Dear Cousin John,

I was delighted to receive your call last night and to learn of your interest in your Upchurch heritage. of the 23 Upchurch Clave in America, you belong to the Nathan U, I clan as I do. Our relationship is as follows:

Nathan U, I

So, you mother and I are 3rd cousins, you and my children are 4th cousins, while you and I are 3rd cousins once removed.

You are the first living member of the Nathan U, I / Nathan U, II Subclan with whom I have had contact. I do hope that we can work together to upgrade the started outline

for the Nathan U, I / Nathan U, II Subclass. For which a copy is enclosed. Also provided are questions on your direct line as a start. I will appreciate anything you have or can get.

A copy of my 2 page Profile on John Sherwood U is enclosed. Perhaps you will have some details to add to this.

Information on the Upshur's Bulletin is enclosed. Perhaps you would like to subscribe.

There are certainly a lot more details we can share and no doubt a lot of information waiting to be extracted from various records. Over time I hope we can uncover a lot more facts about the sisters of John Sherwood Upshur and about his Aunts and Uncle. Sherwood seemed to be a very special person. The fact that he served in the State Legislature means that he must have had a good Public image.

Hope to hear from you soon.

Sincerely yours
Phil Upshur

Dear Mrs Zimmerman,

About two years ago on May 22, 1979 I was passing through Des Moines and called you to discuss information about the Upchurch family. I appreciate the information you gave and have it properly extracted and cross-referenced. I am still anxious to identify the father of Odis Arlo Upchurch and think this could provide the missing link in your line. To help me could you please complete the enclosed Family Chart, insofar as possible, and return it to me.

Since early 1980 I have been publishing UPCHURCH BULLETIN. I am sure you would find it informative and interesting. Order blanks are enclosed in case you want to subscribe.

Hope to hear from you.

Sincerely yours
Phil Upchurch

We trace our clan from NC to Gwinnett GA and now in CA & NJ. I have done extensive research on our line and actually found one of William H's grandsons who is still alive at 90, and living in GA.

Hi Amey----

Delighted to have your email re Upchurch family. Assume you refer to William H. U born Oct 1880 who married Minnie D. Ashburn. With that assumption correct we are on the same page. It sounds like you have good records from William H on down and I have good records for earlier generations. We should be able to help each other a lot.

You belong to the Richard U. III Clan and I belong to the Nathan U. I Clan. They were brothers and grew up together in Franklin County, NC at about the time of the Revolution. I have for years collected information on the Upchurch Enclave in Franklin County and try to visit there a couple of times a year.

I had three children of William H. U and since hearing from you I have worked the census records over again and have added some more. However, I find the names given at different places conflict with each other so I end up with a mess. I am hoping you have a good list of his children you can let me have. If so, I will update my Master Outline and send you a copy.

I live in MO and have never visited Gwinnett County,GA but I have quite a few references to Upchurches there. You must have a lot. I have visited Henry County,GA where there was a batch of Upchurches. Also,I gave an Upchurch Lecture in East Point,GA.

Look forward to working with you.

Hi Amey---

With your email of earlier today we are now on the same page.

Before your contact I had interaction with two sons of "Dolly". Olin Daniel was a subscriber to the Upchurch Bulletin once. On 9FEB 1992 I called Cramer Edward and he gave me quite a bit of information over the phone. I am pleased to know he is still active. I have today updated my Master Outline for the family of William H. U b1849. There are still a lot of blanks to fill in. I show his wife as Martha J. Gresham b Mar 1850. You can let me know if that checks out on your end.

For Adel B. --- the wife of Dolly --the 1920 Census shows in the home of Dolly his mother-in-law as Fannie Griffin. Perhaps Adel is nee Griffin. I have 10 children for the first marriage of Dolly but need to confirm One is from the 1900 census which shows Adel had one child but none living. I do not have the name of this child. Do you? Then I have a Silas and a Sidney born about 1909. I think it could be that they are the same and that Silas is a garbled version of Sidney. Your comment?

(3)
CONT.

I show Dolly and Lulu Belle (your Lulla Mae) had three children. The first was Lula Mae U b Feb 1930 and died Mar 1930. For the other two I only have Barbara b 1931 and Billy b 1933. Perhaps you have more details.

For George H. U Sr and Jr I note you use he spelling "Hershel". I assume you have a good basis for this spelling. I have adopted your version for now. There are other versions and when used elsewhere in the Family the various spellings seem to be used interchangeably without rhyme or reason.

