Dear Cousin Phil,

Thanks for your letter of Feb. 17, 2000. Was glad to hear that you got the obituary and pictures where they belong in the family history. It sure helped that you had the Erkman files to get it figured out. Like I told you in my last letter, the girl that sent them to us got them from someone else and they weren't even related to the UpChurch's or the Erkman's.

I wanted to get this wrote down before I forgot it. Friday the 25<sup>th</sup> of Feb. was so nice here, that when they done the 6 o'clock evening news, they done it from outside the studio. They had the spring fever along with a lot of other people.

Tax time can be a headache for a lot of people. I reckon it is more so with farmers.

Thanks for the four pages of master outline of Elizabeth Erkman and John W UpChurch.

Farrell Horton is trying to get a reunion going for sometime in May for the Osborne's of Alleghany, And Ashe Co., North Carolina. Hoping there is a good turn out and lots of family history swapped.

As always

Dear Cousin Philip,

Thanks for your letter of 1-15-2000. I was glad to hear that you and your wife enjoyed her birthday.

Re the pictures of Elizabeth and John UpChurch. The girl that sent them to us got them from somebody else. I am sending this copy of the obituary that she sent us. This was all that she knew about the picture. The person that had the pictures also didn't know very much.

We got two different snow falls this week. Looks like winter finally arrived. We do need the moisture here in Virginia. Still having brush fires all around the area.

Thanks for the four pages of information on Elizabeth UpChurch.

Our son went back to Texas to be close to his son, also he is undecided as to what he is going to do. He should have stayed in the military, he had ten years already served. There isn't much choice out here now days on job opportunities.

Deborah:

Got your name off the surname list for Saline Co.

UPCHURCH isn't one of my lines, although there is a tenuous connection with the Erkmans and Wintizers.

Anyway ... this summer I discovered a treasure-trove of old pictures and obituary notices which had been saved by my grandmother, Luella YOUNG WINTIZER. She grew up in Harrisburg and moved to Colorado in the 20's.

If you're interested, I have pictures of:  
Lizzie & Johnnie Upchurch  
Lizzie Erkman Upchurch  
Lizzie Upchurch children (2 youngsters)

Also have obituary notice for Lizzie.

If they are in your line, I'd be glad to scan and transcribe for you.

I have 3 old photos you might be interested in - one of Lizzie, one of Lizzie & John and one of 2 of Lizzie's children - probably the oldest (I have names on the kids but no dates)

We've made two trips to Greensboro

He is eighty years old and gets around

know much about his family either.

He was really excited to find out info  
on his kin people. We are supposed

listing the XFO number and the page numbers for the continuation sections made it easy for me to enter the additions and corrections.

You asked if I had a picture of Sarah U. The only thing I have is from the Hoppers Book - Page 249. A copy is enclosed. It looks better in the book.

Provided herewith is a copy of my 6-Page 10-Item Profile on Sarah Evelyn U. Let me know if you have questions.

Enclosed is a fresh copy of the two-page master outline for Sarah Evelyn U & her children along with a list of items that are still missing. I am not expecting you to conduct a search to find all of these items. However, anything that you have or that easily comes your way would be a help. In making a quick count I identify 57 Grandchildren of Sarah. Maybe she had

more.

I am also interested in any improvements we can make for the later generations in the family of Sarah Evelyn (U) Osborne. The records have been greatly improved in the last several years and I hope we can keep up the progress.

Thanks ever so much for your continued interest in our shared Uplunch heritage.

Sincerely yours  
☺ Phil Uplunch

I think I found the connection for  
McDowell Co. between Luther & Sara Osborn.  
Luther had some Kin people living in the  
next County which would be Mercer Co.  
W.Va.

My wife and I went over the  
Master outline and done the connection's  
all that we have for now. We are  
going back to N.C. this fall to do more  
Genealogy.

i am sending the info on notebook paper  
if you want the master selling sheets back  
let me know.

