 This pays for:
 Recap of finances for PLU as of 24 JUN 1990
 Earlier she paid for UB 80 → 85 unbound
 UB 80 → 83 Bound
 She had not paid for UB 86 → 90 (5 x 15 = \$75)
 so the \$100 takes care of the \$75 and leaves
 \$25 over. I will call it even.
- (6) 16 SEP 1991. PLU handed RPU \$100.⁰⁰ on account
 for UB. This has been allocated \$15 for 1991 subscriptions
 with \$85 left over.
- (7) RPU called PLU 25 JUL 1992 - & thanked her
 for her letter of 22 JUL 92. She says that
 she is trying to collect items from the
 paper now that Ting is no longer
 alive. We had a nice long chat.
- (8) 21 NOV 1993. RPU & SSU called PLU and had a nice
 long chat. She feels the Dr can change her thyroid
 medicine and improve her memory which has
 been a problem recently.

⑨ 14 APR 2000 - Nurse Janet called RPU to report that PLU is no longer taking food or water or other liquids and is not being given food or liquids otherwise. The doctor reports that she is not expected to live more than a day or so under these conditions. Bill & BB are staying with her at the Cancer Hospital Nursing Home to be with her until the end. RPU & SSU called the Nursing Home and spoke to BB who was distraught. She indicates that forced intake might sustain life somewhat longer but there is no satisfactory state to which she could be returned.

⑩ 16 APR 2000 (SUN). RPU & SSU had been out for a movie (Erin Brockovich). Upon return at 5:10 PM there was a message on our recorder that Pat had passed away at 2:35 PM at the Nursing Home in Greensboro, NC.

(12) Notes By RPU re trip to funeral for PZ 4

RPU + SSU + son BPU flew from St Louis, MO to Raleigh, NC on 20 APR 2000 and returned the next day. Our daughter Selma flew in from Beasport, NC on the 20th and on to St Louis the next day. We all stayed with Mary, Sallene's sister in Raleigh. We attended the visitation service at Mitchell's Funeral Home 6-8 PM and the graveside service at 10:30 AM on 21 APR 2000 and a luncheon at the Hilton Inn except that Sel did not arrive in time for the visitation.

At the visitation we chatted with Bill Alsbaugh, daughter BB & ChirChir + granddaughters Jessica G. Fubits and Sloan Lewis (I got address for the last time). Also with Lois & Rand Jefferys, Frank Jefferys, Miley A. Perry & wife Nancy, Bobby Waggoner, Michael & Janet Reuse, Mary Oney, Jim Perry, Joyce Griffin, & Jimmy Arnold - this being the full array of visitors.

The next morning we met the Alsbaugh party at the Hilton Inn and motored to Restlawn Memorial Cemetery where graveside service were rendered by a Priest. Joining the mourners were Pat's lifelong friends Angela VanZee and her daughter + Bill's sister Frances & her Bill & son Barry. + Frank Jefferys & his friend Linda. We joined the family for lunch at the Hilton hosted by Bill

Some RPH recollections/reflections. Note that Pat's dau Cindy was not listed in the obituary as a child. Her daughters, Sloan & Jessica, indicated that they had made two attempts to reach Cindy & her husband at their residence in Charlotte but were rebuffed both times. Apparently Cindy's husband would not let Cindy answer the door bell. Grandau Dawn had been for a visit a few weeks before Pat died.

(13) See Notes of RPH Visit 1 DEC 2001 to Edna Linn U Linn recalls that she rode the bus to Centennial School in Raleigh, NC. My sisters Tony and Pat (PLU†) attended this same school. I had always wondered how they got there. Now I know.

○ 15 SEP 2007 - Called [△] Frances Holt (Talley) Todd to learn how she is doing. She is leaning up well. Her daughter Gina answered the phone. FH says Dan's pain was insupportable to relieve especially in the last two years. He could not bear to go back to the hospital. FH feels he is better off where he is.

Frances Holt says her friend [△] Ruth Parker (maiden name) often stayed in the Holt home as her father had died. Her mother had a government job and was transferred to Columbia, SC. They were in Murphy School together. Ruth and [△] had 1 child. This ^{was} ^(D1 or #2??) ~~was~~ away with a nurse. Ruth and [△] had a Duke grad who had 2 children & they had 3 together making 6. Ruth stayed some with FH & Dan on Tryon Rd.

Frances Holt knew [△] Berta Parker who was [△] Acton owner Perry's good friend. FH recalls Berta shining his car lights in Acton's window at the Home of George & Clyde Shotts when she happened to be spending the night there. She does not know the story of Berta & the gun which I mention.

My sister [△] Pat [↑] stayed with FH family when she worked at WPTF. FH says she introduced Pat & Bill Alsopugh. My sisters Pat & [△] Ting would visit FH parents when they were enrolled at Meredith & use the hair dryer. Ting had a football player as a boyfriend.

○ Excerpts from RPU NC Trip 9-23 OCT 2007

From Pg 19 - 16 OCT 2007 - Visit with [△]Elma Elizabeth Moore

Elma went to [△]Centennial School in Raleigh for her first three grades. There was a school here that operated from Raleigh but it was discontinued after the 3rd grade. Then Elma went to [△]Enterprise School one year while [△]Script Creek Elementary was being built & then finished at Script Creek. Her teacher at Enterprise was Mrs BLAZOCK. Other teachers were

Mrs BRAGG & Mr Shearon (Principal). Elma knew my sister [△]Ernestine Ray U and [△]Patty Lane U and was in school with them. She remembers the

[△]Bartley Jefferson U household and said the family had lots of land - implying they were well off. She always wondered why no one in the household worked and yet they seemed to have plenty of money.

[△]Elma says her sister [△]Josephine was born at the Bart Moore Farm but when Jo was an infant they moved to the home BJU had built for his son [△]Rex Edgar U. Jo does not remember this. When Jo was about 14 her family moved to the Inwood School House, then to Alma's home, then bought the home on Lake Street Rd. From the Rex U home they moved to the Mellin Home on Mid Piney Ad and then back to the Bart Moore Farm.

[△]Jo's mother & Bart Moore were good friends and were surprised when they parted ways about 1932 - only to reunite after a couple of years.

CC TO BIOFILES OF BILL & PATTY

○ NOTES OF RPM CALL TO William Herbert Alsbaugh 10 APR 2010

The special purpose of my call was to learn about the two buttons his wife/my sister the late nee Patty Lane U may have had. Bill says he knows them well but they along with other small artifacts owned by Pat seemed to have disappeared in the last few years of her life. He wonders if the GD Dawn may have somehow acquired them. I told him of the interest of Getter Bradley U in the buttons. Bill will look again but doubts the buttons will be found. He agreed I could give Getter his phone number and, with a day or so of notice, would be happy to join Getter for lunch at Stameys.

I indicated that Frances Holt Talley told me that she introduced Pat and Bill. Bill said "not quite". He related that on January 1, 1945 he had an extremely bad romantic relationship that led him to nearly take his life. A few months later he joined WPTF Radio station in Raleigh as an on air reporter. In mid summer 1945 Pat was hired by the Copy Dept of WPTF which was upstairs in the Durham Life Insurance Building in Raleigh. Pat was brought downstairs to be introduced around. All the men, including Bill thought she was pretty (she was 24).

