RPU REVIEW OF RECORDS IN BIOFILE OF ELB 6 FEB 2009

Her large file was damaged when her house flooded in 2001. As the papers were dried they became mixed and were placed aside until now. They have now been put back in order as near as possible and constitute a stack 8" high. I have not heard from ELB since 2001 and presume she is deceased. Her input concerned primarily if not altogether the George U Clan. It appears I have fully or at least substantially extracted her inputs. In any case I do not plan to expend further effort in extracting her records as my focus now turns to other Clans of greater interest. ELB was a highly valued cooperator. Her Biofile is classed as an "Oversized Biofile" and as such has been placed on a shelf reserved for such Oversized items (to save file drawer space)

Rec'd. your most interesting letter of 15 Jan. 2000. Sounds like your new home is going to be wonderful. I'm sure you and Salline will enjoy it. My daughter in Snellville, Ga. just moved into a new home - on the 15th hole of golf course. We haven't been down to see it yet. She is pretty well occupied with the full time care of her Quadraplegic step daughter who was in a terrible car wreck about 2 years ago (at the same time I had my pacemaker-defibrillator put in)

I'm sending you a CD - which has all my family files on it. It probably has dupl. of Bertram-Brake-Upch. by the young man who did my new computer (old one not big enough) also larger monitor & bigger print!) also faster.

The file you will want there is Bertram-Brake-Upch-2FTW

I have since deleted (put in waste basket - until I'm sure!) all the other Bert-Brake-Upch.

I have copied for you on floppy - Bert-Brake-Upch 3 FTW (AKA-2FTW) & 2 FTW-FTW. (original) I have both same info.

since added more info to this file from census and other info I have received. Hope I haven't confused you too much - you may know better than I how to get and use the information.

My best to you and Salline

Eleanor Bertram

I read 2 in case there is some thing wrong with one floppy

Dear Cousin Phil,

How quickly our lives change! When I had your last letter from Arizona, we were in the throes of selling our house (3 wks) final by Apr. 19th and here we are in Loganville, Ga. 13 mi from Cindy, and 40 mins from Michael in Athens. LeRoy wanted warm weather and I was in my 3rd bout with Bronchitis. I told him to call the realtor never dreaming things would move so fast. We are at Southern Plantation, 570 Tommy Lee Fuller Dr. G-B Loganville, Ga 30052-3949. Have met a lot of interesting people and are pretty well settled except for computer + stuff, need some strong arms to lift things. Grandson Chad went to Cozumel with a group of friends from here. Son in law Mac was off to Denver - Co. and Texas later Florida setting up offices with Engineers for Telephone Co. Our son Dan came from Denver to move us down, we had a lot of help from neighbors + relatives - packing and getting us to air port. Mac + Cindy flew us down + Dan drove the moving van with our car on a dolly. He did a very good job! He stayed until Sat and got to see the duplex we chose.

Since we have come, Louisa (Mac's adopted dau. by 14 mo.) has been in hospital almost 2 weeks pneumonia her second bout in 2 yrs. Cindy has taken care of her and did not have to have her hospitalized only this once. I think I told you she is quadriplegic from a bad car accident 2 yrs ago. They have her on oxygen also and I told her now we were twins. Did I tell you I have been on oxygen since Dec? A nuccina (sp) but necessary, I have found.

Well Phil you are probably getting ready to move into your new home soon. A lot of work but you + Balline will enjoy the change. Our best wishes to you both.

Cordially

Dear Cousin Eleanor,

Your huge, lovely family history packet & letter of 19 JUN 1999 arrived on 21 JUN 1999 - and I did open it right away as advised by your message on the packet. I had hoped to at least start on it before leaving for Wayne Co, KY. However, we leave tomorrow morning and time is getting short. The best I can do is to send you this acknowledgement and note of appreciation.

Thanks also for sending the note out to the six individuals. I realize you have posed several questions in your letter and I'll have to get to them in due course. When I do something on the George & Clara I have to have all my nuts about me.

It was great to learn that you are coming to grips with your medical problems. We have a whole raft of doctors on our

list nose - eyes, teeth, skin - etc, etc. From
time-to-time we have to pay them a visit.
It does take time - usually two days to
do just one thing. Fortunately all of
our problems have been made up to this
time.

You are fortunate to have interactions
with your children and grandchildren.
Like you we find the little kids to be
amazingly astute. Our son was three under
5 and they are all bundles of energy. Here
is a story we just heard on our 15 year
old granddaughters in Tucson. She went with
a church group to San Diego. She (Sandy)
went to the boys room and told them
they had to get up at 4:25 AM to go
see the sun rise over the Pacific Ocean.
The dummies believed her. She later called them
back and explained the situation - that the
sun rises in the east not the west. They
wanted to know if they still had to get
up at 4:25 AM. Sandy has big beautiful brown
eyes & I think the boys are just befuddled.
Sincerely yours
Phil

Dear Cousin Eleanor,

Due to an odd circumstance I am writing this letter to you from Tucson, AZ. Our daughter & her husband, who live here, decided to take a trip to Australia. It fell to us to come down and spend 29THAR - 10 APR celebrating our 3-grand kids - age 12, 16 & 18. It's quite a chore. We really did not have time for this but Sallaine said it was a family obligation we must fulfill.

The computerized records you sent arrived in fine shape and I thank you for them. Sallaine has not found time yet to see if the disks will work in our computer.

Several weeks ago I got right up to the point of working on the huge pocket you

sent in two parts last year, I did get to number the pages which is an essential step in such a project for me. As I recall there are about 700 pages. I don't know when I'll get back to it but I will.

As you can imagine from the last letter I wish our lives are now full of complications.

Our new house is well underway. The roof should be on by the time we return to Mo. I still have some financial details to arrange.

We spent about three weeks getting our house ready to sell. We rented a storage unit and hauled 6 pickup loads to it to declutter the house. Then Sallaine had to have everything packed for the sale. It sold on the 2nd day we had it on the market for 98% of our asking price. The closing is to be 30 June and we hope our new house is ready by then. The sale looks fine but you always keep your fingers crossed.

I still have a lot of negotiation to do with our farm operator and my hired helper and I have to plant 500 acres of soybeans starting in a week or so.

You can see that family history is having to take a back seat with me for now. However, one or more are getting sold we should be in great shape.

I hope all is well with you & Terry. Wrap me a line sometime.

Sincerely yours
 ☺ Phil & Sallaine

USB 9:3000
gift

Dear Cousin Eleanor,

Thanks for your note which arrived
12 JAN 2000. You need not pay for the
USB. I'll send it for free as a token
of appreciation for all that you have done
for the Upchurch Family History Project. Just
consider it like a letter from me. I
know health care can be quite expensive

It is very nice of you to place copies
of your records where others can get to
them easily. It is for the same reason
that I donate copies of the USB to about
25 libraries around the US. Also, I am
beginning to look for a place to put
all of my records down the road in
10-20 years. There are some places in
NC that might fit.

I would like a copy of your CD with the 8914 persons on it if it is feasible. Could you let me know how much this would cost. I would probably end up printing out a hard copy or that in the way I deal with most records.

Again, I must admit I am behind in processing records. This includes the bag pocket I got from you. Hopefully, I'll get to it soon. It is so big I have to have quite a bit of free time to tackle it. In the meantime I have been involved with several projects that help to make our records on the George Upchurch Class. Of the 22 Upchurch Class I probably spend more time on the one headed by George than any other single class. There are quite a few of his descendants that are interested - and you can take credit for some of that.

you will note that we are trying to simplify our lives by reducing our publication schedule from 6 times per year to 4 times per year. Now we are taking two more steps. I am negotiating with our 3 farm operators to take over the complete day-to-day operations of our farms as of 1 OCT 2000. I'll still be busy this season but after this year, if all goes well, I'll just have to go out and walk around on the land on rail days. That will be fun. Our other step is that we are contracting to have a new home built. We should move in about 15 JUL 2000. This will also eventually simplify our lives. All the outside work - grass, snow, roof repair, outside painting, etc will be taken care of by others. This will be only 10-15 minutes from our son and daughter. We will have only 2 floors rather than 3 floors to care for and we could live on the main level as it has Master bedroom + all the other stuff we need. The lower level

have plenty of room for our family history stuff. We see this house as our home for the next 10-20 years - but who knows.