It is raining & dreary here today just a  
spring day.

Best wishes

Yours, G. R. King

- For the family of William Franklin Jenkins:
  - How do you spell his wife's maiden name [ESTER — ?]
  - Is the name of his daughter born 26 APR 1947 correctly spelled JACKIE JERMONÉ JENKINS?
- Can you list again for me the children of Garland Joseph Jenkins? I can't quite get it right.

The additional details you requested are provided on the enclosed Master Outline Sheet. The first two pages cover Sarah Evelyn Upchurch and her children. Descendants of the children are covered in continuation sections as indicated by the numbers on the left hand side of these two pages. All relevant continuation sections are enclosed (after the birth sheet) [18 and 22-9 and 43].

Please let me know if you spot any errors on these sheets or if you come by more details which would make them more complete.

With All Best wishes!

Sincerely yours  
 Phil Upchurch

Dear Cousin Shirley

Thank's again for your letter on  
March 4-1999- hows everyone doing  
my wife & I are doing ok. I'm  
in a wheelchair all the  
time so we don't get to do much  
but we do get out every now & then.

The dates on the other page are  
the only true dates that we have.

I went over the master outline  
and I think it got it all covered  
but if it didn't I'll get it to meet  
them. Do you have info on what the  
connection was between Wilks Co.

NC & McDowell Co. WVa. when Luther  
& Louise got married what are you asking

at were there any other family connections  
down there besides Wiley & Stone. I we have

one of his kids address her name is  
(Sue) Durrin she lives in Alabama.  
She is 63 yrs old?

yes i would like to have the continuation section of my mother's first cousin - their descendants.

Lot of the dates that Laura had in the bible were in conflict one example

was Jack's birth date there was three different dates for him. she finally

took the bible to the Court of Circuit in McDowell Co. W.Va. and he viewed

the bible and said the date was correct

Jack & Catherine are the only two of Laura Osborn kids still living

they both live in Spots a N.C.

I hope you can read all i wrote in it's very little.

We really liked your Freedom Paper seems like your life is altogether

Spring is on the way

Sincerely yours

Dear Cousin John,

Thanks for your letter of 24 FEB 1999 and for the family details which have now been fully processed. To give you a better idea of where we stand I enclose herewith the 2 Page Master Outline for your GGM Sarah Evelyn (Upchurch) Osborne. This covers Sarah and her children. The descendants (if any) if known) of her children are covered in Continuation Sections as noted on the left hand side of the page. I enclosed one of these (24) which cover Laura Etzel (Osborne) Jenkins and her descendants. This 24 is an updated version of what I sent you before. Let me know if you want any of the other Continuation Sections. These other Continuation Sections cover your Mother 1st Cousin & their descendants to the extent that they are known.

I hope you will go over these Master Outline sheets and let me have any corrections or additions.

that you have now and that you will provide improvements in the future as information becomes available. Note that the Master outlines enclosed show some conflicts in dates and/or places. Data has come from a variety of sources and sometimes the information is in conflict. The idea is to gradually move forward so that the Master outlines are more and more correct.

Like you I have not found a computer program on family history that works for me. All my records are on Master outlines, such as the ones enclosed, and in my People System where a file exists on every individual that is included or might be included in the extended Upchurch Family. So far I have several million People filling 11 4-Drawer filing cabinets. Fortunately, I have a large basement devoted to family history work so space is not a problem - just time.

It's great to be working with you and I look forward to hearing from you again.

Sincerely yours

☺

I provide herewith the 3 Page Master Outline for the family of Lura (Osborne) Jenkins as it now stands. I have modified it based on your letter to correct the spelling from PERREZ to PEREZ and to add the details on the end of you. I somehow knew that Bessie & Frank had five children.

would you please have a look at this Master Outline and let me have any corrections or additions you may have. Perhaps you already have something you can send me as a copy. You will note that I have LURA OSBORNE whereas you show LAURA Osborne. I presume you are right and I will change my records when your next letter arrives.