○ 10 APR 2040 - RPU call to Bill Alespugh - CONTINUED
 Bill & Pat had a chat and somehow mentioned
 an ice cream place near Plover College. Bill said
 "we should go there sometime". Pat said "when".
 Bill put her off due to his hurt from his earlier
 breakup. But they met soon at the ice cream place
 and afterwards walked to the home of Helt Tilley
 (husband of Frances Helt) to say she introduced
 them. (Bill did not recall that Pat lived in the
 Helt Tilley home when she worked at WPTF).
 Bill says Pat's boss wanted to date her and
 tried to horn in at the juke joint near Cary
 called Papa John's when Pat & Bill were there
 on a date. Coincidentally, this man was a
 brother of the first girl Bill ever dated.

I related to Bill that I met Pat in Baltimore
 in the Spring of 1945 where she worked for a
 radio station. He says it all fits together.

Bill said he gave Frances Helt her first plane
 ride in a model that Dan & Frances Helt later
 owned.

Bill and I discussed letters Pat wrote late in
 life and promised to exchange copies. I told
 Bill of my cooking venture

(12-3)

○ 10 APR 2010 RPA call to Bill Alspaugh - CONTINUED

Upon my asking Bill told me that his FUCH grandaughter had recently visited. They are both married & have children. One lives in St Petersburg, FL and the other in Tampa, FL. Bill will send me addresses. Again, upon pressing, Bill revealed that the GO had indeed found & would then mother CINDY in Charlotte, NC and found her alert and in proper relationship with the world about her. Bill has her address and plans to contact her on her birthday or at Christmas.

Bill reports that his GO Dawn has arranged for her mother Be to be put in a care facility as she has run away from Dawn's home three times now. At the new place Bill & Ciri Chi will be able to visit & call easily. Bill says she has the mind of a child.

Ciri Chi fell & broke her leg and has been on crutches several weeks. She has just started to drive again. She goes with Bill to Doctor's appointments and takes notes.

Bill & I had a chat about Sister Perry and the fact that she had a friend. Bill says he must have learned this from Pat.

As an memoir calls it appears that Bill really misses Pat.

Recollections: Grandpa Upchurch. [BSU]

He told her about fighting in war. He said to her
 that he hid & shot Yankees like birds. When
 Mr Putnam (minutes) would call Pat recall Grandpa
 walking out to meet Mr Putnam and saying
 welcome (jokingly) I like you as well as any
 Yankee & I bet I have killed a thousand.
 Grandpa would tell about getting hungry in
 Elmira in prison. He got some money
 from someone & paid a colored man
 to help him get on the train. He came back
 with a friend on a horse. Friend talked about
 eating all he wanted. Grandpa suggested
 that he should eat sparingly. The friend
 ate all he wanted & died. Pat says Grandpa
 & Aunt Lena told her that Gilbert would have
 made a fine lawyer - that he would make
 & deeds (I doubt this - RPU). Does not recall
 Grandpa working. Always wore a black coat. Remember
 Grandpa as being very proud. Dipped snuff -
 Grandpa held court on porch each Sunday &
 he always sat in swing on outside.
 Pat says she understands Grandpa had a teacher
 in his home. There was a large horse struck
 by lightning & burned. Pat does not for sure
 remember this, she does not remember the
 dairy being operational. She remembers GP sitting

Dear Pat

How nice to have your recent letter and your \$10.00 check dated 22 NOV 80 for the past issues of the 1980 Upchurch Bulletin. The issues have been sent to you under separate covers and hopefully will be there by the time this letter arrives. Provided herewith is an invoice for 1981 in case you want the 1981 copies - also provided is a Family Relationship Chart and an Address Form in case you are willing to complete and return them.

The Upchurch Bulletin is really an exciting venture for me. There are Upchurches all over the United States - some related closely, some distantly. This undertaking is like working on a giant hereditary puzzle with family members being the pieces. It does take time and money. Have now about 250 subscribers but am in the red about a \$1000.

(15-2)

We have been distressed to hear about your arm and keep hoping you will gradually get better. Maybe the new Doctor will be helpful.

It would be nice if we could be in NC for the Christmas Holidays but that is not to be. We hope to have a nice gathering here in AZ. Deb & Robert (I call him Baby John!) will be here as will Alda & Ken and Barry. Unfortunately I have a tentative trip to the Middle East (Yemen & Kuwait) between now & then. We are planning a big Open House in our Home for the Dept & other friends on 29 DEC 80.

We are looking forward to a big trip back to NC next May when Barry graduates. I will hope for at least one "drop-in" trip between now and then - probably in late February.

Dear Sallaine, Phil & family,

Hope every thing is going well there. We are doing pretty well - The my cloud seems to be my crazy hand & arm - Now doctors are saying I may have to have 2 hands fused in my neck. They are crossing on the ~~way~~ nerves that run down my arm and into my hand. Jim going to think a good while before I let them do that. Mother seems to be in good spirits because Mr. Cates, the man who can ~~fix~~ fix anything is moving back to her trailer.

Our house in Raleigh is complete and the top of a cosmetic Co. has moved in.

We had a good Christmas and were lucky enough to see all our grand children & children.

Dear Sallaine and Phil,

Things are so wild here
it's hard to settle down to do
anything.

Bill is still driving that 100
miles a day to UNC-CH. Dawn
has had two illnesses recently
and I have had to keep her.
One was Scarlet fever, and
I am trying to look after George
Phillips sister in Stormount Villa
nursing home. He lives in Miami
and is her only living relative.

I haven't had a chance to
get little Angel Heather a
present - but I will. Sara
would love to see her. Now
you all will learn how
wonderful it is to be grandparents.
It is a great role

P.S. Mother was quite ill - loss of potassium and infected tooth but is fine now. I spent 3 weeks with her -

Bill is going to resign in September. Who knows, maybe we will get to Arizona one day. He will have worked for N.C. 25 years at the end of Sept.

Lawyers are still quibbling over my hand so I haven't received any money yet. So funds with me are short. But I want more of the bound copies of the Upchurch Bulletin if they are available later. I hope things are going well for all of you.

~~Let me hear from you. I wonder what Barry, Pat, Rob and the new parents are doing.~~

I think I told you BB has a job with Piedmont ~~Area~~ Mental Health in Concord and is living in Charlotte. Janet is still in a state of shock, about Bobby and so are we - I will walk in the ERA march at the legislature Sunday. I am trying to keep up hope on that issue. Love, Pat

MRS PAT ALSPAUGH

GREENSBORO, NC 27403

Dear Pat,

How nice to have your letter of June 7, 1982.

It has been a full year since I have paid a visit to NC and a word from the home state is more than welcome and especially from the Alspaugh household. The bound copy of UB Vol 1 will go to you now under separate cover. Issue 1 and 2 of Vol 3 will be sent this week by ~~bulk~~ mail or Issue 2 is due back from the printer tomorrow and we will be mailing it bulk. We have plenty of bound copies of Vol 2 and will have Vol 3 bound in November in case you want them.

Tell Bill I envy him his upcoming retirement. You and he simply must come out for a nice long quiet visit with us this fall or winter. Your ~~and~~ hard finances will have been settled by then. The weather is great all winter starting about the middle of October. There are a lot of things here that would interest you and Bill.

18-2-

It would be great to have you over Thanksgiving or Christmas but anytime would be OK.

My life is now divided into several major components each of which represent a major challenge and each of which brings much satisfaction and some measure of frustration.

