granddaughter of Ernest U., my grandma Emma's brother. Her married name is Marbut. I found her on the internet and sent an e-mail and got no reply, then sent another and finally got a reply and that was about it. So, I'll have to try again later. I did download her version of the family tree and I entered everything that I didn't have into my tree. I also marked up a hardcopy with things I thought she had wrong. I need to send that to her. They just had a baby earlier this year, so they may be too busy for genealogy. Their web site is at: <http://www.familytreemaker.com/users/m/a/r/Jason-David-Marbut/index.html>. I also have that Melvin L. Brigham Jr. married Ida Ellen U. She is a descendent (either daughter or granddaughter) of Thomas A. U. (I'm typing this at lunch time at work, so I don't have this info in front of me). I have a picture of Melvin and Ida with their 3 daughters - cute kids.

Item 12 - no comment other than WOW that's a lot of kids.

I sympathize with you about the 13 file cabinets. You must be very well organized. I have a file cabinet, a small chest of drawers and numerous boxes full of stuff which needs organizing. It's a slow process. I need to get a safe so I can protect some old pictures and documents that I have. If we ever have a fire, it would all be gone. That's part of the reason I am scanning every picture & document I can get my hands on and keeping the scanned files on my computer at work for safe keeping.

Going from hand written family trees to Family Tree Maker with all of the info you have will take another lifetime I'm afraid. I'm no expert on FTM, but it sure helps me keep organized. I believe you can use the XID numbers that you have for each individual and there is a lot of flexibility in what you can show when you print your info. I like it, but then

□ I don't have 13 file cabinets full of stuff. What we need to do is clone you so you have the time to create a WEB site, transfer your info to FTM and keep up with info you receive from others. I forgot about your book - we will need to clone you to make Phil 1 thru 4.

□ Thanks for including Virginia Erickson's address. Hopefully she has kept up with her mother's family tree work. I'll have to see about visiting her some day since Redding is right on the I-5 corridor between Oregon and the San Francisco Bay Area where our people are. I cannot believe my Mom never mention to me that her aunt Alma lived so close. It would have been nice to meet her.

□ Thanks also for laying out how you and I are related. It's nice to know who I'm talking to.

□ My sister and I didn't get to go to Oklahoma yet. Things just didn't work out. I'm hoping to do it in the Spring. My sister moved up here to Oregon in the summer and one thing lead to another. Before you know it it's late fall. She hasn't got a job yet, so when she does that could interfere with our plans. We will just have to wait and see what happens. I have been in contact with an aunt, some first cousins and a distant cousin, and they are all excited to see us. I've also laid out all the places we need to stop at - cemeteries, courthouses, etc. So, if we ever get to do it, it should be fun.

□ You asked for a few lines about myself. Well here goes. I was born in Pittsburg, CA and at the age of 3 months my family moved to Concord, CA. My brother, sister and I grew up in the same house and only just recently sold it after the passing of our mother. After graduating from Mt. Diablo High School, I went on to Diablo Valley College in Pleasant Hill, CA and earned my AA degree in Engineering Technology in 1975. I then attended California State University, Chico and earned my BS degree in Industrial Technology in 1978. While at Chico State I met my future wife, Kathy Burklo. After College I got a job with Varian Associates in Palo Alto, CA as a draftsman. In August 1978 Kathy and I were married in her hometown of Soquel, CA and made our home in Sunnyvale, CA. (near Palo Alto). In a little over a year we decided that the craziness of the San Francisco Bay Area was not what we wanted. Also, Kathy wanted to finish her degree in Art, so we moved north to Corvallis, OR, the home of Oregon State University. Corvallis is a small college town that fit our needs for living comfortably and starting a family. Just before moving I was fortunate enough to get a job as a draftsman in Corvallis at the headquarters of a worldwide engineering firm named CH2M Hill. Within a year my company purchased a CAD (computer aided drafting) system and I was selected as on of the first four draftsmen to learn how to run it. Twenty-one years later I am still with CH2M Hill and still using CAD, but more in a supervisory position, leading the drafting effort for larger projects. In 1982 we had our first child, a daughter named Taylor Lee, and in 1984 we had a son named Elijah James. We are now living in nearby Albany, OR. Taylor is looking at colleges and Eli is working his way through high school. I have only a couple of hobbies at present. I dove headfirst into genealogy about 2 years ago and love it. I have been playing softball on a company sponsored city league team for 21 years and starting to feel my age. I also enjoy collecting antiques, although my collection is rather small. Through most of my adult life I have been in possession of a 1957 Chevrolet 4-door sedan which was purchased new by my parents. It is in a bit of disrepair, but my hope is to someday have the time (and money) to get it back to it's original condition. So that's me in a nutshell.

I just got a letter from my Aunt Ann today (11/15/00) and it had some interesting info in it. Apparently in Oct. 1998 my G-aunt Alma's daughter, Virginia, started what she called a round robin of letters to help her cousins to communicate and share info. Aunt Ann included the starting letter which contained addresses of many of her first cousins. I plan on writing to some of them especially Virginia very soon. She also included a Jan. 1999 let from Virginia which talked about a family reunion in Clinton, OK set for June 26, 1999. It's good to know that they are still getting together. I would have liked to have been there. We'll make contact with them

I will go through the info you sent and compare it to what I have. I know that I have recently found some info on some first cousins of mine, so I'll let you know about that and anything else I find. I did start marking up your 4 page outline for Emma, but I have found that there is some info I don't know but expect to learn sometime in the near future. So I'll hang onto it until I can fill in some more blanks. Sorry this letter is so long and it took so long to write. I haven't had time to work on it at home, so I've been typing like crazy at break time and lunch time at work for the last few days. So, for now I'll say goodbye.

Best wishes to you,

Dear Cousin Ken,

Enclosed are copies of Pages 1 & 2 of your 31 Page Document. On Page 2 you will see my marks
 □ (I already have the information as it appears later

in your document and which means more or all of the details provided are new to me and have been extracted and entered on my Master Outline and in the Biopile of the individual mentioned. I have spent many hours extracting your document and would estimate about 1/2 of your entries provided me new information in part or in whole. There were few conflicts in the data as between your records & mine except for the odd slight variation in dates.

Some special comments on Pages 1 & 2

#1 We do not know the ancestors of Michael II, I (b. about 1620) so the Generations 1, 2, 3 you show are not supported by facts & are not even good speculations. Work on this is ongoing and I have 2 reports from Professor Hansome (the Professor we have hired to help us) to publish.

#2 Re Michael II, I (b. about 1620). His birth date is guesswork but 1620 is about right. We have no evidence that he ever lived at Little Gidding. Some of his childhood was spent at BRINGTON and quite possibly he was born there. In any case he was likely born in Huntingdonshire England. Speculation from the 1950's that his wife "FRANCES" was nee DELKE has been

refuted by later research. He was associated ^③ with the DERKE family but just how we are not sure.

#3 Re Generation No 6 I know of no evidence that Elizabeth Hornum was born in 1882. Also evidence that her son John was born in 1911 is lacking.

#4 Re Generation No 7

COTHAM, NC should read CHARITAM CO, NC. I was born & raised about 6 miles from where John U b 1941 died.

Thanks for the article on America's First Tax Strike. I had an abstract of this article and am pleased to have a full copy. Have placed same in the Briefs of Michael U, I.

Provided herewith is a copy of my 10-Page Master outline for the Patrick Bogart U Line in the Harmon U/ Allen U Subclan. This covers Patrick Bogart U, his children & grandchildren. The descendants ^(if any/ if known) of his grandchildren are covered in continuation sections as indicated by numbers on the left hand side of the page. I am including only one of these - #5 which covers the family of your GM Emma Mae (u) Dennis (after the pink sheet)

This the same continuation section I sent to you ⁽⁴⁾ earlier - but is much improved as a result of your input.

I can supply you additional continuation sections for the Patrick Bogan II line if you are interested but would probably not send all at the same time.

A great many people have provided input to help unfold the documentation for the Harmon II clan - and it keeps coming.

As an additional input I provide herewith a copy of my 4-Page 12-Item Profile for your GCF Strickland Ashbury II. Perhaps you will have questions about some entries and/or can provide more information. I have illustrated how I keep my records - I have 13 4-Drawer File Cabinets full of such Profiles - probably over a million - not all Upchurch but all somehow - maybe - related..

You asked about Family Tree Maker. I have a copy & a good computer on which it runs - but don't use it. Maybe one day I'll move in that direction & also get a book into. However, right now I am just trying to keep up and to find time to write an Upchurch book - which I have 1/3 done.

REC'D
21 SEP 2000

Dear Cousin Phil,

I was somewhat surprised when I got home from work and found your letter. I said to myself "what could the guru of all the Upchurch family want from little old me?" Well, I didn't really say that, but I'm sure that a lot of people consider you the guru of the family. I can't imagine who sent you that page from GenForum with my query about Patrick Upchurch and Eunice McSwain. No one has answered it yet, but I have found what I was asking for on my own.

