Dear Cousin Phil,

Thank you so much for your prompt reply to my request. I, on the other hand, have been an absolute slug. It seems as though when I have the most work to do, I least feel like doing it. I wrote you a letter on March 15 and, of course, never mailed it--partly because my typewriter was on the verge of a nervous breakdown and, being a professional secretary, I was embarrassed to mail a letter that looked that bad! But now I've got a new typewriter and even though other portions of my life sadly need the time, I'm allotting it to my genealogy.

Now that I've gotten the obligatory excuse paragraph out of the way, let's get on to the meat. It took me about 12 hours, but after I talked to you last month I sat down and put together all the information I have on Roweny's descendants. The only information I duplicated from what I have received from you via Tyrus was the information on Wiley Branam's descendants. In conjunction with this effort, I wrote to about 6 helpful family members to ask them to update with new members (i.e. grandchildren, new marriages, etc.). Since that time (and I know this is Someone's way of getting back at me for being so slow to write to others I owe) I have received one reply that only added two names to my endeavors. Since I am not much in the mood to re-type this document of epic proportions, I have simply added the new information in crayon (just joking).

In my frenzy to put this document together for you I ran across a very old note I had made. It was a listing in the 1982 St. Louis Genealogical Society Surname Index for Upchurchs in Tennessee. It was submitted by:

Have you corresponded with these folks? I have not and so I pass this nugget along to you to do with as you please.

I don't know if you subscribe to The Genealogical Helper, but if you do not the following, from the Mar-Apr 1986 issue, may be of interest to you:

On Page 78, in the Genealogical Miscellany Column, the following appeared:

"Mrs. Susan Hollis, 6411 S. Quay Ct., Littleton, CO 80123 has a family Bible which belonged to Mary M. Gifford Bethell. From photographs found in the Bible the following information has been gleaned: Mary had a sister Marie Gifford Upchurch who lived Huntingdon, Bedford, England during the 1880-1900 period and also several English cousins, one of whom lived at Bury St., Edmunds, England. Mary's brother was Thomas Gifford who was born ca. 1808, was in San Jose, Calif. in 1880 and who died 10 Dec 1898. One photo is of Uncle Lewis Howe who was photographed in London ca. 1890. Names in the front of the Bible are William and Lida Warren. Mrs. Hollis will be glad to give this Bible to anyone who can prove relationship to Mary M. Bethell."

On page 111 appears an advertisement for the Lineage Group Exchange of an outfit called "Bare Hunting Bevers, P.O. Box 3056, Wichita Falls, TX 76309." The Upchurch name is listed in this advertisement. It says "To obtain copies of a lineage on file simply send your lineage and \$8.00 (per surname)..." Since the Upchurch line is obviously your forte, I leave these lines of pursuit to you.

I hope your move went smoothly and was not too taxing. With the vast amount of research you have done over the years it must have taken an entire day just to move your files! I hope you are settled and comfortable by now.

My genealogical life is in a state of turmoil at the moment. In addition to the research I'm doing on my Branham line (and Lord knows I owe a lot of letters on that subject), my mother is very persistently baiting me with tidbits on her father's side in an effort to pique my interest there. Ordinarily I would attack the challenge with gusto but the surname is so common it is enough to bring tears to the eyes of a hardened genealogist. Are you ready for this? It's DAVIS. The information she is digging up is so sketchy I can't believe it will ever lead me anywhere. Things like: "I remember my grandmother had a sister named Rozzy and she married a man who's last name was Lewis. One of their daughters was named Leila and she married a guy by the name of Gene Autry."

Well, I could go on all night (and often do) but this is just a clever way to avoid doing any more work tonight. Pretty soon I'll look at my watch and say, "Oops! It's too late to do any more tonight. And tomorrow I have to do suchandsuch, but Saturday I don't have any plans, but I think maybe I better get the laundry done so maybe I'll do some work on Sunday." Sunday, of course, always has it's own excuse. If you ever need any tips on procrastination, I'm your man. I was hoping to enclose a check with this letter, but the mortgage company seems to think they should be first in line. Those people have absolutely NO sense of humor. Then again, maybe I should first get a college education to figure out how much to send you if I want all the back issues and a current subscription.

I hope you can write again soon. I really enjoyed your letter. And could you also mention your title and the name of the college in your next letter? I'm having a grand time bragging about you to my friends and clients but I think it would carry more weight if I could say something more specific than, "I have a cousin who's the head of his department at that University in Tucson." You're going to need a nap after this letter if I don't close now. I look forward to hearing from you soon.

The above amounts to a lot but it seems best to get the questions out on the table. Do you have details on the grandchildren of Thomas Joseph Brannan I? I have some but am missing some details.

I don't know how you and Joseph would like NC but I would love to live there - it is my home state. It has mountains and the ocean and everything in between. Your route there goes back to Franklin Co, NC where your ancestor Richard III died intestate in 1817. Some of his descendants live in the same area. I hope someday we can find the specific property he owned. We know within a mile or so now.

