A Progress Report

R. E. Upchurch and F. J. Selman  
North Carolina State College

Since the last progress report to the Southern Weed Conference from the North Carolina Station on peanut weed control research (January 1961), intensive investigations on this topic have continued. A large number of chemicals and treatment systems have been studied but only minimal improvements have been obtained to date. The program is continuing.

EPTC incorporated at 3/4 lb/A with a wet-driven rotary hoe at 14 and 21 days after planting gives excellent results except that peanut injury is obtained under certain environmental conditions. The isopropyl analog of EPTC at 1/2 lb/A (incorporated 3 times) showed promise in 1962 for weed control in peanuts having a slightly greater safety margin than EPTC. Split applications of trifluralin incorporated (3 applications, 1/3 lb/A each) are also very effective but pegging is hampered; lower rates may be useful. Split applications of dibutyltin incorporated (3 applications, 1/3 lb/A each) are also effective but require further testing. The dibutyltin rate must be adjusted for soil organic matter level.

The combination of DMBP with other herbicides at cracking has not been as successful in North Carolina as in other peanut production areas but the combination DMBP (1-1/2 lb/A) plus WPA (3 lb/A) applied at cracking is the most successful commercial treatment developed to date for North Carolina conditions. DCPA, trimethylsilyloxy dimethylamine and diphenylamine control grasses without peanut injury but are somewhat ineffective on broadleaf weeds.

The influence of 2,4-D (amine) on peanut yields restricts its post-emergence use to 1/4 lb/A within 6 weeks after planting or 3/8 to 1/2 lb/A within 10 days after emergence.

Mr. Upchurch,

Are your publications on the history of the Upchurch family still available for purchase?

My wife descends from Robert Burton Upchurch (b. 1848 Greene County, AL), married Eliza E. Pendergrass (b. 1851), and settled in Yalobusha County, MS.

I have a lot of the history in bits and pieces in various formats, but nothing in a final, bound book.

Thanks,

Douglas McCullough

Hi Douglas---

Delighted to hear from you. I have been on an extended trip hence some delay in getting back to you.

Our Upchurch work continues and now progresses under our Upchurch and Allied Families Association. I published the Upchurch Bulletin for 37 years 1980-2016. All issues are available on our website [www.upchurchstory.com](http://www.upchurchstory.com) password 2013upchurch#. Note also the videos.

You, your wife and children are of the Abel Upchurch, Sr Clan. See this enrolled family on our website [www.alliedfamilies.com](http://www.alliedfamilies.com) password 2014allied#. If you have trouble navigating our Webmaster, Jay Buck, can help.

I am very familiar with the Abel Clan and we are working to expand it and need help. I hope you will join in ---membership form attached.

I will have to visit our office in Chesterfield, MO to place you exactly in the family. However, I recall my trip to Yalobusha County, MS to the home of Dr. Joseph Upchurch and visits with his kin. They were excellent cooperators.

Hope to exchange more with you and to embrace more of your line.

Sending All Best Wishes~

Phil Upchurch, Founder, Allied Families.

have on this subject?

In any case Joseph Ambrose U was the grandson of Ambrose F. U and the great-grandson of Joseph U b 1775. I have a large working booklet on the family of Joseph U b 1775 with over 2,000 descendants on the Master Outline. We have long sought the father of Joseph U b 1775 but so far without luck. Descendant John Lead U and I have an ongoing effort to locate the father. John is taking the lead at present.

I have several lovely letters from your mother dating back a decade or more ago. She was very helpful. Is she still with us?

Enclosed are details on the Urchards Publications. I would be happy to have you as a subscriber for the Urchards Bulletin for 2001 if you are so interested (\$10). Also, I could let you know some of the issues of the UB which contain details about the Group headed by Joseph U b 1775 if you are so interested. The issues sell for \$5 each.

Do you have any organized Upchurch information you could send me to compare against my files? I should imagine we can help each other.

Jane, it would be a pleasure to hear from you and to work with you in whatever way is to our mutual advantage and at a pace that suits you.

Sincerely yours

we don't think the W. J. or W. J. McCullough stands  
for anything. His Bible and marriage certificate  
both show his name as W. J.

Four of my aunts wrote family recollections. The following is what they wrote about W. J. McCullough and Nancy Virginia Smith (the four accounts agree well).

W. J. McCullough's parents died in 1868 and 1869, and he went to live with an aunt by marriage, who had been widowed, and remarried a man named Will Orr.

Two of my aunts say that Nancy Smith was a cousin of Will Orr. We have not established how close a relationship there was, but since Nancy's grandmother was an Orr they may have been close kin. Will's wife died, and when he remarried he decided to take his new wife to Galatia for a while. One aunt says Will had received a letter telling about an orphaned girl cousin who needed a place to live; another says he found Nancy living with a married sister (probably Carrie Jones) and invited her to Arkansas. When W. J. & Nancy met he is recorded as thinking "what black eyes she has" and "that girl will be my wife". Nancy, by two accounts, thought he was "the whitest-headed boy" she ever saw.

After they were married Will Orr gave them land to homestead acres from him. By the time W. J. died in 1903 they had had 8 children and built a general store, church, cotton gin, and a nine room house with fine porches. A friend (or relative) of Nancy's suggested she take her 4 youngest daughters to Little Rock, which she did in 1906, and her son Hugh, took over the home place in Alvin.