Just to remind you, my great-great-grandfather was Patrick Bogan U. (generation 10 in the enclosed printout) and my G-grandfather was Strickland Asbury U. and I was looking for any info on his siblings. First I found a cousin, Phyllis Davenport, who is a GG-granddaughter of Charles Wesley U. She filled me in on some of her ancestors, but I need to get a little more from her. Then I found Mary Katherine U. Skinner through the Mormon family Search web site with the help of a photo with her name written by her on the back with her married name. After that I found a Family Tree Maker home page belonging to Jason and Laura Marbut (Laura is a 2nd cousin once removed) which had a wealth of information. They somehow had all of Strickland's siblings listed. I spent a long time merging their info into my Family Tree Maker file. I also have printouts from other distant cousins, which I need to merge into my file. As you know, this can become a full time job. Too bad I can't get someone to pay me, ha!

The printout I have enclosed is from my Family Tree Maker file. I'm sure there are errors from Patrick back to the first Upchurch I list in the printout. I haven't had time to compile all of the info that I have found on the internet for those older generations, so I'm sure that whatever I have is a little off. From Patrick down to my kids should be in pretty good shape. I feel like I need to hurry because I do want to get onto different families who married into the Upchurch line and eventually onto my Burton side. This will probably be a life long effort/hobby! This is probably asking a lot of you, but if you find any glaring errors, can you let me know so I can fix my file? I would greatly appreciate it. From Patrick back I didn't plan on going very far off the "trunk" of our tree, i.e. no in-laws of distant cousins. If I have the info I'll enter it, but I'm not going to make a special effort to get every Upchurch that ever lived. Again, as you know there isn't enough time in the day for that.

Are you familiar with the Family Tree Maker software? I may be wrong, but I get the feeling that you do not use a computer to keep track of your family tree. And I don't think you have a web site either. You have probably heard this a million times, but I sure would like to see you start an Upchurch Family web site.

I referred back to the first letter that you sent to me on May 3, 1999 and you mentioned my great aunt Alma Butler. Her family tree write-up from 1980 is partially to blame for me getting involved in genealogy. Here is something sad. I just recently found out that she died in Redding, CA which is only about 3 hours from where I grew up in

California!!! I don't think my mother knew that she was living in Calif., otherwise we might have visited her. I went to college only a half-hour from Redding. I would have loved to know her. You also mentioned that her daughter visited you at one time when you were living in Tucson. Do you know her name, address phone number or anything about her? I would like to contact her if she is still living. I just checked my Family Tree file and her name must be Virginia Lea Butler and I have that she married James Erickson. I now remember doing an Internet search on Virginia Erickson without any luck. Can you help?

Just for fun I am also including an interesting story about America's First Tax Strike which I accidentally found in a book at our rather small public library. As you can imagine, I just about fell off of my chair when I found it. Have you seen it before? Besides Michael Upchurch, the story also mentions Roger Delke, who I believe is Michael's father-in-law.

My sister and I plan on taking a trip, maybe as early as this October, to visit some relatives and important family sites (cemeteries, courthouses, etc.) in Texas, Oklahoma and Arkansas. I just got in touch with a cousin whom I haven't seen in 30 some years and they are thrilled about the possibility of us visiting. I have also written to my Aunt Ann (Dennis) Barnes, but haven't heard back from her yet. We were thinking of renting a motorhome and hit the road. It could be a lot of fun and very informative.

I just happened to think, what is your Upchurch lineage? I know you are a cousin, but just how distant of a cousin are you?

I should probably sign off for now. If you do have access to e-mail and care to write, my address is klbkmb@home.com. I hope to hear from you again in the future.

Sincerely yours,

Kevin Burton

Notes for JOHN UPCHURCH:

John, b. abt 1698, was living in New Kent Co., Virginia, in the early years of 1700. The name UPCHURCH was spelled as it sounded to the various clerks writing out the documents involved in daily living. JOHN UPSHERD was on the Quit Rents Rolls for 60 acres in 1704. The names of his children were on the St. Paul-St. Peter's Registry of New Kent. The Death of his son was recorded in 1713. The final entry for John was made in 1717. John seems to have been married twice. The name of his first wife is unknown. He returned to Surry around the year of 1718. - Jeanene Standifler Carver

Patrick UPCHURCH - Eunice McSWAIN

Posted by: [Kevin Burton](#)**Date:** July 31, 1999 at 09:25:47166 of 300 [Go](#)

I am seeking any info on my GG-grandparents, Patrick Bogan Upchurch and Eunice McSwain. Patrick was born in 1820 in Stanly Co., NC. Eunice was born 8/12/1819 in NC and died in Okla. on 2/20/1897. I know some info on their children but am trying to find more. So far I know of Strickland □ Asbury (my g-grandfather), David Harmon, and Charles Wesley. More of a mystery are brothers □ Patrick G., "Doc", & William, sisters Betty and Mary, a bro. who disappeared in the Civil War and two other sisters, names unknown. Any info on this family would be greatly appreciated.

I am seeking any info on my GG-grandparents, Patrick Bogan Upchurch and Eunice McSwain. Patrick was born in 1820 in Stanly Co., NC. Eunice was born 8/12/1819 in NC and died in Okla. on 2/20/1897. I know some info on their children but am trying to find more. So far I know of Strickland □ Asbury (my g-grandfather), David Harmon, and Charles Wesley. More of a mystery are brothers □ Patrick G., "Doc", & William, sisters Betty and Mary, a bro. who disappeared in the Civil War and two other sisters, names unknown. Any info on this family would be greatly appreciated.

Dear Phil,

I have been for the past 3 months digging deeply into the Internet to explore my genealogical roots. I am somewhat of a beginner but have learned many things and have had some success in finding ancestors. One of the things that I have learned from a couple of different sources is that you are the guru of Upchurch genealogy. I would like to know more about your Upchurch Bulletin.

I am also an Upchurch descendent. My maternal grandmother was Emma Mae Upchurch Dennis. Her parents were Strickland Asbury Upchurch and Roxanne Sherman Brigham. Strickland's parents were Patrick Bogan Upchurch and Fanny (maiden name unknown). I recently confirmed that Patrick's parents were Allen Upchurch and Mary Dudley. Before Allen, my info is a little sketchy. I have a family tree that was compiled by my great-aunt Alma Upchurch Butler. It goes back to Patrick, but she does list a direct line that goes as follows: Patrick, Allen, Harmon, James, John, Richard, and finally Michael born in 1620. This info came from a great great granddaughter of Allen, Marie Standfier of Albuquerque. At its writing, my great-aunt was not sure of the accuracy, but thought that Mrs. Standfier had done a great deal of research. Can you confirm this lineage?

I hope to hear from you soon about your bulletin, and I greatly appreciate what you have done for all Upchurch family members.

sure you have more up-to-date information. I have added your name to the outline. As you can see I collect full names (full maiden names of females), dates of birth/marriage/death and place of birth/marriage/death/burial. Where available I like to record for place the town/county/state and name of cemetery. of course we rarely get all that detail.

Alma Butler was a wonderful collaborator in our Upchurch Heritage effort. Her daughter visited me when we lived in Tucson. My records on Strickland Ashbury II are especially good because of Alma's help but many others helped as well.

I'll hope to hear from you and to learn about your interests and questions.

Sincerely yours

Dear Kevin,

I want to mention a couple of items. First, the 2013 issue of the UH is now online on my website www.upchurchhistory.com. I hope you will have a look at it and some of the 34 video posts. Note the one on your ancestor Harmon and those of his ancestors going back to Michael U. I. Comments are invited.

Second, I want to especially invite your attention to the new organization we have formed Upchurch and Allied Families Association, Inc. - flyer enclosed. This can become a powerful organization for helping up families using the great resource available on the Internet and blending these with family inputs.

Our plan is to ^{2.} enroll families starting with ③
an ancestor that lived about the time of the
Revolution and treating descendants. In the
case of the Upchurch we plan to enroll
each of the 22 clans separately. In your
case the relevant one would be Harmon
Upchurch. Using this approach we can give
far more attention to Harmon and his
descendants than was possible in the U.S.

The entry fee to enroll a family is \$500 but
this can be done step-wise. Anyone who
contributes at least \$50 towards enrolling a
family will be listed as a co-sponsor of that
family. When we reach \$200 a 1,000 word
narrative will be written on the family and
posted on the VAFSA website - www.alliedfamilies.com.
As more contributions are made more stuff
will be posted.

I hope you will become a 2014 VAFSA
member which membership fee is \$20.

Anything you can do to support VAFSA and
to build momentum in enrolling the Harmon
U. Family will be appreciated

All Best Wishes

Dear Cousin Phil,

I'm in the Harmon Upchurch clan, Harmon-Allen-Patrick-Strickland-Emma-Helen-me. We've communicated a few times in the past and I thought you may be able to help me. But first, how are you, in good health I hope? I have sort of lost tabs on the Upchurch Bulletin. Are you still doing it? Can you give me the latest info on it?

