Dear Cousin Phillip,

Thank you for your letter of 4/6 with Mrs. Whitley's letter enclosed. I have sent it to my sister Barbara in Palm Beach who will be much interested.

Your research in desert legumes sounds fascinating. When we get back next year, we'd like to see Wallace's garden.

With all best wishes.

COMPUTER FILE

April 17, 1997

Dear Phil,

You have asked the most inept person for information about which his knowledge is exceedingly restricted.

I can give you these facts: I'm working on an Apple Power PC and using Netscape Navigator 2.02. I boot the program. It automatically dials the Netscape line. Under the Bookmark Icon, I pull down infoseek, type in the name "Upchurch" and sit back and wait for results. Enclosed are five pages which I took off at random in preparation for this letter.

If I read this information correctly, it indicates that there are 1184 Upchurch references on the network. It then suggested that I bring up the Alta Vista web pages, which I did and found that there were 3160 references containing the word "Upchurch. It listed 20, of which none seemed to be genealogical interesting.

What impressed me was that there are literally hundreds of Upchurch references. I suspect that many of them relate to family history. Also, I did not have time to look up the details of the British history.

You will note that on the list is good old Michael Upchurch, whose father was Richard Upchurch and whose mother was Frances Ingersoll. It is absolutely and totally amazing to me to find all this stuff on the computer network. Good luck to you on your literary efforts. I'm trying to do a book on the 1979 Prayer Book but the going is arduous and slow.

With all best wishes.

Sincerely,

*Charles Harris*

Dear Cousin Phillip,

I'm sure that you already know all about this but in case you do not I stumbled on three single spaced pages of British Family History of Upchurch's on the InterNet under the general rubric of genealogy.

Unitl yesterday, Arizona was filled with bright sunshine, blue skies, and white fluffy clouds. We've had a day of welcome rain but it sure messes up golf.

With warm personal regards.

Sincerely yours,

Dear Cousin Charles,

Thank you for a delightful lunch at the Desert Forest Club on 25 FEB 1994. The setting was most pleasant and the company enjoyable. It was nice of you to treat me and to include Bill Bowman and my colleague Matt Johnson. Matt operated my Desert Legume Program on a day-to-day basis and is a fine young botanist. We delved some plants to Bill and then had a nice visit with Mr Malloy. I was able to convince him to increase the 1994 Malloy Genetic Foundation support for our legume program from \$20,000 to \$25,000. It was a good day in many respects.

It was nice to discuss our mutual heritage in Raleigh, NC and especially as related to the Odd-Husidale House. The book "Fall of the House of Husidale" is relatively short so I have reproduced it

and provide a copy herewith which you may retain. I feel that the "Upchurch" aspect of Raleigh history is often left understated. In the case of this house the connections was that the original owners were Mr & Mrs William Henry Dodd. W.H. was Mayor of Raleigh and his wife was nee Roxanna Margaret Upchurch, your great Aunt, being a sister of your Grandmother nee Florence Caroline Upchurch. The relationship of Ernest Haywood to your family or related by you was most interesting.

Charles, if you do get a lead on other family members who are interested in family history, please let me know. I am always willing to add another active collaborator.

Please do come to Tucson on whatever pretext you can find. We would love to see you here.

☺ Sincerely yours  
Phil Upchurch

Many thanks for your renewal on the  
UB for 1994 and for your donation of \$10.00 to  
the Upchurch Research Fund. Such donations allow  
me to purchase important reference documents  
to aid in our family research effort.

The Upchurch family project continues to  
be very active with over 200 participants. It  
keeps me quite busy.

Our project on desert legumes continues  
and we now have plantings with Mr H. B.

I'll be up this winter to take a look and  
also hope to see an archiver project which  
I have heard is in course.

Dear Cousin Charles,

This is just a note to thank you for your renewal on the U B for 1992 and for your contribution to the Upchurch Beards Fund. We use these funds to buy books, place the U B in libraries, etc.