For 1982-1983 I am providing the leadership for CAST and a copy of Vol 9 No 2 of New Frontiers is being sent to me. As President I am trying to launch a new magazine on agricultural science and technology for high school science teachers to be called LAND & PEOPLE. The burden on me is to raise \$150,000 for the budget for the first three years. I am about 40% there and over the next few weeks must get to the 75% level.

The job of creating and elaborating a Development Program for our College of Agriculture is now the big challenge of my career. I have a nine component program which is falling into place but not without a struggle for resources to get the job done and not without some differences of opinion on what to do and when.

I wish you were nearby and could help me with Upwards Bulletin or could make some interview there in NC. You are so good with people and I know you would

(18-3)

enjoy all of the types of personalities involved. But I know you are fully occupied as it is - still someday you may have some spare time.

I am glad that you were able to spend time with mother while she was ill recently. We think of her often.

Heather is a fantastic child. The most glorious grandchild ever! Nelda brings her in almost every week but I have missed her for about three weeks now. She is growing and beginning to smile & coo. She talks to Sallie more than anyone else because you know who makes a big fuss over her etc.

This week has been overly full - A week ago (29 MAY 82) we had a dinner party in our home for Donell Metcalfe who is returning as Director of Resident Instruction in our College. I went to Washington DC on Wed & came back on Thurs. Then on Friday night we ~~had~~ attended a major farewell party for the Metcalfe on campus. Then yesterday we had a work party at the College where 30 friends, alumni, etc helped me update alumni records. Then we rushed to Phoenix for the March of Dimes Cognition (black tie affair!) - Got back last night at 1 AM - we are so busy & so happy - look forward to your visit with us. Bro

We are hoping to get to

I love it!

I believe you said the
months of march of maybe April
was good. So I don't remember
correctly, let me know.

Bill's brother, ~~is~~ Harold,
is terminal but still fighting
to make it. A lot depends on
how he is whether we can come

mother is fine - we are
going to spend Feb 2 (Fri) with
her. Ting and I are
going to talk to some legis labors
Wednesday concerning laws they
are considering on education of

we don't like it.

Hope things are well with

Dear Sallaine and Phil,

Our schedule has been turned around a bit due to our florida hosts church events. We had to slip back our visit there and now are set to spend from March 21-30 in Florida.

Bill and I have been talking about giving you all a definite date on our ~~Arizona~~ trip to Arizona. Bill thinks we better wait until we get back to see how his brother and mother is. ~~It~~ I'm sure he is right but I am anxious to get it settled. But we will ~~w~~ take stock of things when we get back and write you.

Bill and I took mother to Southern Pines ~~w~~ twice recently to see the doctor about her eyes. Dr. Martin said she had a stroke in one eye. He gave her medicine which he hopes will prevent a stroke in her other eye. She is still having weak attacks and is taking medicine for that. She is very fragile but still seems to be in good spirits.

Everybody might as well prepare for it.... I am going to be in Tucson when Heather is there. I can hardly wait to see her. I know she is growing like a shooting star. Of course what star could ~~xxxxxxx~~ outshine her?

I wonder if either of you could write us a note about the best way to take from North Carolina to Tucson. We plan to enjoy the trip out, to see the country in a leisurely way. It will be a real treat to see all of you and some of Arizona. I know it would take years to see it all.

Our love to everybody. Tell Heather her ~~is~~ "Very Great Aunt Pat" can hardly wait to see her.

Love You'all,

Pat And Bill

Dear Pat

Delighted to have your note of February 1, 1983 and your renewal for UB 55 and also an order for a bound copy of 1980. In the latter I note that you ordered a 1980 bound volume earlier. Do you really want another 1980 bound volume? Please let us know. We have a new supply of bound 1980, 1981 and 1982 and can send whichever one you want. I just want to be sure of your desire.

We do hope so much that you and Bill can come to Tucson. March and April are beautiful months here so make plans to come if at all possible. It would be a great experience for all of us. And we need more help in loving my darling granddame Betty. We promise to show you and Bill some unusual sights!

Just rec'd a packet of documents from Archie re N.C. Supreme Court cases involving Upchurch. It is a very exciting document about our Great Uncle William and his efforts to avoid service in WWI!!

March 1, 1983

Dear Pat and Bill:

We received your letter today and are so pleased you are coming to see us. My schedule is very flexible and I will be able to take you places and do things. Phil's schedule is open until about April 14 (14-16 he has an Arboretum Advisory Board Meeting in Superior, AZ). He is fairly open again until April 25 (25-26 in Phoenix, overlapping 26-27 Kansas City). April 29 he has on campus an AZ. Women for Ag. meeting and tour and an Ag Retirees Reception in the afternoon. He will be in town and free to join us in the evening. The only other conflict will be with Nelda and Ken and Heather. They have tickets to fly to Mobile, AL on Apr. 16 and stay until April 24 to see Heather's greatgrandfather and mother for the first time. They have called every week lately wanting to know when they will bring her to Mobile, and so they decided week before last and got tickets to go April 16. Perhaps your schedule will allow you time to see them before or after their trip.

You might enjoy going to Superior to the Arboretum (we could take Phil and/or get him from his meeting). We could also go to Phoenix and see what is there while Phil is in his meeting - we could come back to Tucson and Phil could fly on to KC for the next day and back. I don't know if you plan to go to the Grand Canyon while you are here or not, but it would be a good time if you have never been. A second thought just came to me! If you could get to Tucson by Friday, April 1, we could drive up to the Grand Canyon for the weekend and the Easter Sunrise Service on the edge of the canyon. We were there last year at Easter with Barry and it was the most magnificent sight we have ever seen. BUT be sure to bring warm clothing as it is very cold out there early in the morning. Phil will have a holiday also then. We would need to make reservations as early as possible to insure a place to sleep ... so think about it! However, don't feel pressured by the statement above but come whenever your schedule allows.

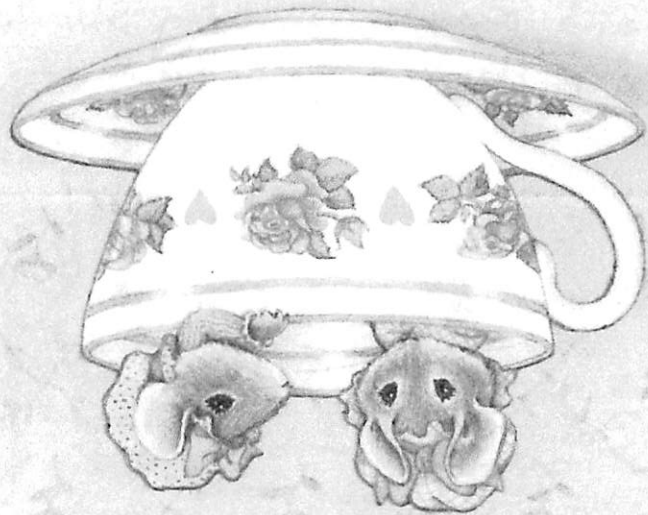

Phil is in Wash, DC this week. He goes to Chicago and El Paso later in the month. All the others are fine. Heather is coming this Friday and stay 'til Monday while Nelda, Ken and some friends go camping. I have two luncheons to prepare within the next week so I am trying to get as much done as I can before Heather arrives.

We are excited and looking forward to your visit to Tucson in April!!!

Regards to all.