I hope your bronchitis is better now. We mature people do have to make some concessions to father time now and then.

I do hope we can stay in touch as we both have invested so much time in family history work and have mutual interests. However, don't let me be a burden to you. Feel free to say "no" if a matter comes up you don't want to deal with. You have earned that privilege.

With All Best Wishes.

Sincerely yours

☺ Phil Upchurch

{ROBERT PHILIP UPCHURCH}

My Upchurch records for George U & the Wayne Co, KY Upchurch Group is growing rapidly. I now have a copy of all the obituaries on Upchurch which the Wayne Co, KY Historical Society has compiled - about 100 of them - and am in the process of getting them organized (another project 1/2 done). Also the Outlook newspaper of Wayne Co, KY now comes regularly. Also all correspondence for the George U clan now take an added interest to me. All this means your huge database and my huge collections are more & more fitting together. This is all very satisfying.

I'll get back to you later on the substance of your letter of 17 AUG 1999 and on the big packet of yours also waiting on my "to be processed" list

Sincerely yours

Open Letter Re: Upchurch Publications
November 24, 1999

An active program of correspondence on family matters will be continued. We may even get on the Internet - no promises!

Perhaps there will be time to finish the Upchurch Book which is now about one-third done - no promises.

I cannot express adequately the obligation we owe to all who have helped to document our Upchurch heritage and who have made extra financial contributions to speed this work. Continued input and financial support will be appreciated.

We will try this new approach for a year or so and see what happens. In closing I want to express publicly my appreciation for the long standing help of my dear wife, Sallaine, in all pursuits of Upchurch history. She would deserve the Upchurch Croix de guerre if one existed. Finally, let me hear from you all.

Dear Cousin Phil

I am sorry to say I cannot pay for my subscription - My Soc. Sec. is \$380. a month and my medical bills are now \$393.00 a month. I have had bronchitis twice in last month - they have me on oxygen now.

I have sent 2-4" in books with all my info to Wayne Co. last Oct ~~to W~~ with my husband's nieces & nephews. Also in Nov. presented the same to Rossville Ill. Hist. Soc. Have inspired several to start digging more on their families.

Good luck in the future endeavors.

local historical society. I'd have more interaction with her. Her ancestors have been in Wayne Co, KY a long time and include Bertrams, Hurts, Rogers, etc. Enclosed is a copy of her ancestral chart (see both sides). Also she got for me at the library a William Bertram b 1783 sheet-copy enclosed. I don't know if any of the interests you had could not resist sending same because of your Bertram connections.

Then Wayne Co, KY trip and the follow-up should set the stage for you and I to continue our very productive exchange - especially as I get through processing the two packets you have just sent.

I made a quick trip to the farm yesterday and the corn & soybeans are beautiful. As a fathers day "gift" my daughter Debby is going out with me today to walk over the farm. I'm taking a step ladder so she can climb up & look over the corn as it is now quite tall - and green.

All the best to you & Jerry

of course I'll send you copies of my Master outlines so you can have access to my material that is new to you - if you are interested in such. This will be done in batches over time. We can also devote some time to dealing with conflicts in our records. It is clear that we have a big job of sharing to do and that it will be productive for both of us. This is part of the joy and satisfaction of family history work.

Enclosed herewith are copies of pages 1 and 95 of your print-out. COMMENTS:

Page 1 - Belle met in her Upchurch book proposed Frances Belke as the wife of Michael U. I. Research since that time has shown that it is extremely doubtful that that is so.

Page 95 - The list of children of Elizabeth U & Thomas Bettschauer, Jr is new to me and I am pleased to have it. This family name is hard to follow because of the many spellings - see my enclosed sheet "Related Family Names" - The Moser U / Mary Swinn couple is not properly listed. You show Moser

as a brother of Sherwood U which is
incised. This Moore is a son of
Richard U and Moore + wife need to be
moved down under Richard's name
as I show on the enclosed copy of your
page 95.

I hope your move to Georgia works out
well. Please keep me posted on your current
address.

I would like to know more about the
Charles U in GA you mentioned. I assume
he is in Athens where I have 3 Yehudim
by the name of Charles.

The expenses you mentioned are well known
to me. Right now our computer is down
and holding up the production of U² Vol
18 No 4. The repairman came out but brought
the wrong part. We hope he will come back
today or at least early next week.

I'll be working away on your big, valuable
packet and hope to hear from you.

Thomas Bethshares

Notes

Thomas Bethshares was Administrator for the Estate of Michael Upchurch III when he died in 1795. I believe it was Thomas Senior who died in 1799, not a Thomas Jr. as he was not mentioned in the Chancery Court proceedings of the Children of Thomas Bethshares (Bruns, Order Bk. 18, 2-25-1799) Elizabeth, his wife, may have been a second marriage, or she could have been a widow of an Upchurch, as Ruth was his first wife, deceased before, 25 February 1786. Thomas Jr. he would have not been married long enough to have adult married children as designated in the Suit against John Bass and widow, Elizabeth Bethshares. It gave his children as follows: Ruth Bethshares; George Upchurch and Rachel his wife, late Rachel Bethshares; (daughter of Thomas and Ruth); Thomas Moseley and Tabitha his wife, late Tabitha Bethshares; Thomas Linch and Elizabeth his wife, late Elizabeth Bethshares; Patsy Bethshares; Jesse Bethshares. (male?); William Bethshares; Molly Bethshares; and Sally Bethshares. (This is an assesment of this family as I see it; Eleanor L. Bertram)

Bethshares has also been spelled, Breshears, Bathshears, Bashears, and numerous other spellings.

Phil, after I had sent you the Upchurch decendants outline, I had been puzzled by the information I had received on this family, and finally came up with the above solution. What do you think?

Elizabeth may well have been a sister of George Upchurch - or a widow of an Upchurch. I believe she was the one Thomas Sr. (found no Jr.) 25 Feb 1786. married

oh, I have not received any Englander & I can't afford to pay for them - having to cut back on a lot of things. That's if I'm doing these family books little money, and I'm not sure making any.

back and forth. People contribute whatever they can in time, resources or information. Occasionally we encounter someone who wants to take - take - take and give back nothing. Fortunately there are relatively few of these. What is more common is that many people are just not interested - or at least not interested enough to do anything. Even those people, in my experience, are willing to share their thoughts if you talk with them by phone or pay them a visit. Many people will say they will respond to a letter with questions - but most will not write. I get response to about 1 out of 10 letters. You know this experience.

Fortunately, there are enough of us who are dedicated to family history so that there is a lot of information to share.

With All Best Wishes!

Dear Cousin Eleanor,

Thanks so much for your letter of 6 JUL 1995 and for the copy of your book John Ramsey - Wayne Co, KY. This is a wonderful document and I have spent many hours working with it & cross reference your records with mine. I have assigned many new XID's which will appear in the upcoming U B. Your book makes a substantial contribution to family history overall - and especially for the Yelbunch family. I was also impressed with the clarity of the photos you published. I would be pleased to learn how you processed the photos.

When the title of the book mentions John Ramsey of Wayne Co, KY does this refer to John Ramsey, d 1781, John Ramsey, Sr b 1777 or to John Ramsey, Jr b 1807?

I am most pleased that you and LeRoy have regained your health. You have certainly had a series of trying experiences, Naming

recovered you must⁻²⁻ now place a high value
on being able to be active.

Your plan to prepare an Uphurds Book
is very good news. Let me encourage you

to share anything I have with you. As a

Dear Phillip:

I know you must have long given up on me. After getting LeRoy better after his retirement, I became involved with my Mother. She had several strokes and passed away in Dec. 1988. Then I had her property to run and dispose of. Took a couple of years to get that all under control. Then it was my turn! My arthritis became worse and my knees gave me so much trouble I was going to have them replaced, until a colon problem I had had for some twenty years became urgent. I had that done Mar. 1993 and then the knees were done in Oct. 1993. Lots of therapy and getting back to a normal life. That beats that wheel chair for a year and a half. I am fine now and enjoying doing things that I haven't been able to do for a long time. I say fine but I also have a congestive heart problem that I am dealing with. I told the Doctor, I don't say congestive heart failure, it sounds so morbid!