From the Master Outline you will note that Lura (Laura) Osborne is the daughter of nee Sarah Evelyn U, the gd of John Wesley U, the ggd of John U, VII, and the gggd of John U, III. As we exchange letters we can get more into the details

John U, III is one of 22 known members of the 5th generation of the Upchurch Family in America. I have adopted the procedure of saying that each of these 22 heads a CLAN. Thus, you belong to the John U, III Clan and to the John U, III / John U, VII Subclan, and to the John Wesley U line in this Subclan.

John U, III moved from VA to the Shaddock's Creek Area of Chatham Co, NC in the 1780's. He died there in 1795. I have been lucky in tracking the three sons of John U, III but the 5 daughters present an ongoing Challenge. It just so happens that I was born & raised in Wake Co, NC about 6-8 miles from where John U, III lived & died.

The Head of my Clan was Nathan U, I (My GGGF). He and John U, III were 2nd cousins.

I'll look forward to hearing from you and to working with you.

Sincerely yours  
 ☺ Phil Upchurch

Dear Mr. UpChurch,

Hello,

My name is Leah (Dolly) Perez. I am writing this for my husband, John R. Perez. He is a descendent of Sarah UpChurch who was married to Alexander Osborne. They were the parents of his grandmother Laura Osborne who married Luther Jenkins.

We have talked to Tim Ferrier, who told us about you.

We would be interested in talking to you about the UpChurch's. We thought that the UpChurch name had died out. We haven't been able to find any resent ones in North Carolina.

We started doing genealogy about a year ago. Untill then we only knew who my husband's grandparents were, and that Laura was the daughter of Alexander and Sarah UpChurch Osborne.

We have found out some by getting marriage records of Laura and Luther and Alexander and Sarah. So we do know that Sarah was the daughter of John W UpChurch and Sarah Roberts. From there we contacted a Mr. Len Chapel who was doing research on the Roberts. He has given us some info. on the UpChurch's. Such as Sarah's brother and sisters but that is mainly all that we have.

Tim has told us that you are a 6th cousin to him and John. We are sending our address and phone # along with an e-mail address. Hope to hear from you in the near future.

Dear Cousin John,

Thanks for your letter of 3 JAN 2000 and for the details. Cousin Charles J. Peterson has taken the initiative to put my name in play on the Internet for which I am grateful. Several letters have already arrived as a result. Others have also promoted my work on the Internet & all marks to the good.

Re the pictures of Ligge ERKMAN Upchurch & John Upchurch - I cannot spot these two in my files/records/outlines. Can you give me more of a hint? The pictures are great.

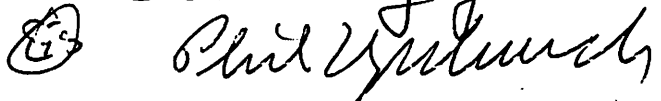

Re the Nancy Elizabeth U you mentions - I assume she is Nancy Elizabeth U XID 7889 - 4-Page, 7-Item Profile enclosed. Do you agree?

Thanks for the Civil War records on John Wesley U. They have been made a part of his Profile.

I am sure you are happy to have your son John Robert with you as he goes through his shift to civilian life. We should have seen good opportunities in this economic boom.

We had a great Christmas. I did get a cold just at New Year's but it was over in four days with no complications. Our New Year's celebration was quiet, Sallaine and I were at home alone and did manage to stay awake to see the new year/millennium arrive. We had a bottle of champagne on ice but with my cold we did not feel like that kind of celebration. A week later we popped the cork and celebrated. I don't really care for champagne but it did go well with a cake Sallaine had made to celebrate her birthday.

I trust you and yours are getting off to a good start in the New Year.  
All the best!