On another subject I had earlier mentioned the private desert garden of Mr. H. B. Wallace who lives near Carefree. I visited him on 26 NOV 91 and told him I would like to invite you and Mrs Harris to see his gardens. He readily agreed. If you are going to be in AZ and still want to see the gardens just drop me a line or call 602-621-7424 (office) or 602-742-2669 (home) and I will come up for the event "H. B." is important to my Desert Segume Program on my visit he agreed that the Wallace Genetic Foundation will support my program for a 4th, 5th & 6th year at the level of

\$20,000/year. This is very generous and very helpful. He may also help me set up a perpetual endowment to support the Desert Severe Program. I think I told you "H. B." is the son of Henry Agard Wallace, former U.S. <sup>vice-</sup>President and U.S. Secretary of Agriculture.

The Upchurch heritage effort continues to progress nicely. The UB is well accepted and I stay very busy in all my spare time processing data that comes from individuals located all over the U.S. I am looking forward to the time when more effort can be expended on Upchurch history.

With all best wishes for a Merry Christmas.

Suzanne has provided me a perfect set of details on the line of her GM Maggie Williams (Mering) Williams.

My University Wash now includes an exciting effort on desert legumes. This is supported in part by Mr H. B. Wallace, (through the Wallace Genetic Foundation). He lives in Rancho San Yacac just south of Caspe & has a wonderful desert garden. He is son of H. A. Wallace, Sec of Agriculture under Roosevelt. Thank you for your renewal on the U B for 1991 and for your contribution to the Uplands Research Fund. The Uplands Heritage effort is a major undertaking and all of the help we do get is appreciated.

Earlier this week I was in the coffee area visiting Mr H B Wallace. He lives in Sincuador (spelling?) which is just south of coffee. He has a very impressive private garden with a staff of four gardeners. He is the son of Henry Beard Wallace, Secretary of Agriculture under FDR. More importantly he thinks highly of the Desert Legume Program which I direct and is responsible for the Wallace Genetic Foundation giving me support (\$5,000 in 1989, \$10,000 in 1990 and \$20,000 in 1991).

Hope this finds you well

Dear Mr. Upchurch:-

I was glad to your recent notice about the U.pchurch Bulletin because your letter to me of last Fall was unaccountably mislaid during the period when my wife was undergoing surgery. I wrote to my friend Bowen Stair who had told you about me and asked him for your address but he did not reply.

If you will let me your questions again, I shall try to respond to them to the extent that I can here where we have a Winter home but none of the rather sparse family records which are in Virginia.

I did note from the Bulletin that you are a descendant of Nathan Upchurch as I am supposed to be and that my membership in the SAR is through him.

With all good wishes for your project, I am,

My wife and I were in Washington DC & in Raleigh, NC for a week of business/pleasure at the end of February. Had beautiful weather. Attended service & inspected the National Cathedral in Washington, DC. It was very inspiring. I bought a record of organ music as a memento but it is too technical for my enjoyment.

This is to acknowledge receipt of your payment for the 1985 Upchurch Bulletin and to thank you for your contribution to the Upchurch Research Fund. Such contributions are proving to be very helpful in accumulating the records which allow us to better understand our family heritage.

Just this past week we located the exact boundaries for two parcels of land owned in the Meason Creek Area by our common ancestor, Nathan U.I. One was a block purchased by him in 1788. The other was a block given to him by his father in 1794. More details will appear in the U.B. For now there is exciting stuff!

Dear Cousin Charles,

Thanks for your letter which arrived on 1 AUG 1983.

I have extracted the details and they fit nicely on the outline. It was great of you to ask your sister to send information. We are now complete as to details for your father's descendants except for some details related to your two sisters. We are still in need of correspondents for your aunts and under for which quite a few details are missing.

Re Vermont Register, I can report that Florence Caroline U did not have a sister who was a Register. However, Florence was the dau of William Clinton U and Adeline Susan Register. I assume that a brother of Adeline was the ancestor of Vermont. I keep collecting details on the Register of Raleigh but still do not have enough to identify the parents of Vermont.