Fondly,

Sallaine

Dear Sallaine and Phil,
Sorry this is so tardy.
Hope by now you both are
well and in good spirits.

I have been in bed a
week with bronchial infection
but Sam definitely going out to vote
today. Somebody has to cast a
right vote in this family since
Bill Alsop and Phil Upchurch
have such a distorted political
view! Ha!

We now have taken most every-
thing out of mother's little house.
I gave Ryan Jeffries and his
grandsons \$20 to help me clean
out most of the things out the
attic. Branda says we can
get the rest out when we get a
chance. Ting really isn't able
to do cleaning like I can even
with my one good hand. Her
allergies have weakened her so
much. She can't stand dust. Chi
Chi has also helped a great deal.

We have had two of the nicest
letters from Nelda. My next project
is to get that little blessed
Angel Sandy a birthday present.
She is the cutest thing. Her
feather gets more beautiful with each

picture. what a doll. She should
be in television commercials.

which reminds me to tell you
Bill made a Bunker Hill commerial
with Loretta Tupper, the older lady
who does the Sargeant's Flea collar
commerial and the Fruit of the Loom
one.

He is also ^{is} posing for a furniture
billboard to be used in Thomasville.
we'll send you a snapshot of it.

He is really busy these days.
When Ting get back to Raleigh
~~some time~~ sometime next week
we are going to try to get
her medical bills paid. I hope
soon to have this situation cleared
from the boards.

I am sending you all an
article on barbecue I think
you will enjoy. The Sage of
who has the best barbecue
in the state goes on and on
here.

I meant to tell you above
that I had my attorney,
Marion Follin of Greensboro to
check the contract on the
property before I signed. I
just felt some one besides

Mrenda and Alan's attorney should
check it. He did and said it
was alright but to check on the
fire insurance which I fear of
Ting had written herself. So
that's ok.

This letter is fragmented. Bill is
reading me articles from the news paper
- Dawn has the cartoons going on TV.
BB and Dawn have moved back
with us for the time being. The
Noss at Piedment Area Mental want
her to take the place of a gal who
was going on maternity leave in
another county. It would take
her too far from Dawn's school
so she resigned. I was so
relieved because she would
have had to deal with violent, hefty
mental patients. She thinks she
may have a job here in early
~~the~~ intervention - dealing with
pre-school children

Sure hope thing are going
well for you all there. It was
good to be with you even tho
we met under sad conditions.
I miss mother every day

Dear Pat,

This is to acknowledge receipt of your letters of February 10, 26 and March 17. Shortly after you receive this you should be back from Florida and we can communicate by phone about your trip to AZ. We are certainly looking forward to seeing both of you. As to the best route that would be Interstate 40 to Albuquerque, NM, Interstate 25 to Las Cruces and Interstate 10 to Tucson. It is a good road all the way. For return you might want to use the more southern route through El Paso, Dallas and Atlanta which takes a little longer but adds some different scenery.

I really appreciated the information on Charles Kelly II, and hope to contact him for more details. I am sure he traces back to a Kelly II who lived in Chatham Co NC but the connection of that earlier Kelly to even earlier generations is uncertain although I do have some speculations. I hope Charles Kelly II Jr will be interested.

(26-2)

Pat you asked about a standard list of questions to be asked in genealogical work. Here is an illustration:

I. James U and Marie Jones

A. Kendrick U and Stella Smith

In this example Kendrick is the son of James.

- I need:
- (1) Full name of each individual including the full maiden name of all females.
 - (2) Birth dates of each person
 - (3) Birth place of each person. (City or County and State)
 - (4) Marriage Date & Place
 - (5) Death Date & Place
 - (6) Burial place (Name of graveyard, location, City, County, State)
 - (7) The names of the parents of Marie and Stella in this case but not the dates & place for the parents. This item is the least important but it is nice to have if time allows collection.

After I establish a good relationship with a person in conversation or in writing, I usually ask if they know anything unusual, good or bad, about the family - (service in high office, hangings, murder, etc). Also it is nice to learn what people do aside from a living.

Love Bro.

Dear Pat

We were pleased to see you in Raleigh recently even under such sad circumstances and for such a brief time. We were sorry that Bill could not join us but understand the call he had to duty elsewhere. Tell Bill we appreciated his beautiful letter and that Sallaine was deeply touched by it.

Thanks for the 1983 article on Joanne Upchurch and the Caswell Sheep and Wool Co. She is the wife of James Bartlett U Jr who was the son of Sr, Jr of Ernest Frederick U, Sr, Jr of James Bartlett U, Jr of Gilbert Butler U, Sr of Butler U who was a son of Nathan II U, Sr GGF. A 1977 note I had shown Jim for being a cosewoker in the social service Dept of Caswell Co, NC. I correspond regularly with Mrs Emma Fowle (Upchurch) Priest of Charlottesville, VA who is an Aunt of Jim Jr but my records on Jim Jr + his brothers and sisters are weak. I don't even know what Joanne's maiden name is. I do know

that they are people who like to be close to the land and nature. They would no doubt be very interesting people to know. If you do get in touch with them please stimulate their genealogical interest. They are specially important because they belong to the Nathan & I class.

We have returned safely to Tucson and you can surmise and to a backlog of work. Hopefully by another week we will be somewhat caught up. Fortunately Sallaine's allergy is now much better.

We are now laying plans for a week in Hawaii in July. I have a business meeting and Sallaine will go along. In September, if all goes well, we hope to visit the Darlings in Montana. In about 8 weeks I have to go to Indianapolis and Sallaine & I may squeeze in a week-end in St Louis -

Give you my love to all.

Dear Sallaine and Phil,

On Oct. 12 Bill went to the Autumn Leaves Festival in Mt. Airy. While there he picked up a program on the two-day event.

On Sunday he pointed out to me that a Early church was playing ~~at the festival~~. So of course I wanted to go see and meet him. Needless to say we had a grand time → [EARLY GLEATHORN U]

Early and his brothers, Dennis of Mount Airy and Warren of → [DENNIS BERNARD U] → [WARREN U] Lambsburg, Va. were there. Another brother, Jasper, also of Lambsburg, → [WILLIAM JASPER U] was not there, also ~~at the~~

Early's son and grandson was there

Early own's "House of Music" music store in Galat, Va. P.O. Box 713, Zip 24333/Phone: 703-2364761

He played the guitar. When his daughter, Kathy, (now Edmonds) → [KATHY DENISE U] was nine years old they started traveling and singing over a large portion of the country.

a friend of Warren's wrote down a number of names

For me and S have misplaced them.
If S find them I will send them
on to you. I do know Early's
father was named Green Upchurch
and his middle name was very
odd. -- ~~Start~~ Started with a "G"

Also S believe Ray Upchurch
who was at the festival is a
son of Early or Uparen.

Bill gets a great kick out
of these festivals and so do S.

Dear Pat

I have just gotten around to processing the materials sent in your letter of 23 OCT 1985 and want to thank you for them. Also we appreciate the record you sent of Early Upchurch. It is great to have a collection of "Upchurch Things"

A letter has been sent to Early U asking for more details. I hope he will respond. Actually, I know how he fits into the family but I doubt that he knows. Of course, many more details are needed. His grandfather was GREEN BERRY U who was named after an Uncle of the same name. The name (Green Berry U) was also given to a nephew of our ancestor Nathan U I (Two nephews Green Berry U was a son of Hubbard U). The two older Green Berry U were about the same age and their records became confused. It took a lot of digging to sort them out.

