Dear Kay,

I'm response to your letter of 4 FEB 1996, plans for our Texas trip are now firmly in place and several copies of the flyer/schedule are enclosed. I am sorry you will not be able to attend the Updewar Lecture in Tom Ball. Let me give you a few more details on our schedule to see if it will be possible to meet.

In Houston we will be staying at the Hampton Inn at 502 N Sam Houston Parkway on the nights of 13 & 14 APRIL. I plan to arrive at the Hampton Inn at 4:00 PM on the 13th and would be available for a visit there at that time. Note that anyone is invited to come 7-9 P.M. We will be leaving the Houston area early on 15 APRIL.

I would love to see the Clayton Library - Maybe we could meet you there at 4 PM on the 13th. Please drop me a line or give me a call and let me know what you think.

P.S - @ Note address change sheet

② will appreciate anything you can do to "spread the word" about our trip -

☺. Sincerely yours
Phil Guburch

Dear Phil,

Your letter arrived the other day. Glad to know that you retired and moved closer "this way." Know you are enjoying being able to work on family history whenever you want to.

I wanted to touch base with you about your upcoming trip to my area. Unfortunately, that weekend is Easter for my husband and son. They are Greek Orthodox and sometimes their Easter falls different from everyone else's. However, I would really like to get together with you while you're in the area. Could we maybe plan to meet for lunch on the Monday after or the Friday before you give your talk? I could meet you somewhere. Do you plan to visit our wonderful Clayton Library?

Please let me know and maybe we can work out something.

Sincerely,

Kay

Thanker for your letter of 14 JAN 1996 which
reached me at our new address. Yes I am
still working on my family and related families
in Franklin Co, NC. In fact I gave an Updegraff
lecture in Zebulon, NC in MAY 95.

I have checked my files again and do not find anything to add on your Baker & Mulhain line beyond what I have already sent. However, I feel that we are both interested in some of the same lines and I hope we can keep in touch. As we "sort through" our materials we could either come up with something to share. I am constantly adding to my files.

Enclosed is a copy of our "freedom"
document.

I am currently scheduled to spend 4-17
APR 96 in Texas on family history. As a part

-2-

of this kind I will be giving several Upchurch lectures. One of them will be at 2:00 PM on 14 APR 96 (SUNDAY) at Tanshall, TX in the Community Center. I'll put you on the list to receive a notice in case you have a Sunday afternoon to spare.

Thank you for staying in touch.

☺ Sincerely yours
Phil Upchurch

Dear Phil,

Hello! I hope your New Year has gotten off to a great start. Are you still doing research on the Franklin County, North Carolina families? I am trying to.

I am tentatively planning a research trip to Raleigh and vicinity in July. So, I am working to get as much ground work done ahead of time as I can. I am still confused about the Williams' families. I stop at Thomas Williams, the father of Martha, who married James Baker (Jr.). They were my 3rd great grandparents. Do you have anything beyond him?

The Williams and Arrendell families are two that I want to work on while there and both pose the same problems. Both families used the same names through each generation -- each generation seems to have had a John, Thomas, Bridgers/Bridges, William, etc.

I am looking forward to hearing from you.

Sincerely,

Kay

Dear Kay,

Thanks for your latest letter which
arrived 27 SEP 1989

In response to your letter I am sending
67 Biogiler which I collected from among several
handed in my Williams file. These 67 are
individuals who seemed to relate to
Franklin Co, NC I am sure I missed some.
If they have an XFD number it means we
know how they fit into the Upchurch Family.
The other way or may not be related

Also enclosed is a copy of my notes
on the Henry Baker Cemetery in Franklin
Co, NC which I wrote on 2 MAR 85. I assume
this is the same one to which you refer.

Also provided are pages 10 & 11 from the JAN 1981
issue of the Upchurch Bulletin with a red X showing
the location of the cemetery.

Please let me know if any of these materials
allow you to make new linkages to the Upchurch
Family.

Sincerely yours

Dear Phil:

Thanks for your quick response to my letter and for the information that you sent me.

I would like copies of the Williams family records you have for Franklin County, if possible. Until I establish just which one's I am descended from, I don't think it necessary that you copy all of your files! I have a copy of the Kinfolks of Franklin County, by Watson, and have found quite a boit in it. But it is still very hard to establish one generation from another. I think my particular line goes over into Edgecombe Co., but I'm not sure, yet. I wish I'd had the chance to work on the Williams' last year when I was in Raleigh but didn't as we were busy working on the Center Township project and it had to come before personal research.