My wife and I will be taking a trip to England starting September 1st. This will be our first visit to England, and we will be mostly in London, the Ramsgate area (south-east England), and possibly in Cheadle (near Manchester). My wife is working on her PhD. and will be doing some research there. I'm just along for the ride and to help her however I can. I'm sure I'll have time to myself and thought I'd see what I can find on the Upchurch family. I know that you now have or have had in the past someone on retainer researching the family, so I'm not expecting to find anything new. I just thought I'd snoop around a little and see what I could find, and thought I'd check with you to see if you could get me started in the right direction.

I think that it's either known or believed that Michael Upchurch came from Little Gidding. Is that right? It doesn't seem to be too far from London, so maybe that's a place to start. Or is there a particular library, courthouse or church that you know of that would be worth visiting? My time will be limited, so any help that you can give me to get started would be much appreciated.

Best wishes,
Kevin Burton

Dear Cousin Phil,

(NOTE: No RPA Response August 23, 2005

I think it's about time I wrote to you to thank you for the UB's that you sent. I have been asked by cousin Mae Cox to do a one page write-up of the Upchurch family prior to Michael's arrival in Virginia for her book that she wants to send to the printer in September. I think I told you that I recently inherited a stack of older UB's. With those and the ones you sent I should be able to provide what she wants. I have actually gone through all of them, copied pages about England and highlighted what might be of help. Since Dr. Ransome's findings have changed what we all thought prior to 1994, there will be a lot less to write. I'm just going to tell about David's discovery of the letters, his transcribing and interpretation of them, and your commentary on them. I'll also tell what we know of Michael's ancestors, which, according to David's research, isn't much. I'd like to send what I write to you for you to check, but I'm afraid there isn't going to be time before I have to leave for England next week. I'm having a hard time finding the time to even write it. The good thing is that whatever I write about our English ancestors, I can use it in whatever I come up with for a book for my Upchurch line. Of course I'll be giving all the credit to David and you for making this all happen. Eventually before I use it in my book I'll see if you can look it over (it might be years from now). I would also like to get the news out about Brington in a popular genealogy web site called GenForum. On the Upchurch page there are literally hundreds of queries and answers to those queries, and none of them mention Brington. Apparently many people are still using Mrs. Vest's book as their guide to where Michael came from (Little Gidding) and who his ancestors were.

And speaking of David and England, I have good news and bad news. First the bad news, I won't be able to meet with David in Cambridge. He only had two days available and my wife's schedule wouldn't allow time to meet with him even if he had all 13 days available. This whole trip is about her research, so I'm OK with that. Having the opportunity to see the letters was something I didn't expect anyway. One thing I will be sure to do is stop in Brington and Little Gidding to see what I can see.

Now the good news. Just for fun I had my wife use her inter-library loan privileges through Oregon State on the internet to see what we could find on the Ferrar Papers. One of the things that popped up was the book/microfilm that David compiled. We ordered it, I viewed the letters on the microfilm, made copies, and returned the items to the library. Of course I'll have to write to Cambridge to get permission to use the images if I ever get around to writing a family book. David also gave me the name and address of the library photographer so that I might get copies of his photos to use. And while I'm thinking of it, thank you for passing my e-mail address on to David. That was very thoughtful of you.

One last thing, going through all of the UB's while searching for items on England has given me a great appreciation of what you have accomplished and all of the hard work you have put into them. You have done the Upchurch family a great service, and I for one am truly thankful.

Best wishes to you and yours,

Kevin Burton

Sept. 22, 2005

Dear Phil,

My wife and I are back from our trip to England. Just to remind you, my wife went to do research on a church in Ramsgate for her PhD dissertation and I tagged along. I had written and called you back in July or August asking for pointers in case I had some free time to go to Upchurch places of interest. You must have sent my e-mail address on to David Ransome because I soon heard from him, and I thank you for that. David offered to show me the letters at Cambridge, but unfortunately our schedules didn't allow that. I wasn't near Cambridge when he was available and he was out of the area when I was near Cambridge. Thanks to the magic of the internet and the inter-library loan system that my wife has access to through Oregon State University, I was able to get the microfilm that David compiled on the Ferrar Papers and was able to view and print the four letters prior to taking our trip.

I'm writing you for two reasons, to tell you how our trip went and to ask a question about what to do about what I found in Little Gidding. First, the trip. We had a great time in the old country. My wife's research went well, and I won't bore you with all the details. We found the church in Ramsgate that she is researching which was designed, built and paid for by Augustus Welby Pugin in the mid-1800's. He's the architect who designed the interior of the Houses of Parliament in London when it was rebuilt. Her research took us to London, Ramsgate and Oxford. We saw some of the typical tourist sites, Houses of Parliament, Tower of London, etc. We also went to Cambridge and Ely for some R&R. From Ely I took a Sunday morning drive to Brington and then on to Little Gidding. Since you have been there I won't go into what I saw. I was impressed by both churches and was a little surprised by how small both communities are.

In Brington I drove around the village to see what I could see and found the church without a problem. The door was unlocked so I went in and soaked it all up. After looking around the exterior I drove around the village again and took some pictures, then hit the road for Little Gidding. When I got to Little Gidding I walked from the parking lot to the church and tried the door, which was locked. Within a couple of minutes a gentleman whose name I did not get, came from the Ferrar house and asked if I wanted to see the inside of the church. I of course said yes and he let me in and I told him that I was an Upchurch descendant. He was familiar with the name and asked that I come up to the house when I was done. I signed the guest book, took pictures and looked around. I went up to the Ferrar house and was greeted by a couple of ladies and was offered food and drink. All I needed was water (it had cooled off by then, but we had been having weather in the high 80's to low 90's and I was still a little dried out). The gentleman joined us and I told them all about why we were in England and what I was doing in Little Gidding. They Xeroxed a couple of things for me, one being a piece of paper about Michael U. which I think they had because they have an Upchurch room in the bed & breakfast portion of the house (I think you already know about that). Unfortunately it still had the version in which Michael came from Little Gidding. They also had a copy of the Belle West book and some issues of the Upchurch Bulletin. I told them what I could remember about

7

David Ransome's research and what was in the Upchurch Bulletin regarding Michael coming from Brington. I don't know if what I told them was believed or if it was overwhelming or if it burst their balloon or what. What I do know is that since we know the connection between Michael and Little Gidding isn't what it was thought to be, we should try to set things straight, otherwise the wrong story will keep perpetuating itself. Would you be willing to send the correct info to the Ferrar House? It would probably only take a letter of introduction and a copy of the England sections of volume 15, #4 and volume 16, #1 of the Upchurch Bulletin. I think it would have more clout if it came from you instead of me. If this is something you don't want to tackle, let me know and I can send the info to set them straight. One other thing, they were not aware of the window in the church that was replaced with the endowment from one of our cousins.

To continue with my story, they were very kind people. We were talking about our travels in England and they gave me a spare copy of Bill Bryson's book, *Notes From a Small Island*. Here I am a total stranger and they're giving me things. If you haven't read it, I'd recommend it. It's about his travels through England and it's hilarious. One of the ladies was an Upchurch, but I was a little overwhelmed by everything and I needed to get back to Ely by noon, so my addled brain didn't think to question her about her ancestry. They also pulled out a couple of phone books, both having about a dozen Upchurches in them. I think one was for Huntingdon, but I don't know where the other one was from. They also Xeroxed a copy of a report from I think they said a former pastor/priest/minister of the church who had written about Upchurch people of the past that he knew of. Unfortunately I didn't notice until I left that one edge of the notes is chopped off, but I think it's still readable, although his handwriting isn't very readable. I haven't had time to really study it so I don't know how it might help you or David Ransome, but I'll send it along also. That's about all I can recall of my encounter with the Little Giddingites.

One other thing on the same line that I'd like to ask you about. There is a web site that I have used extensively in the past called GENFORUM. There are other genealogical web sites that I have used, but I have found that many people use this site. It's address is <http://genforum.genealogy.com/>. It's for sharing info and asking questions about ones family. In the Upchurch page I have done a search on "Little Gidding" and found a few postings that have Michael coming from Little Gidding. I also searched on "Brington" and there were no postings, which means the findings of David Ransome are not getting out to the masses. Can I assume that you feel comfortable enough with David's findings in the Ferrar Papers and his other research for me to add a posting to GENFORUM that tells the Brington story? I'd like to do a condensed version with references to the various UB's that have the correct info in them. I know from the UB that you don't consider yourself a "computer person", so I can do this or if you would prefer, you can write something up and send it to me and I can post it in GENFORUM. I feel that if we don't set people straight wherever we can, whether it's the Ferrar House or web sites such as GENFORUM, the Little Gidding story will continue on for all time.

If you feel that you want to contact the folks at the Ferrar House, you can either go to their web site at <http://www.ferrarhouse.co.uk/> and click on "contact" and use their

THE UPCHURCH FAMILY

The four guest rooms in Ferrar House are named after four families who were connected with the Ferrars.