It seems a lot of people are into computers now - I have a son, a daughter & a son-in-law all deeply involved

Hope to hear from you soon.

Sincerely yours  
Phil Dyer

Dear Cousin Phil:

Bet you thought you'd heard the last of me! I don't work on my genealogy much in the summer months; there's so many other things to do.

- I

How'd I do? My mother doesn't seem to want to discuss her first marriage; I didn't find out she'd been previously married until I was 17, and then it was an accident.

I have quite a bit more information on some of the other descendants that they have recently provided. However, I get the feeling that you'd prefer if I wait until you're ready for it and ask.

Not much else is new here. It's been hot but bearable, especially when you consider the winters around here. We're contemplating a move to North Carolina, around Charlotte. The hardest part is convincing my husband, a born and bred Chicagoan, that computers are used in other parts of the country. When he thinks of the South he unfortunately associates it with towns consisting of nothing but farms, bugs the size of Buicks, and a general population that's still living in the Stone Age. It may take me about a year to convince him that slower means better, and by that time I may not be interested in going.

Gotta go. Can't wait to receive the Upchurch Bulletin. And I look forward to hearing from you soon with more questions, comments, etc. Oh, yes, please do send me an outline of my line and yours back to Michael U I.

Sincerely,

Kit E. Gurga

Dear Cousin Kit,

Thanks so much for your letter of 16 APR 86 and for your phone call of last evening. I have spent about 8 hours today on the material you provided and have it about 1/2 processed. Will get to the rest as soon as possible. It all fits in nicely. Also I will check on the leads you provided.

Your XID no 15098 and it will appear in the next U B. Let me know if I need to send you an outline or sketch of your line and mine back to Michael U I.

I appreciate your willingness to look up things and as due course I may have some specifics. However, you may pick up some things from the U B where effort is needed. In general I will count on you to be active in getting details on the descendants of Rosemary U. We have a good start but as always there are many

-2-

Items to be sorted. Let us start with a list of missing items for your immediate family and in later letters I can work into other ones. Here goes:

1) For Lucy Ella (Gronam) Dorn

a) where is she buried?

b) where is Arthur Gayday Dorn buried?

c) Did she have just two children?

2) For Martha Louise Dorn

a) Are she still <sup>with her husband</sup> living?

b) where was Robert Hammond Everett, Jr born?

c) Did she have just 3 children?

3) For Robert Hammond Everett, Jr.

a) Does he have any children?

4) For Judith Everett

a) what was her full name?

b) where is she buried?

5) For Carol Elaine Everett

a) when & where was she married the 1st time?

b) what is the full name of Frank Sports and when & where was he born? Still living?

c) Does she have just 2 children?

6) For Maud Ellen Dorn

a) when and where married the first time?

b) Full name of John Garner and when & where born, Still living?

c) Is your father still living?

7) For yourself

a) when & where was Michael Dorn Burkowski born, Still living?

b) Do you have any children?

8) For Kay Ellen Kudubis - where born? Still single?

Don't worry if you don't have or can't get all of the above. We try for perfection but seldom attain it.

An order form on the U B is enclosed. Let me know if you need more for distribution. I am sure you would enjoy the U B. There is quite a bit in it, from time to time, about your direct line. There is a picture of your ancestor Calver U. when you do get around to reading the U B let me know if you have questions.

We are settled in our new Townhouse and love it. However our grandchildren have been with us for 10 days and though enjoyable they do not promote genealogy. The challenge at the office always seems to be at a high level. I am Associate Dean in the College of Agriculture of the University of Arizona. My special area is the academic program and I am Director of Instruction for the college. In 1986 I will probably include an article on myself. There have been quite a few hints that this would be an order.

I am looking forward to working with you and appreciate your interest very much

Sincerely yours  
Phil Upchurch

She is 31 yrs old. Born in Chicago, IL but moved to England for 3 yrs right away, and then lived in Delaware for a long time.

A distant relative in GA sent her data & had generated and UB info dating from 1980.

She wants me to visit her in Chicago at the Airport. She is just 10 min from the Airport.

She reports the 5 children listed for Thomas J. Branam are not by wife Amanda Fitts but rather by one of his other wives.

Her parents run an answering service & she works in same or does her notes.

She did not know Rowena's father until she got my information from the GA relative.

Dear Cousin Kit,

Your phone call yesterday was a delight. It is always exciting to find another member of our extended Upchurch family that has a keen interest in our history. I especially appreciate your enthusiasm.

Details on the U B are enclosed. I hope you will order all the issues and that you will enjoy them. Almost every issue contains something about the Richard U III clan to which you belong.

I am anxious to have the details you said you would send. It will be great if you can take on the special assignment of helping to update our records on Rebecca U and her descendants.