We did get to visit the home of James Baker near Louisburg. The people who own it allowed us to tour the house and grounds, tho' they didn't seem at all impressed that James Baker had been my Gr.Gr.Gr. Grandfather. We did not get the opportunity to see the cemetery even tho' I had wanted to. I understand there are not any stones there now but I'd just have liked to see the location. Could you mark on a map where the cemetery is?

You mentioned that there were Upchurch's in White County, Ar. White Co. is an adjoining county to Prairie. I have found a Baker whom I believe to be from the Franklin Co. bunch, in White County, shortly after the Civil War. His name was John Baker (he had a middle initial, but don't recall it offhand). He was a schoolteacher. I believe him to have been a cousin to my Gr.Gr.Grandmother, Margaret Baker Nichols. I've not really researched him but his name keeps showing up in other work I'm doing.

This has been short, but must go for now. Keep in touch. Sometimes I'm slow in answering letters-it's not because of disinterest-it's because there aren't enough hours in the day to do everything I need to do. I'll let you know anything I come across.

Sincerely,

Kay

Dear Kay,

Thanks for your letter of 4 SEP 89 and for all the details. I have spent about three hours extracting the sheets and creating biopiles for a representative sample of all the families included in your packet. This way I can recognize a bit of your people into my line of that occurs.

you and I do have a connection ^(of sorts) in that you are descended from James Baker whose brother Blake Baker married Frances Upchurch, dau of Jubal Upchurch. Jubal was a brother of my GGGF Nathan U, I. I have visited the old Baker Cemetery mentioned in your letter. Over time I hope to learn more about the Molloxin Creek Area where the Baker Cemetery is located. My ancestor owned land within a mile or so (or even adjoining). My GGF left this area about 1803 but some of his siblings stayed and their descendants are in the community today.

I am returning a copy of the Trammor will and
sheet with some added notation for Elizabeth
Barbery Williams who married Little Berry U.
a son of Jubal U. so Little Berry U. and the
Trammor U. referred to earlier as siblings.

I am sending you a copy of my eight
page Master outline for Francis U. You will
now have the essence of all that I have on
these two siblings and their descendants. If
you have or obtain more please let me
know.

Do you need information on the ancestors
of Jubal Upchurch?

I do not know any special ways of sorting
out the Williams families. I just handle them
as they come up. Sometimes the assembled
biopiles or individuals help to tell a story.
There are no doubt several different Williams
families in my files. They include Franklin
Co, NC, Chatham Co, NC, KY and a smattering
of other states - probably about 150-200 biopiles
in all averaging 2-3 sheets/biopile. Are you
interested enough to want some or all
of these?

Incidentally, my GGF and his brother
Moses U. moved to the border of Wake &
Chatham Counties, NC in ca 1803. Moses settled
just across the line in Chatham and
Nathan U. in Wake. So I have Upchurch

Connections in the area by the name.

I have an extract of the 1880 census for AR that is supposed to include all Upchurch. I have most of them identified. None are shown in Parane County, AR. They are found in Yell, Sebastian, Columbia, Washington, Conway, Pope, White, Montgomery, Pulaski and Sharp counties. Of course they could have moved into Parane County after 1880. Please let me know what you find of anything.

May not be sure to know you as a correspondent. Over time I am sure we will find more places where our lines cross. Lets try to help each other whenever we can.

Sincerely yours
Phil Upchurch

Dear Mr. Upchurch:

Thank-you for the answer to my query in the Wake County
Genealogical Society newsletter.

I have gone through my files and have located two Upchurch
marriages in my Franklin County lines. I am enclosing copies of
the family group sheets for them, plus some of my other Franklin
County lines. I am also enclosing a copy of my Pedigree charts for
you. They include all of my North Carolina lines.

Do you by any chance have any records on the Williams family? I
am working on them, but keep getting confused for they all seem to
have named their sons the same thing...each generation! I have a
copy of the book "Kinfolks of Franklin County," by Watson, which
has been a great help, but it is still confusing between the
generations of having the same given names.

Thanks again for your response to my query-I am looking forward to
hearing from you again in the near future.

Sincerely,

Kay Waters Sakaris

P.S. Do you know of any Upchurch families who left N.C. and went
to Prairie Co., Arkansas? I am involved in a research project
concerning the history of Center Township and think there may have
been some Upchurch families there.