I have been doing some painting since last fall and have painted a dozen or so which I have given away. I have had bronchitis with broncho spasms, five times since last July. currently, i am fighting one for four weeks, and still not well. Went to Georgia last fall and stopped in Monticello, Ky. to do some more research. I found a lot more information. Then we flew down to Georgia (to see my two daughter and their families.) in Feb. and ist part of Mar. I got sick next day with bronchitis and ended up in hospital for five days.

After I got home and was feeling better, I started on this book on the Ramsey's. There are a lot of Upchurch's included and I tried to clarify their conection. I also intend to begin my Upchurch book soon, I have lots of information, its just getting it organized and typed up. I promise to do better!

If you have any questions, please let me know.
Hope you are happy in your retirement and enjoying the good life!
Sounds like you are busier than you were before.

Sincerely,

Eleanor L. Bertram

Some time off over the holidays helped me to catch up on genealogy but not completely. In any case, I have just finished processing the details in your letter dated 2 AUG 1990 and received 26 SEP 1990 and want to thank you for it. All the details have been extracted and properly recorded.

The relationships for Susan Arno Hughes and her two husbands and other other names are so complex that I have prepared a special sheet on them a copy of which is enclosed. Would you go over this and let me know if I have it all straight.

Also, I am enclosing the outline for Founda U (XIP-428) and her family including follow-on entries 21 and 22. Please let me have any corrections, additions, etc. I am waiting to push among XIP numbers in this group which I hear from you.

the offspring of America and those Nations
 are shown in another section which is not

 Britain & her 1st wife and Leander Blake and
 her 1st wife are likewise shown in other

Thanks for the details on Stop/Slat, KY.
 I have a geographical file into which this
 information has been placed. I'll gradually
 get my bearings on Wayne Co, KY. It
 is an important center of Upchurch History.

I trust you have recovered from your

 △ John, Lucinda (m.d. Adair) and Lona (m.d. Crebtree.)

Sept 24 - 1990

Dear Phil, my apology for the delay - In August I wasted up with getting tenants out of apts and selling my mothers 2 duplexes one of them really gave me a bad time. Finally over and closed by 20th of Aug. on which day we had a bad rain storm (I have arthritis in knees) in trying to step over a wide gutter opening

3. (parked
water, I put my hand out to a car) to aid in getting
the car was wet - my hand slipped - my right foot was
in the gutter and my left foot was still on the curb.
I'm still on crutches and taking therapy. Doctor took X-ray
and said I have no cartilage in my knees (which I ~~say~~ suspected
for several years - the way they crunch, I was in pain a lot
and didn't feel like doing research - I was ~~not~~ gressed tight
The reports done for the closing of the Estate - but one new
buyer has dawdled (sic) for a month - over a \$300. escrow acct.
held for 2 minor repairs that were completed Sept 2. Meanwhile
LeRoy had dia. appt. for prostate check - subsequent blood test
showed he might have cancer. Exam this week and biopsy
proved it was benign - we were ever so thankful!

I am sending this on to you, and will get
to work on the other material as soon as this Estate
is concluded. I have to get better soon, we are going to
Georgia Oct 16-25th to visit our two daughters who moved
down there this last year.

Note - We live in East Peoria Ill. Jozevell Co. - we have
no hospitals (except Pekin, Ill.) which is small and further away
so everyone goes to Peoria, Ill. Hospitals (3 large ones) and is
in Peoria County - Separated by Illinois river. That's why
most are listed as born in Peoria Ill. instead of East
Peoria where we all have lived for 40 years. - As a member
of East Peoria Womens Club (about 40 years ago) we held health
& immunization clinics and finally helped to get Jozevell Co.
Health Dept. established.

I will return with more genealogy soon.

Sincerely

Eleanor Bertram

Dear Cousin Eleanor,

Since writing to you on 23 JUL I have continued to process the excellent packet provided with your letter of 14 JUL 1990 and now have finished it. The XED's assigned will appear in UB Vol II No 3 & No 4. I want to thank you for this very important packet to the church's history.

I had planned to send you a copy of my profile on George U (Head of Clan) but it is not in the file where it is supposed to be. For now I will not panic as it will surely show up and I will send you a copy. Do you have a full set of the back issues of the UB?

Indeed our questions on your family are not as just a few but I thought this was a good place to start. Over time I hope we can compare notes on many more aspects of the George U Clan.

In your notes you refer to SLAT, KY and

STOP, KY. I suppose there are both at essentially the same locations in Wayne Co, KY but could you enlighten me if you know? I know that there was a stop school and a stop cemetery. My map of KY and of Wayne Co are quite inadequate.

Can you tell me more of the story of America U, the wife of Moses Marion U? I see references that she was clearly the daughter of Luanda U of the George U John U subclass. At some points she seems to go by America U and at others by America Hughes. My understanding is that her father was Russell U and that later Luanda married Morgan Hughes, who is then Russell U and do I have the facts more or less correct?

I am most interested in the possibility that you will publish a book. What do you intend to cover? When will it appear? I like the fact that you tell a little about each person and that you give the parents of the spouse who marry into the family. My work is weak on both of these items.

All the Best!

Sincerely yours
 Phil Upchurch

Dear Cousin Phil,

I'm happy that you're happy with the pictures I sent! Hope you will like the ones enclosed. I have the original of Lucinda - only it is tinted I thought this might copy better. Let me know if you need the original. The one of Heaster and 1st family you may keep, I have other copies. Jim Ramsey - (He Roy's Cousin²) gave me several snaps his father had in his collection (Click Ramsey - Cousin^{1st} of Emma E. Brake) This line will be coming as soon as I can get it typed up. This is on Emma Arco Upchurch dau. of Mosemarion.

I have a lot of material that I sent to Bruce York who put it on computer but when it came back, it was in his name and much earlier date (1980) than when I sent it to him (1987) we had shared information before and while I don't mind doing that, I don't appreciate him taking credit for a lot of research that I did and filled in many blanks he didn't have. Oh, well, our purpose is to get all the information and pass it on, so I will put aside my petty attitude and send it

not sending at this time
 on to you. (~~If you will return some to me~~)
 He did not send my original material back,
 even more distressing. So this is my only
 copy - except all my original material that
 I obtained it from - I don't want to have
 to do that again! I have too many new
 lines to work on!

Stop

Yes I think the picture of Leekwood
 reunion is still good at 1924 - and you are
 right Hiram was dead at that time. I
 have a snap of John Freeman - Thomas and
 Georgie & Ellen together - I will send copy
 of that - also have picture of Emma Ored
 & George Henderson Ramsey family, I had
 blown up. This will come with that family
 info. I realize you do not need all the
 info I am sending - but its serving a
 dual purpose - it is the copy that will
 go in the book - I have been promising
 relatives for years that I would do - but
 have not had time. With new info I received
 I had to retype it all anyway - it would
 have been too crowded and messy!

I have the same number of children
 for Mose Marion - do not know of any children
 born - although Lucille ^(Lucy Ramsey) ~~Lucy Ramsey~~
 Lula Pol - mentioned some I will try to go
 through their letters and check that line
 for them.

I'm making a graph to show you the cross over in the Roy family. I know more about his family than he does! he Even had to tell the Bell family - ^{Georgia Ellen} Ramsey and others that they were related - grandmothers were all sisters! of course that took time doing that work for all of them. They don't seem too interested in genealogy until they see it in print! Especially their names! My family weren't too interested until I submitted our family genealogy

- to Walter B Smith, certified genealogist, (who's wife is a Clark) who did Edward Clark Genealogy.
- Incidentally not related to George Rogers Clark like so many professed - at least my research did not find this so and Walters did not either. He
- took me back 2 generations before my John Clark & Son James Revolutionary War Soldiers.

Well enough of that! Hope you enjoy the material on Nose Marion.

Leonard Bertram related a story to us several years ago when we were inquiring about the family's. (Leander Brake raised Leonard) he referred to him as my dad - He said when he was about 9 (1917) they were visiting Uncle Thomas (Brake) in Key. He said some old man died and one of Uncle Thomas's boys straddled him and shaved

Dear Eleanor Eleanor,

Your letter of 4 JUL 1990 and the packet of information provided with it are really great. I made a copy of the enclosure for my use and am returning this original to you herewith. If I missed sending anything back let me know.