We are now preparing Vol 4 No 3 of the Upchurch Bulletin and will send your copy to your VA address early in SEP unless we get directions to the contrary. Thanks for your help and please let me have other details if they come along.

Michael was the first (and only known Upchurch) to have immigrated to America. His family was connected with the Little Gidding religious community of England, a group formed by the saintly Nicholas Ferrar during the revolutionary 1640s. A letter from Michael to Virginia Farrar in 1649 is in the Magdalen College Cambridge Library. He settled in Surrey County near Jamestown, Virginia in 1649.

Dear Charles and Janet,

Only today have I found time to extract and cross-reference all of the notes taken when I visited you one month ago today. How time flies. I have written to Caroll Weather in Winston-Salem, NC and hope to hear from him.

It was certainly a coincidence that Keeble and I happen to develop an association after my visit to your home. She is a delightful person. It was most satisfying to learn that she is a strong supporter of the CAST organization. She wrote me that she has shown you some of the CAST materials. Also at the BARZONA meeting she told me of your agricultural interests in Virginia. I knew you had a home in Virginia but did not realize that you had serious agricultural interests there. When we next visit we should chat more about agriculture.

I am looking forward to the receipt of the letters you have at your Virginia home once you return to that part of the country. In the meantime there are some specific questions

2.  
you may be able to answer regarding your immediate family and line. They are:

- 1) For you and Janet:
  - a) when and where married?
  - b) Janet's full maiden name, birth date & place?
  - c) Full names of your children, their birth dates & birth places, marriage dates & places, full names of spouses with birth dates & places.
  - d) Full names of grandchildren with birth dates & places.
- 2) For your sister Florence Logan Harris
  - a) where married?
  - b) what does the "M" in her husband's name stand for?
  - c) Names of her children and grandchildren if any?
- 3) For your sister Barbara June Harris
  - a) where married?
  - b) Names of her children and grandchildren if any?
- 4) For your father - Charles Upchurch Harris, Sr.
  - a) where married?
  - b) Date & place of death & place of burial?
  - c) your mother's full name (I have SAIDEE WESTBROOK ROBBINS or ROBBINS), her birth place, death date, death place & burial place?

Any or all of the details requested will be appreciated.

Sallaine and I would be delighted to have you as guests for lunch and to show you our football home if you can arrange to visit Tucson.

Sincerely,  
Phil Upchurch

At Green Lodge in Green Lodge met a Mr & Mrs Stair resident of Tucson. Stair worked with the Bell System for many years - now retired for 11 years. He worked in Chicago for many years.

Stair knew Charles Upchurch Harris & knew especially his mother. He recalls a story in which Charles could not go to sleep in a narrow spot & he counted all the bathrooms & went to sleep when he got to 53. Point is that Charles was associated with wealthy people.

Charles went to seminary at Virginia Episcopal Church. Was an Pastor at Trinity Church in Highland Park Ill there 10 yrs 47-57. Then Dean at Seabury Western Seminary in Illinois.

Then retired. Worked for National Churches. Was President of some school in CA. In winter home in Carefree, north of Scottsdale & at a farm in VA 30 miles & in Ubelmette, Ill. at Com Creek.

Charles mother named - she was a widow & came to visit when Charles was Pastor.

Charles and Janet - she had a lot of money.

Stair says Charles Upchurch Harris can probably be reached at Carefree, AZ

Dear Dr. Harris:

For several years I have been working intensively on the Upchurch genealogy and have now about 15,000 Upchurch and related names. Last month on a short vacation in Greer, Arizona, I met a Mr. Stair who said he knew you in Ighland Park, Illinois, and that I might contact you at Carefree, Arizona. I am very anxious to exchange information with you about the Upchurch family. Could you drop me a line about your willingness to do so?