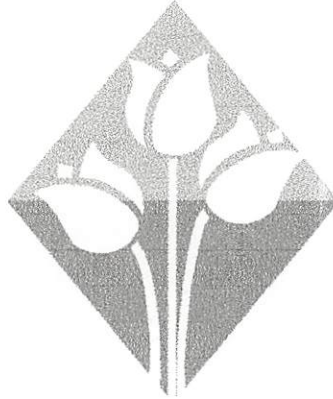

Sincerely yours

Dear cousin Philip,

We hope everyone had a wonderful Christmas and a Happy New Year 2000.

We had a good Christmas, my wife had gotten sick around the first week of December with the flu that is going around and she didn't enjoy it that much. No y2k boo-boos, just my watch ended up with zero's all across the dial. But that was easy fixed.

I am sending you these two pictures, that we got off the internet, the person that sent them to us said that she was also going to send them to you. We know who they are, just not sure of the time frame on them. So I thought I'd also send them just to be on the safe side to make sure you got them. They are good pictures to come from the internet and printed off the computer. They are of John UpChurch and Lizzie Erkman UpChurch.

We also found this other thing on there the other day. I am sending it to see if you knew you were on the internet.

Do you know how Nancy Elizabeth UpChurch was kin to John UpChurch of Ashe Co., North Carolina? I think she is buried on Buckhannon Co., Virginia.

I am sending this Copy of Wesley UpChurch's civil war papers, I know you all ready have the information but this way you have a copy of the actual document.

### Have you heard of a book "The UpChurch Story" by Olive Ada Morgan ?

Our son John Robert has been with us since the first of Dec., he is in transition from being in the military for the last 10 years to civilian life.

A little humor, on New years eve there were seven adults at my brother-in-laws, we were playing yatzee and close to midnight we stopped to toast the New Year. All seven of us had the same reaction to the champagne at the same time, yuk - yuk. We are not a family that drinks.

Robert Phillip Upchurch has been collecting descendants of Michael Upchurch for over 20 years, with his compilations published in the Upchurch Bulletin. Michael emigrated to Virginia in the early 1600s and almost all American Upchurches are his descendants. Cousin Phil can be contacted at 6 Eagles Way Lane, Lake St. Louis, Missouri 63367-2240. Dear cousin John,

Thank you and Betty for the nice Christmas card and message

I had not heard of RYSCAMP before but have created a profile for him in case his name comes up again. Most of these searches are pretty expensive

You asked about John Wesley U (XID-788Z) in the Civil War. Enclosed on page 5 of my profile for him. Entry ① is all I have on his Civil War service. If you have more I would be pleased to have a copy. He is one of 8 individuals with the exact same name John Wesley U. It was a very popular name. I have several more with the name John W. U and suspect that in a number of these cases that

the "w" stands for "wednesday". I would guess we have at least a dozen relatives with the exact name John Wesley U.

We are looking forward to a great Christmas but our two St Louis children and their families will have a Christmas Day dinner with us. Our son Gary will be celebrating his 40th birthday on 1 JAN 2000 and will have us all to his home for the event.

We got ready for Y2K by getting a little extra money to have on hand - but we have already spent it, so much for planning!

With All Best Wishes to you and  
Belly & yours for a Merry Christmas!

Sincerely yours

Dear Cousin Phil,

Thanks for the letter of 29, Nov., 1999.

We love the internet, but my wife is the one that uses it. I only have one good hand to work with, so I don't get on it.

You can really kill time on the internet. It just flies by like the years of life after you turn forty.

I was wondering if you have ever had the opportunity to meet Pro. Ryscamp from Salt Lake City, Utah. He is a researcher also. He does research overseas and trains other people to do the research for him overseas.

We contacted him, but the prices he quoted are not for our pocketbook.

Do you have anything on John Wesley Upchurch, where he was in the Civil war? If not let me know and I will send you a copy from Alleghany Co., North Carolina.

Dear cousin Philip,

Thanks for your letter of 29 Oct.. Hope everyone is doing all right and you and your family have a good Thanksgiving.

△ + △

My aunt was buried in Alleghany Co., the same cemetery as her husband. It is on the line of Alleghany and Ashe, but is in Alleghany Co..

