Hi Mike,

My name is Lenda Morlock Robertson and according to our Segment match and our one to one match on Ged Match we are DNA Cousins,

Below I have included this information so you do not have to go look it up if you don't wish to.

Comparing Kit A031933 (Lenda Robertson) and A026527 (Michael Upchurch)

Chr	Start Location	End Location	Centimorgans (cM)	SNPs
1	181,933,998	202,182,581	18.1	2,572

Largest segment = 18.1 cM
Total of segments > 7 cM = 18.1 cM
1 matching segments
Estimated number of generations to MRCA = 4.8

I am including part of this so you can other match numbers of my family members also in this group.

A079416	1	177,825,424	209,064,085	32.6	4,475	Glenda Morlock	F	yakiraavigayil@yahoo.com	
A920779	1	177,825,424	209,051,188	32.5	4,489	*Mark Morlock	M	ldrobertson2317@yahoo.com	
A923394	1	180,666,836	202,182,581	19.7	2,710	*Debra Pyle	F	debbie_p@earthlink.net	
A026527	1	181,933,998	202,325,081	18.4	2,604	Michael Upchurch	M	MikeRUpchurch@gmail.com	
A205725	1	182,117,524	201,955,937	17.6	2,258	Theresa A Cooke	F	cooketheresa@yahoo.com	

That would make us 4th or 5th cousins.

This is a match on my dad's side of the family because I have tested my cousins Mark Morlock and Glenda Morlock and you are in the segment that also include both of them and does not include my mother which I have also tested. I can not find the match on Ancestry.com to see if you have a tree that I can fish through to try to find how we connect.

Please find the link to my DNA so you can look at the match. If you click on the tree and then click on my picture it will show you the match on your page. This will allow you to see my DNA tree.

I am hoping if you have a public tree you will send me a link. So here is our story in the chart form. I have been working on our family tree for thirty years and can not work out. Here is what I know and most of which I have only had for the last year and this information came from mostly 1860 and forward and it is the early family I can not work out.

_____ Pyle m. Pheraby B _____ sometime before 1832 in I believe Tennessee based on when and where there (the ones I have found) children are listed as born on the census records.

My 2X great grandmother Sarah Elizabeth Pyle was born to them in or abt 1832 she is married to John H Noffsinger in Jackson County, Illinois in 1848 and has there son Upton in 1849 or 1850 and is listed on the 1850 Census. Sarah died before Nov 1856 in Illinois or Missouri based on Land record.

All of this and much more can be found on my tree. If you and I are connected though this family it would be my first major break though. It could help me with the first name of Pyle or the maiden name of Pheraby B. either of which may been a connection I might not find any other way.

I am really hoping you could find the time to help me with my mystery.

Thanks in advance,
Lenda Robertson

Lenda,

Mike Upchurch forwarded this to me to assist. I am a DNA analyst with an organization called Allied Families at www.alliedfamilies.com. This non-profit organization, founded by Dr. Robert (Phil) Upchurch researches the Upchurch and related families in America. Dr. Upchurch has done 40 years of research and you can join for a nominal fee. There are many documents and histories online and I have searched through some and did some additional DNA checking to see if you are related to any other Upchurch's. The Upchurch family immigrated to VA very early, then many to NC and from there to various parts of the country. **There were Upchurch's that moved to Tennessee, Henry County, etc and in the allied families information, I found a Sarah Catherine Upchurch, born in 1859 from Fentress County, TN that married Elijah Pyle, born between 1844 and 1848 and died 8 Aug 1916 and is buried in Jamestown, TN. This may help you.**

The Upchurch's (and I am sure other similar families) often intermarried so although Elijah may not be your direct ancestor, it could lead to additional Pyle research in this area of TN. Here is an overview of the direct ancestry of Sarah Catherine Upchurch.

1. George Upchurch, born in 1757 in VA married Rachel Bethshares and died in 1830 in KY.
2. Joseph Upchurch born 10 Aug 1800.
3. James Calvin Upchurch born abt 1824
4. Sarah Catherine Upchurch

Mike Upchurch is more than 5 generations removed from Sarah. His Upchurch's all stayed in NC so he could be related through another collateral line and he does not have any known Pyle's in his family. His ancestry user name is MikeRUpchurch and his tree is online there.

In addition, I found that there is a DNA match on another chromosome with Marc Anthony Upchurch (gedmatch kit T046903). He is descended from George and Rachel Upchurch and you may want to contact him. I have copied him on this e-mail. I do not see any Pyle's in his tree on familysearch.

You have a distant DNA match with another allied families member who is related to Elizabeth Snider (Upchurch ancestry) from Henry Co, TN who married Michael Emery on 17 Jul 1847. They both died in Johnson, IL. So it looks like they also immigrated to IL. May help find your Pyle ancestors.

So, there may be more than one match with Upchurch's or related families from the Henry County or Fentress, TN area with your family.

I hope this helps with your research. If you have any additional questions, please let me know. If you find any connections, please let me know. I would love to have them for the Allied Families research.

Best regards,

Brenda Carbon

Hi Lenda---

I have noted your exchanges with Mike R Upchurch and Brenda Carbon's response. Brenda is doing a spectacular job for our Allied Families Association as regards DNA work. It will take some time for us to match up DNA results with our huge manual database.

For just now let me fall back on my historic approach of using manual records for which I have tons. In order for me to see if I can help you I will need you to send me a few details. I need your full maiden name and how you trace back to any Upchurch ancestors or Pyle ancestors or other major families you are researching. Details on dates and places would be helpful

If your input seem relevant to our interests I will enter the details in our files and also search them for information that might be helpful to you. I will give you a report.

Hope to hear from you~

Phi Upchurch, Founder Allied Families
