Few early deed records survive for Wake County. When combined with the cessation of land grants from 1763-1778, we find a dearth of early Wake County land records. One interesting set of records that do survive (though not in their entirety) are Civil Action Papers (CAPs) Concerning Land. These are a subset of the CAPs series at the North Carolina State Archives in Raleigh. These are extant court papers where there was an issue concerning land. The originals can be found in C.R.099.325.93 (1773-1793). The surviving paperwork up to the year 1800 will eventually be abstracted and included in Wake Treasures.

You will note that the timing of many of these is in 1778. This would have been the first time that one could file for a land grant in about fifteen years. During those years, many moved to Wake County, made improvements on land, bought and sold land, and yet no land grants were issued. So, as soon as the land grant process was re-instituted by the State of NC, there were a lot of land grant entries made, and this caused a lot of caveats to also be filed.