I spent all this week end working on the packet - organizing XID numbers and making a profile sheet for each individual revealed. The paper is about 1/2 complete. I will have some questions/comments on the packet in due course. In the meantime I wanted to get your original back to you as fast as possible.

We have made good progress on the George Washington Club but there are still a lot of things to be done. There are only a handful of us working actively on the project but it is really rewarding to be able to share information with each other. We look forward to the Annual Area Conference when you have it ready. In the meantime please let me know if I can send you anything.

Sincerely yours
Phil Spitzer

Dear Cousin Eleanor,

Your letter of 27 APR 1990 with 2 documents
 (one mailed its way to the top of my "no no"
 stuff and I spent most of yesterday processing it.)
 thank every thing in your place as the proper
 words outline and in the proper people. Thank
 you for the fine input. The family of Moses
 Mannon is beginning to shape up nicely.

In due course we will no doubt identify
 some of the people in the two photographs
 (St. Joseph School) (St. Joseph's Reunion). In 1912
 still a good estimate for the Reunion picture? It
 seems good far off based on the size of the children
 and their birth dates. However, Mannon's
 (St. Joseph) does not fit in. He is shown as having a
 950-111, a letter to date later as that is not him
 in the picture. For the St. Joseph picture I think
 1915 is a better estimate than 1912 based on the
 size of the children and their birth dates. We
 are very fortunate to have these two pictures
 and I appreciate the effort you have put into them.

I show Miss Hanson & on having just
two children. Was this a pre with your record?
There was room for one or two more along
the way and if any were born they could
have involved miscarriage or infant deaths.
were one three of her married children for whom
I know no offspring listed. They are
Clementine Sarah U, Thomas Morse U and Effie
Mary U. Do you have information on offspring
of any, of these three?

Based on your letter of 22 APR 1970 you have
provided packet of information about body
D and D m. It will be most welcome
I am anxious to continue improving the
outline for the George U class.

It sounds as though you have been
quite busy on various matters including
a lot of dealing with your family. This
seems to be the normal situation for most
of us. There always seems to be plenty
to do. I am just glad that you have
family history as a priority as I do. I'll show
my updated outlines with you in due
course.

Sincerely yours
Phil G. G. G.

ELEANOR BERTRAM
2529 FONDUCLAC DR
EAST PEORIA, ILL 61611

Dear Cousin Eleanor,

Your letter of 21 JUL 1939 was most welcome and

I finished extracting the text quite some time ago.

The pictures proved more of a challenge and I have returned to them several times. Just

Today the project of working on them was completed. They have been assigned numbers

89-17 and 89-18 in my Photo File and the individual pictures have been separated

into sections and you provided 2 units about each individual involved. Copies (2)

of both photos are enclosed along with a copy of what you sent me. Would you please take

the next step and enter whatever you can for each individual and return one set

to me with the added information. You can make a set for yourself with the

added information and then we can correspond about them. I should be

I'd add something when you get it back to me. When possible it would be nice to have full names. In some cases it could be quite helpful to know who these people married. Where a closest Upchurch relative is known it would be nice to have the relationship identified as FAT, MOT, WIF, HUS, AUNT, UNCLE, etc. Of course some of those in the Stop School photo may have no relationship to Upchurches but I'll let you do - as you say.

A quick check on my Morgan Upchurch Book shows that she brought your husband's line forward only to Leander Baker & Luranda Jane A-Her & wife - both Upchurch descendants. I am sure you have much more on this line which would be valuable as addition to our Master Files on the Upchurch Family. In general, I need details on each of the children of Leander & Luranda which must amount to quite a lot.

For you & LeRay I need the following:

- 1) where was LeRay born?
- 2) what is her full name?
- 3) where were you and he married?
- 4) what is your full maiden name?
- 5) where were you born?

Additionally I would like to have details on all your children + grandchildren. Any great grandchildren yet? Need full names, dates, places, info on spouses, etc. Did they have brothers & sisters?

I do hope this finds the health of yourself, LeRoy and others much improved. We are blessed with good health and I hope it holds up your kind comments about the U B are most welcome. They help to keep my spirits up. It is really a challenge to keep up with everything at the office, home, genealogy & the farm but it all seems to work out and it is all enjoyable. I do have a great wife/partner who is a help and a challenge at the same time.

Your input for the George U/shadrach U & George U/Moses U subclans is really appreciated and I'll look forward to your additional letters.

Sincerely yours
 Phil Upchurch

Dear Cousin Phillip REC 10
25 JUL 1989

It's been a difficult few years in regard to the health of my mother d. 29 Dec 1988 - my uncle d. 16 Feb 1989 and my husband - just had him in hospital 1st of June and he is still taking test at VA now. Although he is feeling some better he has the history of Arthritis of the spine - I was also ill last year - took a while to get my strength back and developed a heart problem - so it's been a little gloomy. We also have adopted Jamie in Dec. 1987 our granddaughter who we've had since 1975. She went back to her mother 1982 to 1987 but it didn't work out - so we've had a teenager in the house and believe me it's not been too easy. Things are better now so hopefully I can get on with genealogy. I have all the material - just needs to be organized and typed so it can be read. I started from the top of the Brake's as far back as I have info.

I'm trying to get green beans & corn put up in freezer in between.

I have some great pictures I'm sure you will be interested in to send with Leander Brake info. I also have info on 2 lines of those Morions daughters - 1 married a Bell - the other a Ramsey. I will send as I get them typed.

Sorry I have not responded sooner but since LeRoy had to take Retirement in 1984 because of injury to his back it's been pretty hectic with treatment & therapy. He is pretty good until he does something strenuous then he suffers. But he keeps trying!

MRS ELEANOR BERTRAM

Dear Cousin Eleanor,

Thank you for the renewal on the
U 13 for 1989

As you know from the U 13 I have been
 doing a lot on the George W. Dean recently.
 I am anxious to improve the subclans
 with which your husband is associated. Perhaps
 you already have something organized which
 you can send me. From our previous correspondence
 I know you were working on details for
 the family.

Here are some questions you might be
 able to help with

1) For the Roy Bertram

a) where was he born?

b) what is his full name?

c) when were you and he married?

d) what is your full maiden name and
 where were you born?

e) Do you & he have children? If so,
 details?

1) For Emma Elizabeth Brake

- a) where was she born?
- b) where did she die?
- c) where is she buried?
- d) when in 1913 did she marry?
- e) where did she marry?
- f) where was Bertan Selas Bertram born, where did he die and where buried?
- g) Did she have any children other than LeRoy? If so, details?

3) For Louisa Jane H

- a) was she born 19 OCT 1868 or 19 OCT 1869?
- b) where was she born?
- c) where did she die & where buried?
- d) where did she marry?
- e) what is the full name of Leander Brake, where was he born, where did, where buried?
- f) Did she have any children other than Emma Elizabeth Brake? If so, details?

I know she alone amounts to a lot. Anything you have or can get will be appreciated.

Hope this finds you and LeRoy in good health and enjoying life!

sincerely yours

Dear Cousin Eleanor,

This is to acknowledge your note of
29 NOV 1985 regarding the 1986 U B. Rest assured that
your U B for 1986 will be mailed as they issue
on a quarterly basis. I am sure what you have
done and will do to help assemble Upchurch
information more than compensated. We all
do our little to help in different ways.

I am delighted to note that you have
decided ready to organize early in 1986.
Perhaps some cold winter days with a warm
fire inside will provide the right setting for
you to do this.

May 1986 be a healthful and joyous
year for you and for those close to you.

Dear Cousin Eleanor -

Thanks for your note of January 14, 1983
which accompanied your renewal for UB 1983.
I appreciate your comments and will welcome
any details you can send on the family
at any time. Sometimes it is best to
send the information as it becomes
available - that way it is in a more
managable volume on both ends.

I hope that 1983 will find you
and yours in better health.

Let me hear from you -

Sorry, I meant to get this to you right away.

Also sorry I didn't get my husbands family sheets back to you - but upon research and filling in his pedigree sheet - he goes back to Michael I - 3 times in Wayne Co. Ky. through George Upchurch Claw 5.

This year has been bad for me healthwise also had illness my family & my husbands family so I haven't done too much on my geneology.

