

DAVID UPCHURCH XID-2064

Commentary: David Upchurch, born about 1765 (Brunswick County, VA) and died 1835 (IL), was the son of William Upchurch IV, head of Upchurch clan # 9. This Biofile contains very important information which should allow a more productive sketch of the William Upchurch IV family. We show David being born in Brunswick County, VA. He sojourned to Granville County, VA and lived there for a time, as did some of the other members of the family. However we later find him in Wilkes County, NC where his father had died in 1787. It seems likely he was the David Upchurch on the Rutherford County, NC census of 1800. If so this allows us to speculate on the connection of the family to the elusive Joseph Upchurch, born 1775 (NC) and whose father we still seek. Like his brother, John Upchurch V, David was also found in Greenville County, SC before moving west possibly stopping in TN or KY. His final years were spent in Illinois.