Re Richard U III and his siblings I probably have 30-40 thousand names organized in my Master Outlines which I keep manually in notebooks.

I'll look forward to our continued interaction.

Phil,
Good morning...I have over 2800 Upchurch clan members in the tree so far. Our William H was born in 1849 and died in 1918. All in Gwinnett Cty, GA. He is the son of Calborn, who is the son of Britton, who is the son of Richard, who I believe is Richard III, brother of your kin Nathan.

Our Wm H married Martha J, I am trying to get a maiden name, and will probably get it on their son's Samuel Adolphus (Dolly) U's death cert.

All these Upchurchs were located in Gwinnett GA. They are buried in the haynes Creek Primitive Baptist Cemetary, which I visited in Sept 2007, with the last surviving son of Dolly-Cramer Edward, who is 90. My father-in-law, Cramer's nephew, is the son of George Hershel Sr, the oldest son of Dolly and Adele Griffin. GH Jr is 84 and living in SFO, CA. His son, David Bailey Upchurch, is my husband, for whom I am doing the tree.

BTW-I also located a half-brother and half-sister of Cramer's, both of whom live in the Gwinnett area. They are the children of Dolly's second marriage to Lula Mae Langley.

What info do you have on RichardIII and his siblings>?

Sadly, my family is from the Soviet Union, so there are few if any surviving records over there.

Phil...you are a light for a dismal fall eve!
I have been searching for Martha's name! The state did not retain her death cert (before 1918) so I was really not looking forward to an exhaustive search....MANY thanks...

My Hershel spelling is based upon my f-i-law's name....When I get home this evening, I will list all of Dolly's boys (with Adele Griffin) and his children with Lula...You are correct that it is Lula Belle and their infant daughter was Lula MAE...my misstep. Billy and Barbara are our NEWLY discovered relatives in GA...

FYI-Adele and Dolly DID have a child-a daughter, Lillie,that died as an infant. After that, Adele had all boys.

Regards,
Amey

Hi, Phill!

We spent a lovely week with George Jr in California. During that time I spoke with Uncle Cramer. He sends his regards to you.

⑥

CONTINUED

He confirmed that his grandmother was a Gresham and even recalled meeting a gresham cousin while he was serving in WWII.

He also mentioned that at least once a year, his dad, Dolly, would "hitch up the buggy and go off to Henry County for three days" to an Upchurch reunion. These must clearly be Dolly's second or third cousins, since his father, William was born in GA. I do not know much about those that are not the William/Clabor/Britton line.

I must also correct myself about the Hersel spelling. You are correct-it IS Herschel, as confirmed by George Herschel Jr. He stated that it was an old family middle name.

Cramer also told me that all 6 surviving brothers served during WWII.

More later.,
Be well

Hi Amey---

Thanks for your report on your visit with George ,Jr. I am pleased to hear from Cramer. It looks like you have contacts that can help us piece together a lot of Upchurch history. I am impressed that you were able to establish that Dolly went to Henry County, GA for reunions. This is the first indication I have had that the two sets of cousins interacted. If you and I can work together we should be able to put more pieces of the puzzle together. If you will give me your address I will send you some of what I have so you can make changes. Or you might be able to send me a GEDCOM file. Either way lets keep plowing along.

Let me pass along a little bit of information that might help avoid confusion as we move along. Richard U.III had a son Claburn U whom I call Claburn U I and a son Britton U whom I call Britton U I. Then Claburn U I had a son I call Britton U II and Britton U I had a son I call Claburn U II. It is this Claburn U II who is the father of your William H. U. There are several versions of the spelling of these names but I have settled on the ones I use here.

As we get into details I hope we can compare notes on several Upchurch family members who had the first name Plennie. My records on them are quite confusing and I have not been able to get the straight of it.

Could you let me have your full maiden name? I file that way and it is very helpful to use maiden names in cross-referencing information.

With All Best Wishes for the Season!

Phil Upchurch

Hi!!

So glad to hear from you! Presently, I am at home sick with a bad cold, so I am catching up on things..

I was really interested about Dolly going to Henry. Glad that Uncle Cramer told me. I too am surprised that they kept contact. I need to understand from Uncle Cramer just whom he remembers living there.