I will try to get part done soon and send. I didn't rush because at the time you said you had enough for the next year!

Dear Folks,

on a cyclic basis I am reworking the various
Upshunks groups and I have just finished
updating the George U clan to include you
belong. A sketch of your line and some of our
fellows:

So both of LeRoy's grandparents are my 5th cousins, LeRoy
and my ge. will be 7th cousins, while LeRoy and
I are 5th cousins once removed.

I am still anxious to make my file on the George Upchurch clan more complete. I am especially in need of a listing of the brothers and sisters of Le Roy Bertram, their spouses, and children along with any birth dates & places, marriage dates & places available. The same information is needed for brothers & sisters of Emma Elizabeth Brake.

Anything you can do to help will be appreciated.

Dear Mrs Bertram,

Thanks for your renewal on A B which arrived today - also for the Family Relationship Chart. I have some questions and a need for more information if you can help.

My records show your husbands grandmother, Fonda Jane Upchurch or b 19 OCT 1868 whereas your records show b 19 OCT 1869. My records came from Olive Morgan's book. Can you help with this difference.

Can you give me a list of the brothers and sisters of Emma Elizabeth Baker along with spouses and children and dates as available. I have none of this.

Can you give me a list of the brothers and sisters and spouses and children and dates for your husband.

Information on your children and grand children, if any, would be appreciated.

Anything you can send on the above will be most welcome.

25 AVE 1997

Dear Cousin Phil,

Well, I finally got it finished! I have over 6,000 people in my computer on Brake, Bertram, Upchurch and related lines. I only copied an outline lineage for you as it contains birth date + marriage where known. My copier broke down and it was an \$80. service call for 4 1/2 hour! Plus I had to use a new cartridge that I purchased last year cost \$249! I think I'm going out of the business!

I know a lot of this is info you may already have but I'm sure there is a lot you don't. Hope it is some use to you.

I so enjoy the Upchurch book when it comes, but haven't received the Englander. I've used up all the "play" money I had from my mother so I will have to cut down on my hobby.

We are trying to sell our home and move to Georgia to be near our two daughters, one lives near Atlanta and the other is in Athens. There is a Charles Upchurch - Realtor there - do you have him in your file. I can get his address or phone next time I talk to my daughter.

Enough for now!

I hope the inclosed information will clarify things, its a crazy mixed up tribe down there in Kentucky!

Sorry I took so long answering, but I had written to a researcher in Wayne Co. looking for info on Orivett's, Piercy's Hennys to fill in some more families I'm trying to make books for some of their decendants. Some areas are difficult to find info.

I'm in the same predicament as Ber Paschall of Mo. I'm recarpeting and painting have to have someone do painting - can't do it any more. I'm sending you copies of her mail to Richard Bowels - he's on line and so is she - I was but went off! I have too much material at hand to work up. Maybe someday I'll be able to play around with on line. I got too frustrated.

So if your on line - you can contact her if I get her snail-mail address - I'll send it to you.

Sincerely

Eleanor

to "Cousin" Phil,

Sorry for the delay in answering
- packet of Upchurch & Birritt mail.
I've not been able to go thru all of it, but
am sending you what I think is correct on
"Jody" Upchurch and Martha Bell. Also the
additional info I have found on Miles Birritt
and Lucinda Upchurch.

You see I have congestive heart failure,
last 2 1/2 yrs I've been in hospital 3 times. Tried
medicines that didn't work, then in March this
year was in again - April 1st they put in ~~dibator~~
dificulator - pacemaker (a.i.c.D) it should cover
both ends of problem - but then I had problems
with the in between - tried several medications
but no luck - then in June tried one (Coreg) that
was discovered in Feb. treating of congestive heart
I really felt good on the first dose, but they
increased it twice - gave me the dizzies! I hate
it when I can't see straight or think straight.
They cut it back - but still having slight problems.
Enough of that!

Miles Privitt
Notes
Privitt was spelled Prewitt, Privitt, Pruitt and Pruitt

Miles Privitt was married 19 September 1844 to Lucinda Upchurch by Henry Tuggle. Bond: Washington Upchurch (Possibly Shadrack Washington Upchurch)

Miles died 30 June 1864, Camp Burnside, Pulaski County, Kentucky during the Civil War. He was a Private in Company D, of the Thirtieth Kentucky Mounted Infantry (Union). He was mustered in at Camp Burnside, Kentucky on the 15th March 1864. He died at Camp Burnside, Pulaski County, 30 June 1864 and is interred at Mill Springs National Cemetery, Sec. D grave 172 30th June 1864. Miles son Edmund Francis M. was also a member of Co. D. as a Private.

Miles was on the 1860 Census in Wayne County with family.
Lucinda was head of household in 1870 Census, Washington was listed below her and also John W. and their families (This is from Census Index book by Crawford, which list heads of household only.) John W. was listed in 1880 Census. Lucinda may have gone to Missouri with Washington or living with one of her children (I have not investigated that issue) she may have married again as in 1870 she would only be 44 yrs. old. When Miles died she was only 38.

I am not sure if Victoria was born 1864-65. Lucinda could have been pregnant with her when Miles died.

Samuel S. Privett

Notes

(about 1878) Δ

Samuel S. Privett (Privett) was married 1st to Elizabeth Barnett, born Arkansas, no marriage date. Children by her probably were, Mary, b. abt 1879 who married _____ ? Andrews. And Nancy L., b. abt 1880 who married _____ ? Herd.

Samuel married 2nd Douglas Co. Mo. abt 1882 Terity _____ ?

Δ+Δ children by her probably were, James A Privett b. abt 1883, Alfred S. Privett b. abt 1886.

Δ Rosa E. Privett b. abt 1898 may have been from a third wife

Δ+Δ Then - we have step-son William Holman, b. 1882 and step. dau Sarah Holman b. 1885. Possibly third wife was widow Holman? Also mother of Rosa?

Δ+Δ I'm not sure how marriage to Mattie Robertson abt 1881 fits into the scheme, or Finley J. ? Need more info.

Dear Cousin Phil,

I had hoped to get this completed before now! Been working on it steadily - I have had some hip problems, going to Chiropractor & water exercise - it is finally improving and an adjustment in ~~med~~ medication has made me feel better. But! now all my machines are giving me problems - new color printer (my little old one was fine) only 4 mos. old went on the fritz. Been in and out of shop twice they finally admitted it was more than being cleaned and a new cartridge - it had a new one when I took it in and I never had to clean the other one in four years - except the automatic on when you install a new cartridge. Then my copy machine AB Dick K120 (old) decided to act up! So I'm at a stand still. I have most of Mose Marion's done (I saved the best to last!) I want to know if I sent you his line before? Also did I send you Bells? Did I also send you Leonard Bertram family? His mother - Laura Hughes Bertram - Brake? Did I send you Laura & Leander Brake families? I thought I had - but I've made so many books for individuals, I forget and didn't keep a list.

I'm mailing this tomorrow and hope you open it soon. Let me know if I

Mill Springs National Cemetery

Rural Route 2, P.O. Box 172

Nancy, Kentucky 42544

Mill Springs National Cemetery is located near Logan's Cross Roads in Pulaski County, approximately eight miles west of Somerset, Kentucky, off state Route 80 at Nancy, Kentucky.

The cemetery was originally designated Logan's Cross Roads National Cemetery. It is situated on the site of the Battle of Mill Springs, sometimes known as the Battle of Fishing Creek. On January 19, 1862, this battlefield was the scene of a brief but bloody skirmish occasioned by the invasion of Kentucky by a Confederate army led by General Felix K. Zollicoffer of Nashville, Tennessee. The Union forces were led by Major General George H. Thomas, who was to become known after the September 19-20, 1863, battle in Tennessee as the "Rock of Chickamauga." General Zollicoffer was killed in the engagement, some say by his own men, and the Confederate army was forced to retreat. The victorious Union soldiers, under the direction of General Thomas, gathered their dead and buried them in single graves in what is now the national cemetery. These graves were located just opposite the position of batteries B and C, 1st Ohio Volunteer Artillery, and about 500 yards north of the first battle position of the Union army.

