be placed in my collection of family history materials. I am working on placing this collection at a site in central NC to be available to future generations. I am also prepared to endow this operation. My collection is very extensive.

My file on the REYNOLDS family shows that its members have interacted with the Upchurch Family for over 400 years in America at various times and places. I enclose a Profile Sheet on Robert Reynolds who interacted with the family of Michael Upchurch, I in Surry Co, VA in the 1600's. Michael came to VA from England about 1638 and is the ancestor of essentially all white American Upchurches. He is my ancestor 9 generations back.

Please don't let any of the above be a bother to you. As a family historian yourself you can understand that types like us are driven to learn more and more about the ancestors & relatives who went before us.

With Appreciation and all best wishes!

Sincerely yours

Phil Upchurch

P.S. I can't explain the different first names. He went by his middle name when I know him. As I have no personal knowledge, I just copied what I apparently found in the birth records.

Dear Phil,

Thank you so much for sending me the clipping about Winfred Mashburn in May 2004. It was sad to hear of his death the previous year. I'm sorry to have taken so long to express my appreciation.

Winfred was a personal friend of mine while growing up although we never saw each other again after that. We attended the same Sunday School. He was only three months older than I. We even attended high school together briefly in 1944. His father replaced my grandfather as Sunday School superintendent after the latter's death.

Personal and family circumstances have continued to vastly restrict my family history activities since late 1999 when I published much of my research in a book about the Reynolds family of northern Moore Co, NC - my maternal grandmother's line. I had hoped to publish more of my research but doubt if I'll ever be able to do so now.

I wish you continuing good results in your Upchurch activities.

Thanks so much for staying in touch.

Sincerely,
DeWitt Glasgow

are defined as follows. A "△" indicates that there is new information for me (it is circled in red) and that I have extracted the new details. A "□" indicates that the information is not new to me or that I have elected to extract the details from another one of your sheets where the information is repeated, where I have new information or a conflict that is indicated by an entry in red.

For two of the families my additions were too extensive to enter and the information which may be new to you is reported in continuation Sections 12 (A-F) and 16 (A-D) enclosed.

I was not able to identify the Frank Upchurch who married Mattie Morgan (Page 32).

It appears that we are both very busy on many projects. If there is some way I can help you please let me know. If you decide to respond regarding any of the enclosed details I will handle the matter in the best way I can. Any input for my Upchurch records will be most appreciated.

with appreciation

Sincerely yours

Mr Upchurch,

I am sending the enclosed materials in response to your letters of 16 + 24 September. The top sheet is a list of Upchurch entries in my database. The remainder are copies of Family Group Records for each Upchurch family that included children. For the 1st few records I have included source documentation notes to give you some idea of my research scope.

I have the least confidence in my data for the George Mack U. family since much of the data came to me 2d-hand from non-family people. There is some doubt about the exact birth order of his children and the parents of some of the grandchildren.

I thank you for the Upchurch ancestry data you sent me. Unfortunately I am so swamped with so many other genealogical tasks of much greater priority for me that I do not have time to analyze and compare our data. For this

reason, I would appreciate you sharing with me any comparative analysis results you come up with.

Sincerely,

DeWitt Glasgow

P.S. I would also like to work with you to resolve any differences in the data we both had if you could identify those for me.

Sat, 21 Sep 1996

Dear Mr Upchurch,

Have received your 2d letter of 16 Sep
(as well as your earlier one in May)
and appreciate the materials you sent.

I will be happy to send you some
additional. Unfortunately, I can't
find any records of what I sent you
in May. If you could tell me
what I sent before, I'll be able
to figure what more to send you.

Sincerely,

Dewitt Glasgow

now.

You mentioned earlier that you had more details on William Henry's descendants. I would be happy to have a copy of any such information. Also if there are relatives who would like to correspond about this line I would be pleased to hear from them or to have an address so that I could write. As you know only a small percentage of the population is willing to become actively involved in family history so each active contact is highly prized.

Please let me know if you need anything from me or if I can scan my files for any of your lines of interest.

☺ Sincerely yours
Phil Upchurch

[ROBERT PAULIP UPCHURCH]

cooperatively with you and/or any others who may be interested.

I would very much like to have the additional data you mentioned. Unfortunately, I do not yet have a family history program on our computer.

I have substantiated data on the Ancestors of William Henry U (1852-1925) if you or others are interested. He is ^{the} 8th generation of our family in America. He was a 3rd cousin of my father.

Enclosed are details on my Upshur's Bulletin and a copy of our "freedom" document. We have just started a new semi-annual publication - ENGLANDIA - The Upshur Family of Old England, The first issue goes in the mail in a few days. With great appreciation for your help.

P.S. - Please note enclosed address change sheet
Phil U

Sincerely yours
Phil Upshur

REC'D
23 MAY 1996

Monday, 20 May 1996

Mr Upchurch,

I am responding to your Upchurch query in the April issue of the Chatham Co. Hist. Assn. Newsletter.

Enclosed is a Descendancy Chart for an Upchurch whom I think was born in Chatham Co. The Upchurch family is not in my ancestral line but it is an allied family since several descendants (those I've marked with a red dot) are cousins of mine. At least 5 of Wm. Henry's children lived in Moore Co.

I have additional information on many of these individuals if desired. If you are using some family history computer software, I could send you a GEDCOM 3 1/2 diskette, assuming your program has that capability.

① James Glasgow's former clerk, William Hill, was connected to Methodism by the powerful Methodist Bishop Francis Asbury who led a revival in Raleigh, NC in 1811. William Hill subsequently ^{in 1811} helped found the United Methodist Church on Edenton St (37) (Pg 22)

James Glasgow served as Secretary of State since independence in 1776 and engineered a scheme to ~~see~~ issue fraudulent land grants in NC & TN (then N.C. Territory). In 1792 then TN judge alerted NC Gov ~~to~~ Samuel Ashe, that the state have been about to be burned to eliminate evidence incriminating Glasgow & others. Phill - a slave of William Tenell, one of the conspirators, was caught trying to break into the Comptroller's office. The slave was tied, bound and hanged on an oak tree between South & Fenwick streets. In spite of the serious charge the General Assembly indicated a misdemeanor charge & investigation. John Haywood, judge, refused to accept a 1000 fee to defend Glasgow. The court convicted Glasgow which to TN soon followed by Judge Haywood in 1806 (37, Pg 26)