There is a large family of Upchurches living in the United States who are all descended from one, Michael Upchurch. Very little is known about his early life. His family lived in the Little Gidding area and were associated with the Ferrars.

Michael emigrated to Virginia, probably in 1649 or 1650, perhaps through the influence of John Ferrar who corresponded regularly with members of the Colony. John's nephew, Richard Collett, was already in Virginia, having gone there sometime before 1642. There are records of Michael Upchurch in the area where Richard Collett seems to have settled.

There are three letters in the Ferrar Papers from Michael to his family and friends at Little Gidding. One of them, dated May 4th 1652 to his father is addressed to Little Gidding. In this letter he says "I sent to Mr. Farrer 8lb of principal good tobacco for his owne drinking (!) and a half dozen of Indian Pipes and a box full of tobacco seeds and I sent to Mrs Virginia Farrer [John Ferrar's daughter] a muskrat skin two musk codd's an Indian basket two woodpeckers crownes wch were redder than any scarlet and with all I sent a paire of flying hart's hornes and a pair of burds hornes and pease of mine several sorts and beans of all colors wheate and Indian corne of all sorts and I sent some heavy earth and a peece of fullers earth and as concerning the Indians makeing of bowes and arrows they make there bowes of Locust and there arrow heads bee of glass or else from turkicock spurs or tipps of deer's hornes and they do gett glasse from the English and make tryangle just as this mark is and they did not cut it with diamonds only with a conee knife or pipple stone and as concerning mettles I am ignorat there is a diverse sorts of mettle stones but I cannot gett any because the Indians are at war one with the other but I shall promise some against the next yeare. however I know not how to make Mrs Farrer amends for all her manifold favores bestowed upon mee howsoever I shall remaine very thankful for her kindness".

We often have the pleasure of welcoming members of the Upchurch family. One of them was staying here when we were deciding on the names for the guestrooms.

Don Tavy

The Earliest reference to Upchurch at Great Gidding is a purchase of Thomas & Elizabeth V from Titchmarsh 21/6/1742. Thomas is listed as a Watton Tenant at Great Gidding in 1748. The earliest register entry at Great Gidding is a marriage later than 1772 and the earliest register entry at Steple Gidding is later than 1813. There are no surviving entries at Little Gidding.

There are registers from 1564 at Great Gidding from 1571 at Steple Gidding and from 1662 at Little Gidding. The period of the civil war is missing from these and from nearly all English registers and therefore it cannot with certainty be said that no Upchurchs were baptised, married or buried in the Giddings during the period in which you are concerned.

Some names of Fever servants survive in the Magdalen papers but these do not include the name Upchurch. No Upchurch's signed the Protestation return of 1641. ⑪ ④

Some servants are mentioned in the Magdalene correspondence but none of them are Upchurch's. None of the pupils are mentioned directly tho some are mentioned indirectly and do not include Upchurch's.

Some Comments on this West. Page 14 "outer cover perhaps missing" - surely not. The cover shown has the sealing wax still in place and is obviously the outer cover.

John Fever was an obliging and out spoken man. It does not necessarily follow that the Upchurchs for whom he was acting as intermediary lived at LG at all.

There are many late Hychurch entries in Thurny
 hunting & Glutton from 1715 onwards. The only
 parish I have of with early entries is

Dear Kevin,

In my letter of 26 SEP 05 to you I commented briefly on your letter of 22 SEP 05 and promised to get back to you again. Here I am - a little later than I expected.

In the meantime I had an extremely productive family history trip of 10 days to NC, MD & VA. A lot of material was collected which now takes a lot of time to process. Along the way I have been improving my computer keyboard skills. My target is to be on the Internet early in the new year.

We are now dealing with Thanksgiving and will
getting my children & their families (12 of us) together
for a couple of types of family celebrations in North
Carolina 13-20 DEC 05.

In the meantime we are trying to put out an issue of the U.B. It will present data collected by Ransome which we had to defer publishing due to space considerations. This will bring us up to date on Upchurch work in England and place us on what I call a "maintenance schedule"

2-

I am back to your letter, for which I again (14)
thank you for its thoroughness. As soon as the
next UB issue is complete I will send Ransome
a copy - as usual. At the same time I will send
him a copy of your report of 22 SEP 05 with
attachments. I will ask him if he will be
willing to contact Little Gidding and to set the
stage for them accepting a brief Upchurch
Document which I will ask him to propose
on our behalf. I will also ask him to set the
stage for me to send them gratis selected UB
issues

You have helped us set all of the above in
motion and your effort is much appreciated.

There are many more things we could relate
to the Upchurch Family in England and in
America. Please feel free to return to any such
matters that hold special interest for you and
for which there is a prospect of mutual interest.

I am in favor of keeping up the momentum.
The more workers we have in the vineyard
the better

Our best to you & your wife.

Sincerely yours
Phil Upchurch

Dear Kevin,

Thank you for your delightful letter of 22 SEP 05
which arrived in the mail a few minutes ago.
I have read it quickly and want to give you
at least an abbreviated response. The reason is that
I am preparing to leave early tomorrow morning
for a 2-week family history trip in the East.
Still have a number of must-do items to get
ready.

Please do proceed to put something on the Internet to square away the Little Gidding - Brington-Upphams story. [I still feel there could have been additional connections between the Ferrars, Collets, etc as they lived close by each other in Sunny Co, VA. Still that is all hypothetical].

If your time schedule allows I'll be glad to review anything you write after I return on 10 OCT 05. Also when I return I'll go over your letter and write you again. There may

be some delay as I'll bring back lots of detail to process and will face accumulated issues on the home front.

I'll be happy to supply gratis any UB issues needed for Little Gidding. It would be great if you would write to them. I am pretty sure the window issue was addressed in at least 2 UB issues.

I can report that I have taken baby steps to get into the computer world. However, it will no doubt be well into the New Year before I get to the Internet stage. So far I have a new computer and a desk at one of my son's business sites about 8 minutes away. Over the last months I have learned to use all letters on the keyboard with out looking - a task I assigned myself. When I get back I'll start writing letters on the computer to improve my skills while doing something useful. Then it's on to more computer functions. I have a new digital camera which downloads into the computer. I saw my first pictures on the monitor this morning. Two of my son's employees help

we keep moving ahead. Just the picture aspect (17)
will take a lot more learning.

I am greatly pleased with my progress
on the computer so far. Still, it is hard
to grasp how I can keep every other
project going as the wonders of the computer
world demand my attention.

Sorry about the rushed and incomplete
response. Very pleased you and your wife
had a good trip.

Sincerely yours

Dear Phil,

It was good to chat with you. I haven't thought of any more questions to ask you regarding England. If I do I'll give you a call when you get back from your vacation. Enclosed you will find a check for \$35 for the three UB's that you sent plus the four that I requested from you over the phone. They were vol. 15 #2, vol. 15 #4, vol. 16 #1 and vol. 16 #2. Will this keep me on the distribution list, or is there something else I need to do?

I forgot to tell you, I inherited some older UB's from the 1980's and 1990's. I was at a family reunion in June in Clinton, OK for the descendants of Strickland Upchurch. Unfortunately there were only 10 of us there. I didn't quite get where they came from, but one of my Mom's first cousins gave them to me, knowing that I am into genealogy. I think she said she got them from another cousin. Whether he passed away or was just getting old or what, I don't know, but I am glad to have them.

I guess that's it for now. I hope you and your wife have a wonderful and relaxing time in England.

Best wishes,

Kevin Burton

Good luck in NC. I assume you will be working on family other than Upchurch? In August Kathy and I will be driving to Oklahoma for a Strickland and Roxie (S&R) Upchurch cousins reunion. I believe you had contact with one of S&R's children, Alma Butler. Well, her daughter, Virginia Erickson, has been heading up the reunions along with a twice a year letter writing round robin (us cousins each write a letter and send it to her, she then copies them and sends a set to each of us). We'll be camping along the way and may go as far as Arkansas. Probably no family research, but we might visit my Aunt Ann (Mom's sis and G-daughter of S&R). I don't know where in Arkansas we're going but I would like to stop in Morrilton to get a better photo of the headstone of my GG-grandfather Patrick Bogan Upchurch.

Good to hear from you again. Best wishes and travel safe.

Woohoooo... guess what I found!!!!

While searching and looking for information on Michael Upchurch, I, I've run across something pretty interesting. We still need to do more investigating to prove it all, so I thought I'd enlist your keen observation powers!

In the endorsement of Ferrar for the first letter written by Michael in 1650, it is noted that he *lives neere Cussell Creek nor far from Warrisqueke by Mother Bennett's plantation* [Isle of Wight County]. That particular location has not been identified as far as I can tell reading all the *Upchurch Bulletins*. I think though I may have found where he was talking about.

There was a widow Alice Bennett whose plantation was known as Warrascoyack. In April 1644, she bought 150 acres of land between Castle Creek and Cypress Swamp. Another reference is made to her in 1644 as Robert Lawrence buys land located on the *eastermost side of Lawnes creek adjoining the land of widow Bennett*.