After he had personally explored all of central and southern Kentucky, the site was selected for a national cemetery by Brevet Major E.B. Whitman, assistant quartermaster and superintendent of cemeteries in the Department of the Cumberland. Major Whitman felt that the spot marked a most decisive and important battle. The land, 3.5 acres, was donated to the United States on July 5, 1867, by William H. Logan, on whose farm the battle had been fought. Both Mr. Logan, who died in 1884, and his wife Nancy, who died in 1896, are buried in the national cemetery. Their gravesites are marked by private monuments.

In addition to the original battlefield casualties, the remains of Union soldiers found within a radius of 40 miles were concentrated in the cemetery. They were recovered from Somerset and its vicinity, Burnside Point, Waitsboro, Stegall's Ferry, Mill Springs, Horseshoe Bend, Greasy Creek, Monticello, Gap in the Ridge, Columbia and vicinity, from all points on the Cumberland River between Burnside Point and Jamestown, and from

"almost inaccessible mountain country" where soldiers died of illness or were killed in skirmishes with guerrillas.

Mill Springs National Cemetery was established in 1862. The report of the inspector of national cemeteries dated November 22, 1870, indicated 341 known and 367 unknown interments in the cemetery. The names of over 200 of the Unknowns were known, but the bodies could not be individually identified. The dead included representatives of 11 states.

Approximately one mile from the national cemetery, a stone marker commemorates the grave of the Confederate casualties who were buried where they fell. Although General Zelicoffer's body was returned to his home in Tennessee, a monument near the mass grave commemorates the spot where he was killed.

As of September 30, 1990, there were 2,133 interments in the cemetery, which is projected to remain open for interments until the year 2007. The cemetery is maintained by private contract, supervised by the director of Camp Nelson National Cemetery.

There is one Medal of Honor recipient interred in the cemetery. His remains were removed from a private cemetery and interred here in 1984.

Mrs. Bertram,

Found a few more items for you: copies enclosed.

1850 Census of Wayne Co. Miles (entered wrong as Miller) Privett. No wonder it was hard to find.

Pages out of the book "Methodism in Wayne County Ky. 1802-1974"
Showing Louisville K. Denney as member in the Class book in the years 1900, 1901, 1902, 1903.

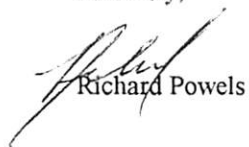

Found in the Alphabetical Roster of the 39th Inf. of Kentucky
Privett, Elias, Private Company I

I had an occasion to visit the Mill Springs National Cemetery near Jamestown, Russell, Kentucky, on memorial day, for another client, and took the opportunity to shoot some photos of the cemetery and Miles Privitt's grave for you.

KENTUCKY 1792

WAYNE COUNTY, KENTUCKY 1800 ORIGINAL LAND + CENSUS COVERAGE

LAKE CUMBERLAND

The mighty Cumberland River crashes through the Counties of Pulaski, Russell, Wayne and Clinton like a hugh Chinese Dragon, Two of it's great talons reach out and encompass a area of land known as Ramsey Island, These talons are known as Beaver and Otter Creeks. In the early days, it denoted where you were born, died, married or your property lines were. At the south eastern part of Ramsey Island is the beautifully kept Stop Cemetery, where many of the Ramseys and related families lie. Included are my husband, LeRoy Bertram's grandmother, Lucinda Jane Upchurch-Brake and several of her children, Also near are his Great grandfather and grandmother, Moses Marion Upchurch and his wife America Upchurch. *by Eleanor Bertram*

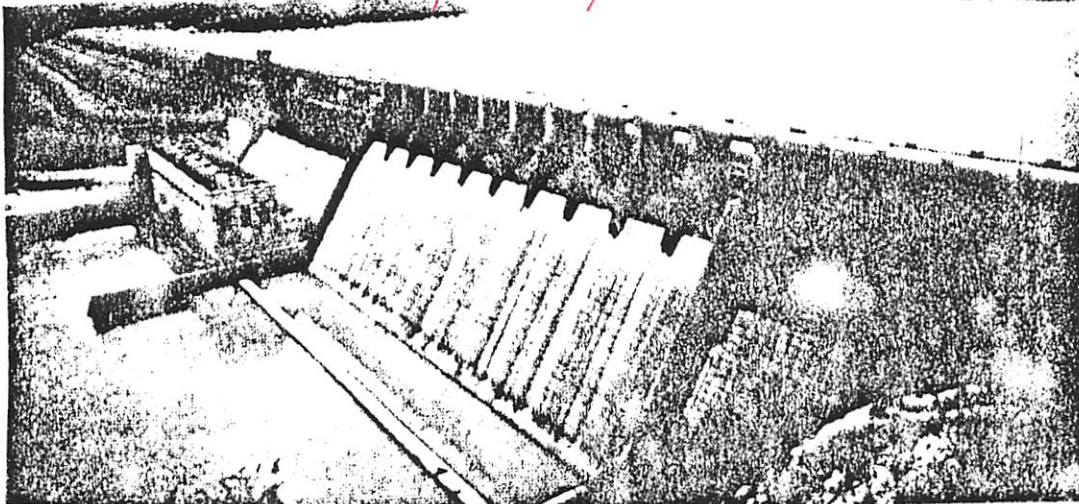

Kentucky's greatest fishing and boating lake, the center of Southern Kentucky's finest vacation area, and the hub around which a year-long succession of outdoor activities revolves-- that's Lake Cumberland, in the heart of the Southern Cumberlands. And it all began with Wolf Creek Dam.

This 240-foot-high embankment interrupts the flow of the Cumberland River and backs it up for 101 miles to form Lake Cumberland.

The River itself is a maverick among Kentucky's major streams- it is the only one that flows in a southerly direction instead of toward the north. Far over in the deep valleys of the Cumberland Mountains the River rises. It comes down through the Daniel Boone National Forest, taking the deep plunge that is called Cumberland Falls, and then dips west and south toward the Tennessee border. This is where man has dammed it and forced it to form Lake Cumberland.

Wolf Creek Dam is at the western end of the Lake, about 10 miles west of Jamestown abd 12 miles north of Albany in Clinton County. It was authorized in 1938 as part of a gigantic Federal plan to control floods in the Ohio and Mississippi rivers and developetheir tributaries. It took a million and a half cubic yards of concrete and nearly 10 million yards of earth to fill in the dam, which controls a fraintage area of 5,810 miles.

Lake Cumberland, at its largest, has a surface area of over 63,000 acres. And what a lake! Brimful of lively scrappin' fish broad enough to take a thousand times as many boats as will ever skim across it, rimmed by scores of hollows and coves along its 1255 mile shoreline, and sheltered by tree covered mountains that protect it from the weather's worst, Lake Cumberland has made Kentucky's Southern Cumberlands the ideal vacation region for all of mid-America. *from Wayne Co. Dear Phil,

Just received the Bulletin yesterday and thoroughly enjoyed it. I read it three times, then went to my computer and extracted the questions you had on cemetery finds.

Do you remember the song, "There is peace in the Valley"? Well that's how I felt when we were there - didn't want to leave. The people we met were so kind and helpful also.

Remember, I have over 7800 people in my computer from all the persons who came to and left Wayne Co. Didn't know you were interested in William Bertram - I have more on them than Up Churches.

I do have books for sale on John Ramsey of Wayne Co. if this is the one Joyce Patton was looking for.

Also a hint on copying grave rubbings - tape the paper with masking tape and use wax grave rubbing squares. (Candle will work) crayons okay but slower colored

I have a rubbing of William Bertram
& Nancy Stinson - also of ~~Jonathan~~ Joel
Bertram.

Well I want to get this off to
you, I have about 3 projects in front
of me.

As for Irene Bryer's book on
Besant Hill Church - she had started
on the many years ago and the last time
I talked to her, she said she didn't have
it finished and was so ill, didn't know if
she could get it done. I urged her to have
her husband or family pursue this project
in the event she wasn't able, and this they
did do. I had told her to put me on the
list as I really wanted a copy. I was
sad to hear of her passing, she did a
marvelous job on her book.

Well Phil I have to go to arthritis
water exercise in a little bit. Got to keep
this body moving!

