2) Marriage records for Brunswick Co. VA – in letter 7 Sep 2007, Margaret Louise Harris to RPU = Documents extracted as below and placed in Geographical file.

A. Thomas Bethshears married 13 May 1787 (Brunswick Co. VA), Elizabeth Upchurch, head of Upchurch Clan #17 and daughter of Michael Upchurch III) Date of marriage bond is 27 Nov 1786.

B. William Brown married 4 Feb 1790 (Brunswick Co. VA), Elizabeth Upchurch

RPU note: The above records are already in my Biofile system. However, there is no indication as to how the Elizabeth Upchurch who married 4 Feb 1790 fits into the Upchurch Family. My observations as of 19 Sep 2007.

1. I cannot identify a nee Elizabeth Upchurch in the 4th, 5th, or 6th generations who would be a fit. Thus, she could be a new addition.
2. She could be a widow of an Upchurch male – probably of the 4th or 5th generation. James Upchurch II and John Upchurch II of the 4th generation both had wives named Elizabeth and both males died before 4 Feb 1790. There could have been other Upchurch widows from the 4th generation and possibly some for the 5th generation.
3. The Elizabeth who married 4 Feb 1790 must be added to the list of Missing Links (UFU – RPU).

3) John Upshire (sic) Jr. was the son of John Upchurch I (XID 150), grandson of Richard U (XID 149) and great-grandson of Michael Upchurch I, the original Upchurch immigrant. “John (XID 150), the son of Richard U (XID 149), probably was the John living in New Kent County, VA during the early seventeenth hundreds. New Kent lies just north of Surry County, across the James River. The following entries in the Register of St Peter’s Parish Church of New Kent County are strong indications that such was a fact.

John Upshire (sic) Jr. departed this life ye 13 Apr 1713. See XID 150 as reference for related info.

4) See letter 15 Sep 2000, Kevin Michel Barton to RPU p. 2
Kevin shows: “John U b. 1711, d. 1713. [Note: This is the first time a birth date has surfaced for John Upchurch II, need to learn the source of this information – RPU 1 Nov 2000]