We have had a great time a nice Christmas with Barry being here to help with the celebration. yesterday we & I spent most of the day touring used book stores. we went to 6 out of 13 on our list. Made some nice purchases.

Let me give you a little secret which you can feel free to tell. We are considering putting our house on the market for sale. we have three Agencies selected to visit us starting today and will chose one of them to handle the sales job. Our plans are to buy or rent a townhouse or the equivalent. This house and the yard is more than we need under the circumstances. We want to try to sell the house for a good price while we are not under pressure to sell. We don't know how long we will be in Tucson. It could be until I am age 70 which would be 12 years from now. More likely it will be from 3-5 years from now.

It's always great to hear from you. Hope to see you in NC in late February.

The Boyce Thompson Arboretum falls under me and generally has since 1976. We look for there for a visit when you were here. I thought you might enjoy reading about it. The second item of interest concerns Thomas Wolfe. I thought Bill might enjoy it.

We are about to wrap up after returning from Europe on 7/30/89. It was a great trip. Deb and Andy arrive for a week on 1/30/90. Andy will stay with us while Deb goes to a conference in CA.

Dear Sallaine and Phil,

It was so wonderful to hear from you and to hear you are coming to N.C. this Christmas.

The past few years have been the hardest of my life but I am determined to be an optimist.

Moving in November was an almost impossible task. We had a collection of furniture etc. that wouldn't fit very well into the new house. People think I am crazy when I say the house is too small. Actually it's the furniture that is too large.

My injured hand and now my problems with a broken ankle have slowed me down considerably.

The ankle healed but I kept having terrible pain and a Greensboro doctor wanted to operate on both sides of my foot. I told him to 'put that on hold'. Then I went to Duke Surgical Private Diagnostic Clinic to Dr. Nunley, an orthopedic surgeon. He put me through the nuclear process and found something the other two doctors had not, my ligaments in my right leg were practically destroyed by the fall I had in an 8 inch hole in a city park.

An aircast and the proper ~~shoes~~ shoes helped me a great deal. My great fear is I will be in a wheel chair someday. In the meantime I am going to do all the walking I can.

Dawn stayed all summer with us. She is not happy with her stepfather and this is very hard on BB. Don't know what will happen there. I haven't talked to Bill about that because I don't want him to worry.

Dawn is as tall as I am and even with a learning disability she reads anything. She tests at the 6th grade level but has an attention deficit and has ~~difficulty~~ difficulty with math. We sent her to a girls camp in Asheville. Her little friend Harmony was going for the second year. She loved it!

I did learn that I will not be able to look after her that long again. That age 1 child is too active for me.

Bill is still in ~~demand~~ demand for commercials and has some going in seven states. He doesn't like to be "on air" in N.C. cause he doesn't want people to recognize him. He ~~isn't~~ recently did Pepsi for Canada - The directors loved it!

We have been invited to Holland by our friend there and may go Oct. 16. We will be there 3 weeks and hope to go to England and Germany.

If you can fit it into your H.C. schedule, I hope you can stay with us some. We love our ~~surroundings~~ surroundings in the country. Please bring pictures of your grandchildren. I want to see them so much. Glad to hear Barry is on his ~~top~~ last academic lap. My oldest grandchild Sloan will go to Florida State University this fall. I watched her graduate with honors from St Petersburg High on June 11. (over)

Dear Pat,

It has been a month since the trip to Missouri and I am just now getting my head above water. The week seems to pull up when you are away. We may have another emergency around the corner with just six days left our Arizona State legislature has not approved a budget. If they do not do so all state wants shut down a week from today.

We certainly enjoyed having you and Terry with us for the visit in Missouri. Your presence made Gary's graduation very special. The trip out in the countryside was most enjoyable and we enjoyed showing you and Terry the farms and a little bit of rural Missouri. The wet weather has continued and the crops were put in very late. It is likely that the yields will be low on both corn and beans. Such is the life of the farmer.

Thank you for the check in support of Michael's enterprise. I thank you so about even more. You should have all the back copies of the Upchurch Bulletin.

If you are missing any issues please let me know. The data for the family keeps rolling in and it's a real challenge to keep up with it - lots of fun though.

A week ago both Deb and Barry were sick with the flu or something like it. They both seem much better now. Salanne thinks they were run down from so much activity.

I hope Dad finds you and Bill well. We are in good health but the hot weather is heavy down on us. As matters stand we will be in Tucson all summer. It would be nice to get away to a cool spot for a few days. If it gets too tough we may do that.

Dear Sallaine & Phil,

Thank you again for your wonderful letter. It was a great comfort to me.

We are trying to keep our spirits up. We had a call early Christmas day saying Bill's mother had been taken to Forsyth Hospital in terrible pain. So we left the family on their own and spent the day at the hospital with Mama Alsbaugh. She now has diverticulitis (wrong spelling) infected pouches in her colon.

We loved your piece on Tiny in The Upchurch Bulletin. It was beautifully done and I know she would have loved it. It means so much to me.

I would like to have four copies if you could send them to me. My two Dutch friends would like a copy and I want some for our girls. Send me a bill please.

I was so glad to see all of your family in Raleigh. They're a handsome group.

Dear Pat (& Bill)

Thanker for your letter of 3 JAN 91 which arrived yesterday. It is always good to have news of NC. I hope Bill's mother is doing better news.

The article on the book "Thrown Away" was most interesting and brought back a lot of memories. The book tells an interesting story of a time gone by. I might have one or two counterparts to make but mostly the author is on the mark.

I have placed the article on Judy Upchurch in my files and appreciate this addition. She is nee Judith "Judy" Ellen (Golden) Upchurch, wife of Fred Moore Upchurch who is the son of Ernest Frederick, Jr of the Nathan U, I / Bartis U subline. This family was originally from Cary, NC. The GF of Judy's husband took a law course at Wake Forest College and moved to Yanceyville about 1910. You and I are 3rd cousins of Ernest Frederick U, Sr and we are 3rd cousins twice removed of Judy's husband, Fred. I know Fred's Aunt, Emma Lou (U) Priest well - correspond with her frequently and visited in her home in DEC 1989 in Charlottesville, VA. Thanker for the clipping

(35-2)

We are sending you a copy of the last issue of the Upshunks Bulletin under separate cover.

We are doing a little reorganizing of things at the office and at home in an effort to be a little more efficient. This amounts to some throwing away and checking priorities. In the world I live in you soon get buried in paperwork and have to come up for air. The year ahead looks like a busy one just doing the normal things - work at the University, genealogy, the farms. We will go back to Missouri for a visit this spring and again next fall. I hope we can buy another farm in 1991. We did not make any additions in 1990.

The children and grandchildren are all well. We wonder if Barry and his girlfriend, Diana DANIELEY, or never. They don't give us a hint but seem to go everywhere together. Barry is now busy studying for her bar exam in Missouri which he takes FEB 26.

You lucky people! Spring is just around the corner with its dogwood and azalea show. We don't have anything like that in Arizona! Come to see us. Take care

Hope things are going well for all of your family! I hope Barry has found the girl of his dreams. Wonder if he watched Duke win the National Championship. Being an avid Duke fan, that win really was a great joy for me.

Dear Pat & Bill

Thanks for your letter of 9 APR 91 and for the clipping on Cecil Upshurst. I had him in my files but the clipping provided several new bits of information. I never met him but I do have a model airplane made out of a tin can by his nephew who is a radio announcer in Asheville, NC. Please do such clippings in the future. They are very useful.

I understand Bill's frustration about the income tax. We we started to work in JAW/FEB on our filing for 1990 we discovered that our accountant had failed to claim \$3900 in fertility expenses for 1989 although we had given him the figure. This required a refile of 1989 for Federal, AZ and MD. To make matters worse, the accountant made an error on the refile with the result that AZ refunded too much and MD sent us a bill for \$3500 !!

(37-2)

Now the AZ and MO replies have to be replied again - but we can't reply on the reply in AZ, until we get a reply from the reply on the reply in MO. Now, maybe that will at least let Bill know that he has company in his nursing!

Bary & Dianne are spending a lot of time together and I presume they are serious but he does not say for sure. He is as peculiar as Uncle Wm! We will be in MO 14-23 MAY 91 and are looking forward to the trip. It will be good to see all the St Louis crew. Deb, Robert & Andy seem to be doing fine. Deb is getting more & more responsibility in her job & is working hard. Bary is doing quite well at the bank.

Here in Tucson Nell & Ken & the kids are doing well with the kids growing like weeds! Sallaine has had a very busy year with the Faculty Women's Club being a special project. There is no let up in my work at the University but Sallaine says I love it. I finally bought my first tuxedo as there is a big event on 20 APR 91 for our outgoing President with 600 people in formal attire. I am the "Host" person for our Ag Group of about 30 people.

We finally decided to trade in our 10 year old cutlax because the air conditioner was broke and would cost \$600 to fix. We got a Pontiac Grand Am and it seems happy with us.

With any luck we will buy another farm in 1997. For the past two years my offer on tracts have not been accepted. My bids were not very high as I was really concentrating on spending money on clean-up and soil conservation measures. A lot of that is behind me now.

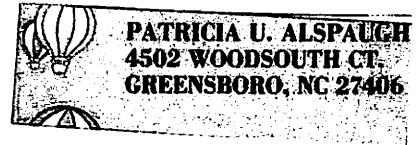

Pat, you & Bill must plan a trip out to see us. Anytime is good. We would enjoy your company. There may be an excuse to go to Mo for a wedding but we have no idea when. I think Barry is a slow learner!

I have had some very nice letters from Evelyn Wilson in recent months. Also, I have made progress on our Urris and Edwards heritage.

It is always good to hear from you.

We are still all aboy about the wedding. Bill simply must come. He would enjoy the scenery both out in Montgomerie County and down in Farmington - and he would lend dignity to the undertaking.

When we were in St Louis Sallaine bought Sandy a lovely lacy white dress for the wedding as she will be a flower girl. Yesterday Sallaine found a bargain she could not resist and bought Heather a beautiful blue dress to wear

Dear Pat:

It was a delightful treat to have you with us at Barry's wedding. We only wish Bill could have been there. Our only disappointment was that there was so little time available to spend with each person present. For this reason I was very pleased that you, Michael & Janet could meet us on Thursday in St Louis and that we could spend some time together again in St Louis on Sunday and Monday. The brunch that Janet served on Sunday was very nice and was enjoyed by all. I know that Barry and Diane appreciated the participation by all who came. They are back now from Hawaii and settling into their apartment in Lake St Louis. Sallaine and I spent two nights in their apartment and even with two bedrooms it is already crowded. They have wall to wall "stuff". They will probably look for a house before too long.

Thanks for the \$100 deposit on your Michael Enterprises account. Sallaine and I have checked the records. This pays you up through 1991 for the regular subscriptions. The remaining \$85 can be used in any of several ways - as for example - to the Uplunch Research Fund directly or as a memorial to a given individual - or to purchase copies of the bound volumes. I note that you already have bound volumes for 1980, 1981, 1982 and 1983. We have 1984 -> 1990 bound volumes in stock. They are \$25/year. We will use the money as you see fit.

I ~~information~~ for the Uplunch Bulletin keeps pouring in from a variety of directions. It keeps me hopping to stay up with it. Wish I had full time to spend on this project.

Thank you so very much for the pictures. My camera no longer works and the experts say it is worn out. So I appreciate any you can spare.

Hope your eye problems are solved. The process can be aggravating I know. Inner ear infections have really slowed me down recently plus my blood pressure shot up to a dangerous point. The doctor gave me a stronger blood pressure medicine and of all things Valium for my ear problem. Now I am so weak I keep going to bed. I have a call in for him to ask if the new medicine is too strong.

Have enclosed some information, clippings for Phil. Some have missing dates. What could I have been thinking of? But maybe they will be worth something. Also Bill thought you would be interested in the "Loss of Crop Varieties" piece from the Greensboro Daily News and Record done recently.

I am still enjoying the memories of Diane and Barry's wedding - and being able to see all of your relatives, Sallaine, the children and grandchildren. We are still getting egg plant and a few tomatoes + peppers out of the garden. Chi Chi planted at the back of our house. It is unbelievable! I have just finished reviewing the details supplied with your comment letters of 21 OCT 1991 and want to thank you for the letters and for the details. The articles are always helpful. In the case of the crop variety article suggested by Bill I found special relevance. The concerns addressed by the authors are similar to the ones I am addressing in my Desert Legume Program.

We have just finished a heavy round of activities at the University dealing with a large reception for our new President and with Homecoming. Now that the events are behind us we have to clean up the aftermath and attend to all those things put aside while we were dealing with the priority items. At any rate we mean the next few

42-2

needs as a time to regain an equilibrium.

The newlyweds seem to be doing fine.

They survived a major reorganization at the Bank and Barry has a new job which holds a lot of potential if he turns in a good performance in the next two years. They are already looking for a house but it would be next summer before they could buy/move because of their present lease. My guess is that they will start a family fairly soon but we have not been briefed on that aspect of their planning.

Deb seems to stay very busy and is making excellent progress on the major assignment she has at Monsanto. She is Project Manager for a huge new computer system to deal with Monsanto people worldwide (payroll, benefits, skills, etc). Robert & Andy are fine.

Nelda & her family are well. Sandy now has the cast off of her arm and it seems fine. There is some prospect of their moving to Nevada but the details are not clear. The site would be rather remote. Nel is working

42-3

on renewing her certificate for teaching. She has passed most of the exams but has a little more to do.

It appears we will not get the 60 over on which we placed a bid. The owner thinks the property is worth more than I do. There will be another opportunity sooner or later.

I hope Bill's mother is doing as well as possible under the circumstances. You two must take care of yourselves. It is important to keep your health.

My eyes seem to be doing fine. The doctor let me drive right away. I go back for another check-up on 12 NOV 91

It is always good to hear from you. Why not drop out to Arizona for a visit. The winter months here are very nice.

All our Love

Hope things are going well for you and Sallaine. I sure enjoyed Sallaine's phone call the other day.

Yesterday was at the doctor's. He can't seem to get my blood pressure down. He gave me a third new pill. Hope it works.

Dear Pat & Bill.

Thanks so much for the birthday card and for the gift on the wife of Jimmy Ray Upshur. I cannot identify how he fits in but have created several profiles for my systems based on the various names in the article. sooner or later a connection will be made.

Well, today is my 64th birthday and so far all the parts seem to work. I have had my second bout with gout but the medicine is working and it is almost cured now. The doctor indicates that if the gout keeps coming back I will have to take an allopurinol pill a day for the rest of my life. This keeps the uric acid down and prevents gout. More important it avoids having a high uric acid level which can do permanent damage to the kidney. Sallarie had some trouble with a nerve or muscle in her neck but it is much better now.

Last night we went out to a very nice small Italian restaurant which is not too far away from our village. The food was excellent. They had garlic soup on the menu which I wanted to try but could not reach up the menu to do so. Will have to go back and try it. I have been reading a lot about the great value of garlic to your health. I think part of the value is that it reduces the number of colds you get because people avoid garlic eaters.

We are beginning to think of our trip to Musevic which is now scheduled for late April-early May. Between now and then we have lots to do - Income tax time is here, the U B needs to be written and at the office I have a large conference on 27-29 FEB. There is always much to do.

I am working on getting a microfilm reader for genealogy - this will be a big help.

Hope your new medication on the blood pressure works.

With love

Dear Sallaine & Phil,

This has been a busy summer for us. First we went to St. Petersburg, Fla. to see granddaughter Jessica graduate from High School.

Bill drove down and back on a road we call the enchanted Forest Route. He finally found the back roads and it made for a wonderful trip.

We stayed with Chuck and Maryanne - they insisted we do so.

Sloan was already in Tallahassee in her 2nd year of College but she came home for the event.

The two little boys, Christopher and Kyle, are just beautiful and so well behaved.

We had wonderful weeks there. When we came back we had guests from Holland waiting

I am sending along several clips of obits for Phil.

Hope everything is going well there and you all are having a good summer.

The weather changes from cool to hot so quickly that we take 2 kinds of clothes when we go on a trip.

Hope Phil has recovered from his surgery. I know its hard to keep a "good" man down. Take care of yourselves. My love to you all. Pat

Dear Sallaine and Phil,

Hope this letter finds you well.
It seems we stay buried under a mountain
of paper and it never diminishes.

Every insurance we are involved with
is changing from Medicare to Screen Actors
Guild. (Bill is a member.)

We have been buying my medicines through
a prescription card sent to us by the Guild.

But recently the price increased tremendously.
The good news is we learned the Guild has a

mail program which offers all medication for
only \$5 per bottle, is located in Las Vegas, NV.

I hope this program lasts a long time.
Only one of my medicines, Trisilate, costs
\$70 dollars. It is for my right leg which
lost its ligaments in an accident. It is for pain.

I deserted the paper trail to write.
My back and neck bones are deteriorating

Jim and Jimbo seem to be alright. They are re-doing their house and hope to sell it. They plan to build another home further from the city where the taxes are lower.

Janet is doing pretty well. She and Michael picked Dawn and me. at BB's Apartment about a week ago and we spent a week with them in Ayden.

Dawn says she wants to be a vet. Michael let her help him at his two hospitals in Greenville and Ayden. They left out the house about 6 AM in the mornings and had breakfast at Bum's Restaurant, and then went on to the Hospital.

Sim not sure Dawn, with her learning disability can do it. But their hope.

Dear Pat & Bill

It was so nice to get your letter of 2 AUG 93. Your complaint about the paper problem certainly rings true. It comes at me in waves at home and at the office. It is a chore to decide what to throw away and what really deserves attention.

I am glad you recognize that you need to take care of yourself. We all need to adjust our lifestyles to fit circumstances. I still go up the stairs at most two steps at a time. The problem will come when I decide to do it 1 1/2 steps at a time! I'll fall on my "you know what".

47-7

We have been busy recently getting ready for a trip to Missouri. We will be there 23 AUG - 3 SEP and our main purpose is to see if we can find a house we like. At present we think Lake St. Louis is the town where we should locate. It is a matter of finding the right house, right price, etc. If we find it we may buy it. This would definitely force our hand on selling our Town House here in Tucson. This is a bit of a confusing period but we will get over it as we have all other puzzles - This has been going on for 45 years now - Our 45 wedding anniversary is on SAT 21 AUG 1993. We will have a small celebration - but will plan for something more grand on our 50th - five years later.

47-3-

All the kids and grandkids seem to be doing well. The school kids start back to school on Monday (Tomorrow 16 AUG 93). They have just returned from a vacation for a week in San Diego. Deb seems to be doing fine as her October date approaches. Barry & Diane are behaving like first time parents - lots of questions, planning, etc. They will do fine. They were disappointed not to see you and Bill on their NC trip but they understood. They had trouble working everything in anyway.

Jim continued to send me details that appear in the Raleigh paper about Upchurch which I appreciate very much. I have today written to him regarding the letter he sent to me earlier in August. He says he is going back and forth to VA to help with Mrs Arnold who will

(47-4)

be 90 in December. That is quite a mark.

It was good that you could visit with Janet. It sounds as if Dawn really enjoyed herself. There will no doubt be some way she can work with animals.

I do hope Jim & Jimmy can arrange their housing on a satisfactory basis. Since we are on the verge of house switching we can appreciate the problems that arise.

My work at the University is going too well. By that I mean that with a lot of good help and challenge & some good results, one is tempted to keep on and on and on, but - all good things come to an end - and I have two of places for Missouri.

Let us hear from you

Dear Sallaine & Phil,

I am so proud of both of you. It sure is a great honor to be chosen for this honor from all the people in Missouri. We are so proud of you both - not that I already knew you were the smartest and brightest around.

Plus you chose great operators, a really great decision.

In Greensboro we have a constant battle to keep the developers from ruining our water supply. Plus our stupid elected Commissioners are giving millions of dollars to a Developer, Fred Koury, so he can destroy more of our land. Thank God for people like you two.

Seems from the Courthouse to the White House there is ~~little~~ little integrity.

As you can see in the enclosed clippings, there is another well known Upchurch being honored. Avery Upchurch is retiring in December after serving 10 years as mayor of Raleigh. He served the longest term of any elected mayor in the City of Raleigh.

Thought you all would like to have the information. Please take care of yourselves, my love to the whole family, come to see us when you can.

Dear Phil and Sallaine,

I apologize for not writing sooner. But it was not because I didn't want to. I was all of a sudden deprived of my memory due to a change in my thyroid condition. Also it gave me a dry mouth and I kept drinking water every few minutes.

I am happy to say the doctor says he can remedy the situation by changing the dose of my thyroid but it will take 3 or 4 months for the adjustment to take place.

So please excuse my mistakes in this letter.

Phil I really enjoyed your letter. And Bill said you called and talked to him. I was trying to help BB in Raleigh, she needs a lot of moral and physical support.

I was so happy to hear of the birth of Jennifer Ann and to see that darling face. If she is as successful in life as her parents are she will do more than alright as her brother is doing.

Thanks for writing. I miss you all so much. Take good care of yourselves. My love to all the children. I will send Jennifer Ann a gift as soon as I can go shopping.
Love you, all

Dear Sallaine and Phil.

Hope you and all your family are having a wonderful summer. How I wish I could see all of you.

Evidently my traveling days are limited to going to BB's. She is completing her graduate course at NC State and will be looking for a job in her area which is Learning Disabilities. Chi will receive certification in Computer Science shortly.

I hope this will be the end of paying for both of them.

I did have a chance to visit Janet and Michael for a couple of days when BB asked me to go with her to take Dawn to Janet's ^{for} a week's visit. Dawn thinks Janet hung the moon.

Dawn who is very bright ~~has~~ ^{has} difficulty with written language due to her Learning disabilities. BB, always an "A" student, is troubled by this but is fighting every inch of the way to help Dawn.

I am still having some memory problems since my thyroid went crazy. Dr. Wolf finally got the thyroid back on track but my memory still hasn't returned completely.

Please give Debby and Robert Nelda and her family my love.

Sorry I missed your last phone call. Bill told me all about it. Phil you and Sallaine work too much - I stop and smell the roses before it's too late.

Dear Pat & Bill

It was very nice to have a chat by phone with the Alsopugh household recently and to wish Pat a HAPPY BIRTHDAY. I was pleased to learn that you and yours are all doing well.

Pat, I thought your voice sounded quite strong. As for a little memory loss - you are just joining the rest of us.

We have now been in Missouri for good just a little over three weeks and we feel very comfortable in our new role and surroundings. The weather so far has been very mild but we know there is "fireplace" weather up ahead. We put Issue 4 of the 1994 Lyburch Bulletin in the mail yesterday and we have now finished several other projects that just had to be done. Our list of things "to do" to be completely settled is still quite long but most of them are not pressing. We still have numerous decorations up for Christmas but there is still time to add a little more.

We will all be gathering at Barry's home

(51-2)

late on Christmas day for dinner - All except Nelda's family of course since they will still be in Arizona. Nelda & her family are scheduled to move to Nevada sometime in the next six months. We will be going to Tucson for a business trip in January and will see them then. We are excited about Barry & Dianne expecting their 2nd youngster in JUL 1995. That will make 7 grandchildren for us - all beautiful & beautiful naturally.

We hope to make a trip to NC next Spring but have no definite plans yet. We will look forward to seeing you there. However, it would be great to have you and visit us in Missouri. It is just a short plane ride. We love our new home and would love to show it to you.

Take care of each other and have a Merry Christmas and a Great 1995

Dear Pat & Bill,

I have been working gradually to process the backlog of correspondence on family history that accumulated as a result of our move from AZ to MO. I have now worked my way to your letter of 25 JUN 1994 and now have only 33 packets pending.

Your letter included an update on the family, which I appreciated, and three family history items, which I also appreciated. One item was about Jeffrey Uphurch, an ostrich farmer of Rock Ridge, NC and another was about Jeany Uphurch of the N.C. Dept of Revenue. These names are new to me and a Biofile has been created on each and placed in the file system. The third item was about the mention of "The Uphurch Music Co." in John Updike's Rabbit at Rest. These are all nice additions to my files and they are appreciated.

We are staying too busy and are trying to rethink our plan of action in order to gain more flexibility. A lot is getting done but every day and every week is more crowded than should be the case. As Pat said in her letter we need to take time to smell the roses.

We continue to have a strong interaction with the kids & grandkids. Last Friday we went to see Katie take her first pony ride. We also saw little Natalie at the same day-care center as Diane has now gone back to work. Bony & Diane say they plan to have a 3rd when Natalie is two years old.

On Sunday we kept Andy & Jenny while Deb and Bob went to the Rams football game. Last Saturday I took Andy fishing. He caught 2 and I caught 4 - and lost my hat to wind & water.

We had a nice visit with Nelda and her family when we passed through ELY, NV on a 4,000 mile trip to AZ-NV in late July - early August. Their new house looks nice. Nelda will come alone for a visit in October. Next summer all her kids will come.

(52-3)

As a part of sorting out how I will relate to the farm I have agreed to help one of our farm operators with the harvest this fall. It will start about 1 OCT. I'll drive the grain truck to town and maybe operate the combine some. I like the land and this will allow me to get a close look.

Janet called to tell us about Michael running for Mayor of Ayden. This should be an exciting venture for them. Michael seems cut out for this kind of thing.

We had a brief letter from Jim letting us about Jimmy having a fall. It seems he will be OK in due course.

We are having a wooden rail put around our patio. The weather is nice here now and we are taking some of our meals on the patio - as we did when we visited you - however - we don't have quite the peaceful setting that you do.

It would be nice to get back to NC but we have no plans at the moment. We would love to have you come to see us. Just do it!

Love

Dear Pat,

I was delighted to receive your letter today prepared by your friendly scribe. Bill has always had such beautiful handwriting that it is good to put it to me. You must continue doing this and in such manner let me know how things are in your part of the world.

Your experience with the power failure reinforces my conviction that I simply must do something for an emergency source of heat at our place. One approach is to get some firewood - which I hope to do - we have lots of trees on the farm. Another is to get a gas fired unit that does not depend on electricity - if there is such an animal. So far the plan has been to keep gas in the car with a view towards using Bary or Deb.

Both Bary & Deb are doing great in their jobs but both wonder if they should also consider other options. Bary is

(54-7-)

concerned that Merchants Bank for whom he works may be sold. If that happens you never know what would happen to his job. Barry has recently sent out letters to some head-hunters and has some replies. One of those is in VA.

The grandkids are all doing fine - seven is a good number. We think Barry and Diane may add number 8 in due course with that being our final count.

I was recently in Tucson for a meeting of the Desert League Advisory Board and to visit with cousins from 5 different branches of the family. One of these was Bob (Upchurch) Holk. I had dinner with them and Bob, Al and I had a nice visit.

By the way Allen Upchurch's daughter Becky and her husband Chris and their two sons now live in St. Louis. They came out for a visit. They are nice folks.

54-3-

We are preparing for a two week trip to Texas for family history purposes (4-12 APR 96). I'll be giving Upchurch lectures at four places. Sallaine will be along to keep me organized.

We are looking forward to spring and to things happening out on the farm. I want to buy another tract but Sallaine is lukewarm to the idea. She wants me to be a "toy husband". Actually, I could easily spend all of my time on family history. I want to write a couple of books on the Upchurch family - we'll see.

We have a new computer. So far it and I have not bothered each other. Sallaine is getting the hang of it. She threatens to kick it. I think it is afraid of her.

Pat, it's great to hear from you

We also visited briefly with Doug & Edythe Charnick. Bill you may recall that you and Doug were both present, and Pat as well, when Sallaine and I were married 50 years ago last August. What a lot of water has gone over the dam since then. Before leaving Raleigh we paid our respects at Tanya's grave and at my parents & ancestors at Inwood.

We had a nice lunch with Janet & Michael in Ayden and then spent two nights at Joyce - Sallaine sister - in Newbern and interacted with her growing family. Then it was on to South Florida to visit with Sallaine sister and brother there.

We had tentative plans to go to the Grand Ole Opry in Nashville, TN on our return trip. As it turned out we were more or less forced to stop when we got

(56-3)

To Nashville as the weather up ahead in St Louis was very bad - ice/snow. So we did get to see the spy - a first for me. It was enjoyable - Porter Wagener, Hank Hulburt's daughter, etc. We stayed at the Spyland Hotel which is a fantastic sight in itself. The next day we headed to St Louis by way of Memphis to avoid the ice/snow in Illinois and got as far as Sikeston, MO before the bad roads forced us to stop for the night. The next day we waded our way to Lake St Louis and upon arrival found Barry clearing the snow from our driveway.

It was a great trip and we enjoyed seeing everyone but we are glad to be back home. We have been somewhat snow-bound but it is warmer now and tomorrow we hope to attend church.

God bless and drop in a line from time to time.
