Hi Kylene and Tom---
I have found you in my system and am studying the Master Outline on Emma and her descendants. I would like $t$ mail you both a copy of this two-page document and to work with you in updating it. So, I will need street addresses. I have Tom as XID-29929. I need to know if Kylene is the daughter of John, Michael, or Stephen so I ca assign her a number and log her into my system. As we work together there is much more I can share. Glad you enjoyed the videos and especially hope you took special note of the one on your ancestor George, I understand the password did not come to you. I is 2013upchurch\# . Please let me know if it works. Ill have more comments as we exchange information.
Best ~
Phil Unchurch

Hi Cousin Russ---
Thanks for your email of the 17th reporting that Tom had told you about my Unchurch work. I was a little confused at the beginning because you and Tom were not in my records in a regular fashion. I had pulled the records out an created a special action file involving Tom's input to me and my plans to arrange to visit your Aunt Verna with perhaps you and Tom present.

TNOMAS FKANKG HAART PE 3 XTD-2992G
(8) 19DEC 2014- CONTFNUED

Unfortunately several pressing matters caused me to put the action file and several other matters on the back burner. Now, having done some cross checking I have found all related files including my very good outline on your part of the family.

I tried to call Verna a couple of times with no response. Ill gt back to this after Christmas and hope you and Tom can be included. However, if you and or Tom would like to meet privately I will be available for breakfast, coffee, or a chat in my office on Long Road in Chesterfield.

I appreciate you plans to join Allied Families and look forward to our association.
Best Wishes and Merry Christmas ~
Cousin Phil Upchurch

I'II be glad to try to make a meeting. I would need some good lead time, especially this time of year when I tend to prefer warmer climates!