Alice, as best I can determine, was the widow of Robert Bennett, son of Edward Bennett. Edward, of London, obtained a patent from the Virginia Company to establish Bennett's Plantation in 1622. There's a plethora of data on these folks!

I pulled a bunch of info on these folks trying to determine if I was on the right track. There are several references of a Castle Creek that appears to meet or merge with Quarter Spring. Both those names are listed in numerous descriptions of land transactions. It looks like this would have been in the northeastern part of Isle of Wight County, near Hog Island in Surry County. Reference is also made to it being near the town of Smithville, Virginia.

Doesn't this sound plausible? I do feel I've made a good find to solve the confusion about *Cussell Creek*! If you look at the handwriting where it's written, it actually looks like it could be *Castle* or *Castile*.

Cool!

Nov. 27, 2006

Dear Phil,

I hope your Thanksgiving celebration went well for your family. Ours was wonderful. We rendezvoused with my wife's family in Bend, Oregon where her sister lives and had a great time.

I have a couple of things I would like to run by you. The first is in regards to the enclosed titled *Our English Ancestors*. Cousin Mae Cox asked me to write up something for her Upchurch-Davenport book about Michael Upchurch, our English ancestor's, and Little Gidding vs. Brington. She didn't use it as I had written it, but that's fine since I needed to write it out anyway to put out on the internet. I had brought that up with you via U.S. postage some time back and you asked me to go ahead and get something out on the internet to help curb the belief that Michael came from Little Gidding. Unfortunately I have not done that yet, which is why I'm writing to you. I am hoping that you can spend a few minutes to read what I have written and edit it where needed. If you can write any corrections in the border and return it to me I would be very thankful. I would rather not add to the confusion by putting false information on the internet.

The second thing I want to bring to your attention is the enclosed e-mail from Mae Cox. For the second edition of her Upchurch book she is removing her Davenport relatives and making it strictly an Upchurch book. She is trying to add more detail to this edition, therefore she is doing a little more research than she did for the first edition. She started looking at the place where Michael lived when he wrote his letters, Cussell Creek. If memory serves, Dr. Ransome thought that Cussell Creek may have actually been Gussell Creek which could have been a phonetic way of spelling Goose Hill Creek. That all sounds plausible until you look at what Mae has found. I'll let you read her e-mail instead of repeating it all here. We are both wondering if you have ever heard anything about a Castle Creek? I have tried the USGS web site and found nothing on Cussell, Gussell, Goose Hill or Castle Creek in Isle of Wight County or Surry County. There are some variations of Castle Creek, like Rock Castle Creek, in other counties. This tells me that either it didn't exist with those spellings or it no longer exists due to modern construction eliminating it, a name change or who knows what. We are also wondering if this is something that can go in the *Upchurch Bulletin* asking cousins, especially those in Virginia, if they know of a Castle Creek in Surry County. I don't have all of the past UB's, but in the ones I have I don't recall seeing anything about the exact location of Michael's farm. If Castle Creek, or whatever it is called now, can be located it would get those who are interested one step closer to finding Michael's homestead.

Best wishes,
Cousin Kevin Burton

Our English Ancestors

For many years, and even up to the present, many in the Upchurch Family thought that Michael, our first Upchurch ancestor to immigrate to America, arrived in Virginia in 1649 from the small village of Little Gidding, Huntingdonshire, England. This belief was based on two letters from Michael which were published in the 1972 book *Upchurch Family* by Belle Lewter West. The two letters were found in a collection called the *Ferrar Papers* which are housed at Magdalene College in Cambridge, England. In 1991 Professor David R. Ransome, while studying the *Ferrar Papers*, discovered a total of 4 letters from Michael.

Ransome's translation and interpretation of the letters was published in the *Upchurch Bulletin* in 1994. With this report from Ransome and commentary from the editor of the *Upchurch Bulletin*, Prof. Robert Phillip Upchurch, we now have a new and clearer view of where Michael came from, when he arrived and how life was for him and other colonist of the time.

In the first letter from Michael to John Ferrar of Little Gidding, Huntingdonshire, England, Michael's parent's names were not mentioned, but Ferrar did write an endorsement to go with the letter that states "his father Richard Upchurch at Brinton by Old Weston in Huntingtonshire." From this letter and other records from the 1600's that Ransome has thoroughly studied, both he and Upchurch have made the logical assumption that Michael and his parents were actually residents of Brinton in Huntingdonshire, a mere 5 miles from Little Gidding, prior to Michael's emigration to America in 1638. Ransome also warns us that Ferrar may have been wrong about the name of Michael's father. Richard may have actually been William. In later reports from Ransome published in the *Upchurch Bulletin* it would appear that he is leaning more towards Richard being Michael's father. Furthermore, Ransome's research has uncovered more than one possible Richard, and he reluctantly states "that there is at present no way of deciding definitively the question of Richard Upchurch's ancestry." Ransome goes on to say that two of the choices are from the Godmanchester Upchurches or from the Great Gransden Upchurches, although he may have come from another group of Upchurches yet to be found.

Sadly, what this means is that the family tree appearing in Belle West's book dating back to about 1450 and showing six generations of ancestors prior to Michael, is possibly not correct as proven by Ransome's extensive research on the Upchurch family's behalf. It is hoped that sometime in the future the final piece of the puzzle of our English ancestry will turn up.

Your letter of 27 NOV 2006 arrived yesterday and I will give a quick response. I think it is great that you are moving ahead to get something on the INTERNET to counter some key misinformation about our Upchurch heritage. At some point I will have a presence on the Internet - but for now I am just trying to master the EMAIL process.

Enclosed is a copy of your article with three minor changes suggested:

- "COLONISTS" - To make plural.
- "ABOUT" - we don't have exact year of arrival but 1838 is a good estimate based on known facts
- "MOST LIKELY" & not - "Possibly" seems to leave too much room for the West tree to be right. I am inclined to use the word "certainly" "must" but maybe that is too strong.

You can use these suggestions or not as you see fit. Your write up is excellent and should help slow down the circulation of misinformation.

I will provide below two additional items which you may use or not as you see fit.

"Another common misconception is that our American Upchurch ancestors trace their heritage back to the town of UPCHURCH in England. This town is just west of Sittingbourne in Kent. Proof is yet to be found that a person with the last name Upchurch ever lived in this town."

"One of the letters Michael Upchurch wrote back to England in the 1650's reveals that he has married FRANCES but her maiden name is not given. Unfortunately, American researchers in the 1950-1970 era concluded she was nee Frances DELKE. More recent input from competent ~~family~~ historians of the DELKE Family provides strong evidence that there was no female Delke available to have married Michael Upchurch in the ~~1635-1655~~ 1635-1655 era.

Thanks for sending me the Mae Cox input re COSSELL CREEK. This is indeed interesting and I will enter the details & even reference them in my files. However, I am not very knowledgeable about the facts associated with our Upchurch heritage in Surry Co, VA in the 1600's. I have simply taken what other researchers have provided and incorporated their information into my system. I have never tried to organize, supplement or otherwise delve

into their words. This very much needs to be done and I hope you, Mae and others will help reveal more about this part of our heritage. I am willing to make quick reads of what anyone else finds or proposes and will make suggestions if they can mostly come off the top of my head. However, the many unfinished projects at hand and the increasing involvement with cooperators by EMAIL (JOY, JOY) make it inadvisable for me to commit to the Colonial research effort at this time. I hope you will understand and that Mae will not be discouraged at my being unavailable to be a vigorous collaborator in research leading up to her new book in the Upchurches. If I could provide her the help she desires I could write my own Upchurch book which is on the "to do" list but keeps getting pushed back.

In the best of all worlds I would be getting this to you by EMAIL. My confidence continues to grow but the habit of 70+ years of putting pen to paper does not go away easily.

With Appreciation.

Sincerely yours

Phil Upchurch

Dear Cousin Helen,
Your letter of 4 NOV 2006 and check for \$20.00 is at hand for which I thank. My files show that the DEC 2005 date is correct for our last correspondence. I would have included a form letter in UB V27^{#1} which you received from our mailing of 31 MAY 2006. Part of your \$20 will be used to pay for that issue (10). The other 1/2 of your \$20 will be considered prepayment for V27^{#2} which I must write in the next 2-3 weeks. So you are "caught up".

caught up".

I have had recent contact with Cousin MAE COX and have given her some input. She asked for more help on her first edition than I could offer. I am glad you are helping her with the 2nd edition. I asked to buy a copy of the 2nd edition and she said she would send me a copy.

you do have my permission to use any material from the UB's & ENGLANDERS that you need. All I would ask is that you give credit. You need not ask permission from Ransom to use anything of his that I have published although it would be nice to give him credit as well.

you mentioned being a "gatherer". Actually that

is a good description of much of what I have done over the years. I have always done some "research" (33) but the key role I have played is to get information on the Upchurch Family members as from published documents and to create an organized body of Upchurch Information. However, in the last 3-4 years my increase focus on my own direct line has led me to do much research on the community in NC where I grew up. It is called RANAKATTE. This effort is headed towards a book. At the same time I am trying to stay in touch with the broader Upchurch Family.

