UPCHURCH INSANITY RECORDS - ON 8 SEP 2011 KAY LIND SLAPPEY SENT RPH 6 EMAILS RE INSANITY OF FOUR MEMBERS OF THE NATHAN U, I. CLAN WHICH I HAVE CODED TO SHOW PAGES = A 10, B 6, C 15, D 13, E 55, F 34. THE PAGES ARE FILED IN THE BIOFILES OF THE FOUR AS SHOWN IN THE BOXED NAMES BELOW. ALL FOUR WERE DECLARED LEGALLY INSANE AN INDIGENT AND COMMITTED TO THE FL ASYLUM FOR THE INSANE (FL. STATE HOSP.) AT CHATTAHOOCHEE, GADSDEN, FL. THE DOCS WERE SHARED WITH MARGARET LOUISE HARRIS ON 10 SEP 2011

RPH EXTRACT 29 NOV 2011

More research would be required to conclude that an "insanity" genetic trait existed in the Nathan U, I clan. In any family + and - traits are destributed unevenly. With today medicines some or all of the four might have led more or less normal lives outside of an institution. At this remove we cannot know what environmental conditions may have contributed to their ill health. It is a surprise that all four were declared indigent in view of the wealth of the family - but we judge from afar. The available records fail to show much family concern for those incarcerated (except for Rebecca) but more evidence is needed.

References made to our relation:

I also spent some days reviewing the Upchurch state hospital records. I sincerely appreciate your including me in the loops of data collection for all these people of our common bloodlines. I essentially agree with your conjectures about the mysteries for which we lack sufficient documentation, although I'm just as tantalized as you probably are also. On the subject of poor Susie, I have the urge to take a flower to her grave should I ever manage to pass through Chattahoochee. If either of her parents or any sibling ever visited her, there is no mention of it in the file. I think I related to you earlier that my mother recalled only "fear" about her Uncle John. As a child and preteen, I knew Aunt Belle only as a stern old woman on the rare occasions that I saw her at all. Aunt Sadie was more the cheerful one who seemed to like the children. It delighted her when Uncle Harry slipped us quarters—which was a fortune then to an 8- or 9-year-old, and which I generally spent promptly anyway. I have no memory of ever actually speaking directly to Aunt Belle.

These details of Rebecca Pearl are extremely sad also. I can offer nothing about her save that my mother told me that Uncle Garland's first wife, Pearl, was mentally ill, and that his second wife, Hilda, had been Pearl's private nurse prior to her commitment to the state hospital. I do not have a marriage record for William Garland and Hilda (or a divorce record for Pearl), but I see that the inquiry from Uncle Garland to the State Hospital in 1919 was more than four years since Pearl's admission there. He remained in Jacksonville at least through the City Directory listing of 1935, and then some time before his death in 1950 he and Hilda moved to Alabama.

It happens that I have recently finished reading *All Quiet on the Western Front*, the powerful novel of the First World War, so when I read the diagnosis description of Fred B.'s problems, my first thought was that he could have had a post-traumatic stress. A cursory Internet search did not find him as a WWI soldier, but he would have been in his 30s and unmarried at the time of that war, so I think it would be worthwhile to try to rule out his conscription and/or participation in 1917 or 1918.

REBECCA PEARL HAWKINS XTD-174

Mark on the insanity of Rebecca Pearl Hawkins

This is a supplement to RPH Extract 29 NOV 2011 dealing with four cases of insanity in the Upchurch Family - 30 NOV 2011

Of the four Rebecca Pearl Hawkins was not an Upchurch descendant but rather was the wife of William Garland H. The packet concerning her stay in the Asylum is extensive. Of the four she was most clearly truly insane. The Asylum advised against visits. One relative visited but could not talk with Rebecca. The record shows that her husband inquired of her status but reading between the lines one concludes he was building a case for a divorce & remarriage - which did take place.

On the other hand inquiries by her son Bruce Royster H and her daughter Minnie Eleanor H (Mrs Hoyt Horace Harwell) seemed genuine.

However, it was her siblings who were most persistent in showing their concern. They wrote repeatedly and tried to send treats and spending money but their sister was in no position to acknowledge or enjoy such items. She was truely a disturbed person. Upon death her body was shipped to her brother in Lexington, NC at his expense where she was presumably buried. Some records show her died in Lexington but she, in fact, died in the Asylum in Gadsden Co, FL.

I have pulled a few HAWKINS family records from Ancestry.com to augment my Brafile System but have stopped short of fully exploring this family.