We got a fairly good rain the first of November. Its been dry since then, but hunting season is almost here and the weather always changes by then. This county and Bath County always gets over run by deer hunters from out of state.

Sorry to hear about your wife's brother George. Cancer sure kills a lot of people. Its always harder when you are close to someone.

We already knew about Peach Bottom Mountain, before we went to North Carolina. We just had a hard time finding the route number to turn off on. Ferrell Horton had told us about it and we went on the internet and found the directions. Once you get on the top there is a house up there that people live in just below the cemetery. It was almost like being up in the clouds. It is a beautiful place to see.

I know how you feel about not being  
 to find everything you wanted to find on  
 your recent trip. Still, you were lucky  
 enough to find Peach Bottom Mountain.  
 It sounds like a beautiful place. Perhaps  
 I can go someday - but let's not  
 hold our breath - I have so many  
 desires. Now I've looked for Peach Bottom Mountain  
 + Catherine's Knob and can't find it. Perhaps  
 you could enlighten me.

We have sad news from our end. On  
 24-27 October we were in Madison, Wisconsin  
 to attend the funeral of my wife's brother  
 George Sledge. He lost the battle with prostate  
 cancer. He and I were in school together at  
 N.C. State in the 1940's. Our three children will  
 close to their Uncle George and all three  
 attended. The event was a good celebration of  
 his life and the good times we had  
 together.

All The Best!

Sincerely yours

Dear cousin Phil,

Thanks for your letter of Oct. 8, sorry to hear your crops aren't what you expected to get out of them.

We went to NC last week hoping to get some of these missing dates, but didn't succeed in doing it. First we went to my sister's in West Va.. When we got there she told us about our aunt Catherine dying and they were going to have the funeral the next day. After a four hour ride in this wheelchair, I just couldn't get up and ride another four hours to go to the funeral.

But, we did manage to get to the place where Zadock Osborne is buried on top of Peach Bottom Mountain. The graves are in a stand of trees. I didn't think we would be able to get back off there without burning up the brakes on our van. The elevation is 4,170 feet. The area that the graveyard is in is called Catherine's Knob.

We only got to go to one courthouse and two libraries. Tim Ferrier had told us about the papers of UpChurch and Osborne that Elizabeth Tempton had gave to the library, but we couldn't find them. That was at the Alleghany Co., library genealogy section, which is very small.

But Wilkes Co., library had a huge section of genealogy.

As always

Dear Cousin John,

Many thanks for your letter of 20 SEP 1999 and for the details which I have now processed. Enclosed are two sheets showing the XED's that have been assigned. The birth/death dates, if applicable, get added later by my wife when she proofs what I have done and enters the material in the computer.

As always I am happy to have updates on our extended Upchurch Family. The newspaper article you sent really shows how dry it has been in your area. We have the same problem but not as bad. Still our crop yields are low - I am afraid to calculate the per acre yields. Soybeans are mostly harvested - corn mostly yet to go.

Sincerely yours

Dear Cousin John.

It was nice to learn from your letter of 9 SEP 1999 that you enjoyed the U.S. The photos you requested are enclosed.

As regards XID 45887-45898, they all belong to the Stewart Vance Family (XID-44049). Enclosed is a copy of the 5-Page Master outline for this family to the extent that I have information. Hope this helps.

We are still very dry. I think our JUL & AUG rains combined would put us into the record book for an all-time drought for the two months combined. We did get a needed rain out on the farm sometime in JUL/AUG. Harvest is just now starting and I am keeping my fingers crossed.

All the Best!

Thanks for your letter of Aug

I've enjoyed reading the Up church  
bulletin, could you tell me where  
all the Vance's are from that was in  
the bulletins 45887 - 45898. if its'  
possible.

How's the farm doing i hope  
its doing well. for us we finally,  
got rain 6 inches of it thanks to  
hurricane Dennis.