So glad you enjoyed your trip
to Wayne Co. At least 10 relatives (Bertrams - also
Upch) are going to meet in Wayne Co. 3rd week
in Sept. They were thrilled with the info
I had provided them or their families

And are anxious to "walk the ground"
 they come from 2 in Maine - 4 in
 North Carolina - 2 from Hoopston Il.
 2 from Eureka, Il. They are LeRoy's
 Nieces and nephews - children of Leonard
 Bertram + Dorothy Denny.
 Any maps or help you would suggest?

Sincerely
 Eleanor Bertram

LOGANVILLE, GA 30052

Dear Cousin Eleanor,

Thank you for your note about the UB which arrived 11 MAR 2002. Give no more thought to paying for issues of the UB. I am honored to send you complimentary copies because you have rendered a huge service to the Upchurch Family through your years of devoted research. The first issue of the UB was put in the mail yesterday and should be to you about now. Let me know if you are missing any copies.

The results of our work on the George U. Clark of Wayne Co, KY has been more productive than any of the other 21 Upchurch Clarks. There are many reasons for this including Morgan's work and yours. Our JUL 1999 trip to Wayne Co, KY gave me a better feel for George's country. I subscribed to the OUTLOOK newspaper of Monticello, KY and clipped out

all the personal references. I still have to file these. I also wrote an article for the WAYNE CO, KY Heritage Book but they decided not to publish it. A cousin got all the KY burials, marriages, deaths downloaded from the Internet for me. I extracted all that information and created a profile sheet for each individual - several thousand sheets!! I recently finished processing these sheets into my profile system.

At some point I was about 95%+ finished with processing the large packets of information you sent me over the last several years. Before I could get the job completely finished we had a big "water event" in our home. This was in APRIL 2001. We were on a trip to NC when a water line broke and flooded our house for 5 days. It did about \$75,000 in damage - fortunately all covered by insurance. Most of my family history papers were not damaged but some were and about 500 books were damaged. I had a stack of papers that came from

you that got soaking wet. They were all dried and they have been preserved. I have not yet found the time to go back over them to see if there is more I can or should do with them. I think (hope) that I had earlier extracted all the key details and placed them in my Profile System where the water did not reach. I have about 3 sets of paper like yours that were damaged and need a review. It all takes time

In any case let me thank you again for your tremendous contribution to helping us organize the Upchurch Family.

Like you we are making adjustments as we move into our more "mature" years. As time goes by it causes one to reflect more on the opportunities of each day.

My best to you & Lerey,

Sincerely yours

Phil Upchurch

Dear Cousin Eleanor,

Thanks for your renewal on the UB for the year ahead and for your contributions to the Upchurch Research Fund. The year 2001 should be a banner year for Upchurch Research.

We have resent your UB for JAN-JUN 2000 UB. Don't know what happened to the original. Glad to have your new address. Hope you are now well settled.

I am sorry to learn that you were ill over the summer and I trust that you have now mended. We are doing quite well. We have a flock of doctors we see from time -t- time although not much seems to be wrong with us.

Upchurch data for the K7 branch of the Family keeps coming in at a rapid pace - faster than I can keep up with. For

a year ending JUL 2000 I subscribed to the Wayne Co, KY Outlook newspaper. I now have these issues partially extracted for upchurch information but more effort is needed to finish this. I tend to do this while I watch football or politics on TV - thus doing two things at once.

One cooperator has provided me a ton of TX records for Upchurch - birth, death, marriage, divorce and I am now processing this. It is a fantastic source of Upchurch facts. The cooperator says the same detail is available for KY and I have asked him for it.

I'll look forward to a letter from you when you feel like it. Along the way I am sure we will have more outlines to compare.

All the best for a Blessed Christmas.

Sincerely yours
 Phil Upchurch

#1, Pg 17 - In what city and state is MILLS SPRINGS NAT'L CEM?;

#2 Pg 58 (Copy enclosed) - see my note

#3 Pg 66 (Copy enclosed) These WFT records are interesting and I sometimes gain some new information from them. However, I often spot major errors - see my note. I am not linked into Internet & so have no basis for knowing how to set the record straight on such errors - or how to interact with the human behind the submission. My sense is that it would be a time consuming, endless, thankless job to correct such errors. On the other hand I am willing to interact with any live human that has an interest and is willing to write.

(225 EP 1998)

#4 Pg 29 (Copy enclosed) - As an example I include the Profile sheet for Rosetta Punnett which shows the way in which this data came to me

#5 Pg 58 - Copy enclosed - see my note

#6 - Not particularly in your letter but in the process of extracting your letter I came upon my sheet on the Thomas H Family on the 1880 Wayne Co, KY census. Note my Commentary (Item 2) on the enclosed profile of OOA MARTIN CARTER. I was excited to figure out the record. ANY COMMENT?;

#7. At various places in your letter you raised questions about some of my notations/symbols/etc. Sorry if I confused you. Here are some explanations:

SL = still living or "less than"

< = before [$<$ is a mathematical symbol] - I now try not to use this but use the word before. Likewise $>$ = after.

ca = about - another Latin word. I now try to use the word about

$\left. \begin{matrix} C \\ S \\ CS \end{matrix} \right\}$ These I use to indicate "Cooperator", "Subsucker" or "Cooperator/Subsucker".

I now no longer distinguish between Cooperator & Subsucker but just use C and normally put the C in a box as \boxed{C} .

CS = Continuation Section. All my Master Outlines consist of 3 sections #1 = The first 6 generations of the family are kept on a large 9 1/2" x 17" sheet [Have I sent you a copy?] #2 is the main Master Outline "Separate ones of those are maintained for each subclass. Subclasses are headed by the 6th generation

of the Upchurch Family in America. These Subclan Master outlines cover the Subclan Head and his/^{her} children (7th Generation), his/^{her} grandchildren (8th Generation) and his/^{her} ggc (9th Generation). The descendants (if any/if known) of the ggc are covered in Continuation Sections as indicated by number on the left hand side of the page of the Subclan Master Outline.

[These Number often have 1C or 2C or 3C beside them to alert me to the fact that 1, 2, or 3 cooperators helped with the continuation sections included.]

Please let me know if there need more explanation or if I have missed any.

#8. sometime we need to look at dates for the George U. Clark to clarify which births, marriages/deaths took place in VA which in Hedell Co, NC & which in Wayne Co, KY. I tend to use 1814 as the dividing point between NC & KY but that date may not be exactly right. Some cooperators confuse us by just pushing a State that seems right.

5-

The above are the special points I wanted to make. If there are others that need attention, please let me know.

If you are agreeable I would like to send you my subclan master outlines one at a time for you to examine and for us to exchange more on if necessary. These subclan master outlines would just go through the 9th Generation. For example, and as the first submission I include herewith the master outline for the George U / Shadrach U subclan. This covers Shadrach U (XFD-139) [son of George U - Head of clan] and his children, grandchildren & great-grandchildren. I have not planned to send the continuation sections at that time but if any of them (or all of them) are of special interest I can send them. My idea of dealing with one subclan at a time and only through the 9th generation is to keep the amount of material being exchanged at any one time down to a manageable amount. That way we can speed up our exchanges.

I know you and Terry have had some health problems and I hope this finds you both in good shape and looking forward to spring. Sallaine and I seem to be in reasonable shape but being in our early 70's we are alert to see if anything is going wrong. So far just minor stuff. We'll keep our fingers crossed.

Of the 22 Upchurch clans the one headed by George H is the largest. Input continues to arrive from numerous sources. You have been a major contributor and many are indebted to you. Since I know how tough it is to collect and coordinate information I have a special appreciation for your years of effort.

~~With~~ All best wishes!

Sincerely yours
 ☺ Phil Upchurch

Dear Cousin Eleanor,

It was great to talk to you earlier today and to thank you for the great packet enclosed with your letter of 18 AUG 1997. With the one exception we discussed (see below) I have now completed the extraction of this packet and have incorporated the records into my files. You had much that I did not have and I have quite a list that you do not - which I will gladly share.

The question we need to resolve is: Is Laura Arco Hughes the granddaughter or great-granddaughter of Louisa Upchurch (XFD-376). Sheets [A] and [B] enclosed illustrate the situation. Sheet [A] is provided with a ~~marked~~ colored lines to show where individuals fit into the family at more than one place. Sheet [A] shows relationships as they appear in my records. This shows Laura Arco Hughes to be the daughter of Louisa Prunett "Bood" and the granddaughter of Louisa

U (XID-376),

Sheet [B] shows how Laura Arco Hughes appears in your printout. She is here the daughter of Louisa Prewitt "Good", the grandam of George Washington Prewitt & the ggd of Louisa U (XID-376).