We are both descendants of Nathan Upchurch who was a Revolutionary War veteran. The Nathan Upchurch Clan has not been well documented and I am giving special attention to it. Our relationship is as follows:

Nathan U.	Burtis	William Clinton	Florence Carolina	Charles C.U.H.Jr. U. Harris, Sr. Robert Phillip
	Gilbert	Bartley Jefferson	Robert Jefferson	

So your father and I are 3rd cousins or as they say in the South, you and I are 3rd cousins, once removed.

I have a great deal of information about William Clinton U. and his descendants except that the section on your grandmother, Florence Carolina, is very sketchy. Perhaps, you could help fill this void.

My great Uncle, William George U. (brother of Bartley Jefferson U.) married Eleanor Marks U., the sister of your gm. Florence Carolina U. Bartley and William G. were in business together. William Clinton and William G. were also related in business affairs and both were prominent men in the affairs of the City of Raleigh. Their relationships need further clarification. William Clinton was very active in the First Baptist Church according to notes I have seen for the 1840-1860 period.

I was born and raised in Wake Co., NC. Presently I am Head of the Plant Sciences Department of the University of Arizona. The present assignment requires a fair amount of travel - including five trips to North Yemen this year. Also, I get back to NC about twice a year. On a recent visit I got a picture of William Clinton U.

Hoping to hear from you.

Sincerely yours,

Robert Phillip Upchurch

DEAR REV. CHARLES W. HARRIS  
CAREFREE TOWN ESTATES  
PO BOX 1444  
CAREFREE, AZ 85331

Dear Rev Harris

Many thanks for your letter of February 7, 1980  
and for your \$10.00 check for a one year  
subscription to Upchurchs Bulletin. The first  
issue should go to press in about two weeks  
and be available for distribution about  
March 1, 1980

Since my letter of November 12, 1979 to you has  
been completed it has been typed and a copy  
is provided herewith. I appreciate your willingness  
to help. Our William Upchurch has never  
been documented but I am now making  
excellent progress. Evidentially, her will is  
to appear in the first issue of Upchurchs Bulletin.

Provided herewith are the four sheets giving all  
I have on Florence Caroline Upchurch and her  
descendants. It is my understanding that she had  
14 children but I only have information on  
three of these and that is fragmentary. on  
these sheets I try to provide the following:

Name, date of birth, place of birth, date of death, place of death, place of burial, date of marriage, place of marriage, name of spouse, date of birth, place of birth, date of death, place of death, place of burial.

A sentence or two on the character of an individual is always appropriate for the form and any amount of detail is always welcome.

If you can help with any of these details, I will be most grateful. In due course I will share with you some more of the details about William Clinton Upchurch.

One of his daughters, Roxanna Margaret U (your great aunt) married William Henry Dodd who was Mayor of Raleigh, NC. About 1860

Roxanna and William built the now famous Dodd-Hensdale home in Raleigh. More details on that story are needed.

If you do happen to come to Tucson or would be willing to come we would certainly be delighted to see you. Since I come to Phoenix on business periodically it is possible I could drop by carefree.

Enclosed herewith are some extra flyers on Upchurch Bulletin in case you can find use for them.

Sincerely yours  
Phil Upchurch

Dear Florence:

I address you in such formal fashion in order that the gentleman who will receive a copy of this letter will have your address.

As you will see from the enclosed correspondence and accompanying papers, I have been in touch with Mr. Robert Phillip Upchurch, your third cousin once removed! He has spent a good deal of time researching the Upchurch family. So far he has uncovered over 15,000, all descendants of the first and only Upchurch to emigrate to these shores.

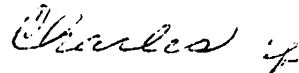

He needs much more information about the Harris clan than I can possibly furnish, and I suspect that you are the only member of the family who can supply it. Is it a project that would interest you?

I do have some of the information at Flint Hill, but we won't be there until mid-April.

We are having a nice winter, at least until now, warm, sunny days. I am still traveling a lot--once a quarter to Claremont to the Episcopal Theological School

Janet's new hip is turning out splendidly. She is able to walk for the first time in years, but still has a lot of pain.

With haste affectionately,

Charles U. Harris
