## Kodak Gallery

Kim has shared photos with you.

You are invited to view my photo album at the KODAK Gallery. Enjoy! These are the photos I've selected so far to be considered for the Apex presentation. Of course, we'll choose only the best or most interesting. I think the Wm and Delilah Yates home is a must because of it's age and history. Same with the William Henry Miller Yates house. If you know of houses you want to include, tell me where they are and I'll go take pictures. I have several I need to retake anyway. I realized my collection of photos is sorely lacking in the area east of Green Level Church Road. I plan to rectify this and will have more pictures to add for consideration. If you see familiar houses and want to share information, it would be wonderful. Kim