It is always good to hear from you and I am pleased that you are now getting back to matters Upchurch. My big challenge for the immediate future is to start setting things aside so I can begin to write UB Vol 27th 2. The holidays are almost upon us so it all has to be accommodated. The year 2006 has been great for us so far and we look forward to 2007 with great expectations. We trust the same is true for your household.

With Appreciation and All Best Wishes.

Sincerely yours

Dear Cousin Phil,

I hope this finds you and your family all doing well. I'll just get right down to business. I can't seem to find your last letter to me or maybe we communicated so long ago that I'm confused about when your last letter was. I have one from you from Dec. 2005 but I thought there was a more recent one. The point is that I was thinking you had given me instructions on how to continue to receive the UB and I have procrastinated and haven't done whatever it was you had told me, or maybe I'm imagining the whole thing. Perhaps I even owe you money for Vol. 27, No. 1 which I have received. Shame on me if I do. I have enclosed a check for \$20 to pay for Vol. 27, No. 1 if I haven't paid you and Vol. 27, No. 2. If I have paid for Vol. 27, No. 1, then either put the other \$10 Vol. 28, No. 1 or put it in the research fund, assuming that there is one. I apologize if I do owe you money.

(34)

I have sort of backed off of Upchurch research most of 2006. Actually "research" probably isn't the right word for what I'm doing. Mostly it's gathering what others such as you have researched and putting it into a logical order as it relates to my branch of the family. What has drawn me away from my "gathering" is a community project called the Albany Brass Ring Project. As the name implies, it's the building of a carousel with me and other volunteers carving the menagerie of animals for it. I've never carved before, so it's been fun learning to do so. I am now starting to get back into my Upchurch "gathering" and this is all thanks to cousin Mae Cox. Her G-grandfather, Charles Wesley Upchurch, and my G-grandfather, Strickland Asbury Upchurch, were brothers. She finished a book earlier this year about her paternal ancestors, the Upchurches and Davenports and has now decided to break out the Upchurch family into a new book. Due to space limitations she had left much Upchurch info out of her first book and decided that it could make a new book all by itself. She has been e-mailing me with questions and has asked me to take a critical look at her first Upchurch book. This of course has gotten me all fired up to make that final push to get my gathered info put together into a book. Much of it will be the same as hers, but with my slant on it with more documents and photos.

UB. P. 8.06

If I can keep myself focused I might need a little help here and there. Would you mind if I occasionally call or write with questions. I'll try not to pester you too much and will use Mae's book and past UB's to guide me as to what to include. I've never written a book before and am not sure yet what I need to do as far as references go, but I do know that if I use anything from the UB I need to get your permission. Actually I think you have already given me permission, but that was probably a couple of years ago. So, can I get your permission to use bits and pieces of the UB in what I write? I will of course find the proper way to reference your material so that you get full credit. I believe that is very important since you are the one who has done all of the leg work. I will also be writing to Magdalene College to get permission to reprint the letters and to ask about photos of the letters. David Ransome gave me the address and had mentioned that it is possible to get photos. Another question for you is do I need to get Dr. Ransome's permission to include his interpretation of the letters that was in the UB or are you the one to ask for that? I'm probably making too big of a deal out of this, but I want to do what's right.

Well, I should probably let you go for now. Best wishes for the upcoming holidays.

Dear Phil,

I received your letter and was glad to hear that your trip to NC, VA and MD went well. I'm also glad to hear that another issue of the UB is in the works. And furthermore, I'm glad you'll be getting onto the internet. Is there an official Upchurch Family web site in the future?

What a coincidence, I received an e-mail from the Ferrar House in Little Gidding the same day that your letter arrived. In your letter of Sept. 26 you said that you were going on a trip and had other commitments and asked that I go ahead and write to Little Gidding regarding Michael Upchurch's relationship with that community. I did that which is why I received the e-mail from the Ferrar House. I'm enclosing a copy of my letter to them (Oct. 29, 2005), their e-mail response (Nov. 22, 2005) and my e-mail response (Dec. 1, 2005). As you can see from my letter, I did send them copies of pages from the UB. In your letter of Nov. 19, you said that you will contact Dr. Ransome and ask if he would be willing to contact Little Gidding. Even though I have already given them the information they need to get the story straight, it would still be a good idea for Dr. Ransome to contact them, but I'll leave that up to the two of you to determine. The folks at Little Gidding did show me some issues of the UB that they had, but unfortunately I can't remember which ones they were. I asked for them to let me know which ones they do have, so if I hear from them I'll let you know.

Well, I'm fresh out of things to talk about, so I'll let you go. I hope you and your family have a wonderful Christmas.

Sincerely,

Kevin

PS, there is a slim chance that we will be moving out your way to Columbia, MO. within a year. My wife will be graduating (we hope) in June with her PhD and U. of M. has an opening that she is qualified for. You never know, it might happen. Oct. 29, 2005

Dear Wardens of the Ferrar House,

My name is Kevin Burton and I am a descendent of Michael Upchurch who left England in the mid 1600's. My wife and I were in England, visiting from Oregon, USA, so that she could do research on AWN Pugin and his church, St. Augustine's, in Ramsgate. We also took time out from her research to just be tourists and we thoroughly enjoyed ourselves!

I visited Little Gidding on the morning of Sunday, Sept. 11, 2005, driving from where we were staying in Ely. Upon arriving I walked to the church and a gentleman was kind enough to come from the house and unlock the door so that I may look around. I told him that I was an Upchurch descendent and he asked that I stop by the house before leaving. After exploring the church I walk over to the house and was greeted by two very kind ladies. The gentleman also joined us. Unfortunately I did not get any of their names. We had a nice chat about the Upchurch family and they provided me with copies of a couple of Upchurch items. They also showed me a copy of Belle West's book, *The Upchurch Family*, and some of Prof. Robert Phillip (Phil) Upchurch's publications, the *Upchurch Bulletin*. In our discussion I told them that the popular belief that my ancestor, Michael Upchurch, left for Virginia from Little Gidding in 1649 or 1650 was not correct, and that new research found that he had lived in nearby Brington before leaving for America. Actually, the "new" research was brought to Phil Upchurch's attention in 1994, but the word has not been spread very well. I have asked Prof. Upchurch to write to the Ferrar House about this, but due to his schedule he requested that I take up this task. I have enclosed articles from the *Upchurch Bulletin* (UB) that I think will explain everything, but I will give you the condensed version in the next couple of paragraphs.

Back in the early 1990's, Prof. David Ransome of Woodbridge, Suffolk was studying the Ferrar Papers at Magdalene College in Cambridge. While researching Michael Upchurch, who had written to the Ferrar's in 1650-51, he discovered a business card left by Phil Upchurch of the U.S. Dr. Ransome contacted Phil and asked if he had any knowledge of Michael Upchurch's ancestry and if he was interested in any information that he had (see UB vol. 15, #2). Phil replied that he was very interested, and from there a relationship was established that continues today. Phil, as publisher of the *Upchurch Bulletin*, hired David to research the ancestors of Michael Upchurch in England.

From the four letters from Michael Upchurch found in the Ferrar Papers and other extensive research, Dr. Ransome submitted a translation and interpretation of the letters to Dr. Upchurch for publication in the *Upchurch Bulletin* (see UB vol. 15, #4). Many other reports from Dr. Ransome have traced the Upchurch family in England. I have enclosed copies of the Ransome reports that were published in the *Upchurch Bulletin* that are pertinent to Little Gidding.

I'm not sure that the folks that I met at the Ferrar House were completely convinced that my story was correct. Considering that I was a stranger to them and contradicting what has been believed to be fact, I can't fault them for having

28

some doubt. But I feel that it is important to get the Upchurch-Little Gidding relationship straightened out for future visits to the Ferrar House by Upchurch family members. I realize that this could possibly result in a name change of the Upchurch Room in the Ferrar House. I have enclosed an article regarding a sum of money left by an Upchurch family member which was used to replace a window in the Church at Little Gidding (see UB vol. 23, #2, page 67). Perhaps this is a deed worthy of keeping the name of the Upchurch Room as is. Besides that, even if Michael did not come from Little Gidding, his correspondence to the Ferrar family seems to have been of some help in the Ferrar's interest in the Virginia Colony.

I will be very anxious to hear back from you on this matter. If you would prefer using e-mail, my address is below. I wish that I would of had more time while visiting Little Gidding and the surrounding area, but the short time that I was there will be time not soon forgotten.

Best wishes to all at the Ferrar House,
Kevin Burton

PS. Again, the three folks that I spoke with were very kind, and in fact they gave me a spare copy of Bill Bryson's book, *Notes from a Small Island*. I have read it and enjoyed it very much. Dear Kevin Burton

Thank you very much indeed for your letter of 29th October and enclosed papers which we have found extremely interesting. We have not only been interested in the correct version of the relationship between Michael Upchurch and Little Gidding but also we were not previously aware that the Ferrars had bought Little Gidding from John Ferrar's first wife's brother. This throws completely new light on the purchase of the property. We were also unaware of the exact size of the estate. So altogether your researches have been very valuable for us.

We shall make sure that the information we have on the Upchurches is updated so that in future people will learn the correct version. I am glad that you are happy that we should continue to call one of our bedrooms after the Upchurch family. In fact because of new fire regulations, all the doors with the brass name plaques have had to be removed. However we will continue to keep a brief account of the Upchurches connection with Little Gidding in their room. We are so glad that you have been enjoying Notes from a Small Island and will circulate it to others. It is certainly one of the most entertaining and perspicacious books about Britain that I have ever read. We look forward very much to welcoming you and numerous other Upchurches here in the future.

With best wishes, Tony Hodgson

Dear Tony,

Sorry I didn't get a reply back to you sooner. We were out of town for Thanksgiving and between my wife and son I haven't been able to get much computer time lately. Are you the gentleman who unlocked the Church for me so that I could look inside? I'm afraid I can't remember the names of the gentleman or the two ladies that I met that Sunday morning.

What a coincidence! the day I received your e-mail I also received a letter from Phil Upchurch who is the publisher of the Upchurch Bulletin (UB). I had originally asked him to contact you with the info that I sent, but since he had a very busy schedule and was heading out on vacation, he asked that I do it. I'm glad the information I sent was of interest. I didn't realize it had info on the Ferrar property. I guess I never really read the whole thing or maybe just forgot that info was there. I would consider Dr. David Ransome's research as very reliable since he has done extensive research on the Ferrar family.

In the letter I received from Phil Upchurch he said that he is working on another issue of the UB and when it is done he will send a copy to Dr. Ransome. At that time, Phil is going to ask David if he would be willing to contact the Ferrar House and also write up a "brief Upchurch document" to explain the relationship between Michael Upchurch and Little Gidding. I think Phil forgot that he had asked me to go ahead and write to you. Anyway, a write up from Dr. Ransome to replace the laminated page that was shown to me during my visit would probably be a good thing. I'll write to Phil soon to let him know what exactly I did send to you in case there is more that he thinks you might like to see.

I'm very glad to hear that the Upchurch Room will remain as the Upchurch Room. As for the book *Notes from a Small Island*, I did enjoy it very much and thanks again. It's now sitting and waiting for my wife to have enough time to read it before finding someone else to pass it on to. I wish I had the time and \$\$\$ to travel around England like Mr. Bryson did. I would very much like to visit England again some day and perhaps a stay in the Upchurch Room. Two weeks were not enough time for a visit.

My best wishes to you and everyone at the Ferrar House,
 Kevin Burton

PS, I remember that you have some issues of the Upchurch Bulletin. Can you tell me which issues you have in case Phil wants to send you more? No need duplicating what you already have.

Dear Cousin Kevin,

It was great to hear from you via your letter of 10 JUL 2005. Your trip to England will be exciting and you and your wife will enjoy it very much. If you can further our/your Upchurch interests that will be a bonus.

I will give you somewhat of a sketch of where we stand on our research in England in this letter. Perhaps you will then elect to give me a call so we can treat additional questions. I have plenty of cell phone minutes and can call you back if that is desired. Our schedule present some time constraints. You will be leaving 1 SEP. We will be in England 4-21 OCT. Our trip will not be an family history but rather it is more of a chance to relax and to see Scotland, Wales & Southern England.

We continue to use Professor David Ransome as our consultant in England and have published 20+ Upchurch Reports from him. Over the last

decade we have paid him \$20-30,000 but it has been worth it. If you want to get up to speed about what we have learned about the Upchurch Family in England our interactions with Ransome as published in the UB & in Englandia will be very valuable. However, the volume of information is very large. I note that you subscribed to the UB for 2000, 2001, 2002 (V 21-22, 23) and assume you have these. During the years 1996, 1997, 1998, 1999 I published a separate document ENGLANDIA which was entirely about Upchurch/England. Otherwise here is how the 'Upchurch' England story unfolds in the UB:

- ** V 15 #2 APR 1994 - Initial letters/exchange with Ransome.
- V 15 #3 JUL 1994 - 1 page re Ransome
- ** V 15 #4 OCT 1994 - 1st article by Ransome - Includes the 4 letters mutual to, I wrote back to England in the 1650's
- ** V 16 #1 JAN 1995 - 7 pages re England
- ** V 16 #2 APR 1995 - Input on Brighton England by Rev Kenneth Franklin
- V 16 #3 JUL 1995 - NO ENGLAND
- V 16 #4 OCT 1995 - NO ENGLAND
- {
- * V 24 #1 JAN-JUN 2003 - Contains letters/tables re England
- * V 24 #2 JUL-DEC 2003 - Almost all about England.
- V 25 #1 #2 - 2004 - NO ENGLAND
- * V 26 #1 JAN-JUN 2005 - More tables re England.

I am sending you herewith the 3 issues marked *. You can send me \$15 to cover the usual cost of them (as

if you prefer, keep them in exchange for what you (UB) have already shared with me). This leaves 4 issues of the UB that contain significant amounts of Upchurch/England. I have marked these **. They are \$5 each if you wish to order them. Then you are missing the 8 issues of Englandia.

About Little Gidding. We had some excellent Upchurch Researcher in the 1950-1970 era but they made at least two major errors. One is that they constructed a list of about 5 generations of ancestors for Michael U, I for which there is no reasonable information. This misinformation continues to circulate. Ransome has given us the real story insofar as it can be documented.

Another error is that they jumped to the conclusion that Michael U, I & his family came from Little Gidding because Michael's 1650's letters were sent to Little Gidding. It is true that Michael & his family may have had some sort of relationship (employer-employee??) with the upper class owners of Little Gidding - but the strong information is that Michael & his family lived in the village of BRINGTON. I had visited Little Gidding several times in the 1970-1990 era when we all thought that was the real home of the Upchurches. About 3 years ago we got to have a delightful visit to Brington.

Our work with Ransome has taken several turns. First he worked on documenting the immediate family of Michael & of his ancestors. After several years of this we shifted to documenting all of the Upchurch Groups in England down to the present day. Partial success has been made in linking these groups but the work is ongoing.

In UB V 24th 2 (enclosed) Pg 89 you will see Table 20 which summarizes the various Groups. This issue also mentions several blocks of information Ransome has supplied which I have yet to publish. of special importance is one more 3-Part Table. The next issue of the UB (this fall) should include most if not all of this material. Ransome continues to work for us but at a reduced pace. He & I have made an effort to find someone who would take the lead in our Upchurch/England Project - but so far no luck.

Enclosed are 3 pages I mailed out with the last UB.

At present Sallaine & I are in good health and enjoying life day-by-day.

All Best Wishes.

Sincerely yours

Phil Upchurch

Hi Kevin---

Thanks for your constructive comments on the recent UB issue and for your words of encouragement.

I have made the correction for the 1628/1638 error in my master copy. We proof and reread, etc but errors always seem to somehow creep in. Family historians must learn never to be comfortable with any given document but to have your own record subject to regular update. My Master Outlines and Biofiles are kept in this manner. They are designed to be traded and updated. Over time I have worked with hundreds of Cooperators in this manner but there should have been thousands--but then I would have been overwhelmed!

With regard to the production aspects I feel we have advanced over time but there are a variety of constraints. Technology keeps changing and Sallaine and I struggle to stay in the game. The latest issue was produced on a new Brother combined copier/printer and I now realize we used a setting which used too much ink. We are gradually learning about it's bells and whistles. Some of the articles are used as sent, or as available in my system or are reduced to fit available space. This means any given issue will be less polished than desired. In the present case I increased the page count from 40 to 60 to get as much as possible in. While I regret not having more polished issues and hope to do better what I have done so far has involved many thousands of hours and a couple of hundred thousand dollars of my own money. My pleas to have others pitch in with me on time or money have met with minimal success. There are a few exceptions which I really appreciate.

Thanks for your comments on the photos. In the past many were used as provided with us having little control over quality. Years ago we used a process called screen printing to enhance the quality of photos but it did not seem to help all that much.

With your interest I wish you were close by so we could confer on a more personal basis. With input from you and a few others like you we could have made a lot more progress and turned out a more polished product. Having said that I look back on 40 years of family history work with joy and satisfaction with hopes of a few more years to come.

Wishing you and Kathryn a happy and joyful Holiday season.

- An error was found on page 43. You say that Michael was born in 1624 and came to America at age 14 in 1628. I think you meant 1638.
- This is constructive criticism and I hope you will take it in the spirit it is given. I find page 43 much easier on the eyes than all of the other pages in the UB. I think you are using **bold** text on most of the other pages. Besides being easier on the eyes, not using bold text saves space which will allow you to print the info on pages 25 & 37 in the same larger font size as on other pages, making those pages easier to read for those of our cousins with failing eyesight. I suppose that it may also save paper and ink.
- I am very glad to see that you have now started using digital photos in the UB. They are much clearer than in past UB's.

Phil, I finally got a chance to read through the latest UB (V. 29 No. 1) cover to cover and realized that there was no mention in your Reference Materials section of a book recently written by a 3rd cousin of mine, Mae Cox, about the Upchurch family. I think you know of her, but I'm not sure. If you are not aware of her book you can contact her at mae@coxok.com.

She started with Michael and went down through the generations. She is more focused on the Southampton Branch and Harmon Clan, but it would still be good reading for any Upchurch. I have found it to be a very good Upchurch reference book.

Best wishes,

Hi Kevin--

Nice to hear from you. Thanks for your input. It is nice to have evidence that people actually read the UB.

This is a period of catch up for me. Several packets have been put aside and need to be attended to before they get too stale. I am getting good response from my website and have to work hard to respond to these valuable new contacts.

It's always good to hear from you.

Phil, have you ever looked at the Little Gidding web site? I just did a search for Little Gidding and found it. It's at <http://www.littlegiddingchurch.org.uk/index.html>. If you go there move your mouse over "Explore" at the left side of the screen and then click on "Interior of the Church". There will be a "?" at the east window in the middle of the photo of the church. Click on that and you can read about the Upchurch family. If you remember, after my trip to England in 2005 I asked if you would be interested in writing to the wardens of the church and the bed and breakfast to tell them of the error in regards to Michael coming from Little Gidding. I had told them of this but wasn't sure they really believed me. I think you were overwhelmed with other happenings and you asked if I could go ahead write to them. I did that and also sent copies of pages from the UB with Dr. Ransome's findings as further proof. I think I also wrote to Dr. Ransome to see if he wanted to weigh in on the subject. It's nice, but didn't seem right that they had an Upchurch room in honor of Michael when he didn't even live there. Now if they want to keep it as the Upchurch room in honor of Billye Upchurch Purdom, that would be nice. It says that the Upchurch family had lived in the Brington and Giddings area. I also see that Dr. Ransome is on their web site in the "Contact" page.

I also just went to the Ferrar House Web site at <http://www.ferrarhouse.co.uk/> and in the lower left you can click on something that says "View Our Rooms". For the Upchurch room it still says that Michael lived in Little Gidding.

I just saw this and wondered if you have seen their web sites. I have a feeling that you probably have already.

Hi Kevin—

Thanks for the tip on the two links. I have just found time to look at them and recall with pleasure my visits to the sites. The issues you raised will be explored with Professor Ransome and his wife soon. They are to be our house guests for several days next month. Having spent about two years getting started on Computers I am now encountering new ways of using the Internet almost daily. One has to stop and think about how to budget time. It is a joy and a challenge.

I am glad you were able to get to the Little Gidding people with input several years ago. Although they don't mention your name I can see the results of your efforts and for which thanks again. I also don't see my name as regards my role in getting the Billye Purdom bequest to them. Your "Sainthood" and mine will have to wait!

Hi Kevin—

Your email reached me in Florida where we are spending a month to catch some sun. I'll try to answer your questions from memory. I don't think there is any record of where Michael landed or of the name of the ship he came on. Since he was later found in Surrey County it has been generally been assumed that he landed in that area. As to the matter of how his way was paid the only information I know about is what appears in West's book. The information about being a head right and about being an indentured servant needs more interpretation. Possibly they are one and the same. Someone with a knowledge of Colonial history could help clarify that matter. I can't recall how Mae came up with the name of the Captain. That sounds like a very interesting lead. I am most pleased that you are digging into details related to Michael. This is a very neglected subject. If I find more when I return to Mo I'll let you know. Let's stay in touch.

FLORIDA!?!?! It's supposed to get in the teens here (Oregon) tonight - no cloud cover. Oh how I envy you.

Personally I'm thinking that if no one has found the ship he came on by now and where he landed, no one will. But, you never know, someone may find a long lost record and have our answers.

Have fun down south,

Phil, how are things out your way? We're fine here. I had arthroscopic surgery on my knee to repair some torn cartilage yesterday so am a little laid up right now and I'm trying to catch up on some things. I have a question that's been bothering me. I visited the local genealogical society library awhile back and found a book about Surry Co. by Eliza Timberlake Davis called *Surry County Records Surry County, Virginia, 1652-1684*. In it she mentions Edward Upchurch as follows:

Page 232. 2 Nov. 1661. Edward Upchurch, he moving, made Mr. John Peed and Peleg Dunstan to pay some sums of tob. by him indebted.. Wit.: John Ashton, Henry Tillary.

I have never seen an Edward Upchurch in any research that I have done. Could he be a relative of Michael's, perhaps a brother or cousin who followed him to Virginia? I suppose he could even be an uncle or a nephew. Do you have any idea who this Edward is?

Thanks for any help you can give me.

Hi Kevin—

The Edward to whom you refer has been discovered by several researchers and I have reported on him somewhere in the UB. I also carry him as a Missing Link. This one reference is the only time his name has surfaced. Lacking evidence to the contrary we have assumed that he had no children. It would be great to have more information about him and we should be alert to find same. It seems unlikely we will find more. Thanks for mentioning this to me. While we may not find more on Edward it is likely we will find other unknown or unappreciated facts.

Sorry to hear about your knee and trust you will be back in top form soon.

Hi Kevin---

In about a week I must create UPCHURCH BULLETIN Volume 28 No. 2. If you have any snippet of family information such as births, marriages, deaths, comments, questions or whatever that I might consider including please send me an email or a letter. A number of individuals are being sent this request to see if the electronic world can be used to augment our joint efforts to tell the story of the descendants of Michael Upchurch in America. I hope to place any inputs in the "From The Clans" Section in the Bulletin. It may be necessary to augment, and/or edit inputs for clarity or due to space constraints.

It would be a pleasure to hear from you whether you have anything to include or not.

Phil, good to hear from you. How's the transition to the computer world going? I don't have much to contribute, but here's a couple of things:

I just recently found out that my aunt Anna Elizabeth Dennis Barnes passed away in June of 2005. She was born in Temple, OK on Nov. 23, 1920 and the last I heard she was living in Broken Arrow, OK. Her parents were John and Emma Mae Upchurch Dennis and her lineage was Emma Mae, Strickland Asbury, Patrick Bogan, Allen, Harmon, James, John, Richard & Michael. My sister and I visited her in April of 2001 and we found her to be a very active, spry woman, still driving and active in Meals on Wheels. I didn't really know her very well, but my Mom and Anna were very close.

In Sept. my wife and I took a 3 week road trip around the U.S., going no further east than Chicago. One of the stops on our path was a Strickland Upchurch family reunion in Clinton, OK. There were only 8 Upchurch descendants in attendance along with some spouses. We all had a wonderful visit, drove by the "home place" and attended services at the Chapel Hill Methodist Church that Strickland and his wife, Roxie, and others had founded. We also visited the Chapel Hill Cemetery where Strickland, Roxie and other Upchurch family members are buried, including Strickland's brother, the Rev. David Harmon U. and his descendants.

As we headed towards Eureka Springs, AR, I convinced my wife that I needed to visit the Cleveland, AR area to get another picture of my GG-Grandfather's headstone. In April of 2001 my sister and I went on a genealogical road trip and while looking for Strickland's sister, Priscilla Upchurch Brents in the Lowder Cemetery near Cleveland, AR, we were very surprised to run across Patrick Bogan Upchurch's headstone. At the time we didn't know that he was buried there. It was dusk (and somewhat creepy in this run down cemetery on a dirt road in the woods in the Arkansas Ozarks) and I didn't have my camera flash attachment so as a result I have never been happy with the photos that I got. And, by the way, we couldn't find Priscilla's headstone. Fast forward to Sept. 2007 and there we were with a digital camera and plenty of daylight taking a picture of Patrick's headstone. The cemetery is still run down with many of the sandstone markers just stumps or not readable or just gone, which is why we couldn't find Priscilla's marker in 2001. This time, while wandering around, my wife found a somewhat new headstone for Priscilla and Pleasant Brents not far from her father, Patrick's grave. Someone had apparently added a new headstone for the couple sometime after 2001. On our way back to the highway I consulted a map that I had showing where Patrick's land had been and found that the dirt road we were on cut right through his property and in fact we were sitting right on it, perhaps close to where Patrick and Eunice raised their family. I didn't have an epiphany, nor did shivers run up and down my spine. It was just kind of nice to be there and see what my ancestors saw more than a hundred years ago.

Well Phil, that's it. I haven't done much of anything regarding genealogy for awhile. If you can use any of this for the UB feel free to edit it however you want. Have you sent this same e-mail to Mae Cox? She has become quite an Upchurch researcher and is coming close to finishing her Upchurch book. Her address is mae@coxok.com. I'm sure she would appreciate hearing from you.

Best wishes and I'm looking forward to the next UB. Do I owe you any money for it or past UB's?

Kevin