We had water restrictions and no  
outdoor burning, both of these are still  
in effect as of now.

The yard greened back up but its'  
dead in a lot of places, weeds have  
already taken over.

The bulletin that i received was  
fine.

There is a poplar tree out back of our

### ALWAYS BE OBSERVANT

A medical Professor was teaching medicine to a class on 'Observation.'

He took out a jar of yellow-colored liquid. "This," he explained, is urine. To be a doctor, you have to be observant to color, smell, sight, and taste."

After saying this, he dipped his finger into the jar and put it into his mouth.

His class watched on in amazement, most, in disgust. But being the good students that they were, the jar was passed, and one by one, they dipped one finger into the jar and then put it into their mouth.

After the last student was done, the lecturer shook his head. "If any of you had been observant you would have noticed that I put my index finger into the jar and my middle finger into my mouth. Have a good lunch."

Dear Cousin John,

Thank you for your letter of 3 AUG 1999 and for the enclosure. Max Mitchell has been assigned XIN-47645. It is nice to have your help in upgrading the master outline. The book about McAdwell so sounds interesting.

Thanks for your \$10 check for Upchurch Publications. I was not exactly sure what you wanted but assume it is the Upchurch Bulletin for 1999. It costs \$20 for the 4 issues for 1999. I'll mark you paid up for the entire year. Enclosed are issues 1, 2 & 3, you will be sent #4 later this year when it is produced. If this is not ok please let me know.

I had a quick look at the farms yesterday. We sure could have used more rain. I hope the corn yields will be 80-90% of normal. We are putting in a new graded waterway. The contractors should start tomorrow.

All Best Wishes.

We enjoyed our trip to Wayne Co, KY and will write about it in the next UB. It is beautiful country.

I was out to our farm area yesterday. The corn & soybeans are looking great right now but we will need another rain to produce good yields.

Dear Cousin Philip

Thanks for your letter on June 30, boy was it miserbal over the Fourth of July holidays 100 Degrees two days in a row,

We finally got a little rain about a 0.25 of an inch but all it was good for was to cool off the air, went from 100 degrees to 64 degrees.

The rain was such a welcome relief that was the headline on the six o'clock news.

The biggest city close to us is Roanoke and their water situation is getting worse by the day. Their reservoir for drinking water & such is 24.4 ft below the spillway they said its never been that low before it will take months for it to fill back up.

Thanks for the master outline both of them as was reading them it surprised me to find the listing of Nancy Elizabeth V. buried in the Vance Cemetery, I think that is the same place that my aunt, my mother sister is buried

(2)

which is on top a mountain.

I was glad to hear that your crops are doing ~~and~~ good. we went to my sister for the fault. I saw tobacco that was only a foot high it should be three feet high this time of the year. And also corn which was even shorter so it probably ~~can't~~ can't make it.

I not a farmer but I understand that without water nothing does any good.

While I was at my sister we look at some pictures and found this one of Alexander Island Sarah I picked as new  $\Delta + \Delta$  I didn't know she had it. When my Granddaddy Luther Jenkins died my Mother had to move out the house ~~so~~ so that was a start of things getting lost.

A couple of ~~week~~ weeks ago Tom Ferris sent some of Alexander Island Sarah but this one is different. I know he was excited when he got them from North Carolina. Both of us were looking for some. I sure would like to have a young one of her.

That part of Kentucky you wanted to visit, sure is nice looking (as always)

We have been hearing about your drought - maybe you have had rain by now. Our Spring was quite wet and prevented the timely planting of corn. However, all of our corn & beans are now up to a good stand and growing quite nicely. We have good soil moisture for growth right now but will need rain in late July & in August to make good crops. Our last herbicide goes on this week.

We are still behind on some of our family history work - but not in bad shape. Tomorrow we leave for a trip to Wayne Co, KY where I will give an Upchurch lecture. We hope to see KY horse country as a bonus on this trip.

Thanks for your continued interest