[For the present lets not worry about PREWITT/
PRIVETT/PRIVETTE - I assume this is all
one family]

Of course it is possible for Laura Arco Hughes to have been both a gd and a ggd of Louisa U (XID-376). This would involve one of her parents to be a child of Louisa and the other parent to have been a grandchild of Louisa U - I don't think this the case.

It is a fact that among the 13 children of George Washington Prewitt & Louisa Jane U there was one named Louisa M. Prewitt (XID 39137) but I feel sure this Louisa was not the mother of Laura Arco Hughes. Enclosed is a copy of my 4 page Master Outline for the children & grandchildren of Louisa (U) Prewitt (XID-376).

Enclosed is a copy of Pg 785 of the Wayne Co, Ky Cemetery Book which helps with the dates for W. B. "Yank" Hughes & presumed wife LOUISA.

I will appreciate any light you can shed on this *Sanna Arco* *Huger* matter.

Thanks also for your letter which arrived on 12 DEC 1997. I can find no fault with the analysis you have made on the *Uplund*/*Bethshore* linkage and have incorporated your material into my files. As I mentioned I hope to go to *Bonview* CO, VA in due course to search for narrower *Uplund* connections including the *Uplund*/*Bethshore* linkage. The *MOSLEY* family fits in the scene also and I note that your analysis also brings this family name into the picture.

Yes *Michael* did marry a *FRANCES* - we just don't know her maiden name.

Enclosed are the 1997 copies of *Englandia*. Hope you enjoy them.

I'll look forward to our continued exchanges. Take care of yourself and get rid of that cold!

Sincerely yours,
 (C) Phil Uplund

Dear Cousin Eleanor,

Thank you for your subscription for the UB and for Englandia for 1998. We put UB Vol 19 No 1 in the mail yesterday but since it goes by bulk mail it may take 2-3 weeks to reach you.

Thank you also for the sizable packet of details which arrived on 25 FEB 1998. This looks great. It will take me some time to get to it and to compare all of your information to mine. We do continue to move forward. I'll be back in touch in due course.

Having just taken a trip to Arizona I am a little behind on family history correspondence but hope to catch up quickly. Unfortunately our copier is broken again. We had to take the last few pages of the UB to a printer to finish the issue. The repairman is due to pay us his third visit today regarding the copier. He can't seem to figure out what the problem is. Once you are accustomed to a copier it is really

hard to do without one.

We are now fully into making arrangements for the farming season ahead. My hired man and I will have about 750 acres of soybeans to plant. I am also working on a new farm plan for 1999. If my 3 operators go along with it it should be a simple operation. Then I can do more family history!

Eleanor, I really appreciate your ongoing interest in our shared Upchurch heritage and look forward to our continued exchanges.

All the Best!

Sincerely yours
 Phil Upchurch

#3 some of the material on Michael U, III was new to me and I am especially grateful for it.

#4 I still need clarification on the husband of Elizabeth U b 1846 (Wayne Co, KY). Was it RUFUS E. DISHMAN or REUBEN DISHMAN?

I found #9 in your papers

#5 For Joseph Wesley U & Martha Evelyn Bell I have a 9th child not on your list: MARY JOSEPHINE U b 26 DEC 1908 & 29 DEC 1962 - md (1st) 1927 A. T. WHITE; md (2nd) 1937 JOEY RIDER.

#6 I am confused about Martha Bell who md Joseph W. U. See enclosed sheets which illustrate the problem

#7 For Mary C. Priett b 6 MAR 1870 - you show her also died 6 MAR 1870 ??? . Is her husband Thomas DOREN or Thomas DUREN?

I know there are other items where your records and mine are not in agreement but mostly the differences are minor. We can get into any of these that are of interest.

Provided herewith are copies of my Master Outline for the George U / More U subclass (24 pages) and for the George U / John U subclass (25 pages) through the 9th generation of the Upchurch family in America. These Master Outline cover the children, grandchildren & GC children of these two sons of George Upchurch - Head of Upchurch Clan No 5. The

descendants (if any/ if known) of the Occidens are covered in continuation sections as indicated by number on the left hand side of the page which number I have highlighted. Please let me know if you want copies of any of these continuation sections. Also note that details on certain family members and their descendants may be covered in other Master Outlines. This happens when cousins marry. I do not like to enter details at more than one place - to conserve space & prevent entering errors.

If you would like copies of my Master Outlines for other children of George Upchurch (XID-137), please let me know.

Eleanor, I can't thank you enough for your cooperation. Let me know what we should do next.

Sincerely yours
Phil Upchurch

Dear Cousin Eleanor,

I am writing for several reasons. First let me thank you for your renewal on the UB and Englandia for 1999 and for enrolling as a PATHFINDER Underwriter of our English Research effort. I have already engaged Professor Ransome to help me again in 1999. Let's hope for a banner year in Upchurch research on both sides of the Atlantic.

It is unfortunate that I have not yet been able to process the substantial packets provided with your letters of 4 AUG 1998 and 22 SEP 1998. Please know that I do appreciate all your work. You know from past experience that I will get to the packets sooner or later. One stays busy and gets a lot done —

but not everything.

Enclosed is an excerpt of a 1 DEC 1998 letter from Dennis Wayne Price. Note that his research shows he is a descendant of MILUS DISHMAN who was supposedly a son of LYDIA UPCHURCH. I do not show this Milus Dishman. Do you have any information to help us get this all straight (I'll be embarrassed if you tell me it's in the two packets of yours I have yet to process)

This finds us well and keeping our fingers crossed. Sallaine did have bout (two actually) in 1998 with internal bleeding in one case and pain in the other. They put her in the hospital but never did find out what was wrong - maybe DIVERTICULITIS - but not sure. She seems fine now.

I hope you and LeRoy are bearing up and escaping the clutches of the hospitals and doctors. I had just as soon stay away from them but when you

really need them it is nice to have them.

Tomorrow we leave for a two week unit to NC and FL. We get to see Gallivier, 3 sisters & 1 brother and on my side my sister, a brother-in-law and a niece to whom I am close. It will be a series of one-night stands. We will enjoy it but be glad to get back home to peace & quiet - and to my family history projects.

With All Best Wishes for a
MERRY CHRISTMAS

Sincerely yours
 Phil Upchurch

See #1 DEC 1998 Dennis Wayne Price D R PH

Dennis is descended from George H, Head of Clan through his daughter Lydia H b 1782 (Brunswick Co, VA) d 1847 (Wayne Co, KY) who md. Jefferson Dishman "Jeptha" b 1784 (VA) d 1843 (Wayne Co, KY). Dennis lists 10 children of Lydia & Jefferson but not all records agree with this list. The children of Lydia & Jefferson as given by Olive Morgan on pg 68 of Her Upchurch Story are as follows:

1. SINAH DISHMAN b 1805 (NC)
2. ARCHIBALD DISHMAN b 1806 ()
3. MARK DISHMAN b 1810 (NC)
4. JOSEPH DISHMAN b 1812 ()
5. MOSES DISHMAN b 1811 ()
6. BURRELL TREMONT DISHMAN b 1820 ()

[NOTE: Morgan reports on an 1847 (±) land deal in Wayne Co, KY where mention is made of her 3 minor children/heirs. They are:

- A. CATHERINE DISHMAN
- B. JANE DISHMAN
- C. JEFFERSON T. DISHMAN

Dennis in his 1 DEC 1998 letter lists the above 6 plus 4 more as follows:

- I. MILUS DISHMAN b 1811 (NC)
md 1836 () Sazannah Raine "Sasie" b 1816 (SC)
- II. THOMAS DISHMAN b 1809
md Elizabeth Percy
- III. ELLENDER DISHMAN "Nelly" b 27 SEP 1814
- IV. CATHERINE JANE DISHMAN b 1815
md () David Craig

MORGAN concludes these three are not children of "Jeptha" & Lydia but rather of their son Archibald Dishman - RFG

Dennis lists descendants of Milus Dishman in detail down to him:
