DURHAM, NC 27707-4131

Dear Cousin Teresa,

Having returned home on 10 OCT 2005 after a wonderful two-week family history trip I am just now working my way through the large amount of material collected. The JUBAL UPCHURCH REUNION was a special treat. In particular I wanted to write to thank you for your \$6 contribution in support of Upchurch Research. This was very thoughtful of you. The contribution is much more significant than the dollars involved as I take it as encouragement to continue pursuit of our Upchurch roots - which I will do.

Enclosed is a copy of your 2-Page, 5-Item Biofile as it appears in my Biofile System (Along with several million other profiles). You can see you have been on my radar screen for a long time.

I don't want to press you to become deeply involved in family history. On the other hand it is always nice to have another person

who will help gather a few facts. Here are some specific items that are needed in your father's family:

1. For John Preston Upchurch

a. Was he born 9 SEP 1925 or 9 SEP 1924?

b. Did he die on 2 or 4 SEP and was it in 1986 or 1987?

c. Where did he marry Betty Lou Buck?

d. Did he have just 5 children?

e. Were all of his children born in Durham?

f. I show he had just 5 Grandchildren. Did he have more?

2. For Thomas Allen Upchurch

a. Was he born 19 NOV 1962 or 19 NOV 1965?

I will be most grateful for any details you can provide.

Enclosed is the Master Outline Sheet for your father's family. Anything else you can easily add will be appreciated.

With All Best Wishes.

Sincerely yours

Phil Upchurch

Hi Teresa---

I have had a look at your treatment of the two possible wives of Nathan U., I and of Winston U. and fully approve of what you have done. Your approach to the puzzling aspects about these individuals reveals to me there is a technique on [Ancestry.com](http://Ancestry.com) for indicating that more detailed treatments of such issues might appear elsewhere.

Re Mackey (Johnson) Upchurch--- you gave a reference to page 79 of book by Mrs. J. C. L. Harris. I cannot find this citation or details about the book in my records. Can you tell me where you got the reference?

Just yesterday President Tom and I had a chat about how we might recast some of our Allied Families knowledge about complex issues in a way that a citation on an Active Tree could lead a Tree Visitor back to a special section of our records. In the meantime I congratulate you on finding a way to treat complex issues on the Nathan Tree.

One can easily reach the Nathan Tree by searching for Winston Upchurch born 1812(NC) died 1838 (NC). The Nathan Active Tree shows up first.

At this point in your work on the Nathan Tree I have a question to pose. Do you feel you need to concentrate on cleaning up issues for the 4,000+ entries or are you ready for us to start connecting you to descendants of Nathan who might have new descendants to add? We need to be sensitive to your idea about how to proceed .

Thanks For Blazing Trail~

Phil Upchurch, Founder, Allied Families.

Hi Teresa-----

Re the confusion over the wife of Nathan I hope we can come to a proper way of correcting mistakes that are already embedded in Ancestry records. If we can agree on a proper set of options we need to add them to our Active Tree Guidelines.

As regards Mackey/Agatha I will research my records and send you relevant items to contemplate. I will also check on May Upchurch.

Re help on minor details. The 20 cabinets of Biofiles are still in Chesterfield. The Biofiles of Upchurches (five cabinets) are already on our website. We assume an Active Tree Master will go to those files for information rather than asking Jay or me to do so. Let us know how this works out. With regard to the non-Upchurch Biofiles in the other 15 cabinets you will have to depend on Jay or me for now. We hope to get the non-Upchurch Biofiles on our website by the end of 2020. In the meantime Jay and I will help as much as possible.

As the mechanics of upgrading Active Trees unfold we are likely to have more puzzles to solve.

Best~

Phil Upchurch, Founder, Allied Families.

Hi Teresa,

My email of January 31, 2019 responded in part to your email of January 28, 2019. I will now address the remaining two items.