When I first discovered that he was still around, told Geo jr and called Cramer, he cried on the phone, saying that he thought that he lost everyone! He is such a dear man. I will definitely send you the files as well as getting copies of the pix I took when we visited Uncle Cramer, Aunt Barbara and Uncle Billy in Sept 2007.

While we were in Calif, we contacted the Upchurch River Golf Club in the UK to see if they have any logowear for the US families, alas they don't.

The name Plennie has not popped up in any of my records....

I will list the names and dates of the sons of Dolly & Adele Griffin Upchurch. It is the Griffin lineage that ties Dolly's line to many luminaries, such as Jimmy Carter, Geo Bush, etc.

Typically I can trace females pretty accurately-esp then, they would marry neighbors. One of Dolly's sisters, Minnie, just disappeared. When I visited the Haynes Cemetary, where Geo jr's grandparents, maternal & paternal, are buried. I actually found Minnie. She had married Geo Jr's maternal grandfather after his first wife, Ara, died in childbirth! So Geo's stepgrandmother is also his great aunt!!! Unfortunately, she also died in childbirth.

8 CONTINUED

I just love doing these puzzles....I actually located a woman's deceased mother, even though the woman was adopted....

Can't wait to compare notes!

BEST wishes to you!

TEXT. Charles was a noted Minister and Genealogist. He did much to record the history of the Utley families, spending many years in the research of the Utley ancestry. Many of his letters regarding his research are included in the files of Judge Joseph Simeon ^Δ Utley, held in the Mormon Genealogical Library. Jonathon Utley of Chicago came into possession of the files of ^Δ Charles H. Utley and kindly copied them for me. Much of this work is referenced to these files. (CJB) See "Sketches"

① The following is an excerpt from a call 24 JUN 2007
RPH to Federal Douglas Bailey "TED" The Excerpt
pertains to N.C. State College (now University)

□ Ted recalls the story re Zeno Metcalf. Ted went
one year to NC State and due to finances had to stay out
3 years. Upon return he reported to Metcalf who told
him he could not re-enroll because he had not taken
a certain course during his first year. □ Ted protested that
the course was not available then. □ Ted concluded it
said he could only return home. In the outer office
the secretary Mrs Harris asked Ted why the long face. He
explained and she went in to Metcalf & came back with
the message that Ted could enroll. □ Ted never knew
what she told Metcalf.

Dear Dr. Upchurch,

Lucille and I thank you for your letter about the Desert Legume Program and your note to us.

As you know the doctors have made a diagnosis of my health problem so I am less active. Lucille does my correspondence and driving so I am not sure I can help your program very much.

We remember so well all your good work in our college.

If you are free whenever in Tucson and have time, please call or stop by our home.

Lucille joins me in hoping that all is well with you and Mrs. Upchurch.

Our best wishes always to you special friends.

Sincerely,

Dear Dr. Upchurch:

As a former colleague of the late Dr. Darrel Metcalfe, we wanted to update you on the effort to support student programming in Dr. Metcalfe's name.

Our goal is to finalize a permanent endowment in Darrel's name that would support professional contests for undergraduate students studying agronomy, crops and soils across the nation. As a former student club advisor and later an academic affairs administrator, supporting these undergraduate students was important to Darrel. We fondly remember his student support and interactions.

Enclosed is an update on the progress of the fund and a reprint of the obituary printed in the *CSA News*. Also enclosed is a list of Metcalfe Fund contributors to date.

We are about half way to our goal of \$25,000 to endow this permanent fund. If you can support this program, we have enclosed a pledge form for your convenience. It is our hope to raise the remaining \$11,000 in the next Year. We appreciate your support of Dr. Metcalfe, students and the profession.

Publications

Book on Plant Nutrient Management in Hawaii's Soils published

J.A. Silva and Raymond S. Uchida are the editors of a soft cover book, *Plant Nutrient Management in Hawaii's Soils: Approaches for Tropical and Subtropical Agriculture*, which has been published by the College of Tropical Agriculture and Human Resources of the University of Hawaii, Manoa.

The book presents information about how soils provide nutrients to plants and how soils can be managed to improve their nutritional status for plant growth. The chapters are intended to help growers and agricultural extension personnel understand how soil and plant tissue analyses are interpreted to diagnose plant nutrition problems, and how soil management recommendations are developed to prevent or correct those problems. The approach is a scientific one, based on methods and processes used by

faculty of the University of Hawaii at Manoa's College of Tropical Agriculture and Human Resources (CTAHR). Although the details discussed are about crops and soils found in the Hawaiian Islands, the general information on soil conditions and nutrient management are applicable in many other regions of the world where the plants, soils and climate are similar to those of Hawaii.