REBECCA PEARL HANKINS XJD-174

RPH EXTRACT 29 NOV 2011

UPCHURCH INSANITY RECORDS - ON 8 SEP 2011 KAY LIND SLAPPEY SENT RPH 6 EMAILS RE INSANITY OF FOUR MEMBERS OF THE NATHAN U, I. CLAN WHICH I HAVE CODED TO SHOW PAGES = A 10, B 6, C 15, D 13, E 55, F 34. THE PAGES ARE FILED IN THE BIOFILES OF THE FOUR AS SHOWN IN THE BOXED NAMES BELOW. ALL FOUR WERE DECLARED LEGALLY INSANE AN INDIGENT AND COMMITTED TO THE FL ASYLUM FOR THE INSANE (FL. STATE HOSP.) AT CHATTAHOOCHEE, GADSDEN, FL. THE DOCS WERE SHARED WITH MARGARET LOUISE HARRIS ON 10 SEP 2011

More research would be required to conclude that an "insanity" genetic trait existed in the Nathan U, I clan. In any family + and - traits are destributed unevenly. With today medicines some or all of the four might have led more or less normal lives outside of an institution. At this remove we cannot know what environmental conditions may have contributed to their ill health. It is a surprise that all four were declared indigent in view of the wealth of the family - but we judge from afar. The available records fail to show much family concern for those incarcerated (except for Rebecca) but more evidence is needed.

Deceased.

Mr. John K. Hankins,
South Main St.,
Lexington, N. C.

Dear Sir:

This will reply to your letter of August 17th, and we are returning herewith check for $5.00, which was to have been used by Mrs. Upchurch, who recently died at this Institution.

We presume you would like to know something of the details of the death of Mrs. Upchurch. She had been in the hospital infirmary for several days, being treated for a dysentery, which we found to be due to amoeba. She was resting along very well and did not appear seriously ill until the night of August 17th, when she suddenly collapsed and died within a few hours.

Her mental condition had not improved at the time of her death, and she made no remarks and left no messages for anyone.

It is likely that you will be in need of a copy of her death certificate in settling her estate. This is to advise that a certified copy may be obtained from the Bureau of Vital Statistics, State Board of Health, Jacksonville, Florida.

If you still desire a certificate to the effect that Mrs. Upchurch was an inmate of this Institution, kindly advise.

Yours very truly,

J. H. Pound, M. D.,
Superintendent.

Lexington, N.C.

Dear Sir:

In answer to your letter of November 25th regarding the condition of your sister, you are advised that there has been no change in Mrs. Upchurch's mental condition recently. She continues very disturbed mentally and frequently has periods when she becomes very noisy and profane. She is also rather untidy in the care of her person.

Physically her condition is fair, but she is able to be up and about at all times.

In regard to sending her money, you are advised that it is permissible for you to send as much as $2.00 per week, but in our opinion Mrs. Upchurch would not appreciate it. As far as we can recall, she has never manifested anything about wanting any money. If you do send money for her, kindly send it to the Superintendent, and it will be deposited to her credit in the office and she will be notified.

Yours very truly,

W. F. Ward, M.D.,
Superintendent.

I have a sister, Mrs.W.G.Upchurch, who is in your institution and has been there sometime, and wish to say that we have a small legacy which has come to her, and we feel that this money ought to be delivered to her provided there is some way she can get it and can use it if it will give her any pleasure.

I am writing to you frankly in regard to the matter asking if $5.00 or $10.00 could be sent to her per month, so she could use it, or even more than that, so she may enjoy it, and have some pleasure.

She is likewise quite irritable and resistive, at times resorting to physical resistance. Her physical health is very good.

The package which you spoke of sending her will be delivered to her on its receipt. We don't know what her attitude toward this package will be, but formerly she has not received packages very kindly, at times refusing them entirely. There is nothing she needs, as she is furnished with everything here necessary for her comfort; however, there is no objections to you sending her remembrances from time to time. The most suitable articles for this purpose would be fruit or candy or some similar articles.

Dear Madam:

Replying to your communication of May 31, you are advised that your relative, Mrs. Upchurch, who was recently admitted to this Institution from Morgantown, North Carolina, is regarded as a case of dementia praecox. This is a form of insanity characterized by progressive loss of mind and terminating usually in a condition of acquired idiocy. During the process of deterioration the attitude of patients of this type is usually one of impulsiveness, violence and indifference to surroundings. Mrs. Upchurch presents a typical picture of this disease. She appears to be unconcerned about her surroundings and evinces no special interest in letters of inquiry about her.