**Minor Detail No. 3 - May Upchurch.** I found 12 Biofiles for the name May Upchurch. None seem to fit a 1900 census entry. In any case such discoveries should be set aside with a note to add all related details to an Active Tree. If for the Nathan Tree, you can handle. Otherwise send me the details and I will handle. In general we would consider going beyond additions to an Active Tree and adding supplementary material to a Biofile. Such additions should be to the scanned on-line Biofiles. We are ready to do this for the Upchurch Biofiles but not for the non-Upchurch Biofiles.

**Re: The Wife of Nathan Upchurch, I.** At the Office this morning I upgraded the Biofile for Agatha Butler and asked Jay to send you the 6 page 9 item result. This tells the story as far as we know it right now. I invite you to come up with a way to treat the issue in the Nathan Active Tree. If you can come up with a creative way to handle this confusing situation, it could be useful in other cases.

A basic issue in this matter is that complicated situations are often described in our Biofile System for a given individual. The question is how do we let a visitor to one of our Active Ancestry Trees learn more from our Biofile System for a confusing issue. For that matter how is a visitor to an Active Tree even alerted to the fact that a confusing issue exists.

We have just opened the door to this can of worms and look forward to more interaction.

Cheers,

I was thinking that you had sent a truck load of information to Cary NC and they had access to those files & were coordinating / transcribing them.

If that was true then I needed to contact You / Jay for procedural questions and them for the minor details.

Somewhere I missed the scratch Mackey add Agatha note. So I took my big fat finger on this little tablet & went searching for the updated biofile on Nathan.

Example of a minor detail: Agatha U. wife of Nathan U. died of cancer..... Who found this information and more importantly where can this information be found independently of our say so.

Minor detail #2. Just because John Butler of Franklin county names a daughter Agathy Upchurch In 1794 what has that got to do with Nathan's wife's maiden name? .... So I was thinking that whoever had access to your original files might be able to look at your original notes and fill in the blanks.

Minor detail #3. May Upchurch appears in 1900 with no parents or siblings and I know who her parents and siblings are. I thought the same contact might want to add this information to the proper person assuming you already had May U. with no parents in your XID files.

Right now I am working on a little tablet with fat fingers, which makes it hard to search for myself to see if you have her in your files already.

Summary: Believing that you and Jay are busy boys I was looking for a contact for the minor detail's.

Hi

Teresa— Dealing with specific questions is a good way to set a pattern for going forward. 1. OK to cite my personal correspondence . However, even better to cite UAFA Biofile System. I started this and UAFA will carry it forward, Better still—you and or others can examine the Biofiles online. The Upchurch Biofile are online (Five file cabinets) . The 15 file cabinets of non-Upchurch Biofiles are an online project for 2019/2012. 2. Mackey Johnson as a wife of Nathan was an assumption—Ignore. Better evidence is for Agatha Butler as his only wife. 3. For DAR—I would not add picture. 4. The Cary, NC

Hi Tom---

Teresa is doing a great job as Tree Master for the Nathan U.,I Active Tree. I will work with Jay to do as she suggests. However, it foreshadows an issue.

Hopefully Tree Masters of Active Trees will increasingly find new information for individuals and new individuals for their Trees. As a standard procedure I suggest that placing the new information n the Tree will be adequate and that it Will not be necessary to also add the information to the related Biofiles. As comforting as adding to the Biofiles might be it would soon overwhelm me and Jay. Our premise must be that the Active Trees and the Biofiles will be companion resources for anyone who wants to delve into the specifics for a given individual Agreed?

There may be an exceptional case where augmenting the Biofile from Active Tree findings is in order. We will treat Teresa's request as one such exception.

As a different kind of operation---If a Cooperator (or Jay or I) elect to improve a Biofile for special reasons this is acceptable and preferably,should be done only to the online Biofile.

This matter could be covered in our Active Tree Guidelines. Thoughts welcomed.

Cheers~