The book would be useful to agronomists in many tropical and subtropical areas.

For information, please contact J.A. Silva at jsilva@hawaii.edu.

Woody Plants and Woody Plant Management topic of book

Rodney W. Bovey is the author of *Woody Plants and Woody Plant Management: Ecology, Safety, and Environmental Impact*, which has been published by Marcel Dekker.

Consolidating an extensive breadth of resources on woody plants, this reference book on the historical significance and botanical nature of woody plants details strategies for managing woody plants and using research data to select the most appropriate control methods.

Summarizing the study and development of woody plant administration, *Woody Plants and Woody Plant Management* fully describes the chemistry and properties of herbicides, alone and in combinations; reviews the impact, operations, and safety requirements for the use of herbicides via sprays, injections, and soil treatments; examines spray drift, vapor, and residue effects on crop plants such as cotton, tobacco, wheat, corn, and rice; discusses current information affecting the phenoxy herbicide controversy; determines which herbicides are best suited for treating specific problems and reveals testing procedures of greatest efficiency; con-

Darrel S. Metcalfe Student Manuscript Contest Endowment

Honoring Dr. Metcalfe's Contributions

Darrel S. Metcalfe was instrumental in organizing the Student Activities Subdivision of the American Society of Agronomy. Society archive records show it was Dr. Metcalfe who proposed to the Board of Directors that the agronomy student group meet with the Society, rather than at the International Livestock and Grain Show. In this role, he worked with agronomy student leaders from many universities. He helped shape the organization that would influence the professional careers of many future agronomists, as well as the students as individuals.

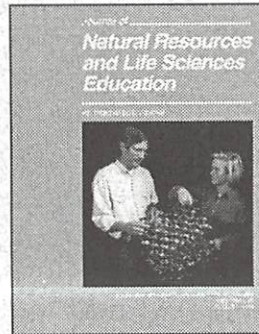

Born in Wisconsin, Dr. Metcalfe received his undergraduate degree from the University of Wisconsin-River Falls. After five years of teaching in a rural grade school, he completed a second degree at UW-Madison, followed by an MS degree in Agronomy at Kansas State. After service in the Army that included being active in the invasions of Okinawa and Leyte, he taught at then Iowa State College, where he also completed a Ph.D. degree in Crop Production-Plant Physiology.

During Metcalfe's career, he served in several resident instruction leadership roles at Iowa State University and University of Arizona. Among many other recognitions, he was named a Fellow of both ASA and CSSA in 1959. He served as President of the National Association of Colleges

and Teachers of Agriculture, and co-authored five editions of the textbook *Forages*. He led his university into new areas of teacher recruitment and evaluation, as well as international involvement.

He retired as Dean Emeritus, University of Arizona, at age 69. He and his wife, Lucille, reside in Tucson, Arizona.

Contest Supports Students

Scientists need to be excellent writers and editors if they are to communicate their findings to peers and other stakeholders. Entering a student scientific manuscript writing contest is one way to develop those skills early.

The American Society of Agronomy's Student Manuscript Contest offers students publication and cash prizes to encourage writing about important scientific topics. Manuscripts from three students will be printed in the scientific publication, *Journal of Natural Resources and Life Sciences Education*. In addition to this achievement, five students also receive cash prizes from \$200 to \$350. These cash awards both encourage students to enter the contest as well as support their educational needs. The contest also reinforces the value of being part of a scientific community to students.

Permanent Endowment Established

Your help is needed to permanently endow a fund that would support this student contest in perpetuity. An endowment of \$40,000 or more will provide enough funds for an annual contest encouraging students to pursue excellence in scientific writing.

In the Evergreen Cemetery in Jacksonville, there are 2 Upchurches I need to "fit in" - Frederick R. U. b. 18 Sep 1878, NC, died 14 Dec 1936, Jacksonville. His death certificate lists his father as Alfred Upchurch and his mother as Mary Eliz. Murray. He was an employee of Bull Steamship. Also in Evergreen is his wife, Agnes M. Upchurch, b. abt. 1893, died 22 Sept 1939 in Gainesville, Florida. Her parents were Walter G. Metz and Mary C. Hipp. How are they related to the NSU line?
